INDEPENDENT AUDITORS' REPORT

To the Committee Members
California Giant, Inc. 401(k) Profit Sharing Plan and Trust
Watsonville, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of California Giant, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following description of the California Giant, Inc. 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees who have attained the age of 21 and have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Companies participating in the Plan include California Giant, Inc., Air Giant, LLC, New West Cooling Company, California Giant Cooling, LLC, and Rio Mesa Farms, LLC and its subsidiaries (collectively the "Company").

Effective January 1, 2022 the Plan replaced the profit sharing contribution with a discretionary matching contribution covering all eligible employees who have completed 1,000 hours of service during the Plan year.

Effective January 1, 2026, the Plan was merged into a pooled employer plan (PEP). In connection with the merger, all participant account balances and related plan assets were transferred to the PEP on January 12, 2026 at their January 12, 2026 values.

Contributions: The Company can match and make discretionary payments to the Plan at the option of the Board of Directors. Participants may elect to contribute up to the maximum amount allowable, not to exceed $23,500 and $23,000 ($31,000 and $30,500 if over 50 years of age) for 2025 and 2024, respectively.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, (b) Plan earnings, and (c) fees. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants: The Plan permitted participants to borrow against their vested account balances. Participants could borrow, at a reasonable rate of interest, a minimum of $1,000 up to a maximum of 50% of their vested account balance or $50,000, whichever was less. Generally, loans must be repaid within five years, or by the normal retirement date, whichever is earlier. New participant loans were prohibited, effective February 2012.

Payment of Benefits: Upon termination of service for death, disability or retirement, a participant will be 100% vested in their account and the participant or his/her beneficiary may elect to receive the balance as a lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution or delay withdrawal until a future date.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (continued): The Plan provides that if an employee separates and has a vested balance of less than $7,000, a lump sum distribution to the employee will be made to the employee as soon as administratively practicable. The employee can elect to receive the distribution or roll the distribution over into another retirement plan. Employees who choose to make no election or who cannot be found will have their distribution automatically rolled into an IRA. Hand Benefits & Trust Co. is the trustee/issuer of the IRA the distributions will automatically be rolled into.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contributions takes place immediately upon entry into the Plan. Vesting in the Company's discretionary contributions is based on years of continuous service in the Plan. A participant is vested after years of credited service per the following schedule:

Years of Vesting Service	Percent Invested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Administrative Expenses: Investment management fees and other fees related to investments of the Plan are paid either from the earnings of the Plan's investments or from forfeitures. All other expenses relating to the operation of the Plan are paid by the Company.

Forfeited Accounts: At December 31, 2025 and 2024, unallocated non-vested accounts totaled $3,588 and $22,685, respectively. Amounts forfeited by terminated participants will be used to reduce future employer contributions. During the years ended December 31, 2025 and 2024, forfeitures of $24,746 and $12,626, respectively, were used to reduce employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants: Participant loans are valued at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting for Fully Benefit-Responsive Investments: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute, for that portion of the net assets attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties: The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level or uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 3. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1. Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Following is a description of the valuation methodologies used for assets measured at fair value.
- Level 2. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Money market: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

- Mutual funds: Valued based upon unit values multiplied by the number of units held by the Plan at year-end. The change in unit value is calculated for each underlying mutual fund daily. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded, when available.

NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Money market accounts	$ 2,715	$ --	$ --	$ 2,715
Mutual funds	29,412,982	--	--	29,412,982
	$ 29,415,697	$ --	$ --	$ 29,415,697

December 31, 2024

	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Money market accounts	$ 20,944	$ --	$ --	$ 20,944
Mutual funds	24,933,977	--	--	24,933,977
	$ 24,954,921	$ --	$ --	$ 24,954,921

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on November 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The FASB issued guidance that clarifies the accounting for uncertainty in income taxes recognized in the Plan's financial statements. In addition, the guidance prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the Plan is not subject to income taxes. In addition, it provides guidance on de-recognition, classification, interest and penalties, accounting for interim periods, disclosure, and transition. Only tax positions that meet the more likely than not recognition threshold at the effective date may be recognized upon adoption of guidance.

As of December 31, 2025, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

NOTE 5. PARTY-IN-INTEREST

Voya Retirement Insurance and Annuity Company, as custodian of the Plan assets, is a party in interest. The purchase by the Plan of certain proprietary funds sponsored by the units and subsidiaries of Voya Retirement Insurance and Annuity Company constitutes party-in-interest transactions which are allowable under the ERISA regulations.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. The Company pays these individuals salaries and also pays other administrative expenses on behalf of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

NOTE 6. CERTIFIED INFORMATION

The financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, and the schedule of assets (held at end of year) has been derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan and a qualified institution as defined by Department of Labor regulations, in accordance with Section 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. All investments and notes receivable from participants as of the financial statement date are covered by this certification.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In 2020, the Plan entered into a fully benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

NOTE 8. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Voya is contractually obligated to repay the principal and interest credited to participants holding the investment. There is no minimum interest crediting rate; however, in no event is the credited rate less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The investment contract does not permit the insurance company to terminate the agreement prior to all assets being distributed.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. SUBSEQUENT EVENTS

The Plan's management has evaluated its December 31, 2025 and 2024 financial statements for subsequent events through October 13, 2026, the date of issuance of the financial statements. Except as detailed in Note 1, the Plan's management is not aware of any other subsequent events that would require recognition or disclosure in the financial statements.
