INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
List Industries, Inc. 401(k) Plan

Opinion

We have audited the accompanying financial statements of List Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of List Industries, Inc. 401(k) Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the List Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the List Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

INDEPENDENT AUDITOR'S REPORT (Continued)

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the List Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the List Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500 - Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. DESCRIPTION OF THE PLAN

The following description of List Industries, Inc. 401(k) Plan (the Plan) provides only general information. For more complete information, participants should refer to the Plan agreement and amendments, a copy of which can be obtained from the Plan Sponsor.

General

The Plan was formed effective January 1, 1997 by List Industries, Inc. (the Employer and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan.

Eligibility

The Plan covers all employees, as defined in the Plan, who have completed three months of service and attained the age of 21.

Funding

Each year participants may contribute from 1% to 50% of their eligible pre-tax compensation. According to Internal Revenue Service (IRS) rules, the deferral may not exceed $23,500 in 2025 and $23,000 in 2024. Participants who have reached at least age 50 may contribute an additional catch-up yearly contribution of $7,500 during 2025 and $7,000 during 2024. Participants who attain ages 60 through 63 during the plan year may make enhanced catch-up contributions of up to $11,250, resulting in a maximum employee contribution limit of $34,750. The percentage may be changed as of any subsequent Plan entry date. Any such change will apply only after its effective date, and after it is executed and filed with the Plan Sponsor. Fund allocation may be changed at any time without a charge.

The Employer makes a safe harbor matching contribution equal to 100% of participant elective deferrals up to 4% of eligible compensation. The Employer may also make discretionary matching and discretionary nonelective contributions as determined annually. In order to share in the allocation of any non-elective contributions, participants are required to be employed by the employer on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's contribution, an allocation of the Plan's earnings or losses, investment fees, and any other administrative expenses paid out of the Plan. Allocations of the Plan's earnings or losses in each investment option and Plan Sponsor's contributions are made to the participant's accounts based on the ratio of each participant's current account balance in each investment option to total participant's account balance in the investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participant contributions and employer-provided safe-harbor matching contributions are automatically 100% vested. Employer-provided discretionary matching contributions are 20% vested after one year of service and 20% for each additional year of service. Automatic 100% vesting occurs upon attainment of normal retirement age (65), upon retirement due to disability, upon death, and upon termination of the Plan.

To have a year of service for vesting purposes, employees must complete at least 1,000 hours of service during the Plan calendar year.

Investment Options

Participants may direct contributions to any of the investment options offered by the Plan. The investment options include money market funds and various stock and bond funds. The fund values are computed daily by the custodians and reflect changes in the unit values of the investments (see Note 3).

Payment of Benefits

Upon retirement, disability, death, or separation from service, participants may receive a distribution of their vested account balances in accordance with the terms of the Plan. Participants who have attained age 59½ may elect in-service distributions from amounts that are 100% vested. Participants with vested account balances of $5,000 or less may be subject to mandatory distribution or rollover provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures

Forfeitures may be used to restore other forfeitures, reduce future employer contributions, reallocate as employer contributions, or to pay Plan expenses. The forfeiture balances available for use were $4,981 and $4,910 as of December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, $4,722 of forfeitures was used to offset employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts from $1,000 up to a maximum of 50% of their vested account balance or $50,000 minus the highest outstanding balance of loans in the past 12 months, whichever is less. Loan terms would not exceed 5 years unless the loan was for the purchase of a primary residence. The maximum loan term for a primary residence is 15 years. The loans would be secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates provided by local lending institutions. Loans are only available to Plan participants who are active employees of the Plan Sponsor, therefore, they become payable in full upon termination of employment. Participant loans had an outstanding balance for the years ended December 31, 2025 and 2024 of $687,849 and $691,432, respectively, with interest rates ranging between 4.25% and 9.50% and various maturities through 2033.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Termination

Although there is no intent to do so, the Plan document provides for termination of the Plan subject to the provisions of the agreement and ERISA. If the Plan were to be terminated, all account balances would become immediately vested in participants' accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared using the accrual basis of accounting, except that benefits are recorded when paid. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (see Note 3 for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments, which potentially expose the Plan to concentrations of credit risks, as defined by GAAP, consist primarily of contributions receivable and investments. The Plan invests in mutual funds, which, inherent in the fair market value determination, include the risk factor of creditworthiness for each individual debt security.

NOTE 3. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value, expands disclosures about fair value measurements, and establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value summarized as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,999,900	$ -	$ -	$ 18,999,900

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,299,313	$ -	$ -	$ 17,299,313

NOTE 4. RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Slavic Integrated Administration, Inc. (SIA), the Plan's third-party administrator, receives fees for recordkeeping services along with participant account administrative and asset fees. The total fee paid by the Plan for the year ended December 31, 2025 was $70,581.

Slavic Mutual Funds Management Corporation (SMF), which is owned by the stockholders of SIA, provides investment advisory services to participants who elect such services. Fees charged to participant accounts for these services totaled $30,309 during 2025.

The party-in-interest transactions above are exempt from prohibited transaction rules of ERISA.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 6. PROHIBITED TRANSACTIONS

The Department of Labor's (DOL) regulation 29 CFR 2510.3-102 requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction, which must be separately reported to the DOL and may result in penalties to the Plan Administrator.

During 2025, participant contributions related to five payrolls totaling $307,033 (including loan repayments of $87,573) were not remitted timely to the Plan. After the due date, but prior to the Plan's year-end, the Administrator remitted the delinquent contributions. Related lost earnings had not been deposited as of the financial statements issuance date. These are shown as contributions not corrected in the Schedule of Delinquent Participant Contributions.

During 2024, participant contributions totaling $993 were not remitted timely to the Plan. These are shown as corrected outside VFCP in the Schedule of Delinquent Participant Contributions.

NOTE 7. TAX STATUS

The Plan is exempt from Federal income taxes under Internal Revenue Code (IRC) and, therefore, no provision for Federal income taxes has been made. In addition, the Plan is required to operate in conformity with the IRC to maintain the tax-exempt status. The master prototype plan from which the Plan was drafted received a favorable determination from the Internal Revenue Service on June 30, 2020. Although the Plan has been amended since receiving the determination letters, the Plan Administrator believes the Plan is designed to operate and is currently being operated in compliance with all applicable provisions of the Internal Revenue Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8. SUBSEQUENT EVENTS

Management has evaluated subsequent events for the Plan through October 13, 2026, the date the financial statements were available to be issued.
