**Independent Auditor's Report**

To the Plan Administrator of the
NTT Global Networks, Incorporated 401(k) Investment Plan:

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of the NTT Global Networks, Incorporated 401(k) Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements
December 31, 2025 and 2024

**Note 1 – Description of the Plan**

The following description of the NTT Global Networks, Incorporated 401(k) Investment Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

***General.*** The Plan is a defined contribution plan, which went into effect August 1, 2000, that is generally available to all employees of NTT Global Networks Incorporated (the "Company" or "Employer"). There are no age or service requirements for participation in the Plan. The Plan excludes independent contractors and residents of Puerto Rico. Employees may enter the Plan on the first of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

***Contributions.*** The following types of contributions are allowable under the Plan:

- Participant Salary Deferral Contributions – Participants may contribute up to 60% of their pretax compensation, subject to limitations. Participant's may also contribute a percentage of their after-tax compensation as a Roth deferral contribution, subject to limitations. A participant's total pre-tax and Roth contributions cannot exceed $23,500 ($31,000 if 50 or older) in calendar year 2025. Under the SECURE 2.0 Act, additional catch-up contributions for participants age 60-63 may also be available. The Plan has an automatic enrollment feature that provides for the following. Unless an eligible employee affirmatively elects otherwise, after 30 days from their date of hire the Company will automatically withhold 3% of their compensation and contribute that amount to the participant's account as a pretax elective deferral contribution. Such automatic withholding will increase annually by 1% until the automatic withholding percentage equals 5% of a participant's compensation.
- Discretionary Matching Employer Contributions – The Employer, in its sole discretion, may make matching contributions each Plan year. Salary deferral contributions were matched 50% up to a maximum of 4% of the participant's compensation for the year ended December 31, 2025.
- Rollover Contributions – Certain amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

***Participant Accounts.*** Each participant's account is credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contribution, if any; (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

***Payment of Benefits.*** Benefits to participants or beneficiaries generally are payable as a lump sum or installments equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than $7,000 may be automatically paid out by the Plan upon termination. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59 1/2, for an active military distribution, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

**Note 1 – Description of the Plan (continued)**

***Investment Options.*** Participants may direct their investments into various mutual funds, a money market fund, and a common collective trust.

***Vesting.*** Participants are always fully vested in their salary deferral contributions, rollover contributions, and any earnings thereon. Vesting in Employer discretionary matching contributions occurs according to the following schedule:

| Years of Vesting Service | Vested Percentage |
|---|---|
| 0 | 0% |
| 1 | 25% |
| 2 | 50% |
| 3 | 100% |

***Forfeitures.*** When certain terminations of participation occur, the non-vested portion of a participant's account represents a forfeiture. Forfeitures can be used to reduce future Employer contributions or can be used to pay administrative expenses of the Plan. During 2025, no forfeitures were used for either of these purposes. As of December 31, 2025 and 2024, unutilized forfeitures totaled $64,291 and $3,626, respectively.

***Participant Revenue Credits Account.*** The Plan maintains a participant revenue credit account ("RCP Account") that is used to offset administrative expenses of the Plan. The balance in the RCP account was $4,761 and $4,075 as of December 31, 2025 and 2024, respectively.

***Notes Receivable from Participants.*** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (10 years if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions.

**Note 2 – Summary of Significant Accounting Policies**

***Basis of Accounting and Use of Estimates.*** The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition.*** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

**Note 2 – Summary of Significant Accounting Policies (continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants*.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

***Contributions.*** Participant contributions and related Employer matching contributions are recognized in the period during which the Employer makes payroll deductions from the participant's compensation.

***Benefits Payments*.** Benefits are recorded when paid.

***Expenses*.** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are recordkeeping charges, account maintenance fees, and other administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments. As further discussed in Note 1, the Plan provides for participant revenue credits which are used to offset the Plan's administrative expenses. For the year ended December 31, 2025, the Plan's administrative expenses and participant revenue credits netted to $38,295, which consisted of $39,191 of administrative expenses and $896 in participant revenue credits.

**Note 3 – Fair Value Measurements**

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

***Level 1***. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

***Level 2*.** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Note 3 – Fair Value Measurements (continued)**

***Level 3***. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

During 2025, the valuation methodology used to value the common collective trust ("CCT") changed from using net asset value ("NAV") as the practical expedient to quoted NAV. The fair value measurement tables below as of December 31, 2025 and 2024, have been updated to reflect this change. This change in the valuation methodology for the CCT had no effect on net assets available for benefits as of December 31, 2025 and 2024, or the net increase in net assets available for benefits for the year ended December 31, 2025.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds, the common collective trust ("CCT"), and the money market fund are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

| | Fair Value Measurements at December 31, 2025 | | | |
|---|---|---|---|---|
| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |

| **Total Assets at Fair Value** | $ 37,231,493 | $ - | $ - | $ 37,231,493 |

**Note 3 – Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

| | Fair Value Measurements at December 31, 2024 | | | |
|---|---|---|---|---|
| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |

| **Total Assets at Fair Value** | $ 34,493,686 | $ - | $ - | $ 34,493,686 |

**Note 4 – Certified Information**

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown in the supplemental schedules.

**Note 5 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

**Note 6 – Tax Status**

The Company has adopted an FMR, LLC non-standardized pre-approved profit sharing plan document ("pre-approved plan"). The pre-approved plan received an opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan and the pre-approved plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2025 and 2024. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 7 – Reconciliation to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

| | 2025 |
|---|---|
| Net assets available for benefits per the financial statements | $ 37,418,152 |
| Add: deferred contributions | 75,396 |
| Net assets available for benefits per the Form 5500 (unaudited) | $ 37,493,548 |

The following is a reconciliation of Employer and participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2025:

| | Employer Contributions | Participant Contributions |
|---|---|---|
| Amounts per the financial statements | $ 351,743 | $ 1,445,573 |
| Add: 2025 deferred contributions | 11,588 | 63,808 |
| Amounts per the Form 5500 (unaudited) | $ 363,331 | $ 1,509,381 |

**Note 8 – Party-In-Interest Transactions**

Certain Plan investments are shares/units of mutual funds and a money market fund offered by a related entity of Fidelity Management Trust Company. As Fidelity Management Trust Company is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

**Note 9 – Nonexempt Prohibited Transactions**

During 2023, 2024, and 2025, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted to the Plan's trust. The Company corrected the 2023 late contributions in April 2025 by remitting lost earnings into the Plan's trust. The Company intends to correct the 2024 and 2025 late contributions and loan repayments by remitting lost earnings into the Plan's trust as soon as administratively feasible.

**Note 10 – Concentrations, Risks, and Uncertainties**

The Plan provides for various investment options in mutual funds, a money market fund, and a common collective trust. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2025 and 2024, there were / was three and one investment(s), respectively, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2025.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

**Note 11 – Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

**Independent Auditor's Report**

To the Plan Administrator of the
NTT Global Networks, Incorporated 401(k) Investment Plan:

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of the NTT Global Networks, Incorporated 401(k) Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements
December 31, 2025 and 2024

**Note 1 – Description of the Plan**

The following description of the NTT Global Networks, Incorporated 401(k) Investment Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

***General.*** The Plan is a defined contribution plan, which went into effect August 1, 2000, that is generally available to all employees of NTT Global Networks Incorporated (the "Company" or "Employer"). There are no age or service requirements for participation in the Plan. The Plan excludes independent contractors and residents of Puerto Rico. Employees may enter the Plan on the first of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

***Contributions.*** The following types of contributions are allowable under the Plan:

- Participant Salary Deferral Contributions – Participants may contribute up to 60% of their pretax compensation, subject to limitations. Participant's may also contribute a percentage of their after-tax compensation as a Roth deferral contribution, subject to limitations. A participant's total pre-tax and Roth contributions cannot exceed $23,500 ($31,000 if 50 or older) in calendar year 2025. Under the SECURE 2.0 Act, additional catch-up contributions for participants age 60-63 may also be available. The Plan has an automatic enrollment feature that provides for the following. Unless an eligible employee affirmatively elects otherwise, after 30 days from their date of hire the Company will automatically withhold 3% of their compensation and contribute that amount to the participant's account as a pretax elective deferral contribution. Such automatic withholding will increase annually by 1% until the automatic withholding percentage equals 5% of a participant's compensation.
- Discretionary Matching Employer Contributions – The Employer, in its sole discretion, may make matching contributions each Plan year. Salary deferral contributions were matched 50% up to a maximum of 4% of the participant's compensation for the year ended December 31, 2025.
- Rollover Contributions – Certain amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

***Participant Accounts.*** Each participant's account is credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contribution, if any; (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

***Payment of Benefits.*** Benefits to participants or beneficiaries generally are payable as a lump sum or installments equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than $7,000 may be automatically paid out by the Plan upon termination. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59 1/2, for an active military distribution, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

**Note 1 – Description of the Plan (continued)**

***Investment Options.*** Participants may direct their investments into various mutual funds, a money market fund, and a common collective trust.

***Vesting.*** Participants are always fully vested in their salary deferral contributions, rollover contributions, and any earnings thereon. Vesting in Employer discretionary matching contributions occurs according to the following schedule:

| Years of Vesting Service | Vested Percentage |
|---|---|
| 0 | 0% |
| 1 | 25% |
| 2 | 50% |
| 3 | 100% |

***Forfeitures.*** When certain terminations of participation occur, the non-vested portion of a participant's account represents a forfeiture. Forfeitures can be used to reduce future Employer contributions or can be used to pay administrative expenses of the Plan. During 2025, no forfeitures were used for either of these purposes. As of December 31, 2025 and 2024, unutilized forfeitures totaled $64,291 and $3,626, respectively.

***Participant Revenue Credits Account.*** The Plan maintains a participant revenue credit account ("RCP Account") that is used to offset administrative expenses of the Plan. The balance in the RCP account was $4,761 and $4,075 as of December 31, 2025 and 2024, respectively.

***Notes Receivable from Participants.*** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (10 years if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions.

**Note 2 – Summary of Significant Accounting Policies**

***Basis of Accounting and Use of Estimates.*** The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition.*** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

**Note 2 – Summary of Significant Accounting Policies (continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants*.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

***Contributions.*** Participant contributions and related Employer matching contributions are recognized in the period during which the Employer makes payroll deductions from the participant's compensation.

***Benefits Payments*.** Benefits are recorded when paid.

***Expenses*.** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are recordkeeping charges, account maintenance fees, and other administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments. As further discussed in Note 1, the Plan provides for participant revenue credits which are used to offset the Plan's administrative expenses. For the year ended December 31, 2025, the Plan's administrative expenses and participant revenue credits netted to $38,295, which consisted of $39,191 of administrative expenses and $896 in participant revenue credits.

**Note 3 – Fair Value Measurements**

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

***Level 1***. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

***Level 2*.** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Note 3 – Fair Value Measurements (continued)**

***Level 3***. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

During 2025, the valuation methodology used to value the common collective trust ("CCT") changed from using net asset value ("NAV") as the practical expedient to quoted NAV. The fair value measurement tables below as of December 31, 2025 and 2024, have been updated to reflect this change. This change in the valuation methodology for the CCT had no effect on net assets available for benefits as of December 31, 2025 and 2024, or the net increase in net assets available for benefits for the year ended December 31, 2025.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds, the common collective trust ("CCT"), and the money market fund are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

| | Fair Value Measurements at December 31, 2025 | | | |
|---|---|---|---|---|
| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |
| **Mutual Funds** | $ 34,910,812 | $ - | $ - | $ 34,910,812 |
| **Common Collective Trust** | 1,662,299 | - | - | 1,662,299 |
| **Money Market Fund** | 658,382 | - | - | 658,382 |
| **Total Assets at Fair Value** | $ 37,231,493 | $ - | $ - | $ 37,231,493 |

**Note 3 – Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

| | Fair Value Measurements at December 31, 2024 | | | |
|---|---|---|---|---|
| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |
| **Mutual Funds** | $ 32,268,620 | $ - | $ - | $ 32,268,620 |
| **Common Collective Trust** | 1,946,579 | - | - | 1,946,579 |
| **Money Market Fund** | 278,487 | - | - | 278,487 |
| **Total Assets at Fair Value** | $ 34,493,686 | $ - | $ - | $ 34,493,686 |

**Note 4 – Certified Information**

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown in the supplemental schedules.

**Note 5 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

**Note 6 – Tax Status**

The Company has adopted an FMR, LLC non-standardized pre-approved profit sharing plan document ("pre-approved plan"). The pre-approved plan received an opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan and the pre-approved plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2025 and 2024. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 7 – Reconciliation to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

| | 2025 |
|---|---|
| Net assets available for benefits per the financial statements | $ 37,418,152 |
| Add: deferred contributions | 75,396 |
| Net assets available for benefits per the Form 5500 (unaudited) | $ 37,493,548 |

The following is a reconciliation of Employer and participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2025:

| | Employer Contributions | Participant Contributions |
|---|---|---|
| Amounts per the financial statements | $ 351,743 | $ 1,445,573 |
| Add: 2025 deferred contributions | 11,588 | 63,808 |
| Amounts per the Form 5500 (unaudited) | $ 363,331 | $ 1,509,381 |

**Note 8 – Party-In-Interest Transactions**

Certain Plan investments are shares/units of mutual funds and a money market fund offered by a related entity of Fidelity Management Trust Company. As Fidelity Management Trust Company is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

**Note 9 – Nonexempt Prohibited Transactions**

During 2023, 2024, and 2025, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted to the Plan's trust. The Company corrected the 2023 late contributions in April 2025 by remitting lost earnings into the Plan's trust. The Company intends to correct the 2024 and 2025 late contributions and loan repayments by remitting lost earnings into the Plan's trust as soon as administratively feasible.

**Note 10 – Concentrations, Risks, and Uncertainties**

The Plan provides for various investment options in mutual funds, a money market fund, and a common collective trust. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2025 and 2024, there were / was three and one investment(s), respectively, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2025.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

**Note 11 – Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.
