REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Equix 401(k) Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Equix 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Equix 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible nonunion employees of Equix Holdings, Inc., including its subsidiaries, Mi-Tech Services, Inc., Equix Integrity, Inc., Equix Energy Services, LLC, Equix Energy, Inc., Equix Integrity Southeast, Inc., Equix Broadband, Inc., Equix Infrastructure, Inc., and Astra Group and Subsidiaries (Astra) (collectively, the Employer). Effective January 1, 2025, the Plan was amended to remove employees of Mi-Tech Services, Inc. as participants of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation.

Astra plan participant balances were transferred out of the Contractors Retirement Plan of which Astra was previously a participating employer. The Plan was amended to allow for the transfer of loans transferred from Contractors Retirement Plan. No new loans are allowed to be taken out by plan participants.

Plan Administration

The Plan is administered by the Company. Prior to December 29, 2025, Principal Trust Company (Principal) acted as the trustee and recordkeeper of the Plan. Effective December 29, 2025, the Plan switched to T. Rowe Price Trust Company (T. Rowe Price) as the trustee and recordkeeper. With this transfer of services, the Plan entered into a new Adoption Agreement and recordkeeping agreement.

Contributions

Employees of the Company are eligible to participate in the Plan with elective deferrals and matching safe harbor contributions after attaining 90 days of employment. Participants may elect to make pretax and/or after-tax contributions as a percentage of their annual compensation, up to 75% of their compensation each year, not to exceed the maximum deferral limits of the Internal Revenue Code (IRC). These deferrals are specifically allocated to the account of the individual participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts (rollovers).

Matching safe harbor contributions are made by the Employer at an amount equal to 100% of employee contributions up to 3% of compensation and 50% of employee contributions on the next 2% of compensation.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of (a) the Employer's discretionary matching contribution, (b) plan investment income (loss) and (c) plan administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan agreement. The Plan allows participants to invest their account balances between or among separate investment funds established by the trustee within the trust.

The Plan does not allow loans to be taken out by plan participants and beneficiaries. The Plan was amended to allow the loan transfers from Contractors Retirement Plan.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover amounts, as well as safe harbor matching contributions, plus actual earnings thereon. Employees of Astra, that were participants in Contractors Retirement Plan, maintain a four-year graded vesting schedule for prior and future employer accounts. Such vesting schedule will be as follows: one year of service is 25% vested, two years of service is 50% vesting, three years of service is 75% vested, and four years of service is 100% vested.

Payment of Benefits

Any benefits provided by the Plan are paid from the net assets available for benefits. The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions and income thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account. The method of distribution will be determined by an election made by the Plan participant. The participant can elect a lump-sum distribution or installment payments for a specified term as defined in the Plan agreement. Participants experiencing financial hardship may withdraw a portion of this account balance as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts from Employer contributions reduce non-elective contributions to the Plan. Forfeitures of terminated participants' nonvested account balances used to reduce Employer non-elective contributions and to pay Plan administrative expenses amounted to $52,781 and $69,197 for the years ended December 31, 2025 and 2024, respectively. At December 31, 2025 and 2024, the outstanding balance of forfeited nonvested accounts totaled $0 and $0, respectively.

Plan Transfer-Out

Effective March 3, 2025, the Plan transferred $8,217,648 of participant account balances to the Michels Corporation 401(k) Savings Plan in connection with the Company's sale of Mi-Tech Services, Inc. The transferred assets were recorded as a transfer-out in the statement of changes in net assets available for benefits for the year ended December 2025.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The significant accounting policies which have been consistently applied in the preparation of the accompanying financial statements follow:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain plan administrative expenses are paid by the Plan and expensed when incurred. All other administrative expenses are paid by the Employer.

NOTE C - TAX STATUS

The Internal Revenue Service (IRS) issued its latest opinion letter for the trustee's prototype plan on August 19, 2020, which stated that the Plan and its underlying trust qualify under the applicable provisions of the IRC and, therefore, are exempt from federal income taxes. The opinion letter does not cover all amendments to the Plan. However, in the opinion of the Plan administrator, the Plan and its underlying trust have operated within the terms of the Plan in all material respects and remain qualified under the applicable provisions of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants shall become 100% vested in their accounts.

NOTE E - INVESTMENTS

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE F - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual Funds

Valued at the net asset value (NAV) of shares held by the Plan at year end, which is obtained from an active market.

Collective Trust Funds

Valued at the NAV of units of a bank collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,105,776	$ -	$ -	$ 20,105,776
Collective trust funds [(a)]				320,188
Total investments at fair value				$ 20,425,964

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,541,470	$ -	$ -	$ 31,541,470
Collective trust funds [(a)]				1,427,584
Total investments at fair value				$ 32,969,054

[(a)] Redemption of the collective trust funds are generally permitted every 30-90 days and there are no unfunded commitments.

NOTE G - RELATED-PARTY TRANSACTIONS

Certain plan investments are managed by T. Rowe Price. On December 29, 2025, the Plan's trustee changed from Principal to T. Rowe Price. Principal Trust Company served as the Plan's trustee and recordkeeper through December 29, 2025, and T. Rowe Price Trust Company became the Plan's trustee and recordkeeper effective December 29, 2025. Accordingly, qualifying transactions with these entities during their respective periods of service constitute party-in-interest transactions.

A portion of the costs of administering the Plan are paid by the Employer. These costs include audit fees, investment advisory fees and custodial fees.

NOTE H - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the Plan's trustee as of and for the year ended December 31, 2024 and for the period from January 1, 2025 through December 29, 2025, and T. Rowe Price, the trustee as of December 31, 2025 and for the period from December 29, 2025 through December 31, 2025, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent public accountants did not perform auditing procedures with respect to the above listed information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE I - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025, financial statements for subsequent events through October 13, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
