Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KanEquip, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at December 31, 2025 and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of the KanEquip, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of KanEquip, Inc. (the Company). Employees are eligible to participate after completing three months of service and attaining age 18. Part-time employees must reach 1,000 hours of service during a Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participating employees may elect to contribute a percentage of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred basis or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Transfers from qualified plans are allowed under the provisions of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company may make a matching contribution equal to a uniform percentage of the employee's salary deferral, which percentage is determined annually at the discretion of the Company's Board of Directors. During 2025 and 2024, the Company matched 25% of the deferral contributed by the participant, up to a maximum of 6% of the participant's compensation, which amounted to $307,343 and $299,614, respectively. The 2025 employer match was reduced by $79,092 of forfeitures for a total deposit of $228,251. The 2024 employer match was reduced by $33,414 of forfeitures for a total deposit of $266,200.

At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, also may make profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. The Company has elected to provide a discretionary contribution for 2025 and 2024 in the amount of $427,965 and $648,012, respectively. Forfeitures were not used to reduce the discretionary contribution in 2025 and 2024. Company contributions, both matching and profit-sharing, are invested in the participant directed accounts in the same manner as the employee deferrals.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of the employer's matching contribution, any employer discretionary profit-sharing contribution and Plan earnings, which are allocated proportionately among all participants based on participant earnings or account balances, as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan provides vesting in the employer's contributions of 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% after six years of service. An employee who becomes disabled, dies, or reaches age 65 will become 100% vested in the employer's contributions.

Note 1: Description of the Plan (Continued)

Participant Loans

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their cumulative employee deferrals (except for Roth deferrals) plus rollover contributions, whichever is less. Loans are permitted only for purposes outlined in the loan policy. The loans are secured by the balance in the participants' accounts and bear interest at a rate of Prime plus 1%. Loan repayments are made ratably through payroll deductions no less frequently than on a quarterly basis. Generally, the loan term may not exceed five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term.

For the year ended December 31, 2025 and 2024, none of the loan balances were deemed to be in default.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, the participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the balance is less than $5,000. For an account balance greater than $5,000, the participant must authorize the benefit payment distribution. An in-service distribution may be made to a participant with disability or who has attained age 59 1/2. Hardship distributions are allowed on elective deferrals only. Roth distributions are also allowed.

Forfeitures

Forfeitures of company matching funds are used to reduce any employer contributions the following year. Amounts forfeited during the years ended December 31, 2025 and 2024 were $45,612 and $56,887, respectively. In 2025, the forfeited nonvested account was used to reduce employer contributions by $79,092 and $42 was used to reduce fees. During 2024, $33,414 was used to reduce employer contributions. The forfeiture account balances at December 31, 2025 and 2024 were $32,833 and $66,355, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Company are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2025 and 2024, the Plan had no pending distributions of participants requesting distribution but not receiving it until the subsequent year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants' accounts are charged directly to the participants account. Other expenses are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

Note 2: Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are presented as determined and certified by John Hancock Life Insurance Company (the Custodian) as of the Plan year end. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Investments in common stocks, corporate bonds, and publicly traded limited partnerships are valued at the closing price reported on the active market on which the individual securities are traded. Investments in unit investment trusts are valued at the closing price of the underlying assets. Net appreciation consists of both realized and unrealized appreciation (depreciation) on investments bought and sold as well as held by the Plan during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

See Note 3 for further documentation on fair value.

Note 3: Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Pooled separate accounts	$ 35,507,151	$ -	$ -	$ 35,507,151
Stable value fund	3,299,301	-	-	3,299,301
Total	$ 38,806,452	$ -	$ -	$ 38,806,452

	Level 1	Level 2	Level 3	Total
December 31, 2024				
Pooled separate accounts	$ 28,548,504	$ -	$ -	$ 28,548,504
Stable value fund	3,571,573	-	-	3,571,573
Total	$ 32,120,077	$ -	$ -	$ 32,120,077

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts and Money Market Funds

Valued at net asset value (NAV) of the shares held by the Plan at year end and are classified in Level 1. These funds are considered open-end mutual funds, meaning the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAVs are received daily from fund managers, and managers stand ready to transact at these quoted amounts. Money market funds are a type of mutual fund or pooled separate account and share in the same valuation process.

Stable Value Funds

Valued at fair value and classified in Level 1. Fair value is calculated as the number of units in the account held on a particular date and multiplied by the unit value on that date, generally representing the value that would be paid out for participant-initiated or benefit withdrawals. John Hancock publishes the rates at which interest is paid on the stable value fund. Although the rates may change periodically, monthly or annualized rates are available. To determine the fair value, John Hancock compares the rates in effect as of December 31 to the rates on which the actual interest is determined and the fund is reported at the adjusted value.

Note 4: Cash

Unallocated cash consists of forfeitures from terminated participants' nonvested account balances that are available for use in accordance with the provisions of the Plan. The balance is held in a non-interest-bearing account maintained by the Trustee and is reported at cost. The Plan's unallocated cash balance is not subject to the fair value hierarchy disclosures and, accordingly, has been excluded from the fair value table.

Note 5: Related Parties and Parties in Interest

The Company absorbs some administrative expenses of the Plan, the cost of audit fees related to the Plan, and the cost of fidelity bonds. The Company provides administrative services on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements. Also, certain Plan investments are shares of proprietary funds managed by the Custodian (or its affiliates). These transactions qualify as exempt party-in-interest transactions.

Administrative functions are performed by officers or employees of the Company. Additional party-in-interest transactions include audit fees paid to Varney & Associates, CPAs, LLC, administration fees paid to Tax Favored Benefits, Inc, and investment fees paid to the Custodian. These transactions qualify as exempt party-in-interest transactions.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7: Tax Status

The Plan Sponsor adopted a non-standardized prototype Plan document. The Internal Revenue Service issued an opinion letter, dated June 30, 2020, on the prototype plan document, indicating the basic Plan document is acceptable under Code Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2022.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 to the Form 5500:

Net assets available for benefits per the financial statements	$	39,580,160
Unallocated cash		32,833
Investments at fair value		15,498
Stable value fund		(48,331)
Net assets available for benefits per the 5500	$	39,580,160

Note 10: Information Prepared and Certified by Custodian (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024 was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian. The Custodian certifying the investments was John Hancock for all of 2025. John Hancock provided a certification that the information provided is complete and accurate as of December 31, 2025.

Note 11: Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Note 12: Subsequent Events

Management has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.
