401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Resource Management Concepts, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Resource Management Concepts, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Resource Management Concepts, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Resource Management Concepts, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as

fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Resource Management Concepts, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Resource Management Concepts, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN
Notes to Financial Statements
December 31, 2025

1. ***DESCRIPTION OF PLAN***

The following description of the Resource Management Concepts, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Resource Management Concepts, Inc. 401(k) Plan was established January 1, 1995.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended on February 28, 2023, to adopt the statutory changes pursuant to the Coronavirus Aid Relief and Economic Security Act. The Plan covers all employees who are age twenty-one or older, with the exceptions of nonresident aliens and employees covered by collective bargaining agreements. Eligible participants enter the plan on the first of the month following employment.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum participant contribution is limited by the Internal Revenue Service to $31,000 and $30,500 for the Plan years ended December 31, 2025 and 2024, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may designate some or all of their contributions as Roth Deferral Contributions. Amounts designated as Roth Deferral Contributions are included in the participant's income for tax purposes.

The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation (3% prior to March 2021). The automatic Elective Deferral Contribution increases by 1% on or after the first day of the Plan year, up to a maximum contribution of 10%. The participant may affirmatively elect a different percentage or elect not to make the elective deferral contribution.

Employer matching contributions to the Plan are discretionary. However, currently the employer matches contributions for employees equal to 25% of the first 7% of the participants' salary reduction, and 50% of the next 8% of the participants' salary reduction.

Contributions are recognized as additions to net assets available for benefits in the period in which they are withheld from participant compensation and remitted to the trust. Employer matching contributions are recognized in the period in which the related participant salary reduction contributions are recognized, based on the Plan's matching formula.

In addition, the employer may make discretionary contributions in an amount determined by the

Board of Directors at the end of each Plan year. Participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible to receive a discretionary contribution. There were no employer discretionary contributions for the year ending December 31, 2025 and 2024.

Participant Accounts

Each participant's account is self-directed and is credited with the participant's contribution and an allocation of (a) the employer contributions, and (b) plan earnings, expenses, gains and losses, according to the available investment options selected by each participant. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan is intended to satisfy ERISA Section 404(c).

Vesting

A participant is immediately 100% vested in all employee contributions and any earnings on those contributions. Vesting in the Company's contributions is based on years of continuous service. Employer matching contributions, discretionary contributions and earnings on those contributions are 100% vested to the participant after two years of service. Participants whose employment terminated prior to December 7, 2015, are subject to a 6-year vesting schedule for employer matching and profit-sharing contributions.

Forfeitures

Forfeitures are recognized when participants terminate employment prior to becoming fully vested in the employer matching contributions and discretionary contributions. Forfeitures may be used to reduce employer contributions or to pay plan expenses. At December 31, 2025 and 2024, the forfeited nonvested accounts totaled $135,245 and $94,366, respectively. These amounts will be used to reduce future employer contributions or to pay future plan expenses. During the years ending December 31, 2025 and 2024, forfeited amounts totaling $179,229 and $130,991, respectively, were used to fund employer contributions and forfeited amounts totaling $2,400, and $12,000, respectively, were used to pay plan expenses.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are calculated based on the current prime rate plus 1% at the time of each loan's origination. Principal and interest is paid ratably through monthly payroll deductions. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan payments, and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Upon termination of service, a participant is entitled to receive a lump-sum amount equal to the value of his or her vested interest. Forfeiture of a participant's nonvested interest will occur when a participant incurs a break-in-service. The Plan allows for in-service withdrawals as soon as a participant reaches 59 and ½ years of age. At December 31, 2025, there were no amounts allocated to accounts of participants who elected to withdraw from the Plan but remained unpaid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Plan Expenses

Administrative expenses are recognized when incurred on the accrual basis. Unpaid administrative expenses, if any, are included in liabilities and reduce net assets available for benefits. Expenses paid by the Plan are presented as deductions in the statement of changes in net assets available for benefits. For the year ended December 31, 2025, the plan sponsor utilized $2,400 from the forfeiture account towards the Plan's audit fee. Investment advisory fees of $50,078, and recordkeeping fees of $11,250 were also paid by the plan for the year ended December 31, 2025. Participant loan fees are charged directly to the relevant participant's account.

Tax Status

The Plan is a volume submitter plan provided by the Fidelity Management Trust Company, the trustee of the Plan. During 2022, Plan management adopted the most recent adoption agreement for the volume submitter plan. The significant change to the Plan as a result of this revised adoption agreement was to reflect the Hardship Distribution provisions of the Bipartisan Budget Act of 2018.

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan's federal tax returns are generally subject to examination by the Internal Revenue Service for three years after the date they are filed.

2. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

Basis of Accounting

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946, *Financial Services – Investment Companies*, investment contracts held

by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of changes in net assets available for benefits is prepared on a contract value basis for the fully benefit responsive investment contract.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses has been estimated. Outstanding loan balances upon a participant's termination are treated as deemed distributions to the participant.

Investment and Participant Loan Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Common Collective Trust which is presented at contract value. See Note 3 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are valued at their outstanding balances, which approximate fair value.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. *FAIR VALUE MEASUREMENTS*

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following is a description of the valuation methodologies used for assets measured at fair value in the accompanying statements of net assets available for benefits:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The quoted net asset values are based on the quoted market prices of the securities held by each mutual fund.

The common collective trust is a fully benefit-responsive investment contract and is presented at contract value, see Note 4.

The plan's assets at fair value as of December 31, 2025 and 2024, total $56,484,332 and $46,717,803, respectively, consist of mutual funds classified as Level 1 investments.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2025, are reported as net appreciation in fair value of investments. For the year ending December 31, 2025, the net appreciation in the fair value of the investments consists of appreciation of $6,914,216 from investments in mutual funds.

4. *COMMON COLLECTIVE TRUST*

In 2007, the Plan added the Fidelity Advisor Stable Value Fund as an investment option, which is a common collective trust that is fully benefit-responsive. The Fund invests in wrap contracts which agree to pay the portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted. The Fund strives to maintain a $1 unit price. The Fund offers two classes of units, Class I and Class II. The crediting rate is the discount rate that equates the estimated future market value of the portfolio's underlying assets with the portfolio's current contract value. The crediting rates are reset monthly. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%. If the market value of the underlying assets is higher than their contract value, the crediting rate will ordinarily be higher than the average yield of the underlying assets. Investment income and the fund-level expenses are allocated on a pro rata basis to each class based on relative net assets of each Class to the total net assets in the Fund. In addition to management fees, Class II units are charged an additional monthly distribution fee. The Fund is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value.

The wrap contracts limit the ability of the Portfolio to transact at contract value upon the occurrence of the following events:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer
- Any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on a Portfolio's cash flow
- Any communication given to participants by the Plan sponsor, any other Plan fiduciary or Fidelity Management Trust Company that is designed to induce or influence participants not to invest in the Portfolio or to transfer assets out of the Portfolio
- Any transfer of assets from the Portfolio directly to a competing investment option

Withdrawals initiated by a Plan sponsor will normally be provided at contract value as soon as practicable within twelve months following written notice to the trustee.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was 4% and 3.92%, and the crediting interest rate was 2.44% and 2.15% for the years ended December 31, 2025 and 2024, respectively.

A wrap issuer may terminate a wrap contract at any time. If the Fund's investment management authority over the portfolio is limited or terminated as well as if all of the terms of the wrap contract fail to be met, and if the market value of the portfolio is below the contract value at that time, the terminating wrap provider would not be required to make a payment to the Fund.

5. ***INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN***

The plan administrator has elected the method of compliance permitted by 29 CFR §2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by the Fidelity Management Trust Company and was not subjected to any auditing procedures except for comparing it to information included in the Plan's financial statements and supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year):

a. Total investments as shown in the accompanying statements of net assets available for benefits of $58,417,289 as of December 31, 2025, and $47,218,003 as of December 31, 2024.

b. Total investment income as shown in the accompanying statement of changes in net assets available for benefits of $3,334,550.

c. Net appreciation in fair value of investments shown in the accompanying statement of changes in net assets available for benefits of $6,914,216.

d. Total notes receivable from participants as shown in the accompanying statement of net assets available for benefits of $742,376 as of December 31, 2025, and $616,746 as of December 31, 2024.

e. All investment-related information in the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025.

The information in Note 3 was prepared in part or entirely from information certified by the Trustees.

6. ***RELATED PARTY TRANSACTIONS AND CONCENTRATIONS OF RISK***

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Administrative fees paid by the Plan for the year ended December 31, 2025, amounted to $11,250. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Askey, Askey & Associates, CPA, LLC, is a service provider to the plan. Audit fees paid by the plan for the year ended December 31, 2025, amounted to $2,400.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. All of the Plan's investments are managed by Fidelity Management Trust Company.

7. *RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500*

The Form 5500 for the Plan is filed using the cash basis of accounting and reports the net assets available for benefits at fair value. Form 5500 does not include receivables for employer matching contributions of which there were none for the years ended December 31, 2025 and 2024. Form 5500 does not include receivables for employee contributions of which there were none for the years ended December 31, 2025 and 2024.

The following is a reconciliation of dividends and interest per the financial statements to Schedule H of Form 5500 for the year ending December 31, 2025:

Dividends and interest per the financial statements	$ 3,283,684
2025 Adjustment for contract value	(74,944)
2024 Adjustment for contract value	33,274
Dividend income and net investment gain from common collective trusts per Schedule H of Form 5500	$ 3,242,014

8. *SUBSEQUENT EVENTS*

On June 15, 2026, the preapproved plan provider executed an amendment to reflect statutory changes pursuant to the Bipartisan American Miners Act of 2019, SECURE 1.0, and SECURE 2.0 and management intends to sign a new adoption agreement and implement the super catch-up contribution.

Management has considered and evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.
