Plan Administrator and Participants
VP Supply Corporation 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of VP Supply Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of VP Supply Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VP Supply Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VP Supply Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the VP Supply Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VP Supply Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VP SUPPLY CORPORATION 401(K) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan

The following description of the VP Supply Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on May 15, 1968 and is a salary reduction plan pursuant to Section 401(K) of the Internal Revenue Code. It covers substantially all employees of V.P. Supply Corporation (the Company) who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Each employee of the Company shall be entitled to make his or her own contributions (elective deferrals) to the Plan upon completion of two months of continuous service and also upon attaining age 21. In addition, each employee shall be entitled to receive employer discretionary matching contributions, employer discretionary profit sharing contributions, and employer qualified discretionary contributions. Employees are entered the first day of the month coincident or next following the satisfaction of the eligibility requirements.

Effective January 1, 2024, an eligible automatic enrollment policy was added to the plan. Under this policy, unless an eligible employee affirmatively elects otherwise, his/her compensation will be reduced by a flat 6% as a pre-tax deferral to the Plan. Any employee may opt out of the automatic enrollment provision through a signed election. Any employee that is auto-enrolled and chooses to opt-out, can request to have their contributions returned within a 90-day period from their enrollment date.

Contributions

Participants may elect to defer a portion of their salary into the Plan as qualified pre-tax contribution or as an elective after-tax Roth contribution at their own discretion. The maximum contribution each participant may make in each year is subject to federal limits.

During 2025 and 2024, qualified pre-tax contributions totaled $1,482,477 and $943,447, respectively. During 2025 and 2024, elective after-tax Roth contributions totaled $146,521 and $150,156, respectively.

Each year, the Company may make matching contributions on behalf of each eligible participant in an amount designed by its Board of Directors. For 2025 and 2024, the Company elected to make matching contributions equal to 25% of the participant's elective deferrals up to 6% of compensation. During 2025 and 2024, matching contributions, net of forfeitures applied, totaled $302,240 and $180,693, respectively.

1. Description of Plan (Continued)

Contributions (Continued)

The Company may also decide each plan year to make a discretionary profit sharing contribution (non-elective contribution) on behalf of the eligible participants as determined annually by the Board of Directors. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution, the participant must be credited with more than 500 hours of service during the plan year and be employed on the last day of the plan year. During 2025 and 2024, discretionary profit sharing contributions amounted to $2,759 and $-0-, respectively.

The Company may also contribute an amount which it designates as a qualified discretionary contribution (qualified non-elective contribution). This contribution may be included in the actual deferral percentage test or the actual contribution percentage test. Discretionary contributions shall be made by employee classification, with each participant in a separate class, and are not limited to profits. During 2025 and 2024, the Company made no qualified discretionary contributions.

In addition, upon hire, participants may transfer funds from other qualified plans with the consent of the plan administrator.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s contribution(s) and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants’ vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals as well as earnings thereon. Vesting in the employer discretionary matching and profit-sharing contributions is based on years of continuous service.

Vesting on these contribution types is determined in accordance with the following schedule:

Years of Service (1,000 or More Hours of Service in a Plan Year)	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. Description of Plan (Continued)

Vesting (Continued)

A participant is 100% vested if the following occurs while the participant is an employee: attainment of early retirement age, death or disability.

Payment of benefits

Upon termination of service due to death, disability, termination or retirement, the entire account balance, if less than $1,000, will be distributed in the form of a lump-sum payment. If the account balance is greater than $1,000, the participant may choose a lump-sum distribution or to receive required minimum distributions as permitted under the Internal Revenue Code.

The plan permits participants who have attained the age of 59½ and are still employed by the Company to obtain distributions from their vested accounts.

Withdrawals are permitted in cases of financial hardship as provided for in the Plan and in government regulations. After-tax Roth deferrals are eligible for hardship withdrawals.

Forfeited accounts

Forfeitures arising under the Plan may, at the Company's discretion, be used for payment of the Plan's administrative expenses or to reduce the Plan sponsor's contributions, subject in some cases to a five-year suspension for a break in service. For the years ended December 31, 2025 and 2024, forfeitures activity consisted of the following:

	2025	2024
Forfeitures available for use, beginning of year	$ 10,670	$ 4,931
Forfeitures generated	17,610	5,202
Miscellaneous forfeitures deposits	1	174
Earnings and other credits on forfeitures	549	363
Forfeitures used to pay for plan expenses	(10,750)	-
Forfeitures available for use, end of year	$ 18,080	$ 10,670

Notes receivable from participants

The Plan allows participants to borrow funds from their accounts. Loans must be a minimum of $1,000 and may not exceed the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts. Each loan shall bear interest at the prime rate plus 2%. The prime rate of interest was 6.75% at December 31, 2025. Repayments of principal and interest are made through payroll withholding. At any time, no more than two loans may be outstanding from the Plan to a participant.

1. Description of Plan (Continued)

Administrative expenses

Record keeping, tax filing, and loan origination costs are paid by the Plan. The plan sponsor has elected to pay the audit fees of the Plan. Investment commissions are paid from the Plan's assets and are charged directly to the related investment earnings in the year incurred. For 2025 and 2024, administrative expenses consisted of the following:

	2025	2024
Total administrative expenses	$ 32,387	$ 28,776
Less: Expenses paid by plan sponsor	-	10,500
	$ 32,387	$ 18,276

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for plan benefits and changes in those net assets.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Group annuity contract: Valued at the contract value of the underlying investments, which approximates fair value. The fund may invest in fixed interest insurance contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

Pooled separate accounts: Valued at quoted market prices which represent the net asset value of units held by the Plan at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2022.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent plan year and September 15, 2026, the date the financial statements were available to be issued.

3. Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance & Annuity Company and Voya Services Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits and the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The value of other investments not included in the fair value hierarchy as of December 31, 2025 and 2024 consisted of:

	2025	2024
Group annuity contract	$ 391,857	$ 420,045
Pooled separate accounts	14,586,176	11,208,546
	$ 14,978,033	$ 11,628,591

5. Related Party Transactions

The Plan invests in a group annuity contract and pooled separate accounts managed by affiliates of Voya Financial. Voya Retirement Insurance & Annuity Company acted as the trustee for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions, which were exempt from prohibited transaction rules. Administrative fees paid to Voya Retirement Insurance & Annuity Company amounted to $6,575 and $3,925 for the years ended December 31, 2025 and 2024, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.
