Independent Auditor's Report

To the Trustees of
Promoveo Health LLC 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Promoveo Health LLC 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Promoveo Health LLC 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Promoveo Health LLC 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Promoveo Health LLC 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Promoveo Health LLC 401k Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Promoveo Health LLC 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2024 Financial Statements

Management is responsible for the accompanying financial statements of Promoveo Health LLC 401k Plan which comprise the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statements, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements of Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the Association of International Certified Public Accountants. We did not audit or review the 2024 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statements.

1. Description of the Plan

The following description of the Promoveo Health LLC 401k Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended, is a defined contribution plan with a cash or deferred arrangement covering substantially all employees who are 21 years of age or older and have completed 1,000 hours of service with Promoveo Health LLC (the Employer). The Plan was originally adopted on January 1, 2015. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2025, the Plan was amended and restated in its entirety to adopt the CCH Incorporated DBA ftwilliam.com Basic Plan Document #01, a Non-Standardized 401(k) Profit Sharing Plan.

Contributions

The Plan provides for contributions by participating employees not to exceed the maximum amount allowable under applicable provisions of the Internal Revenue Code. Elective participant contributions are made on a pre-tax or after-tax basis through payroll deductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants aged 60 - 63 are eligible for additional catch-up contributions.

The Employer is required to make safe harbor non-elective contributions in an amount not less than 3% of Plan compensation. Individuals who have attained 21 years of age and have completed 1,000 hours are eligible for the safe harbor non-elective contribution. During 2025, safe harbor non-elective contributions totaled $206,551. The Employer may also make discretionary matching contributions to participants. During 2025, the Employer did not elect to make discretionary matching contributions. Additionally, the Employer may make discretionary non-elective contributions each year under a new comparability allocation method. For purposes of allocating such contributions, a separate group may be established for each participant eligible to receive an allocation of non-elective contributions. Individuals who have attained 21 years of age and have completed 1,000 hours are eligible for the discretionary non-elective contribution. The Employer determines the amount of the contribution to be allocated to each group, and the amount allocated to one group is not required to bear any relationship to amounts allocated to other groups. During 2025, discretionary non-elective contributions totaled $339,298. The Employer may also make qualified non-elective contributions to the Plan. During 2025, qualified non-elective contributions totaled $11,491 (see Note 9).

Rollovers

The Plan permits active participants to transfer distributions from other qualified plans into the Plan.

Participant Accounts

Each account is credited with (a) the participant's contribution, (b) an allocation of the Employer contribution, (c) Plan earnings or losses, and (d) administrative fees. Allocations are based upon participant account balances and their selection of investment. The participants direct the investment of their account balances among certain investment options. The Employer contributions are invested in accordance with the participants' investment selection.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions in various investment options offered by the Plan. Participants may change their investment options daily. Except for the MetLife Stable Value Fund, there is no guarantee of principal or earnings when participating in these funds.

1. Description of the Plan (Continued)

Vesting

Participants are 100% vested in the amount of their elective deferral, rollover, safe harbor and qualified non-elective contribution accounts, and earnings thereon. Participants hired prior to July 1, 2024 are 100% vested in their Employer discretionary matching and non-elective contribution accounts. However, any Employer discretionary match and non-elective contributions made on or after July 1, 2025, as well as all other participant vesting of Employer discretionary matching and non-elective contribution accounts is based on the following schedule:

Years of Service	Percentage Vested
0 - 2	0%
3 or more	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in Employer discretionary matching and non-elective contributions. Forfeitures may be used to reduce future Employer contributions or pay Plan expenses. At both December 31, 2025 and 2024, forfeited nonvested accounts totaled $0. During 2025, forfeited nonvested accounts totaling $189 were used to pay Plan expenses.

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments, net of expenses. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his account, including earnings. The benefit will be paid as a lump-sum or partial withdrawals only to satisfy the required minimum distribution rules.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the employee contribution account and rollover contribution account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3).

The Plan presents in the statement of changes in net assets available for benefits the net investment gain from registered investment companies and the net investment gain from pooled separate accounts which include the Plan's gains and losses on those investments bought and sold as well as held during the year. The Plan also presents in the statement of changes in net assets available for benefits the net investment gain from common/collective trust, which consists of interest, dividends, realized gains or losses and unrealized appreciation (depreciation) on that investment. Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividends.

Payments of Benefits

Benefits are recorded when paid.

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, contract plan administration, investment advisory and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. However, the Employer may reimburse the Plan for any administration expense incurred. Any administration expense paid to the Plan as a reimbursement shall not be considered an Employer contribution. During 2025, the Employer elected to pay some of the expenses of the Plan.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.

- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. Fair Value Measurements (Continued)

- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value of units of the common/collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investments will be sold for an amount different from the reported net asset value. Transactions (purchases and sales) may occur daily.

Pooled separate accounts: Valued at the net asset value of units of the pooled separate accounts. The net asset value, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investments will be sold for an amount different from the reported net asset value. Transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 3,954,034	$ 0	$ 0	$ 3,954,034
Investments measured at net asset value[(a)]				74,162
Total assets at fair value				$ 4,028,196

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ 0	$ 0	$ 0	$ 0
Investments measured at net asset value[(a)]				3,127,910
Total assets at fair value				$ 3,127,910

3. Fair Value Measurements (Continued)

[(a)] Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024.

Investment	2025	2024	Unfunded Commitment 2025	Unfunded Commitment 2024	Redemption Frequency	Redemption Notice Period
Common/ collective trust	$ 74,162	$ 0	$ 0	$ 0	Daily	None
Pooled separate accounts	0	3,127,910	0	0	Daily	None

4. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including all investments held at December 31, 2025, and the related dividends from registered investment companies, net investment gain from common/collective trust, net investment gain from registered investment companies, and net investment gain from pooled separate accounts, was obtained or derived from unaudited information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A) (the prior Trustee of the Plan) as well as Charles Schwab Trust Bank (the Trustee of the Plan as of July 1, 2025).

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

Effective July 1, 2025, the Plan adopted the CCH Incorporated DBA ftwilliam.com Basic Plan Document #01, a Non-Standardized Pre-Approved 401(k) Profit Sharing Plan and need not apply for a separate determination letter, but instead may rely on the opinion letter issued by the Internal Revenue Service (dated June 30, 2020) stating that employers who adopt the plan will be considered to have a plan qualified under Code section 401. Prior to July 1, 2025, the Plan had adopted the Sheakley Pension Defined Contribution Pre-Approved Plan Basic Plan Document #01, and did not need to apply for a separate determination letter, but instead relied on an opinion letter issued by the Internal Revenue Service (dated June 30, 2020) stating that employers who adopt the plan will be considered to have a plan qualified under Code section 401. Accordingly, management believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan sponsor to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

8. Party-in-Interest Transactions

The Plan's investments and other transactions may involve parties-in-interest. Such transactions may include transactions with the trustees, recordkeepers, investment managers, and other service providers. During 2025, fees paid by the Plan to parties-in-interest totaled $8,426.

9. Plan Operational Matters

For the year ended December 31, 2025, the Plan sponsor determined that an incorrect definition of Plan compensation had been used to calculate participant deferrals in 2025 and prior Plan years and, potentially, employer contributions in prior Plan years. Certain types of compensation required to be included under the Plan document were excluded from the compensation used to calculate participant deferrals for affected participants. Additionally, certain participant deferral elections were not timely implemented in the Plan sponsor's payroll system during 2025, resulting in incorrect participant contributions.

Corrective contributions and related lost earnings identified and determinable as of December 31, 2025, relating to 2025 errors in eligible compensation and participant deferral elections, totaled $11,491 and are reflected in employer contributions receivable and employer contributions in the accompanying financial statements.

Management is evaluating the extent of the errors in prior Plan years and the corrective contributions required, including lost earnings. The amount of any additional corrective contributions and related lost earnings cannot currently be reasonably estimated.

10. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 9, 2026 (the date the financial statements were available to be issued) and concluded that, except as described below, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

On March 21, 2026, the Plan was amended to be in compliance with the SECURE 2.0 Act of 2022. The amendment includes provisions with various effective dates, including certain provisions that apply retroactively and others that become effective upon adoption.
