Independent Auditor's Report

The Plan Administrator
Brixey & Meyer, Inc. 401(k) Profit Sharing Plan
Miamisburg, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Brixey & Meyer, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following brief description of Brixey & Meyer, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all eligible employees of Brixey & Meyer, Inc. (the Company). The Plan contains two main components: a 401(k) deferral component and a matching component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation Requirements

Each employee of the Company is eligible to participate in the Plan, including for matching contributions, on the first day of the month coinciding with or following the employee's date of hire, as defined by the Plan.

Contributions

The 401(k) component allows eligible participants to defer part of their compensation through voluntary salary or wage reduction. The Company also makes a safe harbor matching contribution. The matching contribution is the sum of 100% of the participant's deferral contributions on the first 3% of the participant's compensation, and 50% of the participant's deferral contributions that exceed 3% of compensation but are not in excess of 5% of the participant's compensation during the pay period. The Company may make a discretionary matching contribution or discretionary profit-sharing contribution, to be determined annually. The Company did not approve any discretionary profit-sharing or matching contributions for the 2025 and 2024 Plan years. Participants must be employed on the last day of the year to be eligible for these discretionary contributions.

Participants direct the investment of the contributions into various investment options offered by the Plan. Currently, the Plan offers mutual funds and a money market fund as investment options for participants. The Plan also holds investments in private investment funds.

Allocations to Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions as well as an allocation of investment earnings or losses and Plan expenses. Allocations to participants' accounts are proportional based on the value of account balances or equally among all participants, as specified in the Plan Agreement.

Vesting

Participant contributions, including rollover contributions, safe harbor match contributions, and all earnings thereon, are fully vested at all times. Employer discretionary match contributions are vested as follows:

Years of Service	Vesting Percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Forfeitures attributable to discretionary match contributions may be used to offset future Plan expenses or employer match contributions, at the employer's discretion. There was no forfeiture activity in 2025 and 2024. The forfeiture balance was $9 as of December 31, 2025 and 2024.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions to any investment options offered by the Plan. If the participant fails to elect any investment options, contributions are placed in an investment fund as specified in the plan document.

Payment of Benefits

Participants, or their beneficiaries, may request payment of benefits at any time after their retirement, termination of employment, or death. The Plan allows for total or partial in-service withdrawal prior to retirement if the participant meets certain age or hardship withdrawal requirements. Such withdrawals are subject to approval by the plan administrator.

Notes Receivable from Participants

Participants may borrow from their accounts an amount equal to the lesser of $50,000 or 50% of their vested account balance. Loans will not be made for less than $1,000. With the exception of notes used to finance the purchase of a principal residence, note terms generally may not exceed five years. A participant may have no more than one loan outstanding at any time. The notes are secured by the vested balance in the participant's account and bear interest at 1% over the Prime Rate as published in the Wall Street Journal. The interest rates range between 4.25% and 9.50% on the notes outstanding as of December 31, 2025 and 2024. Principal and interest are repaid through payroll deductions over the term of the note and are credited to the participant's account.

Administrative Expenses

The Company pays all legal and accounting fees and custody fees for the Plan. Recordkeeping and investment advisory fees may be paid by the Company or the Plan, as permitted by the Plan Agreement. Administrative expenses also include certain participant-directed fees, such as distribution fees and loan set-up and maintenance fees, charged directly to participant accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

Participants in the Plan invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable – Participant Loans

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as distributions based upon the terms of the Plan Agreement. Interest income on participant loans is recognized on the Statement of Changes in Net Assets Available for Benefits as it is earned.

Payment of Benefits

Benefits payments are recorded when disbursed.

Income Taxes

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 3 – Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Money market funds and registered investment companies: Valued at quoted market prices in an exchange and active market, which represent the net asset value of shares held by the Plan.

Other: Valued at the net asset value (NAV) of the shares held by the Plan at year end, which is provided by the Fund Manager and is determined based on the fair value of the underlying investments, primarily limited liability companies and equity securities.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments, by level, within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2 or 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Money market fund	$ 2,453	$ -	$ -	$ 2,453
Registered investment companies	20,427,788	-	-	20,427,788
Other*	-	-	-	468,214
Total investments, at fair value	$20,430,241	$ -	$ -	$20,898,455

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Money market fund	$ 929	$ -	$ -	$ 929
Registered investment companies	15,971,324	-	-	15,971,324
Other*	-	-	-	438,878
Total investments, at fair value	$15,972,253	$ -	$ -	$16,411,131

*The private investment funds are measured using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2025 and 2024:

	2025 Fair Value	2024 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Private investment funds**	$ 468,214	$ 438,878	None	Not eligible	N/A

**The private investment funds invest in equity and debt positions of private operating companies with the objective of long-term capital appreciation. The funds do not permit redemptions. Distributions are received as the underlying investments are liquidated, which is expected to occur over the remaining terms of the funds, through September 10, 2028.

Note 4 – Investments and Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company,

a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule are complete and accurate:

- Investments, other than the private investment funds of $468,214 and $438,878 as of December 31, 2025 and 2024, respectively, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment income, other than investment income related to the private investment funds, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2025, other than the private investment funds.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate or suspend contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant's account will become fully vested.

Note 6 – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Note 7 – Related Party

The Plan holds investments in two private investment funds managed by certain shareholders of the Company. The net asset value of these investments was $368,387 and $313,717 as of December 31, 2025 and 2024, respectively.

Note 8 – Party-in-Interest Transactions and Fees

The Plan's recordkeeper and investment advisor are parties in interest. Fees paid by the Plan to the recordkeeper were $3,676 and $413, and fees paid to the investment advisor were $30,186 and $30,427, for the years ended December 31, 2025 and 2024, respectively.

The Plan had participant loan balances of $112,762 and $106,718 as of December 31, 2025 and 2024, respectively. These loans are considered party-in-interest transactions under ERISA but are exempt from the prohibited transaction rules.

Note 9 – Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 12, 2026, the date the financial statements were available to be issued.
