Independent Auditors' Report

To the Plan Administrator
Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C.
Trust No. 15463

Opinion

We have audited the financial statements of Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C.'s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C.'s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), and Schedule H, Line 4(j) - Schedule of Reportable Transactions, as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Note A – Description of the Plan

The following description of the Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined benefit plan established effective January 1, 1981. The Plan was adopted to provide income and financial security for certain employees who meet specified requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension benefits and vesting – Physicians and podiatrists with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) equal to the sum of a) 2.0% of their highest average compensation times years of credited service up to 20 years and b) 1.0% of their highest average compensation times years of credited service over 20 years. Administrative staff employees with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) equal to the greater of a) 1.5% of their highest average compensation times years of credited service and b) $17.50 multiplied by years of credited service.

The Plan permits early retirement at 10 years of service any day before age 65. If employees terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Company's contributions.

Benefits are payable via one of several forms of payment, including single life annuity, joint and survivor annuity, or lump sum. If a vested participant dies prior to retirement, a death benefit is paid to the participant's spouse or beneficiary.

Trustee and custodian – State Street Bank & Trust Company (State Street) is the trustee and custodian of the Kaiser Permanente Group Trust (Group Trust, a 103-12 investment entity). The Group Trust holds the Defined Benefit Investment Fund (the Fund) for which the Plan participates together with other defined benefit plans sponsored by Kaiser Foundation Health Plan, Inc., independent medical groups, and a related party associated with the medical groups.

Note B – Significant Accounting Policies

Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of estimates – The preparation of the financial statements in accordance with GAAP requires plan management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Actuarial present value of accumulated plan benefits – The accumulated plan benefits (see Note D – Funding and Actuarial Matters) represent the actuarial present value as of the valuation date of those estimated future benefits that are attributed to employee services rendered through the valuation date. Such benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents, and (2) certain active employees and their beneficiaries and dependents after retirement from service with the Company. Benefits are based on employees' salary and years of credited service through the valuation date.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note C – Fair Value Measurements).

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis under the effective interest method. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Payment of retirement benefits – Retirement benefits are recorded when paid.

Administrative expenses – Administrative expenses paid by the Plan consist primarily of investment advisor and trustee fees, actuarial and audit fees, pension calculation and benefit administration fees, and premiums paid to the Pension Benefit Guaranty Corporation (PBGC). Certain employee and administrative costs are also paid by the Plan.

Subsequent events – Plan management considers events and transactions that occur after the statements of net assets available for benefits date, but before the financial statements are available to be issued, to provide additional evidence to certain estimates or to identify matters that require additional disclosure to, or adjustments in, the financial statements.

Subsequent events have been evaluated through October 7, 2026, the date that these financial statements were available to be issued.

Note C – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024:

- Investment in the Group Trust is stated at fair value as determined by the net asset value practical expedient (NAV practical expedient) of the issuers based on the unit values of the underlying investments. Unit values are determined by dividing the funds' net assets, which represent the unadjusted prices in primarily active markets of the underlying investments, by the number of units outstanding at the valuation date. The underlying investments are comprised of a variety of asset classes that are both privately held and publicly traded on exchanges or over the counter. The private assets are generally valued on a monthly or quarterly basis based on information provided by fund managers or general partners with an annual audit performed by an independent third party, while the publicly traded assets have readily observable price quotes in active markets.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transfers between levels – The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2025 and 2024.

Note D – Funding and Actuarial matters

The following funding and actuarial information relates to the retirement benefit portion of the Plan (Trust No. 15463).

Employer contributions, as certified by an independent actuary, are made annually in amounts which satisfy the funding standards of ERISA. Employer contributions for the years ended December 31, 2025 and 2024, were $77,000,000 and $16,000,000, respectively, and have met the minimum funding requirements.

The significant assumptions underlying the actuarial computations for the January 2025 and 2024 valuations are as follows:

	2025	2024
Actuarial Method	Standard Unit Credit Method	Standard Unit Credit Method
Interest Rate	5.4% per annum	5.3% per annum
Mortality	Based upon 2012 base mortality rates for annuitants and non-annuitants, projected generationally for years beyond 2012 using IRS-prescribed mortality improvement rates.	Based upon the 2024 generational mortality table for annuitants and non-annuitants rates.
Turnover	Combined rates have been assumed to range 16.5% at age 25 to 6.0% at age 60 for both male and female physician employees; 20.8% at age 25 to 6.0% at age 60 for both male and female hourly non-physician employees.	Combined rates have been assumed to range 16.5% at age 25 to 6.0% at age 60 for both male and female physician employees; 20.8% at age 25 to 6.0% at age 60 for both male and female hourly non-physician employees.
Age at Retirement	Retirement is assumed to occur at various ages starting at age 55 with 100% retirement assumed at age 70.	Retirement is assumed to occur at various ages starting at age 55 with 100% retirement assumed at age 70.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025. Had the valuations been performed as of December 31, 2024, there would be no material differences.

The actuarial present value of accumulated plan benefits as of December 31, 2024, based on the above actuarial assumptions, is as follows:

Vested benefits		
Participant or beneficiaries currently receiving payments	$	113,345,398
Other participants		533,879,048
		647,224,446
Nonvested benefits		8,838,000
Total actuarial present value of accumulated plan benefits	$	656,062,446

The changes in actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits as of December 31, 2023	$	592,766,941
Increase (decrease) during the year attributable to		
Interest accumulation		40,614,168
Benefits paid		(27,118,580)
Assumption changes		694,275
Other changes (1)		49,105,642
		63,295,505
Actuarial present value of accumulated plan benefits as of December 31, 2024	$	656,062,446

(1) The "Other Changes" component represents the normal operation of the pension plan. It consists primarily of the increase due to ongoing benefit accruals (if any) and those items of plan experience that are not associated with plan asset performance.

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. The actuarial present value of accumulated plan benefits is determined by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money.

Note E – Plan Obligations

In accordance with GAAP, benefits due to terminated participants that have been processed and approved for payment prior to December 31 but not yet paid as of that date are included in net assets available for benefits. Such benefit claims amounted to $1,637,388 and $15,193 as of December 31, 2025 and 2024, respectively.

Note F – Risk and Uncertainties

The Plan invests in the Group Trust that in turn invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, liquidity, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The underlying assets in the Group Trust include funds that invest in securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note G – Plan Termination

Should the Plan terminate at some future time, its net assets may not be available on a pro rata basis to provide participant's benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note H – Tax Status

The Plan obtained its latest determination letter dated April 30, 2018, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, the related trust is exempt from taxation. The Plan has been subsequently amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Party-in-Interest Transactions

Certain underlying assets of the Fund are managed by State Street. State Street is the trustee and custodian of the Plan. Therefore, transactions with the trustee and custodian qualify as exempt party-in-interest transactions.

Note J – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per financial statements	$1,032,904,130	$ 892,547,674
Amounts allocated to withdrawing participants	(1,637,388)	(15,193)
Net assets available for benefits per Form 5500	$ 1,031,266,742	$ 892,532,481

Amounts allocated to withdrawing participants are recorded on Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date. Amounts allocated to withdrawing participants also represent lump sum benefits requested for payment by participants, processed and calculated by an actuary during the year, but paid subsequent to year end.

The following is a reconciliation of the changes in net assets available for benefits per financial statements to Form 5500 for the years ended December 31, 2025 and 2024:

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Most Recent Amendment	Sixth Amendment, signed December 3, 2024.
Eligible Employees	Employees of Mid-Atlantic Permanente Medical Group, P.C. who are classified as a Physician, as MAPMG Administrative Staff, or as a Podiatrist.
Participation	Participation begins on the date of employment.
Normal Retirement	
Eligibility	Age 65.
Monthly Benefit	The sum of the amounts determined under (1) and (2) below: (1) 2% of highest average compensation times years of credited service up to 20 years. (2) 1% of highest average compensation times years of credited service over 20 years. Effective December 31, 1999, benefit accruals for MAPMG staff employees ceased under the formula shown above, and commenced under the formula shown below effective January 1, 2000. The December 31, 1999 benefit is a minimum to the benefit determined below. The sum of the amounts determined under (1) and (2) below: (1) The greater of the amounts determined under (a) and (b) below: (a) 1.5% of the highest average compensation times years of credited service; or (b) $17.50 times years of credited service.

Schedule SB, Part V—Summary of Plan Provisions

Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C. (022)

Normal Retirement (continued)

Monthly Benefit (continued)	(2) 0.25% of the highest average compensation times years of credited service prior to January 1, 1968 with certain organizations. The monthly benefit will be reduced for any benefits payable from another plan sponsored by certain medical care organizations listed in an appendix to the plan for which service for the same period is included in this plan and the other plan.

Early Retirement

Eligibility	10 years of service before January 1, 2026, Eligible when vested (5 years of service) after January 1, 2026.
Monthly Benefit	The accrued normal retirement benefit earned to the participant's termination date, reduced to be actuarially equivalent to the normal retirement benefit.
Physicians and Podiatrists	There is no reduction in the portion of the retirement benefit accrued through December 31, 2009 if the participant: (1) Is age 60 with 20 years of service at the participant's early retirement date; and (2) Was employed by Mid-Atlantic Permanente Medical Group, P.C. on or before December 31, 2000.
MAPMG Administrative Staff	There is no reduction in the retirement benefit if the participant: (1) Is age 60 with 20 years of service at the participant's early retirement date; and (2) Was employed by Mid-Atlantic Permanente Medical Group, P.C. on or before December 31, 2000.

Postponed Retirement

Eligibility	Termination after normal retirement date.
Monthly Benefit	Greater of the accrued normal retirement benefit earned to the participant's termination date or actuarially adjusted benefit accrued to December 31, 2014.

Schedule SB, Part V—Summary of Plan Provisions

Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C. (022)

Disability Retirement

Eligibility	5 years of service and the participant is eligible to receive disability income benefit under the employer's long-term disability insurance program, and the disability was incurred during service.
Monthly Benefit	The accrued normal retirement benefit earned to the participant's termination date, reduced in the same manner as the early retirement benefit. The age 60 and 20 years of service exception to the reduction applicable to early retirement benefits does not apply to disability retirement.

In-Service Retirement

Eligibility	Participant may elect to begin receipt of retirement benefits while active after age 65.
Monthly Benefit	The accrued normal retirement benefit earned before January 1, 2015. A participant continues to accrue benefits after commencing In-Service Retirement. When the participant's Service ends, the recalculated accrued benefit will be offset by the Retirement Income received during the participant's continued employment, but not below zero. For In-Service Retirements prior to January 1, 2020 the offset is the amount of the In-Service Retirement income without taking into account any actuarial adjustment. For In-Service Retirements on or after January 1, 2020 the offset is the actuarial equivalent of the participant's In-Service Retirement income.

Vested Termination

Eligibility	5 years of service.
Monthly Benefit	The accrued normal retirement benefit earned to the participant's date of termination, payable at age 65.

Schedule SB, Part V—Summary of Plan Provisions

Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C. (022)

In-Service Death Benefits

Eligibility	Any vested participant who is employed within the controlled or any medical group organization listed as an appendix to the plan at the date of death.
Monthly Benefit	100% of the participant's accrued benefit at the time of death, adjusted for the 100% joint and survivor annuity form of payment, payable at the participant's normal retirement date. If the survivor is a spouse and elects early commencement, the benefit is further reduced in the same manner as the early retirement benefit.

Pre-Retirement Death Benefit

Eligibility	Any vested participant who is married and who is not employed within the controlled group or any medical organization listed as an appendix to the plan at the date of death.
Monthly Benefit	50% of the participant's accrued benefit at the time of death, adjusted for the 50% joint and survivor annuity form of payment, payable at the participant's normal retirement date. If the survivor elects early commencement, the benefit is further reduced in the same manner as the early retirement benefit.

Normal Form of Payment

Unmarried	Life annuity.
Married	100% joint and survivor annuity with 15-year guaranteed period and pop-up.
Optional Forms of Payment	1) Life annuity; 2) Joint and survivor annuity with 50%, 66–2/3%, or 75% continuation to the joint annuitant; 3) Life annuity with 60, 120, 180, or 240 monthly payments guaranteed; 4) Lump sum; and 5) 100% joint and survivor annuity with 15-year guaranteed period and pop-up. The 100% joint and survivor annuity with 15-year guaranteed period and pop-up has a greater actuarial value than the life annuity. All other optional forms of payment have the same actuarial value as the life annuity.

Permanente Physicians Retirement Plan for Mid-Atlantic Permanente Medical Group, P.C. (022)

Definitions

Actuarial Equivalence	For time of payment, actuarial equivalence is based on an interest rate of 5.5% and the UP-1984 Mortality Table set back two years for participants and five years for beneficiaries. For form of payment, actuarial equivalence is based on the IRC section 417(e) basis as modified by PPA for the month which is two months before the benefit starting date.
Compensation	The monthly amount received as basic compensation but excluding share of profits, year-end bonus, or other forms of special compensation in excess of the participant's full-time basic rate. Monthly compensation includes one-twelfth of the amount contributed for the participant to the Mid-Atlantic Permanente Medical Group, P.C. Cash or Deferred Defined Contribution Retirement Plan for the year in which the month falls. Monthly compensation includes the monthly amount contributed under salary reduction agreements to plans under IRC sections 401(k), 125, and 129. Other special rules also apply.
Credited Service	Each calendar year in which a participant has 2,000 or more hours of credited service is counted as a year of credited service. Proportional credited service based on a 2,000 hour year is counted for all hours of credited service. Special rules apply for certain postgraduate training at Kaiser Foundation Hospitals and certain leaves of absence.
Highest Average Compensation	A participant's average monthly compensation for the highest 36 consecutive months of employment in the last 120 months of employment with MAPMG or an Affiliate. The total monthly compensation included in highest average compensation for any 12-month period is limited in accordance with IRC section 401(a)(17).
MAPMG Administrative Staff	An employee who is classified as MAPMG Administrative Staff whose compensation is computed on a salaried basis and whose employment is not governed by the terms of a collectively bargained agreement.
Physicians	An employee who is classified as a Shareholder Physician or a Shareholder Track Physician.
Podiatrists	An employee who is classified as a Shareholder Podiatrist or a Shareholder Track Podiatrist.
