Independent Auditor's Report

Plan Administrator and Participants
The Sabre GLBL Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Sabre GLBL Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Contributions as of and for the year ended December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

General

The Sabre GLBL Inc. 401(k) Savings Plan (the "Plan") is a defined contribution plan for certain employees of Sabre GLBL Inc. (the "Plan Administrator" or "Plan Sponsor"), the direct subsidiary of Sabre Holdings Corporation, and other participating employers. Unless otherwise indicated, references herein to "Sabre" or the "Company" include Sabre Holdings Corporation and its consolidated subsidiaries.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Document and the Summary Plan Description for more complete information.

The Plan allows tax-deferred savings by eligible employees to provide funds for their retirement. The Plan is intended to meet the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"), as well as the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Benefits Administration Committee ("BAC") and the Benefits Investment Committee ("BIC"), whose members are appointed by the Board of Directors of Sabre or its designee. Fidelity Investments Institutional Operations Company, Inc. and Fidelity Management Trust Company ("Fidelity") are the record keeper and trustee, respectively, of the Plan.

The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keeping accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

Contributions

The Plan is voluntary and provides that each participant may elect to allow the Company to deduct from the participant's compensation contributions to the Plan as provided by the provisions of the Plan, on either a pretax or after-tax ("Roth") basis, to a combined maximum of 50% of compensation, as defined by the Plan. Such contributions are subject to certain annual limitations in accordance with provisions of the Code.

Substantially all employees are eligible to participate in the Plan on their date of hire after completing one hour of service. Employees hired or rehired on or after January 1, 2006, will be automatically entered into the Plan 60 days after completing one hour of service for the Company at a pretax contribution rate of 3% of compensation, as defined by the Plan, unless the employee specifically opts out of the Plan or elects a different contribution percentage. If no change is made during the 60-day opt-out period, the pretax contribution level will remain at 3% until the participant makes a subsequent election. Sabre makes a matching contribution for each participant in an amount equal to 100% of the first 6% of a participant's eligible compensation, as defined, contributed to the Plan.

1. Plan Description (Continued)

Contributions (Continued)

The Plan allows eligible participants who are age 50 and older during the year to make catch-up contributions, which is intended to give employees who are approaching retirement age the opportunity to make additional contributions. Such contributions are subject to certain limitations in accordance with provisions of the Code. Participants may elect to designate all or any portion of their catch-up contributions as Roth contributions. The Company matching contributions do not apply to catch-up contributions.

Participants are always 100% vested in their own contributions, including any investment earnings or losses on those contributions. Participants are also 100% vested in any Company safe harbor matching contributions, which may include matching contributions before 2006 and any related investment earnings or losses. Participants hired prior to January 1, 2008, are immediately vested in their contributions and the related Company matching contributions, plus earnings thereon. For automatic employer contributions made prior to January 1, 2006, full vesting in the Company automatic employer contribution portion of each participant's account, plus earnings thereon, occurs after three years of service (33 1/3% each year), as defined by the Plan. During the years ended December 31, 2025 and 2024, $318,871 and $949,508 respectively, of forfeitures were used to reduce the employer matching contribution and $316,236 and $381,357, respectively, of forfeitures were used to pay plan administrative expenses. Unallocated forfeitures at December 31, 2025 and 2024, totaled $313,166 and $446,704, respectively. Effective January 1, 2008, the Plan was amended with regard to employees first hired on or after January 1, 2008, to apply 0% vesting in Company matching contributions, plus earnings thereon, until they complete two consecutive years of service, at which time they become 100% vested in these contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of investment income, distributions and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Self-directed brokerage accounts are intended for sophisticated investors who are willing to take on additional risk and are prepared to assume the responsibility of more closely monitoring their portfolio. This balance consists of interest-bearing and non-interest-bearing cash, certificates of deposit, common and preferred stocks, options, rights and warrants, corporate bonds, government bonds, exchange traded funds and registered investment companies (mutual funds).

1. Plan Description (Continued)

Distributions

In accordance with the Plan document, and as allowed under Section 401(k) of the Code, distributions of participants' vested account balances are available upon retirement, death, disability, or separation from service. In-service withdrawals are available from vested account balances after attaining age 59 ½ and from pretax and catch-up contributions in amounts necessary to satisfy a financial hardship, as determined by the Administrator in accordance with the Plan and the provisions of the Code. Participants may withdraw any after-tax and rollover contributions at any time. Federal law requires that minimum payment of account balances begin no later than April 1 of the calendar year following the year in which the participant attains age 70½, age 72 if you attain age 70½ after December 31, 2019, or retire from the Company, if later.

Notes Receivable from Participants

The Plan allows loans of up to 50% of each participant's vested account balance (as defined by the Plan), subject to a maximum of $50,000, at interest rates determined by Fidelity. The minimum amount that may be borrowed from the Plan is $500, and up to two loans may be outstanding under the Plan at one time. For each loan, an initiation fee of $50 is charged to the participant's account. Generally, loans shall be repaid within five years of the date on which the loan is made, except for the purchase of a principal residence, which must be repaid within 15 years. The loans are secured by the balance of the participant's account and bear interest rates that range from 3.25% to 8.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are repaid through payroll deductions.

Plan Termination and Partial Plan Termination

While Sabre has not expressed any intent to discontinue the Plan, the Board of Directors of Sabre may terminate the Plan for any reason, at any time, subject to the provisions of ERISA and the Code. If the Plan is terminated, each participant will become fully vested in his or her respective account balance.

As a result of a reduction in the Plan Sponsor's workforce in 2023, Plan management determined that the Plan experienced a partial plan termination as defined by ERISA on January 1, 2024. Under ERISA, a partial plan termination may occur if a significant percentage of the participants are terminated because of an action taken by the Plan Sponsor. When the partial plan termination occurred, affected participants became fully vested in the Company contribution portion of their accounts, but the remaining participants' vesting will continue to be determined per the Plan's provisions. As a result, participants affected by a partial plan termination have been updated to be 100% vested in their accounts.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Expenses

Distribution fees are charged directly to the requesting participant's account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Expense that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Valuation of Investments

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest and other income are recorded on the accrual basis.

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

2. Summary of Significant Accounting Policies (Continued)

Investment Income

Investment income is allocated to participants' accounts based on their pro rata balances within each fund.

Net Appreciation (Depreciation) in Fair Value of Investments

The net appreciation (depreciation) in fair value of investments includes realized and unrealized investment gains and losses on investments bought and sold as well as held during the year. Realized gains or losses on the disposal of securities are determined on the average cost of securities sold, while unrealized gains and losses are determined based on the average cost of securities held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The allowance for credit losses is not material at December 31, 2025 and 2024.

Contributions

Contributions are recorded when payroll deductions are made for Plan participants and funded to the Plan.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules. As described above, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2025 and 2024:

	2025	2024
Investments at fair value:		
Registered investment companies (mutual funds)	$ 338,998,127	$ 320,908,578

Total receivables	5,452,769	5,780,019
	$ 1,122,370,281	$ 1,073,019,800

	Years Ended December 31,	
	2025	2024
Investment income:		
Interest and dividends	$ 5,582,657	$ 5,468,327
Net appreciation in fair value of investments	163,870,098	145,123,282
	$ 169,452,755	$ 150,591,609

Such information was obtained by management and agreed to or derived from the information certified as complete and accurate by a qualified institution.

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated August 20, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

4. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2025 and 2024, there were no significant transfers in or out of levels 1, 2 or 3.

5. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Common/collective trusts: Valued at the NAV as reported by the trust managers as of the financial statement dates, which may reflect recent transaction prices. In general, there are no restrictions as to the redemption of these common/collective trusts, nor does the Plan have any contractual obligation to further invest in any of these common/collective trusts.

Interest-bearing cash: Valued at the NAV of shares held by the Plan at year-end.

Certificates of deposit and corporate bonds: Valued at amortized cost, which approximates fair value given the short-term maturity dates.

Fixed income securities: Valued at the NAV of units held by the Plan at year-end.

Common and preferred stocks, options, rights and warrants: Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange traded funds: Valued at the NAV of units held by the Plan at year-end.

Self-directed brokerage accounts: Consists primarily of interest-bearing cash, certificates of deposit, common and preferred stocks, options, rights and warrants, corporate bonds, exchange traded funds and registered investment companies (mutual funds), valued using the methodologies described previously.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 1,829,522	$ -	$ -	$ 1,829,522

Self-directed brokerage accounts:

Preferred stocks	28,204	-	-	28,204
Registered investment companies	54,016,952	-	-	54,016,952

The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

6. Notes Receivable from Participants

Note receivable from participants are due at various dates through December 2040. Payments include interest at a reasonable and fair rate based on the prevailing rates charged by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan. Notes receivable from participants earned interest of $383,747 and $379,971 for the years ending December 31, 2025 and December 31, 2024, respectively.

7. Reportable Transactions

During the years ended December 31, 2025, there were no loans in default or uncollectible, investment assets acquired or disposed of within the Plan year, or non-exempt transactions with parties-in-interest, which would require supplemental presentation under United States Department of Labor regulations.

8. Prohibited Transactions

During the year ended December 31, 2025, the Plan inadvertently failed to deposit $1,094 of participant deferrals with the required time frame as stated by the DOL. These amounts remain uncorrected as of December 31, 2025, The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which are reportable each year until fully corrected. As such, these amounts are presented in the supplemental schedule of delinquent participant contributions included in these financial statements.

9. Recent Legislation

In December 2022, Securing a Strong Retirement Act ("SECURE 2.0") was passed into law. This package of laws builds on the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. SECURE 2.0 covers numerous changes to retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement savings plans. The provisions include both required and optional elements and the Plan Administrator will determine the optional provisions to elect. The United States Department of the Treasury and the Internal Revenue Service continue to issue guidance and regulations implementing provisions of SECURE 2.0. Many of the provisions in SECURE 2.0 were effective in 2024 and 2025, but it will not be completely implemented until 2028. The deadline for amending plan documents has been extended to December 31, 2026, and as such, the Company is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and its participants.

10. Subsequent Events

Management has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

On June 3, 2025, the Plan Sponsor completed a sale of its Hospitality Solutions business. As a result of this transaction, the 401(k) plan assets attributable to participants associated with the Hospitality Solutions division were transferred to a newly established 401(k) plan, sponsored by a new plan sponsor. The transfer of these assets amounted to approximately $73,367,927 and was completed on January 2 and January 26, 2026.

On February 28, 2026, the Plan Sponsor incurred a reduction in workforce. Plan management is currently evaluating the impacts of this reduction in workforce and determining if a partial plan termination occurred as a result.
