INDEPENDENT AUDITOR'S REPORT

October 6, 2026

To the Participants and Plan Administrator
Marathon Petroleum Retirement Plan

Opinion

We have audited the financial statements of the Marathon Petroleum Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, as well as the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, the changes in its net assets available for benefits for the years then ended, the accumulated plan benefits as of January 1, 2025, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

The Plan's management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.

- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Surviving Spouse Benefit	It is assumed that 70% of males and 35% of females have an eligible spouse. Male participants are assumed to be two years older than female spouses and female participants are assumed to be three years younger than male spouses.
Valuation Compensation	2024 pensionable earnings rolled forward one year with the salary increase assumption.
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of $280,000 and the IRC section 401(a)(17) compensation limit of $350,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, Part V — Summary of Plan Provisions

Effective Date	The Marathon Petroleum Company LLC Retirement Plan was established in 1988. Effective January 1, 1999, the Petroleum Marketing Retirement Plan (the "PMRP") and the Ashland Inc. and Affiliates Retirement Plan, applicable to Oil Chemical and Atomic Workers International Union Locals No. 3-214 Catlettsburg, Kentucky and 3-505 Catlettsburg, Kentucky (the "P.A.C.E." Plan) were merged into this plan. Effective September 1, 1999, the Northwestern Refinery Pension Plan for Hourly Employees was merged into this plan. The plan is comprised of various Sub-Plans: Refining, Marketing, and Transportation ("RMT") Sub-Plan; Retail Sub Plan; Catlettsburg Refining Sub-Plan; and Northwestern Refinery Sub-Plan. Effective June 30, 2007, the Retail Sub-Plan was spun off from the Marathon Petroleum Company LLC Retirement Plan, and the new Speedway SuperAmerica LLC Retirement Plan was established. Effective October 1, 2010, the plan name was changed to the Marathon Petroleum Retirement Plan. Effective January 1, 2019 members of the Legacy Andeavor Pension Plan are eligible for prospective cash balance benefit accruals. Plan amendments adopted or effective by January 1, 2025 are reflected in this valuation.
Plan Status	Open to new participants meeting eligibility requirements.
Definitions	
Plan Year	January 1 to December 31.
Benefit and Vesting Service	Generally based on elapsed time. Any period of service with an employer commencing on employee's date of hire for vesting service and upon plan participation for benefit service and ending on the date of termination.
Compensation	Total regular annual salary including overtime, bonuses, and commissions.
Average Monthly Compensation	Average monthly compensation in the 36 highest consecutive calendar months during the last 10 years of participation.

Social Security Benefit

Estimated Social Security benefit assuming no future earnings after termination. Calculated at age 62 for retirement eligible employees, otherwise age 65.

Frozen Service Benefit

Monthly benefit payable to a member upon normal retirement equal to [(1) less (2)] times (3):

(1) 60 percent of final average pay (average of highest 36 consecutive months of last 10 years of service).

(2) 50 percent of the member's Social Security benefit.

(3) Ratio of actual years of service to 37.5 years, with such ratio not greater than one.

Benefit service under this formula was frozen on December 31, 2009 for all participants. Additionally, final average pay and the Social Security benefit were also frozen on December 31, 2009 for certain highly compensated employees and on December 31, 2012 for all other participants.

Cash Balance Account

Hypothetical accounts established on January 1, 2010 for each participant. Initial account balances are $0 and accounts are credited with pay and interest credits for each year after 2009.

Pay Credits

A percentage of eligible compensation is credited to each participant's account for each year of participation after 2009 based on the participant's attained points (age plus service). For this purpose, all service is included.

Points	Percentage
Under 50	7.00%
50 to 69	9.00%
70 and over	11.00%

Interest Credits

Interest on the opening balance is credited each year based on the greater of 3.0% and the average of the 30-year Treasury rate for August, September, and October of the prior plan year.

Actuarial Equivalence

Conversion of Frozen Service Benefit to Lump Sum	The current interest rate assumption and the RP2000 Combined Healthy Mortality Table weighted 75 percent male/25 percent female of the prior plan year.

The current interest rate assumption is the lesser of the following annuity rates:

(1) The simple average (rounded to the nearest one quarter of 1 percent) of PBGC immediate rates in effect on the first day of the months April through September of the prior year.

(2) The PBGC immediate annuity rate in effect on the first day of the plan year.

Effective January 1, 2013, the year-over-year increase in the interest rate will be limited to a certain percentage that varies based on the rate for the current year, as follows:

Rate for Current Year Before Adjustment	Maximum Annual Percentage Increase
0.25% – 3.00%	0.25%
3.25% – 5.00%	0.50%
5.25% or greater	0.75%

Conversion of Cash Balance Account to Monthly Single Life Annuity

Based on the applicable mortality and interest rates under IRC §417(e)(3).

Other Optional Forms

7 percent and the RP2000 Combined Healthy Mortality Table weighted 75 percent male/25 percent female.

Normal Form of Annuity

Without Spouse

Life annuity.

With Spouse

Joint and survivor annuity actuarially equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50 percent of reduced benefit continued to surviving spouse.

Optional Forms of Annuity

Life annuity; term certain and life annuity; joint and survivor annuity (25 percent, 50 percent, 75 percent or 100 percent); lump sum. All optional forms are adjusted to be actuarially equivalent to the life annuity.

Refining, Marketing & Transportation (“RMT”) Sub-Plan

Eligibility for Participation	Generally, any regular employee of Marathon Petroleum Corporation, Marathon Petroleum Company LP, Marathon Petroleum Service Company, Marathon Pipe Line LLC, Catlettsburg Refining LLC, Marathon Petroleum Logistics Services LLC (MPLS), MW Logistics Services LLC, Blanchard Refining Company LLC, Speedway LLC and Speedway Prepaid Card LLC may participate under the provisions of this Sub-Plan. Eligibility excludes: collectively bargained employees where the bargaining agreement does not provide for participation; leased employees; employees participating in a multi-employer plan; independent contractors; employees subject to labor agreement which expressly excludes participation; employees of Speedway LLC or Speedway Prepaid Card LLC regularly classified as salary grade 11 or below.
Normal Retirement	
Eligibility	Age 65.
Benefit	Frozen service benefit plus cash balance account. The frozen service benefit is converted to a lump sum and added to the cash balance account or the cash balance account is converted to an annuity and added to the frozen service benefit. Frozen service benefit will be offset by any Ashland Pension Plan benefit or Marathon Oil Company Pension benefit accrued upon transfer to MPC. Such offset will only be applied to those employees whose benefits, liabilities, and assets were not transferred to MPC in 1998. In addition, benefit will be offset by any benefit payable by the Catlettsburg Refining LLC Sub Plan or the Northwestern Refinery Sub-Plan. For employees whose benefits, liabilities, and assets were transferred to MPC, the frozen service benefit will be no less than the benefit accrued at the date of transfer. For the Maleic/Neal employees who entered the plan on July 1, 2005, the frozen service benefit is the greater of the plan benefit based on service earned after July 1, 2005 and the plan benefit based on all service offset by

	the Ashland Retirement Plan benefit. The December 31, 2009 service and December 31, 2012 pay freeze apply.
Early Retirement	
Eligibility	Age 50 and 10 years of vesting service.
Benefit	Frozen service benefit reduced 3 percent per year from age 62 and 4 percent per year from age 59 plus cash balance account.
Vested Termination Benefits	
Eligibility	Three years of vesting service or age 65.
Benefit	Frozen service benefit payable at age 65 (actuarially reduced for early commencement) plus cash balance account.
Preretirement Death Benefit	
Eligibility	Earlier of age 65 and three years of vesting service.
Benefit	The frozen service benefit under the lump sum option is equivalent to 100 percent of the lump sum of the lifetime form of benefit had the employee retired or terminated on the date of his death. The monthly frozen service benefit annuity form of payment shall be the actuarial equivalent value of the lump sum form as described above. 100 percent of the cash balance account is payable to the beneficiary.
Death After Early Retirement	
Eligibility	Death after retirement but prior to age 65.
Benefits	50 percent of the frozen service benefit amount the member was receiving as a lifetime form of benefit.
Death After Vested Termination	
Eligibility	Death after vested termination but prior to commencement of benefit.
Benefits	50 percent of the frozen service benefit to which the member was entitled as a vested terminated employee. If the member is under age 50 at the time of his death, payment of the frozen service benefit to his spouse will be deferred until the time he would have attained age 50. 100 percent of the cash balance account is payable to the beneficiary.

Catlettsburg Refining Sub-Plan

Eligibility for Participation

Effective January 1, 2000, the Ashland Inc. and Affiliates Retirement Plan, applicable to Oil, Chemical, and Atomic Workers International Union Locals No. 3-214 Catlettsburg, Kentucky and 3-505 Catlettsburg, Kentucky (the "P.A.C.E." Plan) was merged into the Marathon Petroleum Company LLC Retirement Plan. Effective September 30, 1998, the provisions applicable to Catlettsburg employees were frozen and incorporated into the plan under the Catlettsburg Refining Sub Plan. The provisions as summarized are applicable only to those employees who were members of the Catlettsburg Refining Sub-Plan on September 30, 1998 and January 1, 1999.

Normal Retirement

Eligibility

Age 65.

Benefit

Annual benefit payable to a member upon normal retirement is equal to the greatest of (1), (2), and (3):

(1) $21.78 times credited service prior to October 1, 1989, plus, for each year of credited service after September 30, 1989, the sum of 1.83 percent of annual compensation which is at a rate not in excess of $6,600 and 2.25 percent of annual compensation which is at a rate in excess of $6,600.

(2) $168 times continuous service adjusted for benefits which would have accrued in the event the member did not participate when first eligible.

(3) 1.25 percent of final average pay times credited service prior to February 1, 1993, plus 1.35 percent of final average pay times credited service on or after February 1, 1993 (maximum credited service is 35 years).

All service for benefit accrual purposes is frozen as of September 30, 1998.

Early Retirement

Eligibility

Age 55, or any age where attained age and continuous service totals at least 80.

Benefit

Accrued benefit payable at early retirement age reduced according to the following schedule:

Age	Early Retirement Factor	Age	Early Retirement Factor
50	46%	58	88%
51	51%	59	91%
52	56%	60	94%
53	62%	61	97%
54	68%	62	100%
55	75%	63	100%
56	80%	64	100%
57	84%	65	100%

Vested Termination Benefits

Eligibility

Five years of vesting service, effective for members with one or more hours of service after September 30, 1989.

Benefit

Accrued benefit payable at age 65. Payment may commence as early as age 55, subject to a reduction of 6 percent per year from age 65 to 60 and 4 percent per year from age 60 to age 55. Member may elect a refund of his contributions with interest in lieu of accrued allowance.

Preretirement Death Benefit

Eligibility

Death in active service after becoming eligible for early retirement or vesting.

Benefit

50 percent of the benefit which the member would have been entitled to receive as a vested terminated or retired employee under a 50 percent joint and survivorship benefit. If the member is under age 55 at the time of his death, payment of the benefit to his spouse will be deferred until the time he would have attained age 55.

Death After Vested Termination

Eligibility	Death after vested termination but prior to commencement of benefit.
Benefits	50 percent of the benefit to which the member was entitled as a vested terminated employee under a 50 percent joint and survivor benefit. If the member is under age 55 at the time of his death, payment of the benefit to his spouse will be deferred until the time he would have attained age 55.

Normal Form of Annuity

Without Spouse	Life annuity.
With Spouse	Reduced joint and survivor annuity. Participant receives reduced lifetime benefit and, in event of participant's death, 50 percent of reduced benefit continued to surviving spouse.
Optional Forms of Annuity	Life annuity; 120 months certain and life annuity; joint and survivor annuity (50 percent, 66⅔ percent, or 100 percent). All optional forms are adjusted to be actuarially equivalent to the life annuity

Northwestern Refinery

Eligibility for Participation

The Northwestern Refinery Company Pension Plan for Hourly Employees was established in 1963. Legacy Andeavor Pension Plan

Effective Date of Plan and Most Recent Amendment	The plan was originally effective January 1, 1969. It was amended and restated effective January 1, 2014. The most recent amendment reflected is Amendment 10 (signed December 27, 2018). Effective December 31, 2018, benefit accruals for all employees under the plan are frozen. The legacy Andeavor Pension Plan merged into the Marathon Petroleum Company LLC Retirement Plan effective December 31, 2019**.**
Plan Year	The twelve-month period ending December 31.
Coverage and Participation	A United States employee of Andeavor or one of its subsidiary companies which has adopted this Plan will become a participant on the first day of the month if: (1) Employee has worked 12 consecutive months from date of hire and credited with 1,000 hours or (2) Employee has worked 1,000 hours in a subsequent 12-month period beginning January 1 through December 31 Effective December 31, 2018, the plan is closed to new entrants.
Normal Retirement Date	The later of age 65 and three years of participation in the plan.
Early Retirement Date	A participant is eligible for early retirement when he has reached (1) age 50, if age plus vesting service is greater than or equal to 80, or (2) both age 55 and completed five years of vesting service. Vesting service will continue to accrue after December 31, 2018.
Eligible Compensation	Amounts paid which are required to be reported on income tax and withholding statement (W-2) inclusive of overtime pay, commissions and normal bonuses but excluding special income because of services overseas, expense allowances, special recognition awards and all other extraordinary compensation. No pay after December 31, 2018 is considered when determining the benefit.
Plan Participants' Contributions	They are not required or permitted.

Optional Forms of Retirement Income	Optional forms of payment include: single life annuity, 10-year certain and life, 50 percent joint and survivor, 75 percent joint and survivor, 66⅔ percent joint and survivor, 66⅔ percent joint and survivor with 10 years certain option, and lump sum.
Changes in Plan Provisions Since Last Actuarial Valuation	Effective December 31, 2018, benefit accruals for all employees under the plan are frozen.

Final Average Pay Component of Benefit for Service Prior to 2011[1]

Final Average Monthly Compensation

Average of the highest consecutive, 36-month period of eligible compensation in the past 10-year period. Final average monthly compensation is frozen as of December 31, 2018.

Average Final Compensation

Average of high 36-month earnings in last 120 months of Shell earnings. Generally, the same as eligible compensation however, overtime and other bonuses are not included. Average final compensation is frozen as of December 31, 2018.

Social Security Covered Compensation

Average of the Social Security taxable wage bases (in accordance with the Social Security Act in effect on the participant's date of termination) for the 35-year period ending in the calendar year that the participant attains Social Security normal retirement age. Social Security covered compensation is frozen as of December 31, 2018.

Benefit Service

Generally each month of service a participant works, a month of benefit service is earned. Benefit service starts from hire date or date of acquisition if later. Participants earn service from date of hire or from the dates below if acquired participants:

Former Plan Participants	Applicable Date
BP Amoco	September 6, 2001
Golden Eagle	May 17, 2002
LAR (Shell Los Angeles)	May 11, 2007
Shell	August 1, 1998

Effective December 31, 2010, benefit service is frozen.

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

Normal Retirement Benefit

Andeavor Benefit Formula	Sum of (1) and (2) (1) 1.10 percent of participant's final average monthly compensation multiplied by the number of years of benefit service through December 31, 2010[1]. (2) 0.50 percent of participant's final average monthly compensation in excess of Social Security covered compensation multiplied by the number of years of benefit service through December 31, 2010[1] to a maximum of 35 years.
Benefit for Former BP Amoco, Golden Eagle and LAR Participants	Greater of (1) and (2) where: (1) Andeavor benefit formula above based on Andeavor service from benefit service table above through December 31, 2010[1]. (2) Andeavor benefit formula above using all service (service with Andeavor and prior plan service) through December 31, 2010[1] minus the prior plan frozen benefit. ***Note:*** Generally, all service in (2) above is from date of hire, however it is from January 1, 2003 for LAR participants.
Benefit for Former Shell Participants	Greater of (1) and (2) below: (1) Andeavor benefit formula above based on Andeavor service from benefit service table above through December 31, 2010. (2) 1.60 percent of participant's average final compensation multiplied by benefit service (all periods) through December 31, 2010 minus August 1, 1998 Shell benefit and minus Social Security offset. The Social Security Offset is calculated as 1.50 percent of the participant's primary Social Security benefit (frozen as of December 31, 2018) multiplied by the projected benefit service to Social Security normal retirement age (max of 33⅓ years) multiplied by benefit service through December 31, 2010 divided by projected benefit service to Social Security normal retirement age (no max). Projected benefit service for this purpose is not frozen at December 31, 2010.

Early Retirement Benefit

Andeavor, BP Amoco, & LAR Participants

The benefit calculation as defined above based on benefit service (as frozen at December 31, 2010[1]) and pay (as frozen at December 31, 2018) as of early retirement date but reduced according to the schedule below:

Age	Age + Svc > = 80 Percentage of NR Benefit	Age + Svc < = 80 Percentage of NR Benefit

51	55%	N/A
50	50%	N/A

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

Former Golden Eagle Participants

The factors above are applied to the Andeavor portion of the benefit (either Andeavor-only or Andeavor-all service).

The factors below are applied to the frozen Golden Eagle benefit based on status at acquisition date:

Former BP Amoco Participants

In addition to the above benefits, participants who were age 40 and above and not age 50 with at least 15 years of service at acquisition and ultimately qualify for early retirement benefits are eligible for a Special Social Security supplement. This benefit will be paid until the participant attains age 62.

The monthly supplement amount is equal to $50 times vesting service up to 20 years plus $45 times vesting service greater than 20 years. Vesting service for this purpose is limited to service through December 31, 2010[1]

The supplement is then reduced to reflect age at commencement based on the factors below:

Age	Vesting Service + Age < = 55	Vesting Service + Age < = 55
61	100%	100%
60	100%	100%
59	97%	85%

54	77%	10%
53	69%	N/A
52	61%	N/A
51	53%	N/A
50	45%	N/A

Final reduced supplement payable is limited to the amount of the unreduced primary Social Security benefit.

Former Shell Participants

Before Age 65

The greater of (1) and (2) below:

(1) The total service Shell benefit, calculated as 1.60 percent times average final compensation.

(2) Andeavor formula based on service from benefit service table above through December 31, 2010.

After Age 65

The greater of (1) and (2) below:

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

(1) The total service Shell benefit, calculated as 1.60 percent times average final compensation, minus Social Security offset minus August 1, 1998 Shell benefit.

(2) Andeavor formula based on service from Benefit Service table above through December 31, 2010.

Where amounts above are reduced in accordance with early retirement table. Note that the August 1, 1998 Shell benefit will be offset before age 65 if the participant was eligible at August 1, 1998 for an early retirement benefit.

Death Benefit

A participant is eligible for a death benefit after completing three years of vesting service. The death benefit amount is actuarial equivalent to the survivor portion of a 100 percent joint & survivor assuming that the participant elected such form of payment immediately preceding their death. The death benefit for the surviving spouse may be paid as a single life annuity or a lump sum at the election of the spouse. The death benefit for a non-spouse beneficiary will be paid as an immediate lump sum.

Vested Benefits Upon Termination of Service

If a participant terminates his service prior to his normal retirement date and has three years of vesting service (five years for terminations before December 31, 2010[1]), the deferred vested benefit is equal to the benefit computed based on pay and service as of the termination date (pay is frozen at December 31, 2018, service is frozen at December 31, 2010[1]). The benefit will commence at normal retirement date, or reduced benefits may commence at any earlier age on an actuarially equivalent basis, where actuarial equivalence is based on GAM-83 unisex mortality and 7.50 percent interest.

Disability Benefit

A participant is eligible for a disability benefit upon completing three years of vesting service and becoming totally and permanently disabled. The benefit amount is calculated in the same manner as the normal retirement benefit above, however, assuming that pay will continue at the same rate as in effect at time of disability to normal retirement date (frozen at December 31, 2018) and service will continue to December 31, 2010[1].

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

Cash Balance Component of Benefit for Services After 2010[1]

Cash Balance Account

Account

A notional account corresponding to each participant reflecting the amount of the employer's obligation to the participant at any given time.

Accrual

On the last day of each plan quarter (or the last day of the month of the participant's date of termination, if earlier), each participant's account shall be credited with:

(1) Interest Credits: Using an annual effective rate based on the yield on 30-Year Treasury Securities (but not less than 3.0 percent) applied to the notional account at the beginning of the quarter; and

(2) Salary Credits: Based on a percentage applied to the member's eligible compensation during the quarter, as shown below:

Age at the End of the Quarter	Quarterly Contribution Percentage
Less Than 30	4.5%
30–39	5.5%
40–49	6.5%
50–59	7.5%
60 and Above	8.5%

In addition, acquired BP Carson employees earn an additional 6 percent (Non-Heritage) or 9 percent (Heritage) of pay for the period between June 1, 2013 and May 31, 2014.

Salary credits are frozen effective December 31, 2018. Interest credits will continue to be provided after December 31, 2018.

Retirement Benefits

The benefit payable upon early or normal retirement date is a lump sum or annuity that is actuarially equivalent to the participant's cash balance account as of the annuity starting date.

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

Vested Benefits Upon Termination of Service	A participant is 100 percent vested upon completion of three years of service and may elect to commence benefits at any time. The termination benefit is equal to the vested cash balance account credited with interest to the annuity starting date. Vesting service will continue to accrue after December 31, 2018.
Death Benefits	The participant's beneficiary will receive a lump-sum benefit equal to 100 percent of the participant's vested account balance as of the date of death, increased with interest to the payment date.
Disability Benefit	A participant is eligible for a disability benefit upon completing three years of vesting service and becoming totally and permanently disabled. The benefit amount is calculated in the same manner as the Retirement Benefit above, however, assuming that pay and service (i.e., salary credits) will continue at the same rate as in effect at time of disability to normal retirement date. Employees disabled prior to 2011 will begin earning salary credits on January 1, 2011[1] in lieu of additional benefit service under the final average pay formula. Salary credits are frozen as of December 31, 2018.

[1] For Mandan and LAR Unions, effective dates are February 1, 2012 and May 1, 2012, respectively.

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- An update to 417(e) minimum lump sum payment form conversion interest rates and mortality to reflect more a current assumption under the plan's provisions and effective assumptions for 2025 under IRC Section 417(e).
- A change in the cash balance interest crediting rate from the actual 2024 rate of 4.56% phasing into the ultimate rate of 3.00% over a three-year period for the January 1, 2024 valuation to the actual 2025 rate of 4.19% phasing into the ultimate rate of 3.60% over a three-year period for the January 1, 2025 valuation.
- A change in the plan lump sum rate from a phase-in with an ultimate rate of 2.00% in Year 6 to a phase-in with an ultimate rate of 2.50% in Year 7.
- A change in the expected return on assets from 5.59% in 2024 to 5.50% in 2025.

  The non prescribed assumption changes did not result in a decrease in the funding shortfall of the plan in excess of $50,000,000 or both 5% of the funding target of the plan and $5,000,000; as such, approval of the commissioner is not required.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month lookback (as of September 2024), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor under ARPA
1st Segment Rate	5.07%
2nd Segment Rate	5.31%
3rd Segment Rate	5.50%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2024), without regard to interest rate stabilization
1st Segment Rate	5.07%
2nd Segment Rate	5.33%
3rd Segment Rate	5.36%

Not Retirement Eligible	100% if commence immediately
MPC	80% for 65% of terminations deferring commencement
Pre-Merger Andeavor	80% for 50% of terminations deferring commencement
Mortality Rates	
Healthy and Disabled	2012 base mortality rates for annuitants and non-annuitants per §1.430(h)(3)-1(d), projected generationally for years beyond 2012 using IRS-prescribed mortality improvement rates per §1.430(h)(3)-1(b)(iii)
Withdrawal Rates	See Table 4
Disability Rates	See Tables 5-6
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)

Surviving Spouse Benefit	It is assumed that 70% of males and 35% of females have an eligible spouse. Male participants are assumed to be two years older than female spouses and female participants are assumed to be three years younger than male spouses.
Valuation Compensation	2024 pensionable earnings rolled forward one year with the salary increase assumption.
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of $280,000 and the IRC section 401(a)(17) compensation limit of $350,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2023 Plan Year	7.00%, limited to 5.74%
2024 Plan Year	6.80%, limited to 5.59%
2025 Plan Year	7.10%, limited to 5.50%

Schedule SB Attachment (Form 5500) —2025 Plan Year
Marathon Petroleum Retirement Plan
EIN: 31-1537655 PN: 001

Schedule SB, Part V — Summary of Plan Provisions

Effective Date	The Marathon Petroleum Company LLC Retirement Plan was established in 1988. Effective January 1, 1999, the Petroleum Marketing Retirement Plan (the "PMRP") and the Ashland Inc. and Affiliates Retirement Plan, applicable to Oil Chemical and Atomic Workers International Union Locals No. 3-214 Catlettsburg, Kentucky and 3-505 Catlettsburg, Kentucky (the "P.A.C.E." Plan) were merged into this plan. Effective September 1, 1999, the Northwestern Refinery Pension Plan for Hourly Employees was merged into this plan. The plan is comprised of various Sub-Plans: Refining, Marketing, and Transportation ("RMT") Sub-Plan; Retail Sub Plan; Catlettsburg Refining Sub-Plan; and Northwestern Refinery Sub-Plan. Effective June 30, 2007, the Retail Sub-Plan was spun off from the Marathon Petroleum Company LLC Retirement Plan, and the new Speedway SuperAmerica LLC Retirement Plan was established. Effective October 1, 2010, the plan name was changed to the Marathon Petroleum Retirement Plan. Effective January 1, 2019 members of the Legacy Andeavor Pension Plan are eligible for prospective cash balance benefit accruals. Plan amendments adopted or effective by January 1, 2025 are reflected in this valuation.
Plan Status	Open to new participants meeting eligibility requirements.
Definitions	
Plan Year	January 1 to December 31.
Benefit and Vesting Service	Generally based on elapsed time. Any period of service with an employer commencing on employee's date of hire for vesting service and upon plan participation for benefit service and ending on the date of termination.
Compensation	Total regular annual salary including overtime, bonuses, and commissions.
Average Monthly Compensation	Average monthly compensation in the 36 highest consecutive calendar months during the last 10 years of participation.

Social Security Benefit

Estimated Social Security benefit assuming no future earnings after termination. Calculated at age 62 for retirement eligible employees, otherwise age 65.

Frozen Service Benefit

Monthly benefit payable to a member upon normal retirement equal to [(1) less (2)] times (3):

(1) 60 percent of final average pay (average of highest 36 consecutive months of last 10 years of service).

(2) 50 percent of the member's Social Security benefit.

(3) Ratio of actual years of service to 37.5 years, with such ratio not greater than one.

Benefit service under this formula was frozen on December 31, 2009 for all participants. Additionally, final average pay and the Social Security benefit were also frozen on December 31, 2009 for certain highly compensated employees and on December 31, 2012 for all other participants.

Cash Balance Account

Hypothetical accounts established on January 1, 2010 for each participant. Initial account balances are $0 and accounts are credited with pay and interest credits for each year after 2009.

Pay Credits

A percentage of eligible compensation is credited to each participant's account for each year of participation after 2009 based on the participant's attained points (age plus service). For this purpose, all service is included.

Points	Percentage
Under 50	7.00%
50 to 69	9.00%
70 and over	11.00%

Interest Credits

Interest on the opening balance is credited each year based on the greater of 3.0% and the average of the 30-year Treasury rate for August, September, and October of the prior plan year.

Actuarial Equivalence

Conversion of Frozen Service Benefit to Lump Sum	The current interest rate assumption and the RP2000 Combined Healthy Mortality Table weighted 75 percent male/25 percent female of the prior plan year.

The current interest rate assumption is the lesser of the following annuity rates:

(1) The simple average (rounded to the nearest one quarter of 1 percent) of PBGC immediate rates in effect on the first day of the months April through September of the prior year.

(2) The PBGC immediate annuity rate in effect on the first day of the plan year.

Effective January 1, 2013, the year-over-year increase in the interest rate will be limited to a certain percentage that varies based on the rate for the current year, as follows:

Rate for Current Year Before Adjustment	Maximum Annual Percentage Increase
0.25% – 3.00%	0.25%
3.25% – 5.00%	0.50%
5.25% or greater	0.75%

Conversion of Cash Balance Account to Monthly Single Life Annuity

Based on the applicable mortality and interest rates under IRC §417(e)(3).

Other Optional Forms

7 percent and the RP2000 Combined Healthy Mortality Table weighted 75 percent male/25 percent female.

Normal Form of Annuity

Without Spouse

Life annuity.

With Spouse

Joint and survivor annuity actuarially equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50 percent of reduced benefit continued to surviving spouse.

Optional Forms of Annuity

Life annuity; term certain and life annuity; joint and survivor annuity (25 percent, 50 percent, 75 percent or 100 percent); lump sum. All optional forms are adjusted to be actuarially equivalent to the life annuity.

Refining, Marketing & Transportation (“RMT”) Sub-Plan

Eligibility for Participation	Generally, any regular employee of Marathon Petroleum Corporation, Marathon Petroleum Company LP, Marathon Petroleum Service Company, Marathon Pipe Line LLC, Catlettsburg Refining LLC, Marathon Petroleum Logistics Services LLC (MPLS), MW Logistics Services LLC, Blanchard Refining Company LLC, Speedway LLC and Speedway Prepaid Card LLC may participate under the provisions of this Sub-Plan. Eligibility excludes: collectively bargained employees where the bargaining agreement does not provide for participation; leased employees; employees participating in a multi-employer plan; independent contractors; employees subject to labor agreement which expressly excludes participation; employees of Speedway LLC or Speedway Prepaid Card LLC regularly classified as salary grade 11 or below.
Normal Retirement	
Eligibility	Age 65.
Benefit	Frozen service benefit plus cash balance account. The frozen service benefit is converted to a lump sum and added to the cash balance account or the cash balance account is converted to an annuity and added to the frozen service benefit. Frozen service benefit will be offset by any Ashland Pension Plan benefit or Marathon Oil Company Pension benefit accrued upon transfer to MPC. Such offset will only be applied to those employees whose benefits, liabilities, and assets were not transferred to MPC in 1998. In addition, benefit will be offset by any benefit payable by the Catlettsburg Refining LLC Sub Plan or the Northwestern Refinery Sub-Plan. For employees whose benefits, liabilities, and assets were transferred to MPC, the frozen service benefit will be no less than the benefit accrued at the date of transfer. For the Maleic/Neal employees who entered the plan on July 1, 2005, the frozen service benefit is the greater of the plan benefit based on service earned after July 1, 2005 and the plan benefit based on all service offset by

	the Ashland Retirement Plan benefit. The December 31, 2009 service and December 31, 2012 pay freeze apply.
Early Retirement	
Eligibility	Age 50 and 10 years of vesting service.
Benefit	Frozen service benefit reduced 3 percent per year from age 62 and 4 percent per year from age 59 plus cash balance account.
Vested Termination Benefits	
Eligibility	Three years of vesting service or age 65.
Benefit	Frozen service benefit payable at age 65 (actuarially reduced for early commencement) plus cash balance account.
Preretirement Death Benefit	
Eligibility	Earlier of age 65 and three years of vesting service.
Benefit	The frozen service benefit under the lump sum option is equivalent to 100 percent of the lump sum of the lifetime form of benefit had the employee retired or terminated on the date of his death. The monthly frozen service benefit annuity form of payment shall be the actuarial equivalent value of the lump sum form as described above. 100 percent of the cash balance account is payable to the beneficiary.
Death After Early Retirement	
Eligibility	Death after retirement but prior to age 65.
Benefits	50 percent of the frozen service benefit amount the member was receiving as a lifetime form of benefit.
Death After Vested Termination	
Eligibility	Death after vested termination but prior to commencement of benefit.
Benefits	50 percent of the frozen service benefit to which the member was entitled as a vested terminated employee. If the member is under age 50 at the time of his death, payment of the frozen service benefit to his spouse will be deferred until the time he would have attained age 50. 100 percent of the cash balance account is payable to the beneficiary.

Catlettsburg Refining Sub-Plan

Eligibility for Participation

Effective January 1, 2000, the Ashland Inc. and Affiliates Retirement Plan, applicable to Oil, Chemical, and Atomic Workers International Union Locals No. 3-214 Catlettsburg, Kentucky and 3-505 Catlettsburg, Kentucky (the "P.A.C.E." Plan) was merged into the Marathon Petroleum Company LLC Retirement Plan. Effective September 30, 1998, the provisions applicable to Catlettsburg employees were frozen and incorporated into the plan under the Catlettsburg Refining Sub Plan. The provisions as summarized are applicable only to those employees who were members of the Catlettsburg Refining Sub-Plan on September 30, 1998 and January 1, 1999.

Final Average Pay Component of Benefit for Service Prior to 2011[1]

Final Average Monthly Compensation

Average of the highest consecutive, 36-month period of eligible compensation in the past 10-year period. Final average monthly compensation is frozen as of December 31, 2018.

Average Final Compensation

Average of high 36-month earnings in last 120 months of Shell earnings. Generally, the same as eligible compensation however, overtime and other bonuses are not included. Average final compensation is frozen as of December 31, 2018.

Social Security Covered Compensation

Average of the Social Security taxable wage bases (in accordance with the Social Security Act in effect on the participant's date of termination) for the 35-year period ending in the calendar year that the participant attains Social Security normal retirement age. Social Security covered compensation is frozen as of December 31, 2018.

Benefit Service

Generally each month of service a participant works, a month of benefit service is earned. Benefit service starts from hire date or date of acquisition if later. Participants earn service from date of hire or from the dates below if acquired participants:

Former Plan Participants	Applicable Date
BP Amoco	September 6, 2001
Golden Eagle	May 17, 2002
LAR (Shell Los Angeles)	May 11, 2007
Shell	August 1, 1998

Effective December 31, 2010, benefit service is frozen.

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

Normal Retirement Benefit

Andeavor Benefit Formula	Sum of (1) and (2) (1) 1.10 percent of participant's final average monthly compensation multiplied by the number of years of benefit service through December 31, 2010[1]. (2) 0.50 percent of participant's final average monthly compensation in excess of Social Security covered compensation multiplied by the number of years of benefit service through December 31, 2010[1] to a maximum of 35 years.
Benefit for Former BP Amoco, Golden Eagle and LAR Participants	Greater of (1) and (2) where: (1) Andeavor benefit formula above based on Andeavor service from benefit service table above through December 31, 2010[1]. (2) Andeavor benefit formula above using all service (service with Andeavor and prior plan service) through December 31, 2010[1] minus the prior plan frozen benefit. ***Note:*** Generally, all service in (2) above is from date of hire, however it is from January 1, 2003 for LAR participants.
Benefit for Former Shell Participants	Greater of (1) and (2) below: (1) Andeavor benefit formula above based on Andeavor service from benefit service table above through December 31, 2010. (2) 1.60 percent of participant's average final compensation multiplied by benefit service (all periods) through December 31, 2010 minus August 1, 1998 Shell benefit and minus Social Security offset. The Social Security Offset is calculated as 1.50 percent of the participant's primary Social Security benefit (frozen as of December 31, 2018) multiplied by the projected benefit service to Social Security normal retirement age (max of 33⅓ years) multiplied by benefit service through December 31, 2010 divided by projected benefit service to Social Security normal retirement age (no max). Projected benefit service for this purpose is not frozen at December 31, 2010.

Early Retirement Benefit

Andeavor, BP Amoco, & LAR Participants

The benefit calculation as defined above based on benefit service (as frozen at December 31, 2010[1]) and pay (as frozen at December 31, 2018) as of early retirement date but reduced according to the schedule below:

Age	Age + Svc > = 80 Percentage of NR Benefit	Age + Svc < = 80 Percentage of NR Benefit

Former BP Amoco Participants

In addition to the above benefits, participants who were age 40 and above and not age 50 with at least 15 years of service at acquisition and ultimately qualify for early retirement benefits are eligible for a Special Social Security supplement. This benefit will be paid until the participant attains age 62.

The monthly supplement amount is equal to $50 times vesting service up to 20 years plus $45 times vesting service greater than 20 years. Vesting service for this purpose is limited to service through December 31, 2010[1]

The supplement is then reduced to reflect age at commencement based on the factors below:

Age	Vesting Service + Age < = 55	Vesting Service + Age < = 55
61	100%	100%
60	100%	100%
59	97%	85%

After Age 65

The greater of (1) and (2) below:

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

(1) The total service Shell benefit, calculated as 1.60 percent times average final compensation, minus Social Security offset minus August 1, 1998 Shell benefit.

(2) Andeavor formula based on service from Benefit Service table above through December 31, 2010.

Where amounts above are reduced in accordance with early retirement table. Note that the August 1, 1998 Shell benefit will be offset before age 65 if the participant was eligible at August 1, 1998 for an early retirement benefit.

Death Benefit

A participant is eligible for a death benefit after completing three years of vesting service. The death benefit amount is actuarial equivalent to the survivor portion of a 100 percent joint & survivor assuming that the participant elected such form of payment immediately preceding their death. The death benefit for the surviving spouse may be paid as a single life annuity or a lump sum at the election of the spouse. The death benefit for a non-spouse beneficiary will be paid as an immediate lump sum.

Vested Benefits Upon Termination of Service

If a participant terminates his service prior to his normal retirement date and has three years of vesting service (five years for terminations before December 31, 2010[1]), the deferred vested benefit is equal to the benefit computed based on pay and service as of the termination date (pay is frozen at December 31, 2018, service is frozen at December 31, 2010[1]). The benefit will commence at normal retirement date, or reduced benefits may commence at any earlier age on an actuarially equivalent basis, where actuarial equivalence is based on GAM-83 unisex mortality and 7.50 percent interest.

Disability Benefit

A participant is eligible for a disability benefit upon completing three years of vesting service and becoming totally and permanently disabled. The benefit amount is calculated in the same manner as the normal retirement benefit above, however, assuming that pay will continue at the same rate as in effect at time of disability to normal retirement date (frozen at December 31, 2018) and service will continue to December 31, 2010[1].

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

Cash Balance Component of Benefit for Services After 2010[1]

Cash Balance Account

Account

A notional account corresponding to each participant reflecting the amount of the employer's obligation to the participant at any given time.

Accrual

On the last day of each plan quarter (or the last day of the month of the participant's date of termination, if earlier), each participant's account shall be credited with:

(1) Interest Credits: Using an annual effective rate based on the yield on 30-Year Treasury Securities (but not less than 3.0 percent) applied to the notional account at the beginning of the quarter; and

(2) Salary Credits: Based on a percentage applied to the member's eligible compensation during the quarter, as shown below:

Age at the End of the Quarter	Quarterly Contribution Percentage
Less Than 30	4.5%
30–39	5.5%
40–49	6.5%
50–59	7.5%
60 and Above	8.5%

In addition, acquired BP Carson employees earn an additional 6 percent (Non-Heritage) or 9 percent (Heritage) of pay for the period between June 1, 2013 and May 31, 2014.

Salary credits are frozen effective December 31, 2018. Interest credits will continue to be provided after December 31, 2018.

Retirement Benefits

The benefit payable upon early or normal retirement date is a lump sum or annuity that is actuarially equivalent to the participant's cash balance account as of the annuity starting date.

[1] For Mandan and LAR Unions, effective dates are January 31, 2012 and April 30, 2012, respectively.

Vested Benefits Upon Termination of Service	A participant is 100 percent vested upon completion of three years of service and may elect to commence benefits at any time. The termination benefit is equal to the vested cash balance account credited with interest to the annuity starting date. Vesting service will continue to accrue after December 31, 2018.
Death Benefits	The participant's beneficiary will receive a lump-sum benefit equal to 100 percent of the participant's vested account balance as of the date of death, increased with interest to the payment date.
Disability Benefit	A participant is eligible for a disability benefit upon completing three years of vesting service and becoming totally and permanently disabled. The benefit amount is calculated in the same manner as the Retirement Benefit above, however, assuming that pay and service (i.e., salary credits) will continue at the same rate as in effect at time of disability to normal retirement date. Employees disabled prior to 2011 will begin earning salary credits on January 1, 2011[1] in lieu of additional benefit service under the final average pay formula. Salary credits are frozen as of December 31, 2018.

[1] For Mandan and LAR Unions, effective dates are February 1, 2012 and May 1, 2012, respectively.

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- An update to 417(e) minimum lump sum payment form conversion interest rates and mortality to reflect more a current assumption under the plan's provisions and effective assumptions for 2025 under IRC Section 417(e).
- A change in the cash balance interest crediting rate from the actual 2024 rate of 4.56% phasing into the ultimate rate of 3.00% over a three-year period for the January 1, 2024 valuation to the actual 2025 rate of 4.19% phasing into the ultimate rate of 3.60% over a three-year period for the January 1, 2025 valuation.
- A change in the plan lump sum rate from a phase-in with an ultimate rate of 2.00% in Year 6 to a phase-in with an ultimate rate of 2.50% in Year 7.
- A change in the expected return on assets from 5.59% in 2024 to 5.50% in 2025.

  The non prescribed assumption changes did not result in a decrease in the funding shortfall of the plan in excess of $50,000,000 or both 5% of the funding target of the plan and $5,000,000; as such, approval of the commissioner is not required.

INDEPENDENT AUDITOR'S REPORT

October 6, 2026

To the Participants and Plan Administrator
Marathon Petroleum Retirement Plan

Opinion

We have audited the financial statements of the Marathon Petroleum Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, as well as the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, the changes in its net assets available for benefits for the years then ended, the accumulated plan benefits as of January 1, 2025, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

The Plan's management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.

- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Marathon Petroleum Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of the Plan

The following description of the Marathon Petroleum Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the applicable provisions of the Internal Revenue Code of 1986, as amended ("Code") and the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

General

The Plan was adopted on April 1, 1998. The Plan is a non-contributory employer defined benefit pension plan covering eligible employees of Marathon Petroleum Company LP ("MPC") and other participating employers. The Plan is sponsored by MPC. The Northern Trust Company is the Plan's trustee ("Trustee"). Fidelity Investments is the record keeper for the Plan.

The Plan consists of: a base plan, which sets forth Plan provisions generally applicable to all Plan components; a "Marathon Component"; a "Catlettsburg Component"; a "Northwestern Component"; a base plan for the Catlettsburg and Northwestern Components: and, an "Andeavor Component."

Pension Benefits

Marathon Component

Generally, any employee of a participating employer who is either a United States citizen (or performs services in the United States) is eligible to participate in the Plan; except that the Plan excludes individuals regularly classified as follows: (1) union employees (unless their collective bargaining agreement provides for their participation); (2) leased employees; (3) employees participating in another employer-sponsored retirement plan other than a Section 401(k) plan; (4) independent contractors; and (5) contract employees whose contracts exclude their participation.

Prior to January 1, 2010, eligible employees vested in their benefit at the earlier of attainment of the normal retirement age of 65 or after completion of five years of vesting service, as defined by the Plan. On or after January 1, 2010, eligible active employees vest in their benefit at the earlier of attainment of normal retirement age of 65 or after the completion of three years of vesting service, as defined by the Plan. Early retirement benefits payable under the legacy benefits portion of the Plan are reduced proportionately based on the early retirement factors as described in the Plan. The Plan provides single life annuity, joint and survivorship annuities, and other optional forms of benefit payment, including a lump sum payment. The Plan also provides surviving spouse benefits. The total amount of the Plan's monthly retirement benefit is the legacy benefit plus the cash balance benefit (as described below). Accruals under the legacy benefit were frozen as of January 1, 2010, but participants who had a legacy benefit as of such date were eligible for compensation updates through December 31, 2012.

The interest rate as determined by the current Plan provisions for purposes of calculating lump sums of participants' legacy benefits is limited to an annual increase as determined by the following table:

Calculated Annual Plan Rate (Unadjusted)	Maximum Annual Plan Rate Increase
≥ 0.00 – 6.00	0.25%
≥ 6.00 – 8.00	0.50%
≥ 8.00	0.75%

If, however, the Plan provisions for calculating the annual lump sum interest rates result in a rate lower than the previous year's published Plan rate, such lower rate will be used without regard to any cap on the size of the reduction.

The amount of the monthly legacy benefit of a participant who retires on their normal retirement date with at least 37 years and 6 months of Plan participation is 60 percent of the participant's "final average pay" less 50 percent of the participant's primary social security benefit. Final average pay is the highest total gross pay (as defined by the Plan) of a participant for any consecutive 36-month period during their final

10 years of active employment (ending on December 31, 2012), divided by 36. "Primary social security benefit" is the participant's estimated monthly social security benefit based on the social security law and benefit levels in effect on December 31, 2012.

Effective January 1, 2010, the Plan was amended to add a cash balance component. The cash balance design uses an annual pay credit formula, calculated on a point schedule using a participant's age plus service and a monthly interest crediting rate tied to the greater of the 30-year Treasury Bill rate or 3 percent.

Catlettsburg Component

The Catlettsburg Component applies to union represented employees who were employed at MPC's Catlettsburg, Kentucky facility prior to October 1, 1998. The Catlettsburg Component was frozen on October 1, 1998, such that no additional service and no additional compensation after September 30, 1998 is taken into account for benefit accrual purposes.

Benefit accrual service in the Catlettsburg Component is the largest of the following three calculations based on years of service and compensation:

a) The career average benefit equal to the sum of: (1) the product of (i) 50 percent, and (ii) the total contributions, if any, made by a participant to the Plan during the period of time beginning on March 1, 1951 and ending on July 31, 1967, inclusive; (2) the product of (i) 75 percent and (ii) the total contributions, if any, made by a participant to the Plan during the period of time beginning on August 1, 1967 and ending on April 30, 1969, inclusive; (3) for each year of credited service, if any, of a participant after April 30, 1969 and before October 1, 1989, the sum of (i) 1.5 percent of that part of such participant's compensation for such year which is at an annual rate not in excess of $6,600 plus (ii) 2.25 percent of that part of such participant's compensation for such year which is at an annual rate in excess of $6,600; (4) for each year of crediting service (not to exceed 35 years) after September 30, 1989, the sum of (i) 1.83 percent of compensation less than $6,600, (ii) 2.25 percent of compensation in excess of $6,600, and (iii) the product of $21.78 and number of years of credited service prior to October 1, 1989; or

b) The minimum benefit equal to the difference between (i) product of $168 and years of continuous service less (ii) an amount determined from calculation (a) above; or

c) The alternate minimum benefit equal to the sum of (i) the product of number of years of credited service (maximum of 35 years) prior to February 1, 1993 and 1.25 percent of the participant's final average compensation and (ii) the product of number of years of credited service (maximum of 35 years combined with (i)) on or after February 1, 1993 and 1.35 percent of the participant's final average compensation.

The total benefit payable from the Plan for Catlettsburg Component participants consists of (i) their cash balance benefit under the Marathon Component, (ii) their monthly legacy retirement benefit under the Marathon Component offset by their benefit under the Catlettsburg Component, and (iii) their monthly benefit under the Catlettsburg Component.

Northwestern Component

The Northwestern Component applies to certain Teamsters union represented current and former employees at MPC's St. Paul Park, Minnesota facility. Effective September 1, 1999, the Northwestern Component was frozen as to participation and further benefit accruals.

Benefit accrual service in the Northwestern Component is composed of two separate segments: eligible service prior to February 1, 1987, and eligible service subsequent to January 31, 1987, and through August 31, 1999. Normal pension benefits for Northwestern Component participants is equal to the sum of the benefit accrual rate multiplied by years and fractional years of service prior to February 1, 1987, and the larger of (a) the career average benefit for each year after January 31, 1987, and through August 31, 1999, calculated as the sum of 1.5 percent of compensation less than $12,000 and 2.25 percent of compensation in excess of $12,000 or (b) the product of years and fractional years of credited service and 1 percent of the final average compensation not in excess of $9,000 and 1.5 percent of final average compensation in excess of $9,000.

The total benefit payable from the Plan for Northwestern Component participants consists of (i) their cash balance benefit under the Marathon Component, (ii) their monthly legacy retirement benefit under the Marathon Component offset by their benefit under the Northwestern Component, and (iii) their monthly benefit under the Northwestern Component.

Andeavor Component

The Andeavor Pension Plan was merged with and into the Marathon Petroleum Retirement Plan to form a single plan, effective at the close of December 31, 2019. Benefits under the Andeavor Component consist of cash balance type and final average pay or similar types of benefits, as applicable to participants. All of these benefits are frozen as to further benefit accruals, provided, that cash balance benefits continue to accrue interest credits.

Plan Amendments

Pursuant to an amendment adopted on July 9, 2024, the Plan was amended effective January 1, 2024, to clarify the Plan's provisions regarding actuarial increase of a benefit for a participant who commences payment after age 65, to provide for the forfeiture of Plan benefits for a participant's unclaimed benefit, and to modify the time limit for a participant to file a legal action against the Plan.

Pursuant to an amendment adopted on May 15, 2025, the Plan was amended effective January 1, 2025 to clarify provisions relating to the time limit for filing a legal action regarding a claim under the Plan.

Pursuant to an amendment adopted on June 26, 2025, the Plan was amended effective March 11, 2025 to recognize accredited service for employees acquired from Whiptail Midstream, LLC for purposes of vesting service and Cash Balance service.

Pursuant to an amendment adopted on December 23, 2025, the Plan was amended effective August 29, 2025 to recognize accredited service for employees acquired from Northwind Midstream LLC and Northwind Management LLC for purposes of vesting service and Cash Balance service.

Annuity Purchase

On May 31, 2022, MPC and Metropolitan Tower Life Insurance Company ("Met Tower Life") entered into an irrevocable group annuity contract pursuant to which MPC transferred to Met Tower Life approximately $263.078 million of Plan obligations and Met Tower Life assumed responsibility for pension benefits and annuity administration for approximately 2,500 retirees and beneficiaries. The initial purchase price for the group annuity contract was $263.078 million and was funded by the assets of the Plan, however, since the Plan received back approximately $8.995 million from Met Tower Life due to changes in participant and beneficiary status updates since the date of the original group annuity contract, this returned amount for $8.995 million was netted with the original paid amount for $263.078 million, and the net amount for $254.08 million was reported under annuity purchases in the statement of changes in net position. Further, the returned amount for $8.995 million was reported as a receivable to the Plan in the Statement of Net Assets Available for Benefits as of December 31, 2022.

In 2024, the group annuity contract was revised as to certain participants' benefits covered under the contract, resulting in the Plan's payment of an additional $52,717 to Met Tower Life to fund the contract revision for those participants.

Note 2 - Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan were prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits as of the dates of the financial statements and the reported amounts of additions and deductions during the respective reporting periods. Actual amounts could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes gains and losses on investments bought and sold as well as held during the year, and expenses related to the Plan's investment portfolio.

Contributions

Contributions to the Plan are recorded in the period that the Plan's actuary determines they relate to except that a contribution receivable is recorded to the extent that amounts due are pursuant to formal commitments as well as legal or contractual requirements in existence at the end of the Plan year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid out of Plan assets unless MPC, in its discretion, pays such expenses.

Note 3 - Investments

The Plan's assets are held in (a) the Marathon Petroleum Master Retirement Trust (the "Master Retirement Trust") and (b) the Marathon Petroleum Group Trust (the "Group Trust") and both are managed by the Trustee as a directed trustee.

The Master Retirement Trust's assets are allocated between the Plan and the Speedway Retirement Plan based on the account balances of the plans and the investment funds relating to the plans. The Master Retirement Trust's assets were allocated among the plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that could be specifically identified and by allocating among all plans, based on the fair value of the specific assets assigned to each plan, the income and expenses resulting from the investment of said assets of the Master Retirement Trust. Investment income and administrative expenses related to the Master Retirement Trust are allocated to the individual plans based on the specific investment within each plan.

The Master Retirement Trust has the following plans and accounts with their respective proportionate interest as of December 31, 2025 and 2024:

	2025	2024
Marathon Petroleum Retirement Plan	95%	94%
Speedway Retirement Plan	5%	6%
	100%	100%

Investment income and administrative expenses relating to the Master Retirement Trust are allocated based on average monthly balances invested by each plan, other than items specific to one or the other plan.

The Group Trust has the following plans with the respective proportionate interest as of December 31, 2025 and 2024:

	2025	2024
Marathon Petroleum Retirement Plan	90%	90%
Speedway Retirement Plan	10%	10%
	100%	100%

Investment income and administrative expenses relating to the Group Trust are allocated based on average monthly balances invested by each plan, other than items specific to one or the other plan.

Note 4 - Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. There are three approaches for measuring the fair value of assets and liabilities: the market approach, the income approach and the cost approach, each of which includes multiple valuation techniques. The fair value hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and liabilities. These inputs have the highest priority;
- Level 2 inputs consist of observable market-based inputs or unobservable inputs that are corroborated by market data, and are either directly or indirectly observable as of the measurements date;
- Level 3 inputs are unobservable inputs that are not corroborated by market data and may be used with internally developed methodologies that result in management's best estimate of fair value. These inputs have the lowest priority.

The Plan's investments in the Master Retirement Trust and the Group Trust are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following provides a description of the valuation techniques employed for each major plan asset category:

- **Cash and cash equivalents** – Cash and cash equivalents include a collective fund serving as the investment vehicle for the cash reserves and cash held by third-party investment managers. The collective fund is valued at net asset value ("NAV") on a scheduled basis using a cost approach, and is considered a Level 2 asset. Cash and cash equivalents held by third-party investment managers are valued using a cost approach and are considered Level 2 assets. The non-Master Retirement Trust cash and cash equivalents include cash on deposit and an investment in a money market mutual fund that invests mainly in short-term instruments and cash, both of which are valued using a market approach and are considered Level 1 assets. The money market mutual fund is valued at the NAV of shares held.
- **Equity** – Equity investments include common and preferred stock, mutual and pooled funds, public and non-public investment trusts, and S&P 500 exchange-traded funds. Common and preferred stock is valued using a market approach. These assets are priced daily in active markets and are considered Level 1 assets. Mutual and pooled equity funds are well diversified portfolios, representing a mix of strategies in domestic, international, and emerging markets. Mutual funds are publicly registered, valued at NAV on a daily basis using a market approach, and are considered Level 1 assets. Pooled funds are valued at NAV using a market approach, and are considered Level 2 assets. Investments in public trusts and S&P 500 exchange traded funds are valued using a market approach at the closing price reported in an active market and therefore are considered Level 1 assets. Non-public investment trusts are considered Level 2 assets and are valued using a market approach based on the underlying investments in the trust, which are publicly traded securities.
- **Fixed Income** – Fixed income investments include corporate bonds, U.S. dollar treasury bonds, and municipal bonds. These securities are priced on observable inputs using a combination of market, income, and cost approaches. These securities are considered Level 2 assets. Fixed income also includes a well-diversified bond portfolio structured as a pooled fund. This pooled fund is valued at NAV on a daily basis using a combination of market, income, and cost approaches. It is considered a Level 2 asset. U.S. dollar denominated bank loans are also a fixed income investment. Based on the price source of these instruments they are categorized as Level 3 assets.
- **Private Equity** – Private equity investments include interests in limited partnerships which are valued using information provided by external managers for each individual investment held in the fund. These holdings are considered Level 3 assets.
- **Real Estate** – Real estate investments consist of interests in limited partnerships. These holdings are either appraised or valued using investment manager's assessment of assets held. These holdings are considered Level 3 assets.
- **Other** – Other investments include two limited liability companies ("LLCs") with no public market. The LLCs were formed to acquire timberland in the northwest United States. These holdings are either appraised or valued using investment manager's assessment of assets held. These holdings are considered Level 3 assets.
- **Derivative Options and Swaps –** The Plan values derivative instruments using pricing models based on the prevailing forward exchange rate of the underlying currencies taking into account the counterparties' creditworthiness.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation/ (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The following table provides valuation technique and significant unobservable inputs used in the fair value measurement of Level 3 assets in the Group Trust for the year ended December 31, 2025:

Instrument	Fair Value	Valuation Technique	Unobservable Input	Range
Private Equity[3][4]	$6,062,113	NAV	N/A	N/A
Real Estate[3]	$9,267,716	NAV	N/A	N/A
Other	$12,030	Discounted Cash Flows	Discount Rate[1] Revenue Growth[2]	5.3-6.5%

The following table provides valuation technique and significant unobservable inputs used in the fair value measurement of Level 3 assets in the Group Trust for the year ended December 31, 2024:

Instrument	Fair Value	Valuation Technique	Unobservable Input	Range
Private Equity[3][4]	$8,749,349	NAV	N/A	N/A
Real Estate[3]	$10,900,156	NAV	N/A	N/A
Other	$188,622	Discounted Cash Flows	Discount Rate[1] Revenue Growth[2]	5.3-6.5%

[1]As much as 0.5 percent of the discount rate is for exit premium.

[2]Revenue Growth is calculated using projections of future harvest volumes, physical measurement and statistical information of timber inventory, future timber prices and expenses.

[3]The remaining lives of such investments range from less than one year to up to twelve years.

[4]Investments are valued at NAV, unless it is determined that this does not represent fair value. In such instances, fair value is estimated in accordance with the Plan's valuation practices. Such adjustments decreased the fair value of private equity funds by an immaterial amount.

Note 5 - Derivative Instruments

The Plan (through the Master Retirement Trust) may enter into foreign currency forward exchange contracts primarily to hedge against foreign currency exchange rate risks on its U.S. dollar denominated investment securities. When entering into a forward currency contract, the Plan agrees to receive or deliver a fixed quantity of foreign currency for an agreed-upon price on an agreed future date. The Plan's net equity therein, representing unrealized gain or loss on the contracts, as measured by the difference between the forward foreign exchanges rates at the dates of entry in the contracts and the forward rates at the reporting date is included in the Master Retirement Trust's statement of net assets. Realized and unrealized gains and losses are included in the Master Retirement Trust's statement of changes in net assets. These instruments involve market risk, credit risk, or both kinds of risks in excess of the amount recognized in the statement of net assets. Risks arise from the possible inability of counterparties to meet the terms of their contracts and movement in currency and securities values and interest rates. The year-end balance is indicative of the average volume during the year.

The following table provides the aggregate fair value of assets and liabilities of the Master Retirement Trust's derivatives not under hedge accounting included in derivative financial instruments and foreign exchange contracts receivable/payable as reported in the statements of net assets available for benefits at December 31, 2025 and 2024:

	December 31, 2025			December 31, 2024		
	Asset	Liability	Notational (a)	Asset	Liability	Notational (a)
Central Counterparty Swaps	3,323,853	(770,278)	—	2,453,141	(665,989)	—
Options	—	(12,708)	(82)	—	(10,086)	(16)
Swaps	2,222,669	(408,331)	—	343,795	(585,854)	(438,112)
Swaptions	13,102	(5,766)	(1,940,000)	198,515	(398,626)	(3,525,000)
OTC Currency Options	36,265	(11,294)	—	—	—	—

(a) Represents fair value of foreign currency contracts and underlying principal value for all other derivatives.

At December 31, 2025 and 2024, there were no derivatives accounted for as cash flow or fair value hedges and no amounts recognized in accumulated other comprehensive income. Accordingly, for the year ended December 31, 2025, there were no gains or losses related to derivatives recognized in, or reclassified from, other comprehensive income.

Gains and losses on derivative financial instruments are recognized as fair values change. Generally, gains and losses on the derivative financial instruments held would be offset by similar fair value gains and losses on the related securities. The following table provides

changes in fair value of the Master Retirement Trust's derivatives not under hedge accounting included in net appreciation in fair value of investments as reported in the Master Retirement Trust's statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024:

	For the Year Ended December 31, 2025	For the Year Ended December 31, 2024
	Gain/(Loss)	Gain/(Loss)
Central Counterparty Swaps	$ 766,423	$ 1,417,009
Options	$ (2,623)	$ (10,086)
Swaps	$ 2,056,397	$ (266,806)
Swaptions	$ 207,447	$ 43,868
OTC Currency Options	24,972	—

Note 6 - Accumulated Plan Benefits

A third party actuary determines the actuarial present value of accumulated plan benefits. The amount results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for termination after becoming vested, death, disability, withdrawal, and retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in determining accumulated plan benefits as of January 1, 2025 are as follows:

Interest Rate	7.10%
Mortality Rates	2012 base mortality rates for annuitants and nonannuitants per §1.430(h)(3)-1(d), projected generationally for years beyond 2012 using IRS-prescribed mortality improvement rates per §1.430(h)(3)-1(b)(iii)
Average Retirement Age	62

The actuarial assumptions are based on the presumption that the Plan will continue. If the Plan is terminated, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The accumulated plan benefits information as of January 1, 2025 is as follows:

Actuarial present value of accumulated Plan benefits	
Vested benefits	
Participants currently receiving payments	$ 46,161,777
Other participants	1,955,514,276
Total vested benefits	2,001,676,053
Nonvested benefits	45,684,001
Total actuarial present value of accumulated Plan benefits	$ 2,047,360,054

The change in the actuarial present value of accumulated plan benefits from last actuary valuation, to current actuary valuation date, is attributed to the following:

Actuarial present value of accumulated Plan benefits as of January 1, 2024	$	1,847,365,245
(Decrease)/increase during the year attributable to		
Benefit payments		(160,006,322)
Interest accumulation		120,270,089
Actuarial assumptions		45,714,807
Benefits accumulated, net of experience gain or loss or changes in data		194,016,235
Net change		199,994,809
Actuarial present value of accumulated Plan benefits as of January 1, 2025	$	2,047,360,054

The computations of actuarial present value of accumulated Plan benefits were made as of January 1, 2025. Had the valuations been performed as of December 31, 2024, there would be no material difference.

Note 7 - Securities Lending Activities

The Plan participates in a securities lending program within the Master Retirement Trust through the Trustee. Under this program, the Plan's investment securities are loaned to pre-approved investment brokers for a fee. Securities loaned are fully collateralized by cash, letters of credit, and acceptable securities. The initial collateral level is no less than 100% of the market value of securities lent for loans collateralized by assets that are denominated in United States dollars. However, if the collateral is for any loaned securities that are foreign securities that are principally cleared and settled outside the United States, or any other loaned securities, then the initial collateral is no less than 105% and 102% of the market value of the securities lent, respectively. Marking to market is performed every business day. All borrowers are required to provide additional collateral if the market value of securities lent falls below the required collateral level.

At December 31, 2025, securities with an aggregate market value of $65,678,027, were on loan to brokers that provided cash collateral and $4,922,376 were on loan to brokers that provided non-cash collateral. The loans were secured by cash collateral of $67,440,424 and non-cash collateral of $5,057,420 at December 31, 2025. At December 31, 2024, securities with an aggregate market value of $60,712,524, were on loan to brokers that provided cash collateral and $9,590,700 were on loan to brokers that provided non-cash collateral. The loans were secured by cash collateral of $62,038,688 and non-cash collateral of $9,859,817 at December 31, 2024. For the years ended December 31, 2025 and 2024, the Plan earned $149,547 and $144,460, respectively, from securities lending.

Note 8 - Funding Policy

The actuarial cost method used for funding of the Plan is the "projected unit credit" method of actuarial valuation. The funding policy provides that MPC will contribute amounts necessary to maintain the Plan on a sound actuarial basis and in accordance with the minimum funding requirements of the Code and ERISA plus any additional amounts which may be approved from time to time. Payments were made in the amount of $263 million in 2026 for the 2025 plan year. Payments were made in the amount of $191 million in 2025 for the 2024 plan year. Minimum required funding has been met for the 2025 and 2024 plan years.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10 - Party-In-Interest Transactions

Fees paid by the Plan to the Trustee, in its capacity as the Plan's Trustee, for 2025 and 2024 were $491,219 and $336,338, respectively.

The Trustee has been identified as party-in-interest and these transactions are exempt from the prohibited transaction rules.

Note 11 - Plan Termination

Although it has not expressed any intent to do so, MPC has retained the right to amend, terminate, or otherwise modify the Plan, including the right to discontinue the contributions thereto, at any time, solely at the discretion of MPC. In the event of the termination of the Plan, the assets thereof shall be distributed in accordance with Section 4044 of ERISA. The Plan is a covered plan under the plan termination insurance provisions of ERISA, and the PBGC guarantees the payments of certain benefits thereunder. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets, while other benefits may not be provided for at all.

Note 12 - Income Tax Status

The Internal Revenue Service ("IRS") has determined, and informed MPC by letter dated July 22, 2021, that the Plan is qualified under Section 401(a) of the Code. Although the Plan has been amended subsequent to the amendments covered by the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 13 - Commitments

At both December 31, 2025 and 2024, the Plan's allocation of additional funding commitments related to various real estate and limited partnership investments in the Group Trust amounted to $5.6 million and $6.9 million, respectively.

Note 14 - Subsequent Events

Subsequent events were evaluated through October 6, 2026 which is the date the financial statements were available to be issued.
