INDEPENDENT AUDITORS' REPORT

Plan Administrator and AURA Audit Committee
Space Telescope Science Institute Health and Welfare Benefit Plan
Baltimore, Maryland

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Space Telescope Science Institute Health and Welfare Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and benefit obligations for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the benefit obligation and the net assets available for benefits of Space Telescope Science Institute Health and Welfare Benefit Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the years ended December 31, 2025 and 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

NOTE 1 DESCRIPTION OF PLAN

The following description of Space Telescope Science Institute Health and Welfare Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established to provide health and other benefits to eligible employees of Space Telescope Science Institute (STScI), a business unit of Association of Universities for Research in Astronomy Inc. (AURA) (the Plan Sponsor) and covered dependents. This Plan also provides benefits for certain AURA Corporate employees. Certain Plan assets are held in a voluntary employees' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan provides health benefits (medical/pharmaceutical), dental, and vision benefits to regular full-time and regular part-time employees scheduled to work at least 20 hours per week and to their eligible dependents. Employees hired subsequent to January 1, 2001, are not eligible to participate in postretirement benefits.

Contributions

The Plan is funded through contributions by the Plan Sponsor, employees, and retirees.

Full-time employees contribute approximately 15% of the monthly premium equivalent charged by Cigna, the Administrator, to cover health care claims and additional premiums. Part-time employees contribute approximately 30% of the monthly premium equivalents charged by the Administrator to cover health care claims and additional premiums. Premium equivalents charged by the Administrator are adjusted annually for claims experience.

Employees retiring on or after January 1, 2007 that are eligible for postretirement benefits are required to contribute to the Plan. Such postretirement benefit contributions will approximate those made by active employees. Employees that retired prior to January 1, 2007, are not at this time required to make contributions towards their retiree medical coverage.

The Plan Sponsor makes contributions to the Plan as needed to fund claims in excess of participant contributions.

Benefits

Participation continues until the end of the month in which separation of employment occurs or in which employee status changes to an ineligible class. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA). Retired employees are entitled to similar health benefits (in excess of Medicare coverage after the age of 65).

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Benefits (Continued)

The health benefits are provided by the Plan and self-insured by STScI and AURA. The Plan is administered by Cigna (the Administrator).

Dental benefits provided by the Plan were offered to participants under fully insured and self-insured options. Self-insured dental benefits are funded by STScI and AURA and are administered by Cigna as of December 31, 2025 and 2024. Fully insured dental benefits are provided through the purchase of coverage from a third-party insurer.

Vision benefits are offered to the participants under the self-insured plan. The self-insured vision benefits are funded by STScI and AURA and are administered by Vision Service Plan.

Other benefits including group short-term disability coverage, group long-term disability coverage, group life insurance coverage, and group accidental death and dismemberment coverage, are provided by the Plan and are fully insured through the purchase of coverage from a third-party insurer. The Plan retains no risk of loss associated with these benefits.

The Plan also provides flexible spending accounts for health care and dependent care. The employee may contribute pretax amounts to pay for unreimbursed out-of-pocket expenses. Contributions are elected for the Plan year. Active employees may carry over an unused health care election contribution not to exceed the maximum set forth by the Internal Revenue Service (IRS). Any excess unused amounts are forfeited. For the years ended December 31, 2025 and 2024, forfeited accounts totaled $12,514 and $12,591, respectively. These accounts were used to reduce employer contributions.

Stop Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

Payment of Self-Funded Benefits

The claims for self-funded benefits are processed by the Plan’s third-party claims processor under an administrative services only (ASO) arrangement. The claims processor pays claims directly to or on behalf of participants. Payments are funded by the general assets of the Plan Sponsor. Although the Plan utilizes a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The AURA Audit Committee determines the Master Trust's, as defined below, valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

The Plan presents in the statements of changes in net assets available for benefits Plan interest in the Master Trust investment income, which consists of interest, dividends, net appreciation of investments and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the trustee, and actuary. These expenses are reported on the statements of changes in net assets available for benefits as Administrative Expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Payment of Benefits

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of benefit obligations.

Premiums paid by either the Sponsor or the VEBA trust are recorded as premium payments in the accompanying the statements of changes in net assets available for benefits.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Stop Loss

Premiums for stop loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits. The maximum individual claims to be paid by the Plan before the stop loss coverage begins was $200,000 for the years ended December 31, 2025 and 2024. Individual stop loss refunds in 2025 and 2024 totaled $2,557,661 and $1,316,763, respectively. The Plan has an agreement with Symetra where they will reimburse the Plan for covered expenses in excess of the calculated attachment point or the amount of actual payments above the aggregate stop loss benefit.

Refunds

Refunds are recorded when earned. Medical refunds of $194,182 and $215,071 for the years ended December 31, 2025 and 2024, respectively, have been netted against claims paid.

Sponsor Contribution Receivables

Employees, Retirees, and Cobra contributions are remitted to the Plan Sponsor. The Plan Sponsor pays claims, insurance premiums, and administrative expenses directly. This amount represents contributions collected by the Plan Sponsor due to the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

NOTE 3 POSTRETIREMENT BENEFIT OBLIGATION

The postretirement benefit obligations represent the total actuarial present value of those estimated future benefits that are attributed to employee service rendered through the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their dependents and (2) active employees and their dependents at retirement from service with the Sponsor. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan sponsor and existing Plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligations is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

NOTE 3 POSTRETIREMENT BENEFIT OBLIGATION (CONTINUED)

For measurement purposes, a 7% weighted-average annual rate of increase in the per capita cost of covered health care benefits was assumed for 2025; the rate was assumed to remain level through 2025 and decrease gradually to 4.04% and to remain at that level thereafter. For measurement purposes, a 7.5% weighted-average annual rate of increase in the per capita cost of covered health care benefits was assumed for 2024; the rate was assumed to remain level through 2024 and decrease gradually to 4.04% and to remain at that level thereafter. The percentage of the estimated cost of postretirement benefits expected to be funded by retiree contributions as of December 31, 2025 and 2024 is 90% and 89%, respectively.

The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increased by 1 percentage point in each year it would increase the obligation as of December 31, 2025 and 2024, by approximately $4,837,000 and $6,385,000, respectively. If the assumed rates decreased by one percentage point each year it would decrease the obligation as of December 31, 2025 and 2024, by approximately $4,054,000 and $5,322,000 respectively.

The other significant actuarial assumptions used in the valuations as of December 31, 2025 and 2024 are as follows:

	2025	2024
Weighted average discount rate	5.50%	5.50%
Rate of return on assets	7.00%	7.00%
Mortality	Pri-2012 White Collar Employees Headcount-Weighted Mortality Table projected on a fully generational basis using mortality improvement scale MP-2021	Pri-2012 White Collar Employees Headcount-Weighted Mortality Table projected on a fully generational basis using mortality improvement scale MP-2021

The assumed retirement rates were as follows:

Age		Age	
58	2.00%	65	20.00%
59	2.00%	66	5.00%
60	2.00%	67	5.00%
61	2.00%	68	5.00%
62	20.00%	69	5.00%
63	5.00%	70	100.00%
64	5.00%		

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions, and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations. The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy.

NOTE 4 INTEREST IN AURA RETIREE HEALTH BENEFIT TRUST

The Plan's investments are in the AURA Retiree Health Benefit Trust (the Master Trust), which was established for the investment of assets of the Plan and one other AURA sponsored benefit plan, the AURA/Gemini Observatory Group Health Plan. Each participating health and welfare plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by PNC Institutional Asset Management (the Trustee).

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At both December 31, 2025 and 2024, the Plan's interest in the net assets of the Master Trust was approximately 99%. Investment income and administrative expenses that relate to the Master Trust are allocated to the individual health and welfare plans based on relative market value of each plan's net assets at each month-end.

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31, 2025:

	Master Trust	Plan's Interest in Master Trust

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Master Trust at year end as quoted in active markets. Such securities are included in Level 1.

Exchange traded funds (ETFs): Valued at the net asset value of units held by the Master Trust at year-end, in active markets. Such securities are included in Level 1.

Common stock: Valued at the closing price reported on the active market on which the individual securities were traded. Such securities are included in Level 1.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31:

Total Investments at Fair Value	$ 45,012,347	$ -	$ -	$ 45,012,347

NOTE 6 BENEFIT OBLIGATIONS

The Plan's deficiency of net assets compared to benefit obligations at December 31, 2024 was $538,247. This deficiency was related primarily to the postretirement benefit obligation, which will be funded as benefits are paid or incurred by the Plan sponsor and retiree premiums. As of December 31, 2025, the Plan no longer has a deficiency of net assets compared to benefit obligations.

The Plan "self-funds" the majority of the benefits provided to participants but fully insures life, accidental death and dismemberment, and long-term disability benefits. As of each December 31, there are many self-funded claims that have been incurred on which benefit payments will be made subsequent to that date. The liability for claims payable and claims incurred but not reported (IBNR) was estimated by the Plan's actuary in accordance with accepted actuarial principals based on claims data provided by the Plan's third-party administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

NOTE 7 TAX STATUS

The VEBA trust funding certain benefits of the Plan received an exemption letter from the IRS dated May 22, 1996, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the IRC. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2025 and 2024 for unrelated business taxable income.

In addition, the Plan and trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits or for on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by the custodian of the Plan. As described in Notes 1 and 2, the Plan has several arrangements with service providers. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

The liability for claims payable and claims incurred but not reported (IBNR) was estimated using Plan provisions, the number of eligible participants, and the actual lag patterns of the Plan. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

Amounts currently payable to or for participants and dependents for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date, claims payable, and estimated claims incurred prior to December 31, but not reported, are recorded on the Form 5500 as liabilities and benefit payments and on the financial statements are reported as benefit obligations.
