INDEPENDENT AUDITORS' REPORT

Plan Administrator
HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust
Bowling Green, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust's financial statement performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or other override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit,

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion, on the effectiveness of HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting standards generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2023 Financial Statements

Plan management is responsible for the accompanying financial statements of HPJ Industries Inc. 401(k) Profit Sharing Plan and Trust, which comprise the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2023 financial statements.

HPJ INDUSTRIES INC. 401(K) PROFIT SHARING PLAN AND TRUST
Notes to the Financial Statements
Year Ended December 31, 2024

Note A – Description of Plan

The following description of the HPJ Industries Inc. 401(K) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established on January 1, 2015, and amended from time to time thereafter, for the benefit of eligible employees, who are at least age 18 and have completed six months of service, of HPJ Industries, Inc. and Comiso Holding Company, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974, as amended.

Risks and Economic Uncertainties
The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Custodian Agreement
Assets of the Plan are held for safekeeping and investment by AdvisorTrust, LLC (the "custodian"), under an agreement with the Custodian.

Contributions
Each year participants may contribute annual compensation up to the Internal Revenue Service ("IRS") imposed dollar maximum for the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows pre-tax and Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to contribute to the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their pre-tax contributions are invested in a designated fund until changed by the participant. Participants are subject to scheduled increases of 1% on the first day of the second, third and fourth Plan year beginning after the initial automatic enrollment up to a maximum of 6% of eligible compensation. The participant may enter into a salary deferral agreement at any time to select an alternative deferral amount or elect not to contribute to the Plan.

The Plan provides for matching contributions equal to 100% of the first 1% of a participant's deferral plus 50% of the next 5% of a participant's deferral for a maximum match of 3.5% of eligible compensation.

The Company may make discretionary profit sharing contributions to eligible participants. Participants must be employed on the last day of the year, unless terminated prior to the last day of the year due to death, disability or attainment of age 65, to qualify for any discretionary profit sharing contributions (when made). The Company did not make a profit sharing contribution for the year ended December 31, 2024. Contributions are subject to certain statutory limitations.

Note A – Description of Plan (continued)

Contributions (continued)
Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and the Company's matching contribution and an allocation of the Company's discretionary profit sharing contribution (when made), Plan earnings and are charged with an allocation of investment gains or losses, withdrawals, and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. Participants who initiate a loan or benefit payment are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, Company matching contributions and Company discretionary profit sharing contributions (when made), plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 2%, which are commensurate with local prevailing rates at the time the notes are issued, as determined by the Plan Administrator. Principal and interest are paid ratable through payroll deductions. Participant notes are valued at their outstanding principal balance plus accrued interest and unpaid interest.

Under the U.S. Department of Labor regulations, the Plan must identify each calendar quarter any participant loan in default. The participant has until the end of the following quarter to pay the overdue amounts. If not paid, a taxable distribution of the unpaid participant loan balance plus accrued interest will be declared.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals of vested account balances may be elected by participants who have reached 59-1/2 years of age. The Plan also permits withdrawals from participant deferral balances in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Administrative Expenses
The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements.

Note A – Description of Plan (continued)

Administrative Expenses (continued)
Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

Note B – Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), except that benefits paid to Plan participants are recorded on a cash basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require Plan management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note D for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the fair value of such investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. If a participant does not make loan repayments and the Plan administrator deems the note receivable to be in default, the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions
Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Note B – Summary of Significant Accounting Policies (continued)

Benefits Paid to Participants
Benefit payments to participants are recorded when paid.

Note C – Certification of Investment Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AdvisorTrust LLC, as custodian, has supplied the Plan Administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants presented in the accompanying statement of net assets available for benefits as of December 31, 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the supplemental schedule of assets (held at end of year) as of December 31, 2024.

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Note D – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31:

	Level 1	Level 2	Level 3	Total
2024				
Mutual funds	$2,380,614	$ -	$ -	$2,380,614
2023				
Mutual funds	$2,036,032	$ -	$ -	$2,036,032

Note E – Related Party and Party-in-Interest Transactions

Fees paid by the Plan for custodial and record keeping services amounted to $23,573 for the year ended December 31, 2024. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions.

Note F – Tax Status

The Company's Board of Directors adopted the PCS Retirement Prototype 401(k)/Profit Sharing Non-Standardized Plan prototype plan document. The IRS issued an opinion letter dated June 30, 2020 stating that the written form of the underlying prototype plan document is qualified under the applicable section of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. The Plan is required to operate in conformity with the Code to maintain its qualification.

Note F – Tax Status (continued)

The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and that the Plan and the related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note G – Delinquent Participant Contributions

As required by ERISA, the Company is required to segregate employee contributions and loan repayments to the Plan form its general assets as soon as practical. In 2024, the Company failed to remit to the Plan's custodian certain employee contributions totaling $1,927 and certain loan repayments totaling $541 within the period prescribed by the Department of Labor regulations. The contributions and loan repayments were remitted to the Plan's custodian when discovered by management.

Note H – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statement to Schedule H of Form 5500 at December 31, 2024:

Net assets available for benefits per the financial statements	$ 2,477,116
Participant contributions receivable	1,890
Employer contributions receivable	1,136
Net assets available for benefits per Schedule H of the Form 5500	$ 2,474,090

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	$ 348,218
Participant contributions receivable	1,890
Employer contributions receivable	1,136
Net increase in net assets available for benefits per Schedule H of the Form 5500	$ 345,192

Note I – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note J - Subsequent Events

Plan management has evaluated events subsequent to December 31, 2024 to determine the need for any adjustment to and/or disclosures within these financial statements for the year ended December 31, 2024. Plan management has performed their analysis through December 12, 2025, which was the date that the financial statements were available to be issued.

In August 2025, the Plan changed custodians and third party administrators. No other significant subsequent events or transactions were identified that require additional disclosure.
