INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Horner Electric, Inc. and the Plan
Participants of the Horner Electric, Inc. Employees' Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Horner Electric, Inc. Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Horner Electric, Inc. Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Horner Electric, Inc. Employees' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Horner Electric, Inc. Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Horner Electric, Inc. Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Horner Electric, Inc. Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule Required by ERISA (Continued)

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Horner Electric, Inc. Employees' Retirement Plan (the Plan) provides only general information. Reference should be made to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective January 31, 1968, and most recently amended and restated effective July 1, 2024, is a defined contribution plan covering the employees of Horner Industrial Services, Inc. and Horner APG, LLC (together referred to as "the Company") who are at least 21 years old and have completed three months of employment. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make voluntary pre-tax contributions subject to the IRS limits of annual compensation as defined by the Plan. Effective January 1, 2024, the plan was amended to allow participants to make voluntary Roth contributions. Eligible participants are automatically enrolled in the Plan, at a pre-tax contribution rate of 6% of their compensation, unless they elect not to participate in the Plan or select an alternative deferral amount.

The Company may make contributions in two manners. First, a discretionary matching contribution equal to a percentage of compensation of contributing participants is possible. For the year ended December 31, 2025, the Company elected to match 100% of participant contributions up to 6% of eligible compensation. Second, the Company may make a special discretionary contribution allocated to all eligible participants based on his or her compensation. Both contributions are determined by the Board of Directors on an annual basis. The Board elected not to make a special discretionary contribution for the year ended December 31, 2025.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, the Company's special discretionary contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their account plus earnings thereon occurs on a graduated scale. A participant is 100% vested after five years of credited service.

1. DESCRIPTION OF THE PLAN, CONTINUED

Vesting, Continued

Years of Service	Vested %
Less than 1 year	0%
At least 1 year, but less than 2 years	20%
At least 2 years, but less than 3 years	40%
At least 3 years, but less than 4 years	60%
At least 4 years, but less than 5 years	80%
5 years or more	100%

Withdrawals

The Plan permits hardship withdrawals to participants subject to certain restrictions. Participants may also take in-service withdrawals once they reach the age of 59 ½.

Notes Receivable from Participants

Participants may borrow from their accounts. Loans are made on a uniform and non-discriminatory basis. A participant may borrow up to 50% of his or her vested account up to a maximum of $50,000. The plan administrator will determine a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. Payments of principal and interest are made through payroll deductions. Loans are secured by the balance in the participant's account.

Payment of Benefits

Distributions and withdrawals are payable upon normal retirement at age 65, termination, disability or death. The participant, or his or her beneficiary, elects the manner he or she will receive vested benefits as outlined in the Plan document.

Forfeited Accounts

Forfeitures of employer matching contributions may be used to pay administrative expenses or to reduce future employer contributions. Forfeitures may also be reallocated to participants as though they are additional employer contributions. The forfeited nonvested account amount applied to reduce employer contributions was $47,519 for the year ended December 31, 2025. At December 31, 2025 and 2024, no forfeitures remained to be applied in future years.

Plan Administration

The Company is the administrator of the Plan, and as such, carries out the duties imposed by ERISA. The fiduciary committee of the Company meets regularly to review investment options and performance. The administrator has delegated certain responsibilities for the operation and administration of the Plan. Some of the administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The total administrative expenses incurred by the Plan were $2,792 for the year ended December 31, 2025.

1. Description of the Plan, Continued

Subsequent Events

Subsequent events have been evaluated by plan management through October 6, 2026, which is the date the financial statements were available to be issued.

On January 2, 2025, Voya Financial, Inc. ("Voya") completed its acquisition of the full-service retirement plan business of OneAmerica Financial ("OneAmerica"). In connection with the transaction, the Plan's recordkeeping and related administrative services previously provided by OneAmerica were transitioned to Voya. The transition of the Plan took place in April 2026 and included the transfer of the Plan's participant account and investment information to Voya. The transaction did not change the Plan's participants' account balances or the participants' ownership interest in the Plan's assets.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

These statements have been prepared on the accrual basis of accounting. The preparation of statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held at year end. The Plan's group annuity contract is stated at contract value, which is determined by principal invested plus interest earned on fixed income investments in which the contract has invested. Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on expected returns on new investments made during the quarter.

Purchases and sales of securities are recorded on a settlement-date basis. Dividends are recorded on the ex-dividend date. Changes in the difference between cost and quoted market value of investments are reflected as net appreciation and/or depreciation in value of investments in the statement of changes in net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to April 15, 2025.

Payments of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS, CONTINUED

Fair values of assets measured on a recurring basis are as follows:

	As of 12/31/25	Level 1	Level 2	Level 3
Mutual Funds	$ 26,951,161	$ 26,951,161	$ -	$ -

	As of 12/31/24	Level 1	Level 2	Level 3
Mutual Funds	$ 25,383,804	$ 25,383,804	$ -	$ -

4. GROUP ANNUITY CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with American United Life Insurance Company ("AUL") with a balance of $2,197,317 and $2,918,432 at December 31, 2025 and 2024, respectively. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a yearly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

4. GROUP ANNUITY CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY, CONTINUED

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The investments at fair value and contract value held at December 31, 2025 and 2024, and the net appreciation in fair value of investments and interest income for the year ended December 31, 2025, as reported and disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company, the custodian of the Plan.

6. INCOME TAX STATUS

The Internal Revenue Service has determined in its opinion letter dated August 19, 2020, that the prototype plan adopted by the Plan is qualified and the trust established under the Plan is exempt under the appropriate sections of the Internal Revenue Code (the IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as most recently amended and restated, is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Plan management has concluded that, as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. There were no interest or penalties incurred during the year ended December 31, 2025.

The Plan has filed its tax returns for periods through December 31, 2024. These returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date. Accordingly, the tax filings for the years ended December 31, 2024, 2023, and 2022, are open to examination at December 31, 2025.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all assets would be distributed out of the Plan in accordance with the Plan document and all participants would become fully vested.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held and managed by American United Life Insurance Company, and therefore these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers, which also qualify as party-in-interest transactions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan's Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 29,440,341	$ 28,585,588
Add: excess contributions payable - current year	-	25,719
Net assets available for benefits per the Form 5500	$ 29,440,341	$ 28,611,307

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2025:

Increase in net assets available for benefits per the financial statements	$ 854,753
Less: excess contribution payable - prior year	(25,719)
Net income per the Form 5500	$ 829,034

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
