Laborers Local 616 and
Laborers Local 980 Defined Contribution Plan

OPINION

We have audited the financial statements of Laborers Local 616 and Laborers Local 980 Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Laborers Local 616 and Laborers Local 980 Defined Contribution Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years ended December 31, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the

Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULES REQUIRED BY ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets held at end of year referred to as "supplementary information," is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplementary information required by the

Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LABORERS LOCAL 616 AND LABORERS LOCAL 980 DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1 – DESCRIPTION OF PLAN

The following description of the Laborers Local 616 and Laborers Local 980 Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is a multi-employer collectively bargained defined contribution plan covering eligible employees who have worked and/or are working for any of the contributing employers as established by the agreement by and between the employers that have adopted a collective bargaining agreement with Laborers' International Unions of North America 616 and 980, Contractors Association, and the Union. The Plan and related trust were established on May 1, 2006. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Local 980 Participation

Effective June 1, 2019, the Plan was amended to allow the members of Laborers Local 980 to participate in this plan. As a result, the Plan's name was changed to Laborers Local 616 and Laborers Local 980 Defined Contribution Plan. No assets were transferred or merged from Laborers Local 980 as a result of this transaction.

Contributions

Contributions to the Plan are made by participating employers based on the negotiated contribution rates set forth in collective bargaining agreements.

Participant Accounts

Each participant's account is credited with contributions by the contributing employer on hours paid to the participant and with plan earnings. Each participant's account is reduced by an equal administrative charge. Participants direct the investment of their account by designating the proportion of their account to be allocated to the separate investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the balance in the participant's account.

Vesting

Participants are immediately vested in the entirety of their accounts.

Payment of Benefits

Effective January 1, 2014, Participants, upon reaching the later of age 60 or the fifth anniversary of participation in the Plan, becoming permanently disabled at any age or upon termination of employment, may elect to receive the value of their account in (a) a lump-sum or (b) a monthly benefit over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and his or her designated beneficiary.

Upon the death of a participant, the value of his or her account shall be paid based upon options specified in the Plan.

In addition, at the Plan's option, any participant upon termination of employment with an account balance of less than $1,000 but does not exceed $5,000 can be paid in as a direct rollover to an individual retirement account.

2 – SUMMARY OF ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through the date of the auditor's report which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

Investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sale of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Allowance for Doubtful Accounts

The Plan's administrator has evaluated employer contributions receivable and has determined that an allowance for doubtful accounts was not necessary as all amounts are deemed fully collectible.

3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following is a description of the valuation methodologies used for assets measured at net asset value.

Common Collective Trusts: Valued at Net Asset Value (NAV). The NAV, as provided by the Custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

	Assets at Fair Value as of December 31, 2025			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 14,056,909	$ -	$ -	$ 14,056,909

	2025	2024
Due to related parties consisted of the following:		
Due to Iron Workers	$ 708	$ 708
Due to Labor Mgmt	9	9
Due to LECET	9	9
Due to MAROC	32	32
Due to Training Fund	44	44
	$ 802	$ 802

5 – PLAN TERMINATION

The Board of Trustees has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the trust fund shall continue for the sole purpose of providing benefits as explained under the payment of benefits section of Note 1.

6 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated September 3, 2015, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however, Plan management believes the Plan remains qualified and tax exempt. The Plan's Department of the Treasury information returns are subject to examination, generally for three years after the filing date.

7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8 – CONCENTRATION OF CREDIT RISK

Employer contributions and related receivables are derived from contributing employers operating primarily in the construction industry. Accordingly, the Plan's ability to collect contributions may be affected by changes in the construction industry, collective bargaining activity, and general economic conditions.

9 – PARTY IN INTEREST TRANSACTIONS

The Plan's investments include investments managed by Beacon Administrators & Consultants, Inc. This financial institution is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by the Plan's third-party administrator. Fees paid to the third-party administrator as well as paid for legal, auditing, investment management, investment advice, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. These transactions are not considered prohibited transactions under Section 408(b) of the ERISA regulations.
