INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Radian Research, Inc. Employee Stock Ownership Plan
Lafayette, Indiana

Opinion

We have audited the accompanying financial statements of the Radian Research, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Radian Research, Inc. Employee Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Radian Research, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Radian Research, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Radian Research, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Radian Research, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.**

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

See Notes to Financial Statements.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RADIAN RESEARCH, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1: PLAN DESCRIPTION

The following brief description of the Radian Research, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

Radian Research, Inc. (the Company) established the Radian Research, Inc. Employee Stock Ownership Plan (the Plan) effective as of January 1, 2008. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an ESOP Administration Committee comprising up to three persons appointed by the Sponsor Company's Board of Directors. The Company has hired Greatbanc Trust to be the Plan's Trustee.

The Plan purchased Company common stock using the proceeds of a loan from the Company and holds the common stock in a trust established under the Plan. The loan was paid off in 2023. Shares vest using a five-year graded vesting schedule.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of distributions to former employees. Employees are not permitted to make contributions.

NOTE 1: PLAN DESCRIPTION (Continued)

Payment of Benefits

Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following the separation from service or repayment of the acquisition loan payable. Accounts valued at less than $5,000 will be distributed as a lump sum after a one year break in service. Accounts valued at $5,000 or greater made in a number of installments based on the value of vested balance up to five years. Distributions are made in cash.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During 2025, the Company repurchase from participants 6,170.0570 shares from participants at a price determined from the independent appraisal.

Voting Rights

Each participant is entitled to direct the Trustee to vote the shares of the Company stock allocated to his or her account with respect to the approval or disapproval of certain corporate mergers or consolidations, the re-capitalization or re-classification of Company stock, or the liquidation, dissolution or sale of substantially all the assets of the Company. The Trustee will, as directed by the Committee, vote shares on all other matters and on which no instructions have been received.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the ESOP Administrative Committee should direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 1: PLAN DESCRIPTION (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares from forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service and are 100% vested after five years of service.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or subject to trading limitations, incudes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 1: PLAN DESCRIPTION (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 15 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify have their distribution converted into cash and transferred into the Radian Research, Inc. Retirement Plan if they are active employees or direct payout and rollover to other accounts if they are no longer active. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end.

Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non vested account balances allocated to remaining participants at December 31, 2025 and 2024, totaled $438 and $2,177, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Basis of Accounting--The financial statements of the Plan are prepared on the accrual basis of accounting.

B) Use of Estimates--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C) Allocations--The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares were released from collateral and became allocated generally in the period which debt service was actually paid.

D) Investment Valuation and Income Recognition--The shares of Company common stock are valued at fair value. See Note 6 for discussion of fair value measurements.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E) Operating Expenses--All expenses of maintaining the Plan are paid by the Company.

F) Payment of Benefits--Benefits are recorded when paid.

NOTE 3: ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Radian Research, Inc. common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE 4: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 19, 2014, that the Plan is qualified and the trust established under the Plan is tax exempt, under the appropriate sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 5: INVESTMENTS

The Plan's investment in Radian Research, Inc. common stock at December 31, is as follows:

	2025		2024	
	Allocated	Unallocated	Allocated	Unallocated
Number of Shares	75,667	-	75,667	-
Cost	$ 1,200,000	$ -	$ 1,200,000	$ -
Fair Value	$ 6,113,869	$ -	$ 5,462,379	$ -

NOTE 6: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Investments

The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account significant unobservable inputs including historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

The ESOP Administration Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

NOTE 6: FAIR VALUE MEASUREMENTS (Continued)

The following tables present fair value measurement information for the Plan's investments in Company common stock. The carrying values of receivables, cash, and distributions payable included in the accompanying statements of net assets available for benefits approximated fair value at December 31, 2025 and 2024, and are thus not included in the following table.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investment in Sponsor Company Common Stock	$ -	$ -	$ 6,113,869	$ 6,113,869
Total Assets	$ -	$ -	$ 6,113,869	$ 6,113,869

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investment in Sponsor Company Common Stock	$ -	$ -	$ 5,462,379	$ 5,462,379
Total Assets	$ -	$ -	$ 5,462,379	$ 5,462,379

Changes in Fair Value of Level 3 Assets

The Plan purchased shares of the Plan's level 3 assets valued at $447,951 during the year ended December 31, 2025. For the year ended December 31, 2025, there were no significant transfers into or out of Level 3.

NOTE 7: LOAN PAYABLE

In 2008, the Plan entered into a $1,200,000 term loan agreement with the Company. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares were collateral for the loan. Shares were released from collateral and allocated to participants when principal and interest payments were made. The number of shares released in any year was the number of total shares divided by the number of years in the term of the loan. The agreement provides for the loan to be repaid over fifteen years. The original loan was paid off in 2023.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9: PLAN TRANSFERS

Plan transfers represent the diversification of eligible participants to the Radian Research 401(k) Plan, another plan sponsored by Radian Research, Inc. and other qualified individual retirement accounts. The Company repurchased from participants 1,745.245 shares valued at $125,989 for the Plan year ending December 31, 2025.

NOTE 10: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. This is a related party transaction. As described in Notes 2 and 3, the Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

NOTE 11: SUBSEQUENT EVENTS

During plan year 2026, the Plan was amended by the Board of Director's of the Radian Employee Stock Ownership Plan to add employees from Powermetrix purchase with their original hire date. This change took effect on January 24, 2025.

The Plan has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued.
