Independent Auditors' Report

To the Plan Administrator of
Rio Mar Hospitality Management Puerto Rico Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rio Mar Hospitality Management Puerto Rico Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following brief description of Rio Mar Hospitality Management Puerto Rico Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution, cash or deferred profit-sharing plan sponsored by Rio Mar Hospitality Management LLC (the Company, Sponsor or the Employer). The Plan was adopted on June 10, 2022. Substantially all employees of the Company are eligible to participate in the Plan after attaining 21 years of age and completing twelve (12) months of service as defined in the plan agreement. Service with Rio Mar Associates, L.P. S.E., Old San Juan Associates, L.P.S.E., and WHM Carib, LLC will be treated as service with Employer. Service with Wyndham Worldwide Corporation will be treated as service with the Employer, for employees hired before June 10, 2022. Participation in the Plan commences on the first day of each month date of the Plan year coinciding with or immediately following the completion of the above eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and Section 1081.01 (a) and (d) of the Puerto Rico Internal Revenue Code of 2011, as amended (PRIRC).

Effective January 1, 2025, the Plan was amended to incorporate certain provisions of the SECURE 2.0 Act of 2022 ("SECURE 2.0"), related to eligibility of long-term, part-time employees. Under these provisions, eligible long-term, part-time employees who complete at least 500 hours of service during each two consecutive years may make elective deferrals to the Plan in accordance with the terms of the governing plan document. Provisions were incorporated into the BPAS Trust Company of Puerto Rico Master Plan Document under which the Plan operates and no separate amendment to the Plan's Adoption Agreement was required. The updated Master Plan Document was submitted to the Puerto Rico Department of Treasury during 2026 in connection with a request for a new determination letter regarding the qualified status of the master plan under the applicable provisions of the Puerto Rico Internal Revenue Code.

(b) Contributions

Each year participants may contribute an amount not to exceed the maximum deferral amount specified by the Puerto Rico tax law ($15,000 for the tax years ended December 31, 2025 and 2024). Participants may defer no less than 1% of their compensation and up to maximum of 10% of his/her compensation. Participants may also contribute amounts representing distributions from other qualified plans. The matching contribution will be determined by the Employer from time to time on a discretionary basis. The Employer reserves the right to increase, decrease, or eliminate matching contributions for subsequent years. Participants direct the investments of their contributions into various investment options offered by the Plan.

Although the SECURE 2.0 Act does not require employers to provide matching or other employer contributions with respect to part-time, seasonal or temporary employees, the Sponsor elected to apply the Plan's matching contribution provisions to those eligible participants during the year ended December 31, 2025. Accordingly, participants made

elective deferral contributions to the Plan and received employer matching contributions in accordance with the terms of the Plan. Such contributions are included in participant contributions and employer contributions, respectively, in the accompanying statement of changes in net assets available for benefits.

Participants may make contributions to the Plan in on after-tax basis. (After-tax) which are always 10% vested. The amount of After-tax contributions may not exceed 10% of your compensation for the year.

In addition, participants who are age 50 or older at the end of a calendar year may make additional pre-tax contributions (catch-up contributions) of up to $1,500 per calendar year.

(c) Participant Accounts

Each participant's account as established in the Plan is credited with the participant contribution and Company's matching contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their pretax, after-tax and rollover contributions accounts plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. The Company's matching contribution and actual earnings thereon vest in accordance with the following schedule:

Years of Service	Vesting %
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

(e) Payment of Benefits

Normal retirement age when age of 65 years old is attained and the 5th anniversary of the date of commencement of participation. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installments over a period of years not to exceed the lifetime of the participant and his or her beneficiary or the purchase of a fixed annuity contract with payments over a period of time not exceeding the life expectancy of the Participant or his or her beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The plan does not allow for early retirement.

(f) Hardship Withdrawals

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include: the purchase of a personal residence which is the participant's primary place of residence; the payment of post-secondary tuition expenses for the participant or participant's dependents for the next academic period; assist in the payment of actual unreimbursed medical expenses incurred by the participant or participant's dependents; to prevent eviction from or foreclosure on the participant's principal residence; funeral expenses for the participant's deceased parent, spouse, or dependents; any other cause that, in the Administrator's determination, has produced an immediate and heavy financial need; such other event or circumstance as the Puerto Rico Secretary of the Treasury through regulations may permit.

(g) Forfeited Accounts

At December 31, 2025, and 2024, forfeited nonvested accounts totaled approximately $5,063 and $10,940, respectively. These forfeitures may be used to reduce future employer contributions and Plan administrative expenses, or may be reallocated among eligible active participants in accordance with the provisions of the Plan.

(h) Rollover Contributions

Rollover contributions to the Plan consist of monies received by a Participant from another plan qualified under the Puerto Rico Internal Revenue Code.

(i) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

(j) Notes Receivable from Participants

Participants may apply for a loan up to 50% of their vested account balance and transferred accounts as of the last day of each month coincident with or immediately preceding the date on which the loan was approved. The minimum amount of each loan is $1,000. The loans are secured by the balance in the participant's account and bear a fixed interest rate equal to the prevailing prime rate on the date of loan approval. Principal and interest are paid ratably through monthly payroll deductions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 to the financial statements for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized when earned. Participant loans are secured by the vested balances in the participants' individual accounts and bear interest at rates determined in accordance with the provisions of the Plan. Management evaluates participant loans for collectibility and records an allowance for credit losses when collection of principal and interest is not expected. As of December 31, 2025 and 2024, no allowance for credit losses was considered necessary. Loans that do not meet the repayment terms prescribed by the Plan and applicable regulations may be treated as deemed distributions and reported as taxable distributions to the participant. During the years ended December 31, 2025, and 2024, participant loans with outstanding principal balances of approximately $5,670 and $4,082, respectively, were deemed distributed and removed from notes receivable from participants. There were no participant loans in default as of December 31, 2025.

(e) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Financial Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA – Required Supplemental Schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, net appreciation in fair value of investments and interest and dividends income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by BPAS Trust Company of Puerto Rico, the Trustee of the Plan.

	2025	2024
Investments at fair value	$ 5,509,850	3,835,920
Notes receivable from participants	$ 191,401	159,795
Net appreciation in fair value	$ 565,684	284,928
Dividends	$ 166,438	96,615
Interest income on notes receivable from participants	$ 14,271	8,097

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follow:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These securities are classified as Level 1

Collective Trust Fund: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. Net asset values are generally obtained directly from the fund house or other investment provider. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions are required from the Sponsor and the accounts of all participants will become fully vested and nonforfeitable. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

(6) Tax Status

The Plan is qualified under Section 1081.01(a) of the Internal Revenue Code for a New Puerto Rico, Act No. 1 of January 31, 2011, as amended from time to time (the 2011 PR Code). The Plan received a favorable determination letter from the Puerto Rico Treasury Department (PRTD) on April 5, 2023 as to its qualified status under the 2011 PR Code. No events have occurred with respect to the Plan or the associated Trust that, in substantial likelihood, would result in the Plan being disqualified by the PRTD. The Trust associated with the Plan is exempt from Puerto Rico income taxation pursuant to the provisions of Section 1081.01(a) of the 2011 PR Code, and pursuant to Section 1022(i)(l) of ERISA. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Accordingly, no provision for income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto

Rico Treasury Department. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Related Party and Party-In-Interest Transactions

The Plan has the PR Capital Preservation Fund and HB&T Blackrock Funds (collective investment funds) managed by BPAS Trust Company of Puerto Rico (BPAS) in 2025 and 2024. BPAS is the trustee as defined by the Plan and, therefore, this transaction qualifies as party-in-interest transaction. The Employer may, at its option, pay all or a portion of the administrative expenses of the Plan. During the years ended December 31, 2025 and 2024, the Employer paid and absorbed, on behalf of the Plan, most of the administrative expenses, which are excluded from the accompanying financial statements.

At December 31, 2025 and 2024 notes receivable from participants amounted to $191,401 and $159,795, respectively. For the year ended December 31, 2025 and 2024, interest income related to notes receivable from participants amounted to $14,271 and $8,097, respectively. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

(9) Subsequent Events

The Plan has evaluated subsequent events through October 9, 2026, the date at which the financial statements were available to be issued.
