INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Space Coast Credit Union 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Space Coast Credit Union 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Space Coast Credit Union 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Space Coast Credit Union (Plan Sponsor), with the exception of leased employees and any employee whose employment type is designated as intern and/or temporary, who have completed one hour of service and have obtained the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year participants may contribute pre-tax contributions of their eligible compensation in 1% increments, as defined by the Plan document, subject to Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also includes an automatic enrollment feature. If an employee becomes eligible to participate in the Plan, they are automatically enrolled in the Plan at 3% unless they elect otherwise. The Plan Sponsor matches employee contributions up to 5% of participants' pretax annual compensation. The Plan Sponsor may also make discretionary contributions to the Plan. Participants must complete one year of service (1,000 hours) and be employed as of the last day of the Plan year to be eligible for the discretionary Sponsor contributions. The Sponsor did not elect to make a discretionary contribution for the Plan year 2025.

Participant Accounts
Participants direct the investment of their contributions and Plan Sponsor's contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution, allocations of the Plan Sponsor's contributions and Plan earnings and losses and is reduced by distributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions, both match and discretionary, plus actual earnings thereon is based on years of continuous service. A participant vests according to the following schedule:

Less than two years	20%
Two years	40%
Three years	60%
Four years	80%
Five or more years	100%

Payment of Benefits
Upon attainment of age 59½, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution. Lump-sum distributions are required if a participant's vested balance is less than $1,000 or if the beneficiary of the death benefit is not the spouse of the participant. In addition, hardship distributions are permitted if certain criteria are met. Effective November 1, 2025, the Plan began allowing Qualified Birth or Adoption Distributions (QBAD).

Administrative Expenses
For the year ended December 31, 2025, a majority of the administrative expenses of the Plan were paid by the Sponsor with the exception of recordkeeping fees and transaction fees charged directly to participants for loan and distribution fees. Other professional fees related to the Plan, such as accounting and legal, are absorbed by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Forfeited Accounts
As of December 31, 2025 and 2024, forfeitures of non-vested participant accounts totaled $8,583 and $15,008, respectively. Approximately $141,000 of forfeitures were used to reduce Plan Sponsor contributions in 2025.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of the vested balance, whichever is less. Loan terms are up to five years or up to 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at the rate available for similar type loans from commercial lending institutions. Interest rates range from 4.25% to 9.50%. Principal and interest are paid through payroll deductions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates
The preparation of financial statements in conformity with GAAP requires the plan administration to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Management has evaluated subsequent events through October 1, 2026, which the date the financial statements were available to be issued and determined that there were no subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 855, *Subsequent Events.*

Plan Amendments
Effective January 1, 2026, the Plan was amended to permit Roth deferrals.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at December 31, 2025 and 2024, net appreciation in fair value of investments, and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the Custodian.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ▪ quoted prices for similar assets or liabilities in active markets; ▪ quoted prices for identical or similar assets or liabilities in inactive markets; ▪ inputs other than quoted prices that are observable for the asset or liability; ▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: The fair values of mutual funds are based on the quoted net asset value (NAV) of shares as reported by the fund. These funds are required to publish their NAV and to transact at that price. The mutual fund held by the Plan are deemed to be actively traded.

Collective Investment Trust Fund: The Plan's investment in the PIMCO Stable Income Fund, collective investment trust fund, is measured at fair value using the net asset value (NAV) per unit as reported by the custodian as a practical expedient under ASC 820. NAV is determined based on the fair value of the underlying investments held by the fund, less liabilities, divided by the number of units outstanding. Because the investment is measured using NAV as a practical expedient, it has not been classified within Level 1, Level 2, or Level 3 of the fair value hierarchy.

The following table presents the investments measured at fair value on a recurring basis at December 31, 2025 and 2024, respectively:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 83,226,285	$ -	$ -	$ 83,226,285
Investments measured at NAV				
Collective investment trust fund[(a)]				3,724,133
Total investments at fair value				$ 86,950,418

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 69,160,230	$ -	$ -	$ 69,160,230
Investments measured at NAV				
Collective investment trust fund[(a)]				3,713,819
Total investments at fair value				$ 72,874,049

(a) In accordance with ASC 820, certain investments that were measured at fair value using the NAV per unit (or its equivalent) as a practical expedient are not required to be classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of amounts reported in the fair value hierarchy to the amounts reported in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust	$ 3,724,133	N/A	Daily	N/A

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust	$ 3,713,819	N/A	Daily	N/A

The PIMCO Stable Income Fund invests primarily in investment-grade fixed-income investments and uses synthetic guaranteed investment contracts to support benefit-responsive withdrawals at

contract value at the fund level. Participant-directed withdrawals are generally available daily without notice. Plan-level withdrawals may require 12 months' notice to receive contract value; earlier withdrawals may be subject to market value adjustment. The trustee may delay or suspend withdrawals under limited circumstances. The Plan's common collective trust units are reported at fair value using NAV as a practical expedient.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

6. TAX STATUS

The Plan has adopted a nonstandardized prototype profit-sharing plan with a cash or deferred arrangement sponsored by a prototype plan provider. The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020 stating that the form of the prototype plan satisfies the applicable requirements of Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since the issuance of the IRS opinion letter. The Plan Administrator believes that these amendments are consistent with the provisions of the prototype plan and applicable requirements of the IRC and that the Plan is currently designed and operated in compliance with the IRC. Accordingly, the Plan Administrator believes the Plan is qualified under Section 401(a) of the IRC and the related trust is exempt from federal income taxes under Section 501(a) of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of mutual funds and collective investment trust fund managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees were paid to EPIC Retirement Plan Services, recordkeeper for the Plan, for administrative services during the year ended December 31, 2025. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the investment management services and administrative services amounts to $38,050 for the year ended December 31, 2025.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
