Independent Auditors' Report

To the Plan Administrator, Trustees, and Participants
of the Jasmine Vineyards, Inc. Profit Sharing Plan
Delano, California

Opinion

We have audited the accompanying financial statements of the Jasmine Vineyards, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Jasmine Vineyards, Inc. Profit Sharing Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibility for the Audit of the Financial Statements section of our report. We are required to be independent of Jasmine Vineyards, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jasmine Vineyards, Inc. Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Independent Auditors' Report - Continued

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jasmine Vineyards, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Concluding whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jasmine Vineyards, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and supplemental schedule of reportable transactions as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated in all material respects in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of the Jasmine Vineyards, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a profit-sharing plan covering the employees of Jasmine Vineyards, Inc. (the Company) who are age 18 and have completed 1,000 hours of service within a twelve-month period who are not part of an excluded class, such as members of a collective bargaining unit, leased or contracted personnel, or a nonresident alien. Employees enter the Plan semiannually, on the first of January or July that occurs after the employee has completed the eligibility service period.

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance. The Company contracts with Charles Schwab & Co., Inc. to act as custodian. The Company contracts with Hicks Pension Services (Hicks) as third-party administrator and recordkeeper to maintain records of participant accounts.

Contributions:

Employer nonelective (profit-sharing) contributions are made at the discretion of the Company. For the year ended December 31, 2025, the Company elected to make a discretionary nonelective contribution. In general, discretionary nonelective contributions are allocated to eligible participants who satisfy the Plan's allocation conditions, which generally require that a participant be employed on the last day of the Plan year and complete at least 1,000 hours of service during the Plan year. In connection with the Plan's annual Internal Revenue Code (IRC) Section 410(b) coverage testing for the year ended December 31, 2025, the Plan's coverage-testing "fail-safe" provision was applied, which suspended one or more allocation conditions for the Plan year to include additional nonhighly compensated employees (NHCEs) who otherwise would not have received an allocation. When the fail-safe provision applies, additional NHCEs are included in accordance with the Plan's specified ordering rules. Accordingly, the allocation for the year ended December 31, 2025 was determined in accordance with both the Plan document and the results of the Plan's annual coverage testing.

Contributions are calculated using cross-testing methods, testing contributions on an equivalent benefit basis using eligible income. The allocation of profit-sharing contributions is based on levels of employment, including non-owners and owners.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the allocation of the Company's contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

A participant's vested account balance available for the payment of benefits is based on years of service as follows:

Years of service	*Vesting*
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A year of service is credited when an employee works 1,000 hours within the Plan year. If an active participant dies or is disabled prior to attaining the normal retirement age, the participant becomes 100% vested.

Benefit payments and withdrawals:

On termination of service due to death, disability, or retirement, participants, or their beneficiaries, are entitled to a distribution of their vested account balance. On termination of service before retirement age, if the participant's vested account does not exceed $1,000, a lump sum distribution may be made without authorization of the participant.

At December 31, 2025 and 2024, there were $6,042 and $0, respectively, of amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Forfeited accounts:

Forfeitures result from nonvested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. At December 31, 2025 and 2024, the forfeiture balance was $182,019 and $17,790, respectively. Forfeitures may be applied to reduce employer contributions. During the year ended December 31, 2025, $17,790 was used to reduce the funding of the 2024 employer profit-sharing contribution. Subsequent to year end, the $182,019 balance at December 31, 2025, was used to reduce the funding of the 2025 gross profit-sharing contribution of $715,388, for a net of $533,369.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

Cash, if any, represents noninterest-bearing residual amounts held by the Plan that have not been invested or distributed. Interest-bearing cash balances, if any, are included in investments.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian, investment advisor, and third-party administrator. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. All investments in the Plan are nonparticipant-directed.

Benefit payments:

Benefits are recorded when paid.

Administrative fees:

Certain Plan expenses are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Quarterly fees for investment advisor services are paid by the Plan and included in administrative expenses. Other investment related expenses are included in either net appreciation in fair value of investments or administrative fees.

Note 3. Nonparticipant-Directed Investments and Fair Value Measurements

All of the assets in the Plan are nonparticipant-directed, and as such, all of the activity presented and disclosed about the Plan relate to nonparticipant-directed net assets.

The Fair Value Measurements topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

Interest-bearing cash: Valued at cost plus accrued interest, which approximates fair value due to its liquidity and readily determinable amount in an active market.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds (ETF): Valued at the last sales price or official closing price on the exchange or primary market on which they trade. ETF hold assets such as stock, commodities, or bonds and are designed to trade close to their net asset value. The fair values of ETF are determined by obtaining quoted prices on nationally recognized securities exchanges. The ETF held by the Plan are deemed to be actively traded.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1
Interest-bearing cash	$ 235,505
Mutual funds	924,682
Exchange traded funds	7,369,665
Common stock	3,415,181
Total investments at fair value	$ 11,945,033

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1
Interest-bearing cash	$ 213,318
Mutual funds	968,190
Exchange traded funds	7,193,426
Common stock	2,281,923
Total investments at fair value	$ 10,656,857

Note 4. Related Party and Party-in-Interest Transactions

Hicks provides third-party administrative services to the Plan, San Luis Wealth Management is the Plan's investment advisor, and Charles Schwab is the Plan's custodian. Therefore, any transactions with these entities qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested and the assets would be distributed among the participants of the Plan in accordance with the provisions of the Plan.

Note 6. Tax Status

The Company has adopted a pre-approved non-standardized plan document that has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Including any applicable amendments, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2025, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefit Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2025:

Net assets available for benefits per the financial statements	$ 12,478,402
Benefit claims payable included as a liability for Form 5500, not included as a liability for financial statements	(6,042)
Net assets available for benefits per the Form 5500	$ 12,472,360

There were no reconciling items between net assets available for benefits per the financial statements and the Form 5500 as of December 31, 2024.

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$	1,266,545
Net change in benefit claims payable included as a liability for Form 5500, not included as a liability for financial statements		(6,042)
Net increase in net assets available for benefits per the Form 5500	$	1,260,503

Note 9. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2026 the date the financial statements were available to be issued.
