Independent Auditor's Report

To the Plan Administrator and Participants
Congruity HR Retirement Savings Plan
Kernersville, North Carolina

Opinion

We have audited the accompanying financial statements of the Congruity HR Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, as listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Congruity HR
Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Congruity HR Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to their employer's respective summary plan description for a more complete description of the Plan's provisions.

General
The Plan is a "multiple-employer" defined contribution plan established by Congruity HR Holding Company, LLC (the "Company" or "Employer"), an investment and holding company of professional employer service providers (the "Affiliates"). The Affiliates operate primarily in the employee leasing industry, executing co-employer agreements with their clients, and offering participation in the Plan through these agreements. Affiliates in the Plan may have different benefit formulas for their participating employees. Accordingly, each adopting affiliate executes an adoption agreement with terms and conditions specific to such employer.

Eligible employees of the Company and its adopting affiliated companies may enter the Plan on various entry dates coinciding with or following the date on which those employees meet the eligibility requirements as outlined within their respective employer adoption agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions
Participants may elect to make before or after-tax contributions, as defined in each company's adoption agreement, not to exceed the limits established by the Internal Revenue Service ("IRS"). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute balances from other qualified plans and certain individual retirement accounts ("rollovers"). Subject to the provisions of each affiliate company's adoption agreement, participants may also receive matching contributions and/or profit-sharing contributions at an amount determined in accordance with the formula(s) specified in the respective agreements.

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered through the Plan. Participants may change their investment options and deferral percentages at any time, in accordance with the provisions specified in the respective agreements.

Participant Accounts
Each participant's account is credited with the participant's and Company's contributions and an allocation of the Plan's net earnings and administrative expenses. Allocations are based on participant contributions, earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions and any Company safe harbor matching contributions plus any earnings thereon. Other Company contributions, including other matching and/or any profit-sharing contributions, vest in accordance with the schedule specified in each employer's adoption agreement.

Payment of Benefits
Upon termination of service due to death, disability, retirement, or separation, a participant or beneficiary will generally receive the value of the vested interest in his or her account in a lump-sum payment. In-service distributions may be made to participants who have reached age 59½. Withdrawals may also be made upon circumstances of hardship, in accordance with plan provisions.

Notes to Financial Statements

1. Description of Plan (Concluded)

Forfeitures
Forfeitures from non-vested participant accounts may be used to offset future Company matching contributions or administrative expenses. Forfeitures of approximately $50,000 and $8,000 were utilized to offset Company matching contributions in 2024 and 2023. Forfeitures of approximately $77,000 and $71,000 were available as of December 31, 2024 and 2023.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Terms are generally up to five years and only two notes may be outstanding at a time. The notes are secured by the vested account balance in the participant's account and bear interest at prime plus 1%. Principal and interest are repaid ratably through payroll deductions.

Administrative Expenses
Certain administrative and investment advisory fees are paid by the Plan. Note origination and withdrawal fees are paid from the affected participant accounts. (Note 7).

2. Summary of Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Management has evaluated events occurring subsequent to the date of the financial statements through October 8, 2026, the date the financial statements were available to be issued, and has determined that no events have occurred that require adjustments to or additional disclosure in the financial statements.

Notes to Financial Statements

3. Transfers

In the normal course of business, the Company and its Affiliates add new participating affiliates to the Plan. As soon as administratively feasible, the assets from the qualified plans are transferred into the Congruity HR Retirement Savings Plan. Similarly, as affiliates leave and adopt a separate qualified plan, assets attributable to these outgoing co-employers are transferred out. Transfers into the Plan totaled approximately $4,242,000 and $4,592,000 in 2024 and 2023, with transfers out of the Plan totaling approximately $515,000 and $7,620,000 in 2024 and 2023.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Income Tax Status

The Plan has adopted a prototype plan document sponsored by Slavic Integrated Administration, Inc. ("Slavic"). The IRS has determined and informed Slavic by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.

7. Party-in-Interest Transactions

Fees paid by the Plan to Slavic for administrative services were approximately $125,000 and $149,000 in 2024 and 2023. Slavic is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Fees paid by the Plan to the Company as the plan administrator were approximately $34,000 and $27,000 in 2024 and 2023.

Fees paid by the Plan to Slavic Mutual Fund Management for investment advisory services were approximately $22,000 in 2024.

8. Fair Value Measurements

The Plan has adopted Accounting Standards Codification 820, "Fair Value Measurements and Disclosures" ("ASC 820"), which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual and money market funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common collective trust funds: Valued at NAV as determined by the issuer using the estimated fair value of the underlying assets, minus liabilities, which are valued primarily through the use of directly and indirectly observable inputs. As the value of these investments is readily determinable, these funds are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2024.

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual and money market funds	$ 22,619,458	$ -	$ -	$22,619,458
Common collective trust funds	-	37,345	-	37,345
	$ 22,619,458	$ 37,345	$ -	$22,656,803

8. Fair Value Measurements (Concluded)

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2023.

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
