INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the HNTB Flexible Benefits Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the HNTB Flexible Benefits Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects in accordance with the modified cash basis of accounting as discussed in Note 2.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

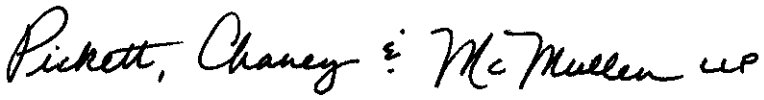

Supplemental Schedule Required by ERISA

The supplemental Schedule of Reportable Transactions (modified cash basis) for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HNTB FLEXIBLE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the HNTB Flexible Benefits Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The purpose of the Plan is to enable each participant to establish a flexible spending account that can be used to pay the participant's healthcare and dental premiums, medical and dental expenses, and dependent care costs. The Plan is a voluntary plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). InTrust Bank N.A. is the custodian and trustee of the Plan. The Plan is for a controlled group of corporations. HNTB Holdings Ltd. and HNTB Corporation are participating employers of the Plan (the "Employers"). All participant contributions to the Plan are made at the participants' election. The Employers may make contributions as needed.

The Voluntary Employees' Beneficiary Association ("VEBA") Trust is terminated as of December 31, 2025.

Eligibility and Contributions – All full-time employees, full-time employees temporarily working on a part-time basis, and part-time employees working more than 20 hours per week are eligible to participate. Participant contributions are made through salary deferrals.

Each participant in the Plan may have a Medical Reimbursement Account, Health Care Plan and Dental Premium Account and a Dependent Care Account. Participants must elect separately the amount to be contributed to each of their accounts. Participant contributions to their Health Care Plan and Dental Premium Account are limited to the amount required to be contributed to receive health and dental coverage under the HNTB Employee Health Care Plan ("Health Care Plan"). All participants in the Health Care Plan must use this Plan to fund their healthcare premium payments.

The amount that a participant can defer to the Medical Reimbursement Account for medical health reimbursements is capped at $3,300 per year in order to comply with the Health Care Reform Act. Participants may contribute a maximum of $5,000 to their Dependent Care Account.

Administrative Expenses – In accordance with the terms of the plan agreement, the Employers provide certain administrative and accounting services to the Plan. The Employers receive no fee for these services.

Termination of the Plan – Although the Employers have not expressed any intent to do so, the Employers may amend or terminate the Plan at any time provided that no such action diminishes or eliminates any claim for any benefit for which a participant is already entitled.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accounting records of the Plan are maintained on the modified cash basis of accounting as permitted by the Department of Labor; consequently, the accompanying financial statements do not reflect any contributions, reinsurance receipts or interest income due but not received, or expenses incurred but not paid by the Plan. The financial statements do not recognize as liabilities, or contain provision for, claims in the process of payment, claims incurred but not reported, advance employer and employee contributions and such other liabilities or reserves as may be necessary to fairly present the financial position and operating results in accordance with accounting principles generally accepted in the United States of America.

Forfeitures – Typically, participants must submit claims for reimbursement within 90 days following the plan year in which a claim was incurred. If any balance remains in the participant's account after that time, it shall remain the property of the Plan, and the participant shall forfeit all rights with respect to such balance. Forfeitures may be used by the Plan to reduce Employers' future contributions to the Health Care Plan.

Participant Reimbursements – In order to receive reimbursement for covered expenses, participants may complete a flexible spending reimbursement form. This form must be accompanied by an explanation of benefits ("EOB") when an expense is covered by a medical plan or a receipt or bill indicating the type of expense the participant incurred and the amount of that expense when an expense is not covered by a medical plan. Participants may also be automatically reimbursed for certain medical and pharmacy expenditures. Benefit payments are processed by WEX. In the event that benefit payments exceed the cash available to fund such reimbursements, the employer may deposit money into the account.

Transfers to Affiliated Plan – The Plan collects participant contributions related to medical and dental premiums, and then transfers the money to the HNTB Employee Health Care Plan.

Transfers to Company – The remaining balance in the trust account was transferred to the Company on October 6, 2025, for continued Plan operations.

Date of Management's Review – Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

> Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.
>
> Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.
>
> Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Money Market Funds – Valued at cost, which approximate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2024:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Fair Value
December 31, 2024 -				
Money Market Account	$ -	$ 297,703	$ -	$ 297,703

4. TAX STATUS

The trust established under the Plan to hold the Plan's assets received a determination letter dated July 28, 1989, stating that the trust, as designed, is exempt from income taxes under the regulations of the Internal Revenue Code (the "Code"). The Plan has been restated and amended since receiving the determination letter. However, management believes that the Plan and trust as written, and in its operation, meets the applicable requirements of the Code, and as such, the investment income earned by the Trust is not subject to federal income taxes.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, InTrust Bank N.A., the custodian and trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Interest income
- Schedule of Reportable Transactions (modified cash basis)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan incurs expenses related to general administration and recordkeeping. The Plan sponsor pays certain expenses of the Plan, which are not included in the statements of changes in net assets available for benefits. All benefits claims are processed and paid in accordance with plan provisions under the terms of the agreement with various providers. Expenses are paid from the Plan to the providers to administer the Plan. InTrust Bank N.A., the Plan's custodian and trustee, is paid from the Plan's assets for custodial fees.

7. SUBSEQUENT EVENT

The Plan changed from WEX to P&A Group effective January 1, 2026, for benefit payment processing.
