Independent Auditor's Report

To the Plan Administrator
NCMEC 403(b)
Alexandria, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of NCMEC 403(b) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and Empower Retirement, LLC (Empower, formerly Great-West Life & Annuity Insurance Company) did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO USA P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required supplemental schedule (Schedule H, line 4i- Schedule of Assets (Held at End of Year)) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

1. Description of the Plan

The following description of the NCMEC 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) Plan for each of the employees of The National Center for Missing and Exploited Children (NCMEC or the Plan Sponsor) and was established on January 1, 1998. The Plan has been amended and restated to comply with the Employee Retirement Income Security Act (ERISA) of 1974, as amended. The Plan is a defined contribution plan under Section 403(b) of the internal revenue code (IRC).

Trustees and Administration of the Plan

The trustees of the Plan are Fidelity Management Trust Company (Fidelity), Voya Institutional Trust Company (Voya) and Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower) (collectively, Trustees). The recordkeepers of the Plan are Fidelity Workplace Services, LLC, Voya Retirement Insurance and Annuity Company (Voya) and Empower Retirement, LLC. The administrator of the Plan is NCMEC.

Effective January 1, 2025, NCMEC transferred primary custodial and recordkeeping duties from Voya to Fidelity. However, NCMEC retained participant balances and contract assets at Voya. The trustees hold all assets of the Plan in accordance with the service provider contracts with NCMEC. The Plan Administrator and Plan Trustee determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Effective January 1, 2006, participants are no longer allowed to direct contributions to Empower Retirement, LLC. However, participants may continue to transfer existing balances among the available investment options under this custodian.

Eligibility

Employees are eligible to participate in the Plan upon date of hire, unless they are an excluded employee. Excluded employees who are not eligible to participate in the Plan are (a) certain nonresident aliens who have no earned income from sources within the United States and (b) employees who normally work less than 20 hours per week. If rehired following prior termination of employment, an employee can commence elective deferrals immediately upon rehire, unless the employee is an excluded employee.

Participant Contributions

The Plan is funded by employee contributions subject to statutory annual limitations. Participants may elect to reduce their compensation by a specific percentage and have that amount contributed to the Plan as an elective deferral. There are two types of deferrals, pre-tax deferrals and Roth deferrals. Participants who are at least 50 years old before the end of the Plan year may make additional salary deferrals called "catch-up contributions." Catch-up contributions are pre-tax and are not included when considering the limitations placed on other contributions. The Plan includes

a provision for automatic enrollment of all new participants at a rate of 3% unless the participant makes a contrary election.

Participants may contribute amounts representing distributions from other qualified retirement plans (rollover contributions). The Plan allows for in-Plan Roth rollover contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Plan Sponsor may make a discretionary nonelective employer contribution as a percent of eligible compensation deferred by participants.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan terms are up to five years but may extend beyond five years not to exceed 30 years for the purchase of a primary residence. Participants are limited to one outstanding loan at a time. The loans are secured by the balance in the participants' accounts and bear interest at rates commensurate with Moody's Corporate Bond Yield Average - Monthly Average Corporates as published by Moody's Investor Service. Principal and interest are paid ratably through semi-monthly payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's contributions, NCMEC's contributions, and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A Participant has a 100% vested interest at all times in accounts attributable to elective deferrals (pre-tax and Roth), and rollover contributions. The following vesting schedule applies to employer nonelective contributions:

Years of Service	Vested (%)
Less than two	-
Two or more	100

Payment of Benefits

Upon death, disability, retirement, resignation or termination, a participant, or his or her beneficiary in the event of the participant's death, is entitled to receive, as of his or her

determination date, an amount equal to the participant's rollover account and the vested portion of the participant's account, determined as a lump-sum payment arrangement.

The Plan also allows for limited withdrawals prior to separation of service and upon attainment of age 59½ as well as under certain hardship situations, as defined by the Plan.

Immediate lump sum distributions may be made to terminated participants if the participant's vested account balance is $7,000 or less.

Forfeitures

Forfeiture of a participant's unvested balance occurs in the plan year in which the forfeiture occurs. Forfeitures are available, according to the Plan's provisions, to reduce NCMEC's future contributions to the Plan or pay Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $18,820 and $198,407, respectively. Forfeitures amounting to $266,760 were used to pay Plan expenses and Plan Sponsor contributions for the year ended December 31, 2025.

2. Summary of Accounting Policies

Annual Reporting Requirements

Prior to January 1, 2009, Empower maintained records at a contract level, not a Plan level, and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Plan sponsor nor Empower have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the Plan's direct investment in the fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in VOYA Fixed Plus Account III and the Empower Guaranteed Certificate Fund, which are unallocated annuity contracts with Voya and Empower, respectively. See Note 5 for a description of the fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by NCMEC and are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, Voya and Empower, all qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – This level includes inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level includes inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level includes inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fully Benefit-Responsive Investment Contracts

The VOYA Fixed Account III contain unallocated annuity contracts with Voya Retirement Insurance and Annuity Company (VRIAC). VRIAC maintains the contributions in a general account and are subject to the claims-paying ability of the insurance company. The contract value equals the accumulated cash contributions and interest credited to the contract, less any participant withdrawals and administrative expenses. VRIAC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Interest rates are reviewed on a quarterly basis for resetting.

The Fixed Account provides for certain withdrawals and exchanges at contract value. Participant-initiated withdrawals and transfers are paid at contract value. However, partial withdrawals and transfers from the Fixed Account are limited to 20% of the Fixed Account balance as of January 1 of the calendar year. Funds are able to be withdrawn to make benefit payments at any time.

The Empower Guaranteed Certificate Fund is a guaranteed income benefit offered through a contingent deferred annuity issued by Great-West Life & Annuity Insurance Company (GWL&A). GWL&A maintains the contributions in a general account and are subject to the claims-paying ability of the insurance company. The contract value equals the accumulated cash contributions and interest credited to the contract, less any participant withdrawals and administrative expenses. GWL&A is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Interest rates are reviewed on a quarterly basis for resetting.

The Guaranteed Certificate Fund provides for certain withdrawals and exchanges at contract value. Participant-initiated withdrawals and transfers are paid at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer's of the Fixed Account and the Empower Guaranteed Certificate Fund. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA may be paid at an amount other than contract value. The Plan Administrator believes that the occurrence of any such Plan Sponsor initiated events is not probable.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity, Voya and Empower and their affiliates. Fidelity, Voya and Empower are the custodians, trustees and recordkeepers of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in the net appreciation in fair value of investments.

The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Participant loan and distribution processing fees are paid to Fidelity, Voya and Empower by participants. As described in Note 2, the Plan paid certain expenses related to

operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transactions.

7. Plan Termination

Although it has not expressed any intention to do so, NCMEC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Income Tax Status

The Volume Submitter 403(b) Plan Sponsor, Fidelity, has obtained an opinion letter dated November 29, 2024, in which the IRS stated the Plan, as then designed, is acceptable under section 403(b) of the Internal Revenue Code (IRC) for use by eligible employers and qualified under the IRC. The Plan Administrator believed that the plan is currently being operated in accordance with the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Subsequent Events

The plan administrator has evaluated events and transactions for potential recognition or disclosure through October 13, 2026, the date the financial statements were available to be issued.
