INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Carmeuse Lime, Inc. 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Carmeuse Lime, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Carmeuse Lime, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan for salaried and non-bargained hourly employees of Carmeuse Lime, Inc. and its subsidiaries (Company), as defined in the Plan Document, and was established to encourage and assist employees in adopting a regular savings program to provide for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes an auto-enrollment provision wherein all newly eligible employees are automatically enrolled in the Plan on the first day of the first payroll period beginning on or after the 60th day of employment unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Participants may create an auto-increase program to gradually increase their contribution rate each year; participants who were automatically enrolled may be enrolled in an auto-increase program, which resets every April 1 up to a maximum of 8% of a participant's eligible compensation.

Contributions - Plan participants may contribute up to 75% of their compensation to the Plan in any combination of pre-tax or Roth contributions. Combined pre-tax and Roth contributions are subject to a $23,500 limitation for 2025 under the Internal Revenue Code (IRC). The Company matches participant contributions in amounts equal to 100% of elective deferrals made by the participant up to a maximum of 6% of eligible compensation as defined in the Plan Document. These matching contributions are intended to satisfy the safe harbor methods permitted by the IRC Section 401(k)(12) and 401(m)(11). Additionally, Plan participants who are age 50 or older are permitted to make pre-tax and Roth catch-up contributions to the Plan in accordance with federal tax laws and limitations. For 2025, combined pre-tax and Roth catch-up contributions are limited to $7,500 under the IRC. Catch-up contributions are eligible for employer matching contributions. In addition, the Company makes a profit-sharing contribution of up to 2% of participant compensation for all eligible employees employed by the Company on December 31 of the Plan year, contingent upon the Company's achievement of an annual earnings and cash flow target. The profit-sharing contribution, recognized as a receivable on the accompanying statements of net assets available for benefits, was approximately $1,357,000 and $1,719,000 for 2025 and 2024, respectively. During 2024, the Company terminated two separate employer-sponsored retirement plans. Participants in those plans became eligible, in 2025, to transfer or roll over their account balances into the Plan. Rollovers from these terminated plans were approximately $2,300,000.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment election for future contributions, the percentage(s) invested in each of these options, or transfer funds among these options on any business day.

Participants' Accounts - Each participant's account is credited with the participant's contribution, Company contributions, plus his or her pro rata share of earnings or losses based upon account balances. The funds charge investment fees, which are calculated as a percentage of the amount invested in the fund. A participant's account is also charged with expenses related to specific transactions, recordkeeping and/or optional investment advisory services elected by the participant. Each account is separated into participant contributions and employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting - Amounts contributed by Plan participants and the employer, plus actual earnings thereon, are fully vested and nonforfeitable, except for the nonelective employer contribution portion of the assets transferred to the Plan as a result of the Mintek merger, which was completed on January 1, 2019. These contributions are subject to a six-year vesting schedule, vesting 20% starting in year two, and an additional 20% in years three through six.

Forfeitures - Forfeitures may be used to reinstate previously forfeited account balances, if any. Any remaining forfeitures may be used to pay the expenses of administering the Plan or to reduce Company contributions, at the discretion of the Company.

Payment of Benefits - Benefits provided by the Plan are paid from net assets available for benefits at termination of employment, retirement, disability or other severance from service date as defined in the Plan Document. Payment is in the form of a lump-sum payout of the participant's account balance, in installments or partial withdrawals in any amount at any time.

Withdrawals During Service - Hardship withdrawals from the Plan are permitted. A participant may also withdraw all or any specified percentage of the current value of his or her Roth or after-tax contributions and up to 100% of his or her rollover contributions. Participants may withdraw all or a portion of their vested account balance after attaining age 59½. One group of participants is permitted to make additional withdrawals as described in the Plan Document.

Notes Receivable from Participants - Participants may borrow up to 50% of their vested account balance. The minimum amounts are $1,000 and the maximum amounts are the lesser of $50,000 or one-half of the participant's vested balance. A participant is permitted to have up to two loans outstanding. For any new loans beginning July 1, 2018, the Plan was amended to limit the number of loans a participant can have outstanding to one. Loans are required to be repaid, including interest, through payroll deductions, within five years, except those loans used in the purchase of a primary residence. Residential loans have a maximum 15-year repayment period. Loans are secured by the balance in the participant's account and bear interest at the prime lending rate (as published by the Wall Street Journal, Eastern Edition) on the first day of the month in which the loan is processed plus 1%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation - The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Administrative Expenses - Certain expenses incurred in administering the Plan are paid by the Company, at the discretion of The Retirement Plans Committee of Carmeuse Americas and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions, recordkeeping and optional investment advisory services elected by participants are charged directly to the Plan participant's account and are recorded in administrative expenses. All other investment-related expenses are included in the net appreciation in fair value of investments.

Payment of Benefits - Benefits are recorded when paid.

Net Asset Transfers Between Other Company-Sponsored Plans - The Plan presents in the statement of changes in net assets available for benefits the net value of assets transferred into or out of the Plan. Net asset transfers are attributable to participants' accounts transferred between the Plan and the two other Company-sponsored defined contribution plans.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, interest and dividends, interest income on notes receivable from participants, and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity).

NOTE 4 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a money market fund managed by Fidelity, the trustee of the Plan. Transactions in such investments qualify as a party-in-interest, which are exempt from the prohibited transaction rules under ERISA. Fees incurred by the Plan for the investment management services of certain Fidelity funds are included in net appreciation in fair value of the investment. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan in whole or in part at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

NOTE 6 - FEDERAL INCOME TAX

The Plan is a non-standardized pre-approved defined contribution plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the prototype plan is qualified pursuant to the appropriate sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Should the Plan incur penalties and interest related to unrecognized tax benefits, such amounts would be recorded in administrative expenses. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of inputs that may be used to measure fair value are defined as:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 8 - FAIR VALUE MEASUREMENT (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund - Valued at cost, which approximates fair value based on quoted market prices available.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 220,327,387	-	-	$ 220,327,387
Money market fund	7,249,856	-	-	7,249,856
Investments, at fair value	$ 227,577,243	-	-	$ 227,577,243

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 185,391,082	-	-	$ 185,391,082
Money market fund	7,742,427	-	-	7,742,427
Investments, at fair value	$ 193,133,509	-	-	$ 193,133,509

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 13, 2026, the date that the financial statements were issued.

Effective May 27, 2026, the portion of the Mt. Carmel Stabilization Group, Inc. 401(k) Profit Sharing Plan related to Omni Materials, Inc. merged into the Plan.
