Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the HNTB Retiree Health Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects in accordance with the modified cash basis of accounting as discussed in Note 2.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

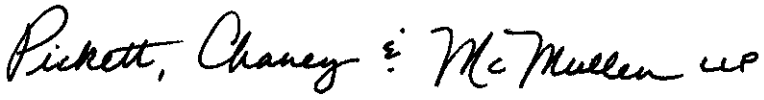

Supplemental Schedule Required by ERISA

The supplemental Schedule of Reportable Transactions (modified cash basis) for the year ended December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HNTB RETIREE HEALTH CARE PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the HNTB Retiree Health Care Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan provides health and other benefits to certain retired employees and their eligible dependents (as defined by the Plan) of HNTB Corporation and HNTB Holdings Ltd (collectively referred to as the "Employers" or "Company"). The Plan is for a controlled group of corporations. The Plan is voluntary and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). InTrust Bank N.A. is the custodian and trustee of the Plan.

The Voluntary Employees' Beneficiary Association ("VEBA") Trust is terminated as of December 31, 2025.

Eligibility – The Plan provides medical and dental benefits to eligible retirees and their dependents.

Retired employees, except for grandfathered employees described below, are entitled to health and dental benefits provided the sum of their years of service and their retirement age equals 80 years ("Rule of 80"). Credited service begins to accumulate at the time the employee attains age 35. Employees who retired on or after January 1, 2003, are entitled to health and dental benefits provided they have met the Rule of 80, or they have worked for 29 continuous years ("Rule of 29").

Effective January 1, 2024, the Plan was amended to include Executive Officers and Executive Vice Presidents ("executive retirees") and their dependents who retire under the age of 65 with 5 years of service. Executive retirees over the age of 65 with 5 years of service have the option of (1) enrolling in the Medicare Advantage plan with Humana where the Plan will subsidize 50% of the premium or (2) purchase an individual Medicare supplement plan where the Plan will subsidize 50% of the monthly premium up to a $4,000 annual maximum.

Employees who were hired/rehired prior to January 1, 1996, and who retired before January 1, 2000, may qualify for health and dental benefits under a special grandfather clause. The special eligibility criteria includes attainment of age 62 or combined age and total years of service equal to 90 years, whereby credited service begins to accumulate at the original date of hire. Specific benefits applying to individuals are dependent upon elections made at the time of enrollment in the Plan.

The post-65 United Healthcare retiree plans (traditional and HSA) are closed to new enrollees effective December 31, 2019. Current participants may remain enrolled in this plan indefinitely.

The Plan was amended effective January 1, 2010, to change the eligibility requirements for employees to receive post-employment benefits.

- Participants who are or will be eligible for retirement as of December 31, 2010, and have met the Rule of 80 or Rule of 29, will receive the full fixed employer subsidy and lifetime coverage for medical and dental.

- Participants who become eligible for retirement between January 1, 2011 and December 31, 2015, (inclusive) and have met the Rule of 80 or Rule of 29, will receive 18 months of free medical and dental COBRA coverage. After the 18 months have passed (or reached age 65, if sooner), the free COBRA coverage will end. The participant would then be able to enroll in the fully insured Medicare Advantage plan upon reaching age 65 and pay 100% of the premium.

- Employees who do not meet the provisions above who retire on or after age 65 are eligible to participate in the fully insured Medicare Advantage medical plan by paying 100% of the premium cost.

Certain retirees' health claims are processed by United Health Care for medical and Capital Rx for prescription drugs, and dental claims are processed by Delta Dental Plan of Missouri. The responsibility for payments to participants and providers is retained by the Plan. Beginning in 2008, the majority of retirees' claims are paid through a fully insured Medicare Advantage plan with Humana.

Administrative Expenses – The Plan pays administrative expenses for the processing and payment of claims. Other administrative expenses are paid by the Employers, and the Employers provide certain administrative and accounting services to the Plan for which they receive no fee. For the year ended December 31, 2025, the Plan paid $13,935 in administrative expenses on the Plan's behalf.

Contributions and Funding Policy – The Plan is administered as a self-insured plan of the Employers. Benefits are funded by monthly premiums received from eligible participants and contributions from the Employers. The Employers determine contribution levels for participants in the Plan.

Reinsurance – The Employers have an insurance policy that pays 100% of the excess of individual claims exceeding $600,000 per individual per year.

Termination of the Plan – Although they have not expressed any intention to do so, the Plan may be terminated at any time by the Employers' board of directors. In the event of termination, the trust shall fulfill all of its obligations and distribute and apply the amount remaining for the continuance of benefits until the trust is exhausted.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accounting records of the Plan are maintained on the modified cash basis of accounting as permitted by the Department of Labor; consequently, the accompanying financial statements do not reflect any contributions, reinsurance receipts or interest income due but not received, or expenses incurred but not paid by the Plan. The financial statements do not recognize as liabilities, or contain provision for, claims in the process of payment, claims incurred but not reported, advance employer and employee contributions and such other liabilities or reserves as may be necessary to fairly present the financial position and operating results in accordance with accounting principles generally accepted in the United States of America.

Investments – The Plan's investments are held in a bank-administered trust and consist of a money market fund. Investments are recorded at cost, which approximates their fair value. Investment purchases and sales are recorded on a trade-date basis. Interest income is recorded when paid.

Date of Management's Review – Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024:

Money Market Funds – Valued at cost, which approximate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments are reported at fair value as follows at December 31, 2024:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Fair Value
December 31, 2024 -				
Money Market Account	$ -	$ 55,106	$ -	$ 55,106

4. BENEFIT OBLIGATIONS

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31, 2025 and 2024. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Employers' share of the per capita cost of healthcare benefits was previously frozen at the year 2000 level with retirees absorbing the full increase in cost thereafter. At the discretion of the Employers, an ad hoc increase to the Employers' subsidy amount was implemented in 2002, with retirees absorbing the full increase in costs thereafter.

The following significant assumptions were used in the valuation as of December 31, 2025 and 2024:

Mortality – For 2025 and 2024
Pre-retirement: Pri-2012 Total Dataset Employee Amount-Weighted Mortality Tables adjusted to reflect Mortality Improvement Scale MP-2021 from the 2012 base year and projected forward using MP-2021 on a generational basis.

Post-retirement: Pri-2012 Nondisabled Annuitant Total Dataset Amount-Weighted Mortality Tables adjusted to reflect Mortality Improvement Scale MP-2021 from the 2012 base year and projected forward using MP-2021 on a generational basis.

Discount Rate – 2025 – 5.04%, 2024 – 5.28%

The change in the assumptions above caused the benefit obligation to increase by $44,831.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

The Plan's deficiency of the net assets over benefit obligations at December 31, 2025 and 2024, relates primarily to the postretirement benefit obligation. It is expected the deficiency will be funded through future contributions. Plan benefit obligations at December 31, 2025 and 2024, are as follows:

	2025	2024
Amounts currently payable to or for participants, beneficiaries and dependents -		
Claims payable and claims incurred but not reported	$ 5,400	$ 8,900
Postretirement benefit obligations:		
Current retirees	1,548,239	1,587,312
Other participants fully eligible for benefits	1,063,854	810,334
Other participants not yet fully eligible for benefits	140,818	291,025
Total postretirement benefit obligations	2,752,911	2,688,671
Total benefit obligations	$ 2,758,311	$ 2,697,571

The following represents the changes in the benefit obligations for the year ended December 31, 2025:

Amounts currently payable to or for participants, beneficiaries and dependents:	
Balance, beginning of year	$ 8,900
Claims reported and approved for payments	271,769
Claims paid	(275,269)
Balance, end of year	5,400
Postretirement benefit obligations:	
Balance, beginning of year	2,688,671
Service cost	12,804
Change in benefits accumulated including experience gains or losses	696,321
Claims and insurance premiums paid	(990,070)
Increases due to passages of time	130,633
Participant contributions	169,721
Change in actuarial assumption	44,831
Balance, end of year	2,752,911
Total benefit obligations	$ 2,758,311

Health care cost-trend rate assumptions have a significant effect on the amounts reported. However, the Employer subsidy is a fixed dollar amount tied to the 2002 per capita cost. Consequently, changes in future medical trends would only impact the calculation related to the retirees with the COBRA coverage. A 1% increase would cause the benefit obligation to increase by $126,344 and a 1% decrease would cause the benefit obligation to decrease by $105,095.

The annual subsidy amounts for 2025 and 2024 are as follows:

Fixed Employer Medical Subsidy

Age	Retiree	Spouse
< 65	$ 3,456	$ 1,919
65+	$ 1,368	$ 1,575

Fixed Employer Dental Subsidy

Age	Retiree	Spouse
All Ages	$ 98	$ 39

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, InTrust Bank N.A., the custodian and trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Interest income
- Supplemental Schedule of Reportable Transactions (modified cash basis)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. TAX STATUS

The trust established under the Plan to hold the Plan's assets received a determination letter dated September 17, 1984, stating that the trust, as designed, is exempt from income taxes under the regulations of the Internal Revenue Code (the "Code"). The Plan has been restated and amended since receiving the determination letter. However, management believes that the Plan and trust as written, and in its operation, meets the applicable requirements of the Code, and as such, the investment income earned by the Trust is not subject to federal income taxes.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan incurs expenses related to general administration and recordkeeping. The Plan sponsor pays certain expenses of the Plan, which are not included in the statements of changes in net assets available for benefits. All benefits claims are processed and paid in accordance with plan provisions under the terms of the agreement with various providers. Expenses are paid from the Plan to the providers to administer the Plan. InTrust, the Plan's custodian and trustee, is paid from the Plan's assets for custodial fees.
