Bonadio & Co., LLP
Accounting, Consulting & More

October 12, 2026

To the Compensation and Benefits Committee of
Retirement Savings Plan of Finger Lakes Regional Health System:

Thank you for using Bonadio & Co., LLP as your independent auditor.

We have completed an Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) audit, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, of the financial statements of Retirement Savings Plan of Finger Lakes Regional Health System (the Plan) as of and for the year ended December 31, 2025, and have issued our report thereon. This letter presents communications required by our professional standards.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As communicated in our engagement letter dated June 8, 2026 responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Other than for the certified investment information, the financial statements and supplemental schedule were audited by us in accordance with GAAS and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our letter to you dated June 8, 2026.

Significant Findings

Qualitative Aspect of Accounting Policies
Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Retirement Savings Plan of Finger Lakes Regional Health System are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2025.

We noted no transactions entered into by the Plan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. In addition, we did not identify any significant findings or issues during the audit in connection with the Plan's related parties.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the financial statements was management’s estimate of the fair value measurements of Plan investments. We evaluated the key factors and assumptions used to develop the fair value of Plan investments in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit
We encountered no significant difficulties in dealing with management in performing and completing our audit.

Significant Unusual Transactions Identified During the Audit
We identified no significant unusual transactions during the audit.

Difficult, Contentious or Other Matters Encountered During the Audit
We encountered no difficult, contentious, or other matters for which we consulted outside the engagement team that were, in our professional judgment, significant and relevant to those charged with governance regarding the responsibility to oversee the financial reporting process.

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not note any corrected or uncorrected misstatements in performing and completing our audit.

Reportable Findings
For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgement is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not ben previously communicated to management by other parties and that we determined are sufficiently important to merit management’s attention. We identified reporting findings:

We consider the following deficiency in the Plan's internal control to be a significant deficiency and a reportable finding:

- Failure to review SOC reports: Reviewing SOC (System and Organization Controls) reports is a critical part of the audit process, as these reports provide assurance over the internal controls of third-party service providers. Since many organizations rely on outsourced systems for key financial and operational functions, understanding the design and effectiveness of these controls is essential to evaluating risks that could impact financial reporting. A thorough review of SOC reports helps identify potential gaps, user-entity responsibilities, and complementary controls that management must implement, ensuring that reliance on service providers does not compromise the organization's overall control environment.

  We noted during the walkthrough process, there was a failure to review SOC reports of the service organizations used by the Plan. We recommend establishing a process to obtain and review SOC reports for all service providers in relation to the Plan.

- Vesting on distributions: During our audit, we noted that a participant's employer matching contribution amount was forfeited in its entirety upon distribution despite the participant having completed at least three Years of Service under the Plan's vesting provisions. Based on the Plan document, participants are entitled to a vested percentage of matching contributions after satisfying the applicable vesting service requirements. As a result, the participant's vested balance may not have been distributed in accordance with Plan provisions. This matter represents a potential operational failure under the Plan document. The exception was identified and communicated to Plan management; however, the matter had not been corrected as of the date of our report. We recommend that management consult with its third-party administrator and/or ERISA counsel to evaluate the error and determine whether corrective action under the IRS Employee Plans Compliance Resolution System (EPCRS) or other applicable correction program is necessary.

- Payroll Conversion Related Contribution Discrepancies: During our audit, we noted discrepancies between payroll records and participant contribution records maintained by the Plan's recordkeeper. Management indicated the discrepancies arose during the transition to a new payroll provider, which required manual correction entries that were not reflected in the payroll system's year-to-date reports. As a result, certain participant contribution amounts did not reconcile between payroll records and recordkeeper reports and resulted in corrective contributions to identified participants. While management identified the cause of the discrepancies and indicated that implementation issues have since been addressed, the reliance on manual adjustments increased the risk of errors in participant contribution reporting and reduced the effectiveness of controls over the completeness and accuracy of contributions remitted to the Plan. We recommend that management implement procedures to formally document, review, and reconcile any manual adjustments and periodically verify that payroll and recordkeeper records agree.

Disagreements with Management
For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditors' report. We are pleased to report no such disagreements arose over the course of the audit.

Circumstance Affecting the Form and Content of the Auditor's Report
We encountered no circumstances that affect the form and content of the auditor's report.

Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters. If a consultation involves application of an accounting principle to the Plan's financial statements, or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Management Representations
We have requested certain representations from management that are included in the management representation letter. This letter has been provided to you.

Independence
We are not aware of any relationships between Bonadio & Co., LLP and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence. Relating to our audit of the financial statements of the Plan as of and for the year ended December 31, 2025, Bonadio & Co., LLP hereby confirms in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants, that we, in our professional judgment, are independent with respect to the Plan.

During the year ended December 31, 2025, Bonadio & Co., LLP provided the following services to the Plan:

- Preparation of plan financial statements

Form 5500
In performing our audit, in accordance with GAAS, we are responsible for obtaining and reading the draft Form 5500 in order to identify material inconsistencies, if any, with the audited ERISA plan financial statements. During our audit we obtained and read the draft Form 5500 from management and did not identify any material inconsistencies.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the 401(k) Committee and management of Retirement Savings Plan of Finger Lakes Regional Health System and is not intended to be and should not be used by anyone other than these specified parties.
