Superior Air-Ground Ambulance Service, Inc. Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Superior Air-Ground Ambulance Service, Inc. Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2025, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Superior Air-Ground Ambulance Service, Inc. Profit Sharing 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established January 1, 1988, and maintained for the benefit of eligible employees of Superior Air-Ground Ambulance Service, Inc. (the Company or Employer), most recently amended on November 28, 2023, and effective January 1, 2024.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the trustee for the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025.

Eligibility: Eligible employees include all nonunion, full-time employees who are 18 years of age or older and have completed 60 days of eligible service with the Company. The Plan provides that these eligible employees enter the Plan upon meeting these eligibility requirements. The Plan provides for automatic enrollment at a deferral rate of 3% of compensation, as defined by the Plan, unless an eligible employee elects otherwise. The Plan also provides for automatic escalation of 1% each year unless an eligible employee elects otherwise, until it reaches 6% of compensation. The same eligibility requirements for full-time employees apply to discretionary matching contributions and discretionary employer contributions. The Plan also includes all part-time employees of the Company who have worked 500 hours in a 12-month period and are age 18 or older. Part-time employees who have worked 1,000 hours in a 12-month period and are 18 or older are eligible for the discretionary matching contributions and discretionary employer contributions.

Contributions: The Plan provides for the following contributions, which are to be maintained in separate accounts for each participant:

Elective salary deferral contributions: Elective salary deferral contributions are allowed up to the statutory limit provided by the requirements of the Internal Revenue Code (IRC). Participants can elect deferrals as pretax or after-tax (Roth) contributions. Participants who are age 50 and older and are contributing the maximum amount permitted by the Plan can make additional salary deferrals called catch-up contributions.

Discretionary employer matching contributions: The amount to be contributed by the Employer is at the discretion of the Employer. For 2025, the Employer made contributions of 25% of the first 6% of all employee deferral elections.

Discretionary employer contributions: The amount to be contributed by the Employer is at the discretion of the Employer. No discretionary employer contributions were made in 2025.

Additional non-discretionary employer contributions: The amount to be contributed by the Employer is for employees who provide fire protection and emergency service to the city of Elwood, Illinois and is determined by the Plan Sponsor. For 2025, the additional contribution was based on such participant's job classification, as defined by the Plan. For 2025, the Employer contributed approximately $250,000.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Note 1. Plan Description (Continued)

Participants' accounts: Each participant's account is credited with the participant's contributions and discretionary Employer matching contributions, as well as allocations of discretionary Employer contributions, additional Employer contributions, if any, and plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings or account balances, or specific participant transactions as defined. Allocation of administrative expenses of the Plan is based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income is allocated daily.

Participant investment options: Upon enrollment in the Plan, a participant directs their account balances to be invested in selected funds as made available and determined by the Employer. Participants are allowed to change their investment options on a daily basis.

Vesting: Participants are immediately vested in their employee-directed salary deferral, rollover contributions, additional Employer contributions and earnings thereon. Vesting in the Company's discretionary employer matching contributions and discretionary employer contributions, plus actual earnings thereon, is based on years of credited service (with 20% vesting for each year of service) and date of termination as described by the Plan.

Forfeitures: Participants are automatically fully vested upon normal retirement, death or permanent disability. In the event of termination of employment before full vesting, the nonvested portion is immediately forfeited. The amount of the participant's account forfeited will be reinstated provided the participant resumes employment prior to incurring a break in service, as defined in the Plan agreement. Amounts forfeited during the year will be used to pay plan expenses or reduce employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $120,500 and $121,500, respectively. During 2025, approximately $109,800 was forfeited by participants, $21,000 in earnings increased the forfeited nonvested accounts, and $131,200 and $600 of forfeitures were used to reduce employer matching contributions and administrative expenses, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may not have more than one note outstanding at any given time. Notes receivable from participants are made in accordance with the Plan's provision and ERISA regulations whereby interest is calculated and allocated to the individual participant. Notes are repayable over a period ranging from one to five years or up to 20 years for the purchase of a primary residence, through employee payroll deductions. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the note was funded. Interest rates were 3.25% to 8.50% for all loans outstanding at December 31, 2025.

Note 1. Plan Description (Continued)

Payment of benefits: If the participant terminates service due to death, disability or retirement, a participant may elect to receive the amount equal to the value of the participant's vested interest in their accounts in a lump-sum cash distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. For vested account balances exceeding $5,000, the participant may elect to postpone their distribution until the required distribution age or if the account balance is less than $5,000 the benefit payment will be made regardless of whether the participant consents to receive it in the form of a lump sum. In addition, participants who have attained the age of 59½ have the right to an in-service withdrawal for all or a portion of the salary deferrals. Distributions of rollover contributions may be taken at any time. Upon the later of a participant's attainment of age 73 or separation from service, minimum required distributions must be taken. As of December 31, 2025 and 2024, there were no amounts due to terminated participants who have requested distribution or rollover of their account balances. A participant may also receive a distribution of his or her elective deferral contributions if the participant has a financial hardship, as defined by the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported as net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value, except for the guaranteed income fund, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transaction under the terms of the Plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Payment of benefits: Benefit payments to participants are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year), that was prepared by or derived from information certified and provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule of assets (held at end of year) related to the following:

	2025	2024
Units of common/collective trusts at fair value	$ 65,842,143	$ 52,500,553
Guaranteed income fund at contract value	1,116,776	1,098,648
Shares of registered investment companies (mutual funds) at fair value	12,596,106	12,501,955
Notes receivable from participants	2,143,858	2,015,910
Net appreciation in fair value of investments	10,427,215	
Interest and dividends	873,399	
Interest income on notes receivable from participants	141,648	

Note 4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value measurements and Disclosures, establishes as framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Shares held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating the fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

Investments measure at NAV (a)				52,500,553
Investments at fair value				$ 65,002,508

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2025 and 2024.

Investment	Fair Value 2025	Fair Value 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of common/collective trusts	$ 65,842,143	$ 52,500,553	$ -	Monthly	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Investment Contract With Insurance Company

The Plan maintains a fully benefit-responsive investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed income fund contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest and adjusted rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed semiannually by Principal Life Insurance Company.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participants' accounts and distributed in such manner as the Employer may determine.

Note 7. Related-Party and Party-In-Interest Transactions

The Employer pays certain administrative expenses of the Plan. In addition, certain administrative functions are performed by employees of the Employer for which no compensation is received from the Plan.

Certain Plan investments are managed by Principal Life Insurance Company, which is affiliated with the trustee. Accordingly, these transactions are deemed party-in-interest transactions. Fees paid to Principal Life Insurance Company amounted to $475,185 for the year ended December 31, 2025.

Note 8. Income Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with a Cash or Deferred Arrangement (the Pre-Approved Plan) sponsored by Principal Life Insurance Company. The Pre-Approved Plan has received an opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the Pre-Approved Plan's qualified status. The Pre-Approved Plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving this letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 10. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit $8,300 of participant contributions and loan repayments within the required time frame as stated by the United States DOL's rules and regulations. The Plan Sponsor deposited lost earnings to correct this failure and paid excise taxes in 2025. The correction and payment of excise taxes was made from the Plan Sponsor's assets and not from assets of the Plan.

Note 11. Reconciliation of Financial Statements to Form 5500
