REPORT OF INDEPENDENT AUDITORS

To the Trustees of
HGC 401(k) Savings Plan
Cincinnati, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HGC 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute

assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the HGC 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of HGC Construction Co. and related employers (the "Sponsor"). Employees become eligible after completing 3 months of service as defined in the Plan document and after reaching age eighteen. The Plan was amended on March 4, 2024, to make employees eligible after one month of service. They may enter the Plan on the 1st day of each calendar month after they have met the eligibility requirements. Employees become eligible to receive prevailing wage contributions as soon as they begin employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to the maximum amount allowable by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan allows participants to elect pre-tax contributions and/or Roth after-tax contributions. The Plan has an auto-enrollment provision for all newly eligible employees for pre-tax contributions of 5% unless they affirmatively elect otherwise. Contributions are invested in a designated balanced fund until changed by the participant.

The Sponsor contributes 25 percent of the first 7 percent of eligible compensation contributed to the Plan. The Sponsor may also, in its sole discretion, make profit sharing contributions and qualified non-elective contributions to the Plan in an amount necessary to meet the Sponsor's requirement under an applicable prevailing wage statute. Prevailing wage contributions will be made by the Sponsor at the hourly rate designated for each prevailing wage employee's employment classification for the construction project at which the work was performed.

Participants direct the investments of their contributions and the Plan Sponsor's contributions into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the plan year.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, plus the Sponsor's contributions, and plan earnings. Participant's accounts are charged with an allocation of administrative expenses that are paid for by the Plan. Allocations are based on participant earnings, account balances, or specific participant

transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Sponsor prevailing wage contributions, plus actual earnings thereon. Vesting in the Sponsor's discretionary contributions is based on years of continuous service as noted in the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 but less than 2	10%
2 but less than 3	50%
3 but less than 4	75%
4 years and over	100%

Notes Receivable from Participants

Participants may borrow from their funds a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid in level payments generally through payroll deductions on at least a quarterly basis over a period not to exceed 5 years unless the loan is for the purchase of a principal residence upon which the loan repayment period may extend to 10 years. A participant may have one loan outstanding at a time.

Hardship Withdrawals

Participants are able to withdraw amounts from their accounts in case of financial hardship as defined by the Plan. The withdrawal is subject to tax withholding and a 10 percent penalty, as required by the IRS. A participant's elective contributions are suspended for six months following a hardship withdrawal.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive the vested balance of their account in either a lump-sum payment or in installment payments under a systematic withdrawal plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $28,435 and $58,146, respectively. The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of future employer contributions. During the years ended December 31, 2025 and 2024, plan administrative expenses of $64 and $12,250 respectively were paid for from forfeited non-vested accounts. During the years ended December 31, 2025 and 2024, employer contributions of $71,828 and $0 respectively were paid from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses and costs of administering the Plan are paid by the Plan and the Company. Administrative expenses include the preparation of Form 5500, compliance testing, consulting, recordkeeping, documenting and updating plan documents, and advisory services. Investment-related expenses are included in the net change of fair value of investments.

Reclassification

Certain amounts have been reclassified from the 2024 financial statements to conform to the 2025 presentation. These reclassifications had no impact on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying statements of net assets for benefits as of December 31, 2025 and 2024, and the schedule of assets at December 31, 2025, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Money market mutual funds* – Valued at the daily closing price as reported by the fund. The money market fund held is an open-end market mutual fund that is registered with the U.S. Securities and Exchange Commission ("SEC"). This fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund is deemed to be actively traded.

- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds are held by the Plan and are open-end funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

- *Common/collective trusts* – valued at the NAV of units of the common/collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur

daily; however, the trust may impose withdrawal restrictions at its discretion if warranted by operating conditions.

The following table sets forth by level, within the hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 10,315	$ -0-	$ -0-	$ 10,315
Mutual funds	23,719,077	-0-	-0-	23,719,077
Total assets in the fair value hierarchy	23,729,392	-0-	-0-	23,729,392
Investments measured at net asset value[(a)]	-0-	-0-	-0-	496,488
Investments at fair value	$ 23,729,392	$ -0-	$ -0-	$ 24,225,880

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 5,784	$ -0-	$ -0-	$ 5,784
Mutual funds	22,923,477	-0-	-0-	22,923,477
Total assets in the fair value hierarchy	22,929,261	-0-	-0-	22,929,261
Investments measured at net asset value[(a)]	-0-	-0-	-0-	536,637
Investments at fair value	$ 22,929,261	$ -0-	$ -0-	$ 23,465,898

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/Collective trust	$ 496,488	None	Daily	12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/Collective trust	$ 536,637	None	Daily	12 months

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Sponsor and certain others. Professional fees and the majority of other administration expenses of the Plan were paid by the Sponsor.

Certain investments of the Plan were held in investment funds managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the plan trustee and, therefore, these investments qualify as party-in-interest investments. Participant loans also qualify as party-in-interest transactions. Blue & Co., LLC is the independent auditor for the Plan. PNC Bank., Strategic Advisors, Inc. and Leafhouse Financial Advisors, LLC are advisors and receive payments form the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

The Sponsor provides certain accounting, recordkeeping and administrative services to the Plan, for which it is not compensated.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Sponsor contributions.

7. TAX STATUS

The Plan has adopted a pre-approved plan document sponsored by FMR LLC, which has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the plan sponsor believes the Plan is designed, and is currently being operated, in compliance with the

applicable requirements of the IRC, and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$24,731,570	$23,941,161
Deemed distribution of participant loan	-	(4,908)
Net assets available for benefits per Form 5500	$24,731,570	$23,936,253

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$ 790,409
Add: Deemed distribution of participant loan at December 31, 2024	4,908
Change in net assets available for benefits per Form 5500	$ 795,317
