RSM US LLP

Independent Auditor's Report

Investment Committee and Plan Administrator
SwedishAmerican 401(k) IncentiveSAVER Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SwedishAmerican 401(k) IncentiveSAVER Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter – Subsequent Plan Termination

As discussed in Note 7 to the financial statements, on March 23, 2026, SwedishAmerican Health System Corporation, the Plan Sponsor, approved and signed a resolution to terminate the Plan effective March 31, 2026. No adjustments have been made to the financial statements for this event as liquidation was not considered imminent by management as of December 31, 2025. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 41—Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of SwedishAmerican 401(k) IncentiveSAVER Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established by SwedishAmerican Health System Corporation (the Company or Plan Sponsor), effective January 1, 1987. The Plan is a defined contribution plan covering all employees of a participating employer, which includes SwedishAmerican Health Management Corporation, SwedishAmerican MSO, Inc. (October 1, 1993 through January 1, 2001), SwedishAmerican Primary Care Group, Ltd. (July 1, 1994 through July 1, 1999), Benchmark Health Insurance Company (January 1, 1987 through February 28, 2001) and SwedishAmerican Emergency Services (January 1, 1995 through July 31, 2003). Employees scheduled to work at least 1,000 hours become eligible immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Investment Committee comprised of individuals appointed by the Company's Board of Directors. The Investment Committee has overall responsibility for the operation and administration of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions: Eligible employees of the Company may make voluntary tax-deferred contributions, subject to Internal Revenue Code (IRC) limitations, as defined in the Plan. Participants who will attain age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employees who have been newly hired or rehired will automatically have 3% of their compensation, as defined, deferred into the Plan, unless they affirmatively elect not to participate in the Plan or elect a different deferral rate. The Company makes a matching contribution up to a maximum of 3% of a participant's compensation, based on the participant's years of service and participant contributions. A participant is eligible for the Company matching contribution as long as that participant is considered a qualified employee of a participating employer. Additionally, the Company contributes a nonelective annual contribution amount up to a maximum of 5% of a participant's compensation, based on the participant's years of service and compensation provided that the participant is employed at the end of the year and has worked at least 1,000 hours. A participant is eligible for the Company nonelective annual contribution as long as that participant is considered a qualified employee of a participating employer. In 2025, total Company matching contributions were approximately $19,600 and the Company nonelective annual contribution was approximately $57,100. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's contributions, as well as an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and Company contributions, plus actual earnings thereon.

Note 1. Plan Description (Continued)

Investment options: Upon enrollment in the Plan, participants select one of two tiers for asset allocation. Tier #1 is the professional money management option provided by ProManage, LLC, an independent investment adviser, that will diversify a participant's investments across select funds based on age, account balance and projected estimates of Social Security benefit and life expectancy. Participants may opt out of Tier #1. Tier #2 offers participants to manage their own investment options selecting from the core investment options offered by the Plan. Under Tier #2, a participant may direct Company and participant contributions into any of the investment options offered by the Plan. Participants in Tier #2, not using ProManage, LLC, may change their investment mixes for future contributions and exchange account fund balances on any day that the market is open, subject to a 30-day block following any previous exchange.

Payment of benefits: Upon termination of service for any reason, a participant with greater than $1,000 in vested benefits may elect to receive either a lump-sum amount equal to the value of their account or periodic payments over their life expectancy. A participant with $1,000 or less in vested benefits may receive the value of the vested interest in their account as a lump-sum distribution. The Plan also allows for in-service distributions before age 59½ for certain hardships as defined by the Plan. After age 59½, the Plan allows for in-service distributions for any reason. The Plan provides benefits to a participant's beneficiaries upon their death.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range up to five years, or up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear a rate of interest which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for direct investments in fully benefit-responsive investments contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the Company matching contributions are recorded in the year in which participant compensation is earned.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits: Benefits paid to participants are recorded when paid.

Administrative expenses: Plan administrative expenses are paid by either the Company or the Plan. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements.

Subsequent events: The Plan's management has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by T. Rowe Price Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (T. Rowe Price), a qualified institution:

	2025	2024
Investments at fair value:		
Shares of registered investment companies	$ 9,401,515	$ 10,068,102
Investments at contract value:		
Group annuity contract, general account of insurance company	1,517,806	1,325,920
Notes receivable from participants	129,406	110,365

T. Rowe Price also certified to the completeness and accuracy of $768,894 of net appreciation in fair value of investments, $501,179 of interest and dividends and $10,081 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Account Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024.

	2025			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 9,401,515	$ -	$ -	$ 9,401,515

	2024			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 10,068,102	$ -	$ -	$ 10,068,102

Changes to fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan's management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds a group annuity contract with New York Life Insurance Company. This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. With this type of contract, the Plan owns only the contract itself and the contract is designed to accrue interest based on crediting rates established by the contract issuer. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate for 2025, as established by the contract issuer, ranged from 4.65% to 5.00%. The crediting rate is reviewed on a semiannual basis for resetting. The contract value was $1,517,806 and $1,325,920 as of December 31, 2025 and 2024, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC

2. Premature termination of the contracts

3. Plan termination or merger

4. Changes to the Plan's prohibition on competing investment options

5. Bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines

2. A breach of material obligation under the contract

3. A material misrepresentation

4. A material amendment to the Plan agreement without the consent of the issuer

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by an affiliated company of T. Rowe Price Trust Company, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Administrative fees for loan processing paid by the Plan to the trustee was approximately $400 for the year ended December 31, 2025. Investment advisor fees paid to ProManage, LLC, a fiduciary of the Plan, amounted to approximately $6,800 for the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Company for which no compensation is paid from the Plan.

Note 7. Plan Termination and Subsequent Events

On March 23, 2026, the Executive and Governance Committee of the Plan Sponsor approved and signed a resolution to terminate the Plan effective March 31, 2026. Participants were notified in June 2026 of the Plan's termination. As a result, all participants will have the option to roll over their account balances to an Individual Retirement Account, take a cash distribution, or roll over their account balances to the SwedishAmerican 403(b) Plan (another plan SwedishAmerican Health System Corporation sponsors). Participants became fully vested in all amounts in their account balance as of March 31, 2026, the effective date of the plan termination Liquidation was not considered imminent by management as of December 31, 2025. The Plan Administrator is in the process of determining the impact of adopting Financial Account Standards Board (FASB) Accounting Standards Codification (ASC) 205, *Presentation of Financial Statements, Liquidation Basis of Accounting*, on the Plan's subsequent financial statements. Therefore, the Plan's 2025 financial statements are prepared on an accrual basis for going concern an d do not include any adjustments that might result from the Plan's subsequent termination.

Note 8. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated April 29, 2015, that the Plan, as designed, is qualified and the trust established under the Plan is tax-exempt under the appropriate section(s) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan and trust are currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2025	2024
Net assets available for benefits per the financial statements	$ 11,105,807	$ 11,565,498
Investments, participant loans	129,406	110,365
Notes receivable from participants	(129,406)	(110,365)
Net assets available for benefits per the Form 5500	$ 11,105,807	$ 11,565,498

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term, that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 11. Prohibited Transactions

During 2025, the Plan Sponsor inadvertently failed to deposit approximately $5,400 of participant contributions and loan repayments within the required timeframe as stated by the DOL's regulations. The Company deposited lost earnings in the amount totaling approximately $44 to correct this failure in 2026. The Plan Sponsor has filed Form 5330 and paid the applicable excise tax to the IRS in 2026. The correction and excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.
