INDEPENDENT AUDITOR'S REPORT

To the Trustees
Nextten Stauer, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Nextten Stauer, LLC 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Nextten Stauer, LLC 401(k) Plan**'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Nextten Stauer, LLC 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Nextten Stauer, LLC 401(k) Plan**'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Nextten Stauer, LLC 401(k) Plan**'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Nextten Stauer, LLC 401(k) Plan**'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of Nextten Stauer, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all non-union employees of Nextten Stauer, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Internal Revenue Code ("IRC"). The Company is the Administrator and Sponsor of the Plan. The Plan is a defined-contribution plan established on June 8, 2015.

Eligibility: Employees are eligible to participate if they have completed three consecutive months of employment. Employees may enter the Plan beginning on the first day of the quarter (January 1, April 1, July 1, or October 1). Employees are eligible to contribute to the Plan pursuant to an earnings reduction agreement with the Company. Employees are credited with a year of service at the end of the twelve-month period beginning on the date of their hire if they have been credited with at least 1,000 hours of service during such period.

The Plan also has a discretionary matching and profit-sharing program. Employees are eligible to participate in the matching program if they are employed on the last day of the Plan quarter. Employees are eligible to participate in the profit-sharing program if they are employed on the last day of the Plan year and, if they are terminated, will only share in the profit if they are credited with more than 500 hours of service during the Plan year.

Contributions: Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Additionally, participants may elect Roth 401(k) contributions of up to 100% of after-tax compensation. Participants may also roll over amounts representing distributions from other qualified plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan adopted the "super catch-up" contribution provisions of the SECURE 2.0 Act of 2022. Participants between the ages of 60 and 63 are permitted to make elevated catch-up contributions up to the statutory limit of $11,250 for the year ended December 31, 2025.

The Plan includes an automatic deferral feature. Accordingly, the Plan will automatically withhold a portion of a participant's compensation from each payroll period and contribute that amount to the Plan as a pre-tax 401(k) deferral unless the participant makes a contrary election. The amount to be automatically withheld from the participant's pay each payroll period will be equal to 8% of their compensation, and that amount will continue to be automatically withheld from their pay in succeeding Plan years and increase by 1% per year up to maximum of 10% unless the Company amends the Plan or the participant enters into a salary reduction agreement.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of a participant's elective deferrals each Plan year quarter. Each year, the Company will determine the formula for the discretionary matching contribution. For the years ended December 31, 2025 and 2024, the Company matched 30% of the participant's first 8% of their elective deferrals.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

At the discretion of the Company, nonelective profit sharing contributions can also be made. The contributions will be allocated among participants eligible to share in the contributions for the Plan year. This is determined by the nonelective profit sharing contribution amount multiplied by the participant's compensation percentage from total compensation of all participants eligible to share. The Company did not make discretionary profit-sharing contributions in 2025 and 2024.

Contributions are subject to annual limitations prescribed by the IRC.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and an allocation of (a) the profit-sharing contribution and (b) Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year but less than 2	20%
2 years but less than 3	40%
3 years but less than 4	60%
4 years but less than 5	80%
5 years or more	100%

Participants' interest in their accounts shall become 100% vested and non-forfeitable without regard to their credited years of service if they are employed by the Company at or after age 65, incur a permanent and total disability, or die while employed by the Company.

Forfeited Accounts: If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is moved from the participant's account into a forfeitures account. The balance in the forfeitures account may be used to reduce future employer contributions to the Plan or to pay any administrative expenses. At December 31, 2025 and 2024, there was approximately $11,000 and $15,000 of forfeited nonvested account balances in the Plan, respectively. During 2025 and 2024, approximately $15,000 and $2,000 was used to reduce the employer matching contributions, respectively.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants are permitted to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25% to 9.50% at December 31, 2025. Principal and interest are paid ratably through regular payroll deductions over a period not to exceed five years except when the loan is for the purchase of a principal residence for the participant.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant becomes fully vested in all of their account balances and may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefit payments are recorded when paid. Participants who terminate employment and have an account balance less than $7,000 will receive a lump-sum distribution of their benefits.

Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value, with the exception of the guaranteed investment contracts, which are stated at contract value. Shares of mutual funds are valued at the net asset value ("NAV") of shares by the Plan at year-end using quoted market prices. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in fair value of investments.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses: Plan administration expenses that have not been paid by the Company are paid by the participants of the Plan on a pro-rata basis, based on account balances or the number of participants. Other fees charged for participant loan activity and for transactions are paid by the participant or charged directly to the participant's account. These fees are included in the net appreciation in fair value of investments.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Notes Receivable from Participants: Participant notes receivable are valued at their unpaid principal balance plus accrued interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Uncertain Tax Positions: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 3: CERTIFICATION OF TRUSTEE AND CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Empower Trust Company, LLC, and Custodian, Empower Annuity Insurance Company of America, certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate.

	December 31, 2025	December 31, 2024
Mutual funds	**$ 11,202,667**	$ 10,115,601
Guaranteed interest contracts	**$ 598,522**	$ 493,893
Notes receivable from participants	**$ 186,712**	$ 184,113

	Year Ended December 31, 2025	Year Ended December 31, 2024
Net appreciation in fair value of investments	**$ 1,027,873**	$ 861,545
Interest and dividend income	**$ 586,674**	$ 379,432
Interest earned on notes receivable from participants	**$ 12,400**	$ 15,192

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE 4: FAIR VALUE MEASUREMENTS

The Financial Accounting Standard Board ("FASB") Accounting Standards Codification ("ASC") 820, "*Fair Value Measurement and Disclosures*", provides the framework for measuring air value. The Framework provide a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 11,202,667**	**$ -**	**$ -**	**$ 11,202,667**
Total investments, at fair value				**$ 11,202,667**

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,115,601	$ -	$ -	$ 10,115,601
Total investments, at fair value				$ 10,115,601

NOTE 5: GUARANTEED INVESTMENT CONTRACT

In accordance with GAAP, investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in a guaranteed investment contract that is fully benefit-responsive with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. In 2025 and 2024, the actual average yield earned by the Plan for the guaranteed interest contract was 1.70% and 1.66%. The guaranteed interest contract is charged for participant withdrawals and administrative expenses. Participants may ordinarily withdraw or transfer all or a portion of their investment value. Contract values for the guaranteed interest fund that is fully benefit-responsive were $598,522 and $493,893 at December 31, 2025 and 2024, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5: GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Empower Retirement LLC, the third-party administrator of the Plan, and therefore, these investment transactions qualify as party-in-interest transactions. Fee expenses paid by the Plan to the Trustee, Custodian, and the third-party administrator for investment management services and recordkeeping services totaled approximately $41,483 and $36,733 for 2025 and 2024, respectively. Notes receivable from participants also qualifies as party-in-interest transactions. However, the ERISA regulations provide an exemption for such transactions.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their employer contributions.

NOTE 8: TAX STATUS

The Plan adopted the Empower Retirement, LLC defined contribution pre-approved plan. The pre-approved plan obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service (“IRS”) stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	**$ 12,005,054**	$ 10,833,705
Employer contribution receivable	**(44,152)**	(46,180)

Change in deemed distribution on note receivable from participants	**(1,443)**	(3,757)
Net income per Form 5500	**$ 1,192,851**	$ 1,100,241

NOTE 10: EXCESS CONTRIBUTIONS REFUNDABLE

Excess contributions refundable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The corrective contributions amounted to $26,999 and $6,082 for the year ended December 31, 2025 and 2024, respectively.

NOTE 11: SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2025, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is October 13, 2026, which is the date the financial statements were available to be issued.
