Independent Auditors' Report

To the Administrator of the
Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan
450 W. Reynolds Road
Lexington, Kentucky 40503

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted audit standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Lexington Christian Academy, Inc. (Organization) 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Lexington Christian Academy, Inc. sponsors the Lexington Christian Academy, Inc. 403(b) Retirement Savings Plan, an ERISA-covered defined contribution retirement savings plan for eligible employees of the Organization, a tax-exempt organization described in IRC § 501(c)(3). The Plan operates on a calendar plan year ending December 31. The Plan was updated and restated effective January 1, 2025. Employees are generally eligible to make elective deferrals, including Roth elective deferrals, upon hire, subject to plan exclusions. Eligibility for employer matching and nonelective contributions is subject to separate age, service, entry-date, and exclusion provisions under the Plan.

Plan Amendment

The Plan was amended and restated effective January 1, 2025. Effective January 1, 2025, the Plan was amended to clarify that the Organization may make discretionary nonelective contributions to the Plan. Whether a nonelective contribution is made, and the amount of any such contribution, is determined annually by the Plan Administrator. Nonelective contributions, if any, are made after the end of the Plan Year and are allocated using the New Comparability—One Group per Participant allocation method. To receive a nonelective contribution for a Plan Year, an employee must be employed on the last day of the Plan Year, subject to the terms of the Plan. For the year ended December 31, 2025, the Organization did not make a discretionary nonelective contribution.

Effective January 1, 2025, the Plan was amended to change the vesting of employer nonelective contributions to a graded schedule of 0%, 25%, 50%, 75%, and 100% based on one to four years of vesting service, as defined in the Plan. Unvested nonelective contributions are forfeited upon termination of employment and may be used to reduce employer contributions and/or pay Plan administrative expenses, subject to the terms of the Plan. For the year ended December 31, 2025, there were no forfeitures from nonelective contributions.

Effective January 1, 2025, the Plan was amended to provide that distributions following severance from employment are made in cash as a lump sum and that annuity distributions are not permitted. The Plan was also amended to provide that in-service withdrawals are permitted only from fully vested accounts, subject to the terms of the Plan. These amendments affect the form of benefit payments and the administration of in-service distributions. Benefits paid to participants during the year ended December 31, 2025 were $799,464.

Contributions

Participants may contribute amounts to the Plan through pre-tax elective deferrals and Roth elective deferrals, subject to limitations under the Internal Revenue Code. Employees are generally eligible to make elective deferrals immediately upon hire, subject to the exclusions specified in the Plan document.

Eligibility for employer matching and nonelective contributions begins on the first day of the Plan quarter coinciding with or next following satisfaction of age 21 and 1,000 hours of service in a 12-month period, subject to the exclusions specified in the Plan document.

For 2025, elective deferrals are limited to $23,500, plus an additional catch-up contribution of $7,500 for participants age 50 or older. Total annual additions to a participant's account, excluding catch-up contributions, are limited to the lesser of 100% of eligible compensation or $70,000.

Note 1 – Description of Plan (Continued)

Contributions (Continued)
The Organization may make discretionary matching contributions to the Plan. The amount of any matching contribution, and whether a matching contribution is made, is determined annually by the Plan Administrator. For the year ended December 31, 2025, the Organization made a discretionary matching contribution equal of up to 3% of eligible compensation.

The Organization may also make discretionary nonelective contributions to the Plan after the end of the Plan Year. For the year ended December 31, 2025, the Organization did not make a discretionary nonelective contribution. Any nonelective contributions for the 2025 Plan Year are allocated using the New Comparability—One Group per Participant allocation method. To receive a nonelective contribution for the 2025 Plan Year, an employee must be employed on the last day of the Plan Year, subject to the terms of the Plan document.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options among those investments provided at any time during the Plan year.

Vesting
Participants are immediately 100% vested in their elective deferrals, Roth elective deferrals, rollover contributions, and employer matching contributions, plus related earnings or losses thereon.

Participants vest in employer nonelective contributions, plus related earnings or losses thereon, based on years of vesting service as follows:

Year(s) of Service	Vesting Percentage
Less than one	0%
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants
Participants may acquire loans on the vested portion of their account balances. The loan minimum is $1,000 and cannot exceed the lesser of $50,000 or 50% of the vested amount. The maximum loan term is five years, unless the loan is for the purchase of a principal residence. Principal and interest are paid ratably through bi-monthly payroll deductions. The loans are secured by the balance in the participant's account and bear interest at 1% over prime, which is commensurate with prevailing rates. Loans are considered delinquent if payments are not made at the end of the first quarter following the quarter in which the payment is due.

Forfeited Accounts
Balances in forfeiture accounts can be used to reduce any Organization discretionary contributions. In 2025 and 2024, there were no forfeited accounts.

Note 1 – Description of Plan (Continued)

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's interest in his or her account, or, if permitted under the Plan at the time of distribution, an alternative form of payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements are prepared on the accrual method of accounting in accordance with generally accepted accounting principles.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. Loans are considered delinquent if payments are not made at the end of the first quarter following the quarter in which the payment is due. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charges directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Fully Benefit-responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with Standard Insurance Company ("SIC"). SIC maintains the contributions in a general account. The general account is credited with interest on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed interest investment contract is included in the financial statements at contract value as reported to the Plan by SIC. Contract value represents contributions made under the contract, plus earnings, less

Note 3 – Fully Benefit-responsive Investment Contract (Continued)

participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The fixed interest investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Crediting interest rates for the fixed interest investment contract are set by SIC using a process similar to that used by banks or other insurance companies for similar products, taking into account yield forecasts from SIC's asset advisory group and the margins required for business. The crediting interest rate is based on a formula agreed upon with the issuer and is guaranteed not to drop below 1.00%. Such interest rates are reviewed on a quarterly basis for resetting. The fixed interest investment contract permits SIC to terminate the agreement with 30 days advance written notice to the contract owner for reasonable cause.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

i. Quoted prices for similar assets or liabilities in active markets;
ii. Quoted prices for identical or similar assets or liabilities in inactive markets;
iii. Inputs other than quoted prices that are observable for the asset or liability;
iv. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2025 and 2024.

> Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024.

Fair Value Measurements at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,068,873	$ -	$ -	$ 9,068,873
Investments, at fair value	$ 9,068,873	$ -	$ -	$ 9,068,873

Fair Value Measurements at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,033,301	$ -	$ -	$ 8,033,301
Investments, at fair value	$ 8,033,301	$ -	$ -	$ 8,033,301

Note 5 – Related-Party Transactions

Administrative expenses paid by the Plan sponsor for investment management services were $9,514 for the year ended December 31, 2025.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Internal Revenue Service has determined and informed the Organization by a letter dated March 21, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan provides for various investment options in any combination of registered investment companies and common/collective trust funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 9 – Custodial Certification

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments from participants held at December 31, 2025, and 2024, and investment increase for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank (the custodian of the Plan).

Assets held at year end:

	2025	2024
Non-interest bearing cash	$ 625	$ 101
Investments, at contract value	456,246	392,829
Investments, at fair value	9,068,873	8,033,301
Total	$ 9,525,744	$ 8,426,231
Investment Increase (net)	$ 1,345,540	

Note 10 – Subsequent Events

The Organization has evaluated subsequent events through October 9, 2026, the date which the financial statements were available to be issued.
