Board of Trustees and Participants
American Nickeloid Company 401(k) Peru Union Salary Deferral Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Nickeloid Company 401(k) Peru Union Salary Deferral Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of American Nickeloid Company 401(k) Peru Union Salary Deferral Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of American Nickeloid Company (the Company) represented by a collective bargaining agreement who have completed three months of service. The Plan excludes non-bargaining employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Board of Trustees. The Board of Trustees has overall responsibility for the operation and administration of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Company's owners.

Contributions: Participants may contribute up to 100% of annual compensation, subject to certain limitations, as defined in the Plan, provided this will not cause the Plan to violate the provisions of the 401(k) discrimination limits. Participants may elect to designate all or any portion of their elective deferral contributions as Roth elective contributions. Participants who have not elected to have a specified amount contributed to the Plan will automatically have 3% of compensation deferred, unless they have made an election not to participate in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company shall contribute a Company matching contribution amount to all Walnutport participants equal to 50% of elective contributions up to 8% of eligible compensation. Effective May 1, 2024, the percentage increased to 100% of elective contributions up to 5% of eligible compensation. The Company shall contribute a Company matching contribution to all Peru participants equal to 100% of elective contributions up to 3% of eligible compensation. Additionally, participants at the Peru location who started employment on or after July 1, 2011, shall receive an amount equal to 3% of compensation for each payroll period they were active participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of additional Company contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Walnutport participants are immediately vested in the Company's matching contribution and earnings thereon. Vesting in all Company contributions for Peru participants is based on years of continuous service. A Peru participant is 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service and 80% vested after four years of service. A Peru participant is fully vested after five years of credited service.

Investment options: Each participant has the option to invest their account balance and Company and participant contributions in selected investment options as made available and determined by the Plan Administrator. Participants have the option to transfer monies between funds and change the allocation of their investment election daily.

Note 1. Plan Description (Continued)

Payment of benefits: Upon death, disability, retirement or termination of service for any reason, a participant may elect to receive either a lump sum amount equal to the value of their vested accounts or receive regular installments over a period not to exceed their life expectancy. A participant can also elect to receive their benefits in the form of an annuity. Participants that have attained age 59½ may take in-service withdrawals from vested balances in their accounts. In addition, hardship distributions are permitted if certain criteria are met. If a Participant's vested balance is $1,000 or less, the Participant's entire vested account shall be paid directly to the participant. If a Participant's vested balance is greater than $1,000 but less than $7,000, the Participant's entire vested account shall be paid directly to an individual retirement plan designated by the Plan Administrator.

Forfeited accounts: At December 31, 2025 and 2024, there was no balance in the forfeited nonvested accounts. During 2025, approximately $10,300 was used to reduce Company contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions: Contributions from Plan participants and matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under the FASB Accounting Standards Codification (ASC) Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Units of collective investment trusts: Units of collective investment trusts are valued based on the NAV per unit of the collective investment trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Insurance company pooled separate accounts: The fair value of the investments in the insurance company's pooled separate accounts is determined by the insurance company and represents the NAV per share based on the fair value of the underlying investments comprising the pooled separate accounts. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the separate account will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	$ 653,094	$ 653,094	$ -	$ -
	653,094	$ 653,094	$ -	$ -
Investments at NAV (a)	8,815,596			
Investments measured at fair value	$ 9,468,690			

	2024			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	$ 826,319	$ 826,319	$ -	$ -
	826,319	$ 826,319	$ -	$ -
Investments at NAV (a)	7,236,554			
Investments measured at fair value	$ 8,062,873			

(a) In accordance with Subtopic 820-10, certain investments that are measured using the NAV practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Note 4. Fair Value Measurements (Continued)

Plan management evaluates the significance of transfers between levels based upon the nature of the investments and size of transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

The following tables summarize investments for which fair value is measured based on NAV practical expedient per share as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded	Redemption	Redemption
	2025	2024	Commitment	Frequency	Notice Period
Units of collective investment trusts—Principal	$ 5,508,543	$ 4,300,475	$ -	Daily	None
Units of collective investment trust—Morley	447,971	444,545	-	Daily	12 months
Insurance company pooled separate accounts	2,859,082	2,491,534	-	Daily	None
	$ 8,815,596	$ 7,236,554	$ -		

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are pooled separate accounts managed by Principal Life Insurance Company (Principal Life) and collective investment trust funds managed by Principal Global Investors Trust Co. (Principal Global). Principal Life and Principal Global are affiliates of Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services to Principal Life amounted to approximately $37,000 for the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Company for which they receive no compensation from the Plan. Other administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and IRC. In the event of Plan termination, participants would become 100% vested in their Company contributions and the net assets of the Plan would be allocated to the participants on the basis of their individual account balances.

Note 7. Income Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taking jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 9,468,690	$ 8,062,873
Registered investment companies	(14,542)	17
Common/collective trusts	-	1
Pooled separate accounts	-	(503)
Net assets available for benefits per the Form 5500	$ 9,454,148	$ 8,062,388

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 1,405,817
Adjustment of:	
Investment income	(14,057)
Other income	131
Administrative expenses	(131)
Net increase in net assets available for benefits per the Form 5500	$ 1,391,760

Note 10. Net Transfer From the Plan

Net assets of $6,197 transferred from the Plan were due to employees transferring positions within the Company. Therefore, the participants' balances were transferred to the Company's non-union 401(k) plan.
