Independent Auditor's Report

To the Administrative Committee
of Tribeca Pediatrics PLLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tribeca Pediatrics PLLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tribeca Pediatrics PLLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tribeca Pediatrics PLLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tribeca Pediatrics PLLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tribeca Pediatrics PLLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of schedule of assets (held at end of year) and schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may elect to defer a percentage of their compensation. The total deferrals in any taxable year may not exceed a dollar limit which is set by the law. Participants who attain age 50 before the end of the Plan year are eligible to make catch up contributions, up to the maximum allowable under the Internal Revenue Code (IRC).

The Plan allows for a discretionary amount and safe harbor amount each year. The Plan provides for separate classes of participants. The contributions are allocated to the employees based on the classes. Participants are able to contribute pre-tax and/or post-tax amounts based on IRS maximum contribution limits. Participants are also able to make rollover contributions from other plans. The Company makes safe harbor and profit sharing contributions to participants that are at least 21 years old and have completed one year of service. Safe harbor contributions are qualified nonelective contributions made based on a percentage of participant compensation. Profit sharing contributions are allocated to the participants equally for each class of participants. Participants are eligible to make salary deferral contributions after they have completed three months of service. For the year December 31, 2025 the Company contributed $1,369,575 to the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions as well as allocations of the Company's contribution, Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their accounts into various investment options offered by the Plan.

Investing Options

Upon enrollment in the Plan, participants may direct the Trustee to invest contributions in various investment options managed by the Trustee, its affiliates, and other large investment companies. Participants may change their investment options, transfer part or all of past investments to other funds, and change their deferral percentages at any time.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in their non-elective employer contribution account balance is based on years of continuous service as follows:

Years of service	Percent Vested
0 years	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Notes receivable from participants are secured by the balance in the participant's account. The interest rate on outstanding loans is a fixed rate of 1% above the prime rate on the date the loan was taken. Principal and interest are paid ratably through payroll deductions.

Plan Fees

The Plan charges fees to participants' accounts for Principal Life Insurance Company services. The fees vary by investment fund and are calculated by the fund's daily asset value. The Plan sponsor pays the third-party record keeping fees.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount, or a series of installment payments over a period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants can also receive in-service distributions for hardship and after attaining age 59 ½.

Plan Amendments

The Plan Sponsor has the right under the Plan to amend the Plan at any time.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $4,787 and $1,789 respectively. These amounts will be used to reduce future employer contributions.

Note 2 - Significant accounting policies

This summary of significant accounting policies of the Tribeca Pediatrics PLLC 401(k) Plan (the "Plan") is presented to assist in understanding the Plan's financial statements and supplemental information. These financial statements, supplemental information, and notes are representations of Tribeca Pediatrics PLLC's (the "Employer" or "Plan Sponsor") management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies have been consistently applied in the preparation of the financial statements and supplemental schedule.

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting. Payments toward participant loan principal and interest are recorded when received; distributions to participants are recorded when paid.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement. For the years ended December 31, 2025 and 2024, the interest rates ranged from 4.25%-9.5% and 4.25%-9.5% respectively.

Investment valuation and income recognition

Investments are reported at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the value that Principal Life Insurance Company is required to transact at. The Plan Investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, See Note 3 for discussion of fair value measurements and Note 4 for discussion of contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value investments.

Concentration of credit risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Subsequent events

We have evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.

Note 3 - Fair value measurements and disclosures

Financial accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a definition of fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted process in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, we develop inputs using the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. These valuation techniques involve some level of management estimation and judgement. Where appropriate, adjustment are included to reflect the risk inherent in a particular methodology, model or input used and are reflective of the assumptions that market participants would use in valuing assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Mutual Funds

  Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

- Pooled Separate Accounts

  These accounts are pooled investments. Investments may be made in stock, bonds or various other types of investments. These funds are similar to mutual funds but they are only available to group annuity contract holders. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. ASC 820 allows NAV per share as a practical expedient to estimate fair value. As of December 31, 2025 and 2024, there are no unfunded commitments and the fund generally permits redemptions daily with a redemption notice period of one day.

- Unit Investment Trusts

  The Plan's interest in unit trusts (pooled) funds are based on the net asset value (NAV) after adjustments to reflect all fund investments at fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments that are traded on an active market. The investment in the trust is carried at fair value based on the closing price on NASDAQ. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. ASC 820 allows NAV per share as a practical expedient to estimate fair value. As of December 31, 2025 and 2024, there are no unfunded commitments and the fund generally permits redemptions daily with a redemption notice period of one day.

The Plan administrator determines the fair value measurement policies and procedures, subject to oversight by the Company's employee benefit committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurement are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Fair value measurements at report date using				
Assets	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Net Asset Value as Practical Expedient
December 31, 2025					
Mutual funds	$ 8,911,980	$ 8,911,980	$ -	$ -	$ -
Pooled separate accounts	10,007,275	-	-	-	10,007,275
Unit investment trusts	1,702,716	-	-	-	1,702,716
	$ 20,621,971	$ 8,911,980	$ -	$ -	$ 11,709,991
December 31, 2024					
Mutual funds	$ 6,454,254	$ 6,454,254	$ -	$ -	$ -
Pooled separate accounts	7,577,389	-	-	-	7,577,389
Unit investment trusts	1,218,307	-	-	-	1,218,307
	$ 15,249,950	$ 6,454,254	$ -	$ -	$ 8,795,696

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Using the Net Asset Value per Share Practical Expedient

The following table summarized the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024 respectively:

	Fair Value at 12/31/25	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 10,007,275	N/A	Daily	None
Unit investment trusts	$ 1,702,716	N/A	Daily	None

	Fair Value at 12/31/24	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 7,577,389	N/A	Daily	None
Unit investment trusts	$ 1,218,307	N/A	Daily	None

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instructions within the fair value hierarchy. Changes in economic conditions or model-based valuations techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025 and 2024, there were no significant transfers in or out of levels 1, 2 or 3.

Note 4 - Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company, listed in the Statements of Net Assets as an Investment Contract. Principal Life Insurance Company maintains the contributions in a general account. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. The contract values are determined daily based on the fair values of the underlying investments, including separate accounts under group annuity contracts and all mutual funds under NAV custodian agreements. Contract values represent contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The group annuity contracts held by the Plan meet the five conditions to be considered fully benefit-responsive.

Note 5 - Investments and notes receivable certified by the plan's trustee (unaudited)

At December 31, 2025 and 2024, Principal Life Insurance Company of New York, as trustee, held the Plan's investments. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

	2025	2024
Mutual funds	$ 8,911,980	$ 6,454,254
Pooled separate accounts	10,007,275	7,577,389
Investment contracts	3,221,843	2,538,037
Unit investment trusts	1,702,716	1,218,307
Notes receivable from participants	391,891	367,631
	$ 24,235,705	$ 18,155,618

The investment income reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, were certified by Principal Life Insurance Company.

For the year ended December 31, 2025

Net appreciation in fair value of investments	$	2,713,050
Interest income on investment contract		150,937
Interest income from the participant notes receivable		28,174
	$	2,892,161

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information in the financial statements and supplemental schedule.

Note 6 - Party-in-interest transactions

Principal Life Insurance Company is the trustee of the Plan's investments and therefore certain transactions qualify as party-in-interest transactions. Total fees paid to Principal Life Insurance Company were $106,624 for the year ended December 31, 2025.

Two officers of the Plan sponsor who are also Plan participants serve as trustees of the Plan.

Note 7 - Plan termination

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become vested 100% in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

Note 8 - Tax status

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Subsequent to this determination by the Internal Revenue Service, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Committee believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and as concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years before 2022.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Net assets transferred out of the plan

An affiliate of Tribeca Pediatrics PLLC, MC Properties Management Company LLC, set up its own 401(k) plan and the employees were no longer eligible to participate in the Tribeca Pediatrics PLLC 401(k) Plan. The account balances attributable to those employees were transferred from the Plan to the MC Properties Management Company LLC 401(k) Plan, effective October 14, 2024.

Note 11 - Reconciliation of financial statements to Form 5500

There are no differences between net assets available for benefits and benefits paid to participants between the financial statements and Form 5500.

Note 12 - Delinquent contributions

The Company determined that during 2025, three Plan contributions were not remitted within the required timeframe specified by the Department of Labor's regulations, which have been reported on the supplemental schedule of Delinquent Participant Contributions (Schedule H, Line 4a) in the amount of $259,516. The Company is required to remit the contributions on a consistent basis from the earliest date when they are segregated from the Company's general assets. These contributions were all made greater than two days later than this date. During 2025, Plan management completed all proposed corrections outside of the Voluntary Fiduciary Correction Program and have taken corrective action to ensure compliance with the Plan's contribution policies.
