INDEPENDENT AUDITORS' REPORT

Penn Highlands Healthcare Retirement Plan Committee
Penn Highlands Healthcare 403(b) Plan
DuBois, Pennsylvania

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Penn Highlands Healthcare 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Penn Highlands Healthcare 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Penn Highlands Healthcare 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Highlands Healthcare 403(b) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Penn Highlands Healthcare 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Highlands Healthcare 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter — Supplemental Schedules Required by ERISA

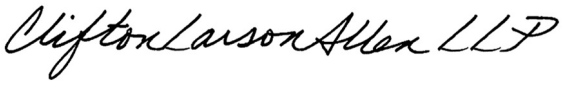

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Penn Highlands Healthcare 403(b) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan according to Code Section 403(b) sponsored by Penn Highlands Healthcare (PHH) for the benefit of substantially all employees restated effective May 1, 2023. DuBois Regional Medical Center, Inc. (DuBois), Brookville Hospital, Inc. (Brookville), Elk Regional Health Center, Inc. (Elk), PH-Jefferson Manor, PH-Connellsville, DuBois' PH Clearfield Campus, JC Blair Medical Services, Inc., JC Blair Medical Hospital Foundation, and JC Blair Memorial Hospital are participating employers. The sponsor and all participating employers will be referred to collectively as the System.

Effective February 5, 2024, the WRC Senior Services 403(b) Retirement Plan merged into the Plan and WRC Senior Services became a participating employer. The WRC Senior Services 403(b) Retirement Plan covered all eligible employees of WRC Senior Services. Assets totaling $2,890,757 were merged into the Plan on February 6, 2024.

Effective November 15, 2024, the Tyrone 403(b) Plan merged into the plan and Tyrone Hospital became a participating employer. The Tyrone 403(b) Plan covered all eligible employees of Tyrone Hospital. Assets totaling $3,193,133 were merged into the Plan on November 21, 2024.

Effective December 26, 2024, the PH-Clearfield Hospital 403(b) Plan merged into the plan and PH DuBois became a participating employer. The PH-Clearfield Hospital 403(b) Plan covered all eligible employees of Clearfield Hospital Campus. Assets totaling $22,522,159 were merged into the Plan on December 27, 2024.

Effective January 1, 2025, the plan was amended to add Monongahela Valley Hospital, Inc. as a Participating Employer.

Transamerica Retirement Solutions, LLC (Transamerica) serves as the primary record-keeper with State Street Bank and Trust Company (State Street) serving as the custodian for those accounts.

Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Company), (Empower), Variable Trust Company, Inc. (VALIC), and Mutual of America Life Insurance Company (Mutual of America) each carry annuity contracts held by the Plan and serve as legacy custodians of the Plan. Metropolitan Life Insurance Company (formerly MetLife an agent for Reliance Trust Company) is another legacy provider serving as the custodian's agent and contract administrator for those accounts. Effective December 26, 2024, assets from American Funds Service Company (American Funds) and Invesco Trust Company (Invesco) transferred into the Plan. Each carry annuity contracts held by the Plan and serve as legacy custodians of the Plan.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

General (Continued)

Employees are immediately eligible to participate in the Plan as contributing participants upon commencement of employment with the System. Eligible participants who have completed one year of elapsed time service and have attained the age of 21 will qualify for employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan permits eligible employees through a salary deferral election to have the System make annual contributions of up to 85% of eligible compensation. The Plan permits Roth contributions. Employee rollover and age 50 catch-up contributions are also permitted. Contributions are subject to certain limitations.

For the year ended December 31, 2025 and 2024 participants who are eligible employees of PHH, DuBois, Elk, Brookville, J.C Blair, and Tyrone Hospital received a matching contribution of 100% of employees' salary deferral amounts on up to 4% of employees eligible compensation. Eligible employees of PH-Jefferson Manor receive employer matching contributions of 100% of employees' salary deferral amounts on up to 3.5% of employees' eligible compensation. Eligible employees of PH-Connellsville receive employer matching contributions of 100% of employees' salary deferral amounts on up to 3.0% of employees' eligible compensation. There was no match for employees of WRC Senior Services. There was no match for PH DuBois employees working at the Clearfield Hospital campus as they merged into the Plan on December 26, 2024. Eligible employees of Mon Valley Hospital for the year ended December 31, 2025 receive employer matching contributions of 100% of employees' salary deferral amounts on up to 3.0% of employees' eligible compensation.

The Plan also allows for a discretionary match. There was no discretionary match remitted in 2025 or 2024.

The employer matching contribution calculation period is on an annual basis and requires employment on the last day of the plan year to receive an annual contribution allocation.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the System's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon.

All participants will be fully vested in their employer matching contributions (plus earnings thereon) after completing three years of service. Notwithstanding the above, participants become fully vested upon reaching normal retirement age, death, or total or permanent disability.

An Employee of the System as of June 30, 2020, shall be 100% vested in their matching contributions, including earnings and losses. This provision is limited to entities identified as the System employees as of June 30, 2020, and does not include PH-Jefferson Manor and PH-Connellsville.

For the PH-Clearfield Hospital 403(b) Plan (Merging Plan), Employer Contributions accrued under the Merging Plan as of the Merger Date and transferred to the Surviving Plan will continue to be 100% immediately vested. Matching Contributions, if any, made under the Surviving Plan on behalf of former Participants of the Merging Plan will be 100% immediately vested.

Benefit Payments

Upon termination of service, employees receive their benefits as a joint and 50% survivor annuity (if married) or single life annuity (if not married) unless they elect one of the optional benefit forms, such as a lump sum. A participant may elect to receive a distribution of their rollover contributions at any time. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions.

If the balance of the terminated participant's account is between $1 and $7,000, the Plan may authorize that the benefit payment be rolled into an IRA in the participant's name without the participant's consent.

Effective February 5, 2024, Voluntary After-Tax Contributions accrued under the WRC Senion Services 403(b) Retirement Plan are permitted for Hardship Withdrawals. In addition, Voluntary After-Tax Contributions accrued under the Merging Plan as of the Merger Effective Date and transfer to this Plan are permitted for in-service withdrawals upon attainment of age 59 ½.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 (reduced by the excess if any of the highest outstanding balance of loans during the one-year period ending on the date before the loan is made over the outstanding balance of the loans on the date the loan is made) or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except loans for the purchase of a principal residence may be as long as 10 years). Interest on the loans is based on local prevailing rates as determined by the custodians. There is no limit on the number of loans outstanding; however, a participant may not receive a new loan if the participant received a loan within the prior rolling 12-month period. New loans are no longer available from participant accounts held with legacy vendors.

Prior to January 1, 2020, participant loans were repaid through payroll deductions. Participant loans that originate on or after January 1, 2020, must be repaid though self-pay. A current employee who stops payroll withholding on an existing loan will be precluded from receiving a new loan. A participant who terminates employment with the System and all affiliated employers may not obtain a new loan from the Plan. A participant who transfers to an affiliated employer may obtain a new loan from the Plan, but the loan must be repaid through self-pay.

Unallocated Plan and Forfeiture Credit Account

At December 31, 2025 and 2024, the Plan had an unallocated advanced employer account totaling $23,603 and $31,933, respectively, and a forfeiture credit account balance of $78,886 and $26,565, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses. Employer matching contributions for plan year 2025 and 2024 were reduced by $128,207 and $62,062, respectively, from this advanced employer account.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions

Contributions from participants are recorded in the year in which the employee contributions are withheld from compensation. Contributions from Systems matching contributions are recorded in the year in which participant compensation is earned.

Benefit Payments

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the System or the Plan, at the System's discretion. Expenses paid directly by the System are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value investments.

Subsequent Events

Subsequent events have been evaluated through October 12, 2026, which is the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

State Street, Empower, Mutual of America, MetLife, VALIC (Elk Reginal Health Center) and Invesco, the qualified institutions of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION (CONTINUED)

Investments totaling $589,726 and $514,377 as of December 31, 2025 and 2024, held by Met Life (J.C. Blair Memorial Hospital) are not covered by a certification. In addition, investments totaling $1,181,903 and $1,567,186 as of December 31, 2025 and 2024, held by American Funds are not covered by a certification.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. During 2025, management identified that certain investments previously presented as variable annuity funds in the December 31, 2024 fair value hierarchy table were more appropriately classified as pooled separate accounts. Management revised the previously issued financial statements to present, record, and disclose as a pooled separate accounts. The correction had no effect on total investments at fair value.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Money Market Funds and Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transaction.

Variable and Fixed Annuity Contracts – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Interest Accumulation Account – Recorded at amortized cost which approximates fair value, as reported by Mutual of America, which represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses.

Insurance Contract – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Fixed Annuity Accounts	$ -	$ 5,295,874	$ -	$ 5,295,874

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Activity

During 2025 and 2024, purchases of the Mutual of America interest accumulation account were $-0-. The VALIC fixed interest option investment was transferred into the Plan in conjunction with the merger of the Penn Highlands Huntingdon 403(b) Plan with no purchases transpiring subsequent to the merger. There have been no transfers into or out of Level 3 investments during the years ended December 31, 2025 and 2024.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Valuation Technique	Unobservable Inputs
Mutual of America Interest Accumulation Account	$ 1,719,037	$ 1,875,433	Contractual Obligation	Composite Crediting Rate
VALIC Fixed Interest Option	192,959	485,453	There are no unobservable inputs; however, due to contract termination restrictions, the fund is reported as Level 3.	

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

Empower Annuity Insurance Company of America

The Plan has fully benefit-responsive investment contracts with Empower and New York Life. Empower and New York Life maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contracts are fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Empower and New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

Empower Annuity Insurance Company of America (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract permits the insurance company to terminate the agreement with 60 days' written notice.

Metropolitan Life Insurance Company (MetLife)

Upon the merger of the Elk 403(b) Plan and Penn Highlands Huntingdon 403(b) Plan, the Plan holds a Gold Track Select Annuity Contract (Contract), which is a flexible premium variable annuity contract, a fully benefit-responsive investment contract with MetLife. MetLife maintains the contributions in one of the selected funding options which may include a fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. At the end of the year, a renewal interest rate is established. The Contract's issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The Contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants have the option of receiving contract value upon separation of service, retirement, minimum distribution, hardship withdrawal, annuitization, death, and transfers to other investment options within the Plan.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and specified in each contract, but may not be less than 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events that could result in MetLife's discontinuance of the contract include the following: (1) plan termination, (2) the Plan or administration of the Plan is not in conformity with applicable law, and (3) bankruptcy of the plan sponsor. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

Variable Annuity Life Insurance Company (VALIC)

Upon the merger of the Penn Highlands Huntingdon 403(b) Plan, the Plan holds a fully benefit-responsive investment contract with The Variable Annuity Life Insurance Company (VALIC). VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The investment contract with VALIC was terminated on July 11, 2022. Due to contract restrictions, the investment will remain at VALIC and will be transferred to State Street in increments over the next five years. The contract is included in the December 31, 2025 and 2024, financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Summary

The following represents the disaggregation of contract value between the investment contracts held by the Plan:

	2025	2024
Empower Daily Interest Guarantee Fund	$ 47,857	$ 46,617
Empower Interest Guarantee Fund	1,496,828	1,675,284
New York Life	5,505,350	6,516,360
MetLife	1,919,690	2,628,547
Total	$ 8,969,725	$ 10,866,808

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially adversely affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed an intention to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the qualified institutions of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 NONEXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets.

Effective January 1, 2023, the system changed to a new payroll system which has resulted in the System failing to remit employee 403(b) deferral contributions totaling $807,686 within the timeframe prescribed by the Department of Labor (DOL) due to the Plan sponsor implementing a new human resource management and payroll system. These are deemed prohibited transactions in accordance with ERISA and the IRC. The prohibited transactions and lost earnings on those amounts have been remitted to the plan. On July 10, 2025, the DOL approved the VFCP correction.

During 2024, the System failed to remit employee 403(b) deferral contributions totaling $652,996 within the timeframe prescribed by the Department of Labor. These were deemed prohibited transactions in accordance with ERISA and the IRC. Certain contributions were corrected in 2025 by paying in lost earnings and the remaining will be corrected in 2026.

NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
