LAWRENCE HALL CHEVROLET, INC. 401(k) PLAN

Report to the Plan Administrator
December 31, 2025

Condley
AND COMPANY, LLP

To the Plan Administrator
Lawrence Hall Chevrolet, Inc. 401(k) Plan

Dear Patricia Frerich, Plan Administrator of Lawrence Hall Chevrolet, Inc. 401(k) Plan,

Thank you for using Condley and Company, L.L.P. as your independent auditor.

We have completed an Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) audit, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, of the financial statements of Lawrence Hall Chevrolet, Inc. 401(k) Plan (the Plan) as of and for the year ended December 31, 2025, and have issued our report thereon dated October 6, 2026. This letter presents communications required by our professional standards.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As communicated in our engagement letter dated May 18, 2026, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Other than for the certified investment information, the financial statements and supplemental schedule were audited by us in accordance with GAAS and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Other Information in Documents Containing Audited Financial Statements

We are not aware of any documents prepared by management, other than the investment summaries or performance data, which contain our reports on the audited financial statements of Lawrence Hall Chevrolet, Inc. 401(k) Plan. Our responsibility for this information does not extend beyond the financial information identified in the report. We do not have an obligation to perform any procedures to corroborate other information contained in the investment summaries or performance data. We have read the Investment summaries or performance data to corroborate the financial information. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of information appearing in the financial statements.

Planned Scope and Timing of the Audit

We have issued a separate communication dated May 18, 2026, regarding our audit's planned scope and timing and identified significant risks:

Significant Risks of Material Misstatement

Our audit of the financial statements included the performance of risk assessment procedures in order to identify risks of material misstatement, whether due to fraud or error. As a part of the risk assessment procedures, we determined whether any identified risks were significant. A significant risk is an identified and assessed risk of material misstatement that requires special audit consideration in our professional judgment. As a part of our risk assessment procedures, we identified the following risks as significant risks throughout the audit.

Description	Risk Description	Response
Management override of controls	Management could override the controls in place and fraudulently report financial information.	Obtained an understanding of financial reporting processes and controls over journal entries and other adjustments; made inquiries of management and others.
Compliance with Plan Provisions	The Plan could be out of compliance with the provisions of the Plan documents and related amendments.	We reviewed plan documents, amendments, and payroll records to determine compliance with relevant plan provisions. We reconciled payroll activity with records held by the plan's custodian.

Significant Findings

Qualitative Aspect of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Lawrence Hall Chevrolet, Inc. 401(k) Plan are described in **NOTE 2** to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2025.

We noted no transactions entered into by the Plan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. In addition, we did not identify any significant findings or issues during the audit in connection with the Plan's related parties.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events.

Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Management's estimate of the fair value of the Plan's investments is based on estimates obtained from external sources of fair value, such as the custodian. We evaluated the key factors and assumptions management used to develop the fair value estimates pertaining to those investments and determined that such estimates and assumptions are reasonable.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Significant Unusual Transactions Identified During the Audit

We identified no significant unusual transactions during the audit.

Difficult, Contentious or Other Matters Encountered During the Audit

We encountered no difficult, contentious, or other matters for which we consulted outside the engagement team that were, in our professional judgment, significant and relevant to those charged with governance regarding the responsibility to oversee the financial reporting process.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditors' report. We are pleased to report no such disagreements arose over the course of the audit.

Circumstance Affecting the Form and Content of the Auditor's Report

We encountered no circumstances that affect the form and content of the auditor's report.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. If a consultation involves application of an accounting principle to the Plan's financial statements, or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Management Representations

We have requested certain representations from management that are included in the management representation letter. This letter has been provided to you.

Independence

We are not aware of any relationships between Condley and Company, L.L.P. and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence. Relating to our audit of the financial statements of Lawrence Hall Chevrolet, Inc. 401(k) Plan as of and for the year ended December 31, 2025, Condley and Company, L.L.P. hereby confirms in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants, that we, in our professional judgment, are independent with respect to the Plan.

During the year ended December 31, 2025, Condley and Company, L.L.P. provided the following services to the Plan:

- Preparation of the plan financial statements
- Proposing journal entries affecting the financial statements
- Preparation of cash-to-accrual entries
- Preparation of reconciliations (e.g., trust statements to payroll and/or recordkeeper statements)

Form 5500

In performing our audit, in accordance with GAAS, we are responsible for obtaining and reading the draft Form 5500 in order to identify material inconsistencies, if any, with the audited ERISA plan financial statements. During our audit, we obtained and read the draft Form 5500 from management and did not identify any material inconsistencies.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing the audit, we considered plan provisions relevant to designing audit procedures for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions. Our audit was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or other specified criteria that might be considered reportable findings.

A reportable finding is one or more of the following:

- A matter identified as an instance of noncompliance or suspected noncompliance with laws or regulations.
- A finding arising from the audit that is significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.
- A deficiency in internal control identified during the audit that has not been communicated to management by other parties is of sufficient importance to merit management's attention.

We must communicate reportable findings from the audit procedures performed relating to the plan provisions to those charged with governance in writing. We have identified the following reportable findings:

- We noted that the Plan's 2025 compliance testing identified excess contributions requiring corrective action. As of October 6, 2026, the corrective distributions, including applicable earnings, had not been processed because the compliance testing package had not been approved in a timely manner due to communication delays among the responsible parties. The Plan's failure to timely approve and process the required correction represents noncompliance with the Plan's operational requirements and applicable 401(k) correction rules. Excess contributions generally must be corrected within 2½ months after plan year-end to avoid the 10% excise tax under IRC §4979, and must generally be corrected no later than 12 months after plan year-end. We recommend that management promptly approve and process the corrective distributions, including allocable earnings, and implement procedures to ensure compliance testing results are reviewed, approved, and corrected within the applicable deadlines.

This information is intended solely for the use of the Plan Administrator and, if appropriate, and management of Lawrence Hall Chevrolet, Inc. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

We elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
