# Independent Auditors' Report

**To the Plan Administrator**
**The Geneva Foundation 403(b) Plan**
**Tacoma, Washington**

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Geneva Foundation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Geneva Foundation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from TIAA-CREF and Nationwide Financial Services, Inc., the trustees of the Plan, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Geneva Foundation 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Geneva Foundation 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Geneva Foundation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Geneva Foundation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedule Required by ERISA**

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# The Geneva Foundation 403(b) Plan
# Notes to Financial Statements

## Note 1 - Description of Plan

The following description of The Geneva Foundation (the Organization) 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General
The Plan is a defined contribution plan covering all employees of the Organization that have completed the Plan eligibility requirements. To participate in the Plan, an employee must be at least age 21 and work more than 20 hours per week. There are two types of employees defined in the Plan: Grant and Staff employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions
Each year, participants may contribute an amount of their pre-tax annual compensation, as defined in the Plan on a pre-tax or after-tax (Roth) basis, up to the maximum allowable under the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Organization may elect to make a discretionary contribution of 50% of the participant's elected deferral. However, a participant must defer 10% to receive the maximum employer contribution of 5% of their compensation. Employees must make an elective deferral in order to receive the discretionary contribution.

### Participant Accounts
Each participant's account is credited with the participant's elected deferrals, the Organization's employer contributions and the earnings (losses) from the investment funds selected by the participant. Participant accounts would be charged an allocation of administrative expenses, should the Organization exercise its right to pass expenses through to the Plan.

### Vesting
Participants are immediately vested in their deferral contributions and employer contributions plus actual earnings thereon.

### Payment of Benefits
Distributions after termination, for reasons other than death, are payable to participants in a lump sum as soon as administratively possible. Payments on account of death are payable to the beneficiary by the end of five years. The participant will incur expenses related to benefit distributions and divorce decree distributions, as stated in the Plan document.

## Note 2 - Summary of Significant Accounting Policies

### Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

### Investment Valuation and Income Recognition
Investments in mutual funds are reported at fair value. The Plan's investment contracts are valued at contract value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing the information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits
Benefits are recorded when paid.

**Plan Expenses**
Certain expenses for maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment-related expenses are paid by the Plan and included in net appreciation of fair value of investments.

**Use of Estimates**
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Evaluation of Subsequent Events**
Management has reviewed subsequent events through October 9, 2026, which is the date that the financial statements were available to be issued.

**Note 3 - Fair Value Measurements**

The Fair Value Measurements Topic 820 of the FASB Accounting Standards Codification (ASC) establishes a fair value hierarchy for reporting that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs have the lowest priority. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

**Mutual Funds**
The investments in mutual funds are valued utilizing a market approach wherein the Plan uses the quoted prices in the active market for identical assets. All of these investments are traded in active markets at their net asset value per share.

**Investment Contracts**
The investment in the TIAA Traditional Annuity contracts are stated at contract value (which approximates fair value). As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The value equals the accumulated cash contributions and interest credited to the contracts, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

The fair value measurements for the Plan's investments are as follows:

| 2025 | Fair value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Mutual funds | $ 37,885,210 | $ 37,885,210 | $ - | $ - |
| Fixed annuity contracts | 499,077 | - | - | 499,077 |
| Total investments | $ 38,384,287 | $ 37,885,210 | $ - | $ 499,077 |

| 2024 | Fair value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Mutual funds | $ 33,782,410 | $ 33,782,410 | $ - | $ - |
| Fixed annuity contracts | 474,432 | - | - | 474,432 |
| Total investments | $ 34,256,842 | $ 33,782,410 | $ - | $ 474,432 |

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments:

| | 2025 | 2024 |
|---|---|---|
| Balance, beginning of year | $ 474,432 | $ 459,746 |
| Realized gains | 3,656 | 2,728 |
| Unrealized gains | 10,955 | 11,077 |
| Distributions | (10,139) | (7,912) |
| Interfund transfers, net | 14,684 | 2,251 |
| Other | 5,489 | 6,542 |
| Balance, end of year | $ 499,077 | $ 474,432 |

**Note 4 - Investment Contracts**

The Plan invests in unallocated guaranteed fixed annuity contracts available as investment options with TIAA-CREF. Each contract is fully and unconditionally guaranteed by TIAA-CREF and is a general obligation thereof. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA) and Group Retirement Annuities (GRA), Supplemental Retirement Annuities (SRA) and Group Supplemental Retirement Annuities (GSRA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA-CREF's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA-CREF's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA and GRA contracts, the crediting interest

rate was 4.75% and 5.25% at December 31, 2025 and 2024, respectively. For accumulating SRA and GSRA contracts the crediting interest rate was 4.00% and 4.50% at December 31, 2025 and 2024, respectively.

The RA contract does not allow lump sum cash withdrawals and transfers must be spread over ten annual installments. With the GRA, lump sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA and GRA contracts must be spread over ten annual installments (five annual installments for withdrawals after termination of employment). The SRA and GRA contracts provide for full participant directed liquidity and are considered benefit-responsive. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits.

**Note 5 - Information Certified by TIAA-CREF and Nationwide Financial Services, Inc.**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the auditors not to perform any auditing procedures with respect to information that was certified as complete and accurate by TIAA-CREF and Nationwide Financial Services, Inc., the trustees, as of December 31, 2025 and 2024 and for the year ended December 31, 2025. The information certified by TIAA-CREF and Nationwide Financial Services, Inc., includes investments and the related investment activity that are described in the accompanying financial statements.

**Note 6 - Plan Termination**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in accordance with the Plan provisions.

**Note 7 - Tax Status**

The Plan obtained its latest opinion letter on a volume submitter plan on May 15, 2025, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Organization has filed its Form 5500 returns timely with the Department of Labor. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

**Note 8 - Related Parties and Party-in-Interest Transactions**

The Plan currently offers various investment options issued by TIAA-CREF and Nationwide Financial Services, Inc., who serve as the trustees, as defined by the Plan, for the years ended December 31, 2025 and 2024. Therefore, these transactions are recognized as party-in-interest transactions. In addition, the Plan paid certain expenses to various service providers. These expenses are exempt party-in-interest transactions under ERISA.

**Note 9 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
