Q'Straint / Sure-Lok 401(K) Retirement Plan
Fort Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Q'Straint / Sure-Lok 401(K) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution and an agent on behalf of the qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by qualified institutions and certified to by a qualified institution and an agent on behalf of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution and an agent of an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter– Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by qualified institutions and certified to by a qualified institution and an agent on behalf of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution and an agent of an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Q'Straint / Sure-Lok 401(K) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC for eligible employees of Valeda Company, LLC and Sure-Lok International, LLC (the Company). All full-time and part-time employees of the Company who have completed 90 days of continuous service and are aged 18 or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan became effective May 1, 2001.

Plan Administration: Principal Financial Group provides recordkeeping and administrative services for the Plan. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company serves as trustee of the Plan's assets.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a termination, participants would become 100% vested in their account.

Plan Merger: Effective January 1, 2026, the Plan was merged into the Braun Corporation Profit Sharing and 401(k) Plan. As a result of the merger, participants of the Plan became participants in the Braun Corporation Profit Sharing and 401(k) Plan, and the Plan ceased to exist as a separate employee benefit plan. See Note 8 for additional information regarding the merger.

Contributions: The Plan includes an auto-enrollment provision whereby certain newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The contribution percentage will be increased 1% annually, as provided in the Plan document, until it reaches 10% of eligible compensation. The Plan also allows for contributions to be made on an after-tax basis. Eligible employees may elect to defer up to the Internal Revenue Service (IRS) limitations, $23,500 for 2025, on a pretax and/or Roth basis under the rules of Section 401(k) of the IRC. In addition, participants aged 50 and over have the option to contribute up to an additional $7,500 for 2025, in pretax contributions through the Plan's catch-up contribution provisions. Effective January 1, 2025, participants who attain age 60 through 63 during the calendar year are eligible to make catch-up elective deferral contributions of up to $11,250. The Company matches 100% of the first 4% of compensation deferred by a participant.

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions and earnings and losses. Withdrawals and administrative expenses are deducted from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Company's matching contributions and associated earnings or losses vest immediately after the participant has completed two years of service. All participants vest 100% upon reaching retirement age, or upon termination of employment due to death or permanent disability.

Forfeitures: Forfeitures of Company contributions are used to reduce administrative expenses and to offset future employer matching contributions and nonelective contributions of the Plan.

(Continued)

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investments: The Plan allows participants to direct contributions into various investment options. These options include mutual funds and collective trust funds.

Notes Receivable From Participants: Participants are allowed to borrow from their accounts in amounts ranging from a minimum of $1,000 to a maximum of 50% of the vested account or $50,000, reduced by any outstanding loan balance. Loan maturities generally range from 1-5 years with one loan available at any time. The loans are collateralized by the balance in the participant's account and are to bear interest at the rates available for similar loans from commercial lending institutions. The interest rate on outstanding balances ranged between 5.25% and 10.50% for 2025 and 2024. Principal and interest is paid ratably through payroll deductions. Upon origination of a loan, participants are charged an administrative fee that is reflected in administrative expenses in the statement of changes in net assets available for benefit. Participant loans are presented as notes receivable from participants in the statements of net assets available for benefits.

Payment of Benefits: Benefits are generally payable on termination of employment, retirement, attainment of age 59.5, death, or disability. Benefits may be paid by lump-sum cash payment except as otherwise provided in the Plan document. Hardship distributions are also available from all participants accounts, subject to regulatory requirements. Distributions from participant rollover sources can be withdrawn at any time.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: All Plan investments as of December 31, 2025 and 2024 are held by the Trustee and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices that represent the value of shares held by the Plan at year end. Common collective trust funds are reported at fair value using net asset value per share (or its equivalent) as a practical expedient. See note 4 for further discussion and disclosure related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on the Plans investments are included in net appreciation in the fair value of investments in the statements of changes in net assets available for benefits.

(Continued)

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 3 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants as disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (trustee of the Plan) and Principal Life Insurance Company (Agent), as an agent for the Principal Global Investors Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Unadjusted quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at quoted prices in an active market which represent net asset value of shares held by the Plan.

Common Collective Trusts – The fair values of participation units held in collective trusts are based on the net asset values per unit reported by the fund managers. The collective trusts may be redeemed as of any valuation date; certain withdrawals from the Principal Stable Value Fund require twelve months' advance written notice. There were no unfunded commitments related to the Plan's investments in collective trusts as of December 31, 2025.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024. Investments where net asset value is used to measure fair value are not presented by level within the fair value hierarchy.

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 9,577,526	$ -	$ -	$ 9,577,526
Investments measured at net asset value:				
Common collective trust funds*	-	-	-	4,131,097
	$ 9,577,526	$ -	$ -	$ 13,708,623

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 9,412,691	$ -	$ -	$ 9,412,691
Investments measured at net asset value:				
Common collective trust funds*	-	-	-	3,405,721
	$ 9,412,691	$ -	$ -	$ 12,818,412

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held by the Plan trustee, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, or are issued by Principal Global Investors Trust Company, the issuer and trustee of the Principal Global Investors collective investment trust funds. These transactions qualify as exempt party-in-interest transactions. Participant loans are also considered party-in-interest transactions. Interest income from participant loans totaled $24,302 for the year ended December 31, 2025 and is included as part of interest and dividends in the accompanying statement of changes in net assets available for benefits.

(Continued)

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS (Continued)

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that would likely not be sustained upon examination by a taxing authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 14,008,838	$ 13,135,241
Other	9	(1,313)
Transfer of Plan assets in connection with the merger	(14,008,847)	-
Net assets available for benefits per Form 5500	$ -	$ 13,133,928

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2025, per the financial statements to the net income reported in the 2025 Form 5500:

Increase in net assets available for benefits per the financial statements	$ 873,597
Other	1,322
Net income per Form 5500	$ 874,919

The difference between net assets available for benefits per the financial statements and the Form 5500 relates to the transfer of Plan assets reported in connection with the merger into the Braun Corporation Profit Sharing and 401(k) Plan effective January 1, 2026. The 2025 Form 5500 represents the Plan's final return/report and reflects the transfer of Plan assets in connection with the merger. See Note 8 for additional information.

(Continued)

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated all events and transactions that occurred after December 31, 2025 through October 13, 2026, which is the date these financial statements were available to be issued.

Effective January 1, 2026, the Q'Straint / Sure-Lok 401(k) Retirement Plan was merged into the Braun Corporation Profit Sharing and 401(k) Plan. In connection with the merger, the Plan's participant account balances and Plan assets were transferred to the Braun Corporation Profit Sharing and 401(k) Plan. The transfer of the Plan's assets was completed during 2026. The Plan's investment in the Principal Stable Value Fund remained subject to the applicable twelve-month notice period and was subsequently transferred on June 15, 2026 to the Vanguard Cash Reserves Federal Money Market Fund.
