INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Wilton Re US Holdings, Inc. & Affiliates
401(k) Retirement Plan
Norwalk, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Wilton Re US Holdings, Inc. & Affiliates 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Wilton Re US Holdings, Inc. & Affiliates 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wilton Re US Holdings, Inc. & Affiliates 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wilton Re US Holdings, Inc. & Affiliates 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wilton Re US Holdings, Inc. & Affiliates 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wilton Re US Holdings, Inc. & Affiliates 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Wilton Re US Holdings, Inc. & Affiliates 401(k) Retirement Plan (the "Plan") provides general information about the Plan's provisions. Wilton Re US Holdings, Inc. (the "Company") is the plan sponsor and has established the Plan to cover employees of a Controlled Group, including Wilton Re Services, Inc., Texas Life Insurance Company and Wilton Reinsurance Bermuda Limited (collectively referred to as the "Employer"). Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General - The Plan is a defined contribution plan covering substantially all full-time employees of the Company. Eligible participants are automatically enrolled in the Plan, unless they opt out of the Plan.

The Company is the Named Fiduciary/Administrator of the Plan. The Standard provides recordkeeping, certain administrative services, and custody services to the Plan, and Granite Group Advisors is the investment advisor to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions - There are four different contribution types available in the Plan:

Employer Non-Elective: The employer may, at its discretion, make a contribution to the Plan.

Elective Deferrals: The employees, at their discretion, may make salary deferral contributions to the Plan. Effective July 1, 2020, the Plan adopted an automatic deferral feature whereby 6% of an employee's compensation will be automatically withheld on a pretax basis (unless the employee specifically makes an election not to participate) and is invested in the Plan's qualified default investment alternative, the Conservative Balanced Fund.

Safe Harbor (Employer Matching): If an employee is making Elective Deferrals or Roth Deferrals, the employer will contribute a matching contribution equal to 100% of the employee's deferral, not to exceed 6% of the employee's compensation.

Roth Deferrals: The employees, at their discretion, may make salary deferral contributions on an after-tax basis to the Plan.

There are no Plan imposed limits on Elective Deferrals or Roth Deferrals of compensation (as defined in the Plan); however the Internal Revenue Code (the Code) limits the maximum amount that can be deferred as salary deferral (on a pre-tax basis or after-tax basis). For 2025 and 2024, those limits were $23,500 and $23,000, respectively. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions (as limited by the Code). The Employer contributed 100% of the first 6% of compensation that a participant contributed to the Plan for both 2025 and 2024. The Employer required contribution for the year ended December 31, 2025 was $4,001,979. Additional Safe Harbor contributions of $2,326,824 were made by the Employer for the year ended December 31, 2025. All contributions are subject to certain limitations of the Code.

Participants direct their Elective Deferrals or Roth Deferrals into various investment options offered by the Plan and can change their investment options on a daily basis. The Employer's contributions are allocated in the same manner as that of the participant's elective contributions. If the participant does not make elective contributions, the Employer's contributions are allocated to the Plan's qualified default investment alternative.

(1) Description of the Plan (Continued)

Investment Elections - The participant contributions and the Company matching contributions are allocated to the various investment options offered by the Plan as the participant directs.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Employer's contributions and allocations of plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions (includes automatic deferrals and rollover contributions) plus actual earnings thereon and the Company's matching contributions (safe harbor contributions). Vesting in the Employer's Non-Elective Contribution is based on vesting years of service (participant must have at least 1,000 hours of service during a Plan year). Vesting occurs over four years with 25% accruing for each year of credited service; a participant is 100% vested after four years of credited service.

Forfeitures - Upon termination of employment participants forfeit their unvested balances. In the case of death and full disability, the Plan allows for 100% vesting. Forfeited balances of terminated employees' nonvested accounts can be used to reduce future Company matching contributions or to pay administrative expenses of the Plan, as determined by the Company at sole its discretion. Unallocated forfeitures as of December 31, 2025 and 2024 are approximately $36,149 and $1,923, respectively and forfeitures used to reduce Company matching contributions or used to offset plan expenses for the year ended December 31, 2025 were approximately $22,909.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 20 years for the purchase of a primary residence. The $50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at a rate equal to Prime Rate (at the time of the loan initiation) plus 1.5%. Principal and interest is paid ratably through semi-monthly payroll deductions. All loans will be due within 30 days from the termination of service of the participant. A loan is in default when a scheduled installment payment has not been received by the last day of the calendar quarter following the calendar quarter in which the last scheduled installment payment was due. The entire unpaid balance on a defaulted loan will be considered to be in default as of the date the last payment was due. Upon default, the participant will have an opportunity to repay the loan, resume current status of the loan by paying any missed payments plus interest or, if distribution is available under the Plan, request distribution of the note. If the loan remains in default, the Plan Administrator will offset the Participant's vested account balances by the outstanding balance of the loan to the extent permitted by law. The Plan Administrator will treat the note as repaid to the extent of any permissible offset. Pending final disposition of the note, the Participant remains obligated for any unpaid principal and accrued interest. There are no overdue or defaulted loans as of December 31, 2025. Notes receivable from participants totaled $776,480 and $568,656 as of December 31, 2025 and 2024, respectively.

(1) Description of the Plan (Continued)

Payment of Benefits - Upon separation from the Company due to death, disability, or termination, a participant (or participant's beneficiary) whose vested account balance exceeds $5,000 may elect to receive either a lump-sum or rollover into another qualified plan. Such distribution may be deferred until the Normal Retirement Date. For a participant whose vested account balance is $5,000 or less, the Plan will distribute the vested balance, in a single lump-sum payment in cash if under $1,000, and a rollover for vested balances ranging from $1,000-$5,000. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

(2) Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements of the plan are prepared on the accrual basis of accounting.

Adoption of New Accounting Standard - The Plan adopted ASC 326 which changed how entities will measure credit losses for certain financial assets that aren't measured at fair value through changes in net assets available to benefits. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing the Plan's exposure to credit risk and the measurement of credit losses. The primary financial asset held by the Plan that are subject to the guidance in ASC 326 is employers' contributions receivable. The impact of the adoption was not considered material to the financial statements and primarily resulted solely in enhanced disclosures.

On July 30, 2025, the FASB issued Accounting Standards Update (ASU) 2025-05, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets. This standard allows entities to elect a practical expedient that assumes that current conditions as of the fiscal year-end do not change for the remaining life of the asset. In addition, the standard provides for consideration of subsequent collections in developing reasonable and supportable forecasts as part of estimating expected credit losses.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(2) Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information principally provided by the Plans trustee as described in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Certain investment-related expense are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

(3) Information Certified and Provided by The Standard (Unaudited)

The following is a summary of the Plan's investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by The Standard (the "trustee") and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following investment is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and accompanying supplemental schedule related to the following assets:

	December 31,	
	2025	2024
Investments at Fair Value:		
Pooled Separate Accounts	$ 121,872,835	$ 107,975,143
Notes Receivable from Participants	776,480	568,656
Total Investments	$ 122,649,315	$ 108,543,799

The Standard also certified to the completeness and accuracy of the $14,545,677 of net appreciation of fair value of investments and $53,228 of interest income on notes receivable from participants for the year ended December 31, 2025.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2-Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units of insurance company trusts. The NAV, as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

In accordance with Subtopic 820-10, certain investments, including pooled separate accounts, that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

(4) Fair Value Measurements (Continued)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2025 and 2024:

(5) Related-Party Transactions and Party in Interest Transactions

The Standard is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan's administrative expenses are shared by the Plan, Company and participants, as provided by the Plan's provisions. Administrative expenses paid include recordkeeping and investment management fees. During the year ended December 31, 2025, total administrative expenses were $70,738 and $63,006 for investment management and recordkeeping fees, respectively. Expenses relating to purchases, sales or transfer of the Plan's investments are charged to the particular investment fund to which the expenses relate.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested and the total amount in each participants account would be distributed to the participants.

(7) Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore the related trust is tax exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

(9) Reconciliation of Financial Statements to the Form 5500

The financial statements are presented on an accrual basis while the Form 5500 is prepared on a cash basis. The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	December 31, 2025	December 31, 2024
Net Assets Available for Benefits per the Participant Financial Statements	$126,651,294	$112,256,011
Less: Contributions Receivable - Employer	(4,001,979)	(3,712,212)
Net Assets Available for Benefits per the Form 5500	$122,649,315	$108,543,799

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2025 to Form 5500:

Contributions per the Financial Statement	$ 10,762,246
Add: Accrued Employer Contributions at December 31, 2024	3,712,212
Less: Accrued Employer Contributions at December 31, 2025	(4,001,979)
Total Contributions per Form 5500	$ 10,472,479
