(1) Name: BIRSCOE, BURKE & GRIGSBY LLP **(2)** EIN: 73-1293012

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	4a		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	4d		X	
e Was this plan covered by a fidelity bond?	4e	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	4k		X	
l Has the plan failed to provide any benefit when due under the plan?	4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? [ ] Yes [X] No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the CuraLinc, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CuraLinc, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of CuraLinc, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CuraLinc, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CuraLinc, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CuraLinc, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CuraLinc, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General - The CuraLinc, LLC 401(k) Plan (the "Plan") is a defined contribution plan established effective January 1, 2015, by CuraLinc, LLC dba CuraLinc Healthcare (the "Company"). The Plan was restated effective January 1, 2022, and amended effective January 1, 2023, to reduce the eligibility service requirement and modify the vesting schedule for employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is maintained under a pre-approved plan document administered by The Retirement Advantage, Inc. (TRA). Marquee Health, LLC, formerly an affiliate of the Company, was a participating employer in the Plan until it was sold effective October 1, 2024. Following the sale, employees of Marquee Health, LLC are no longer eligible to make contributions to the Plan.

Plan Administration and Governance - Effective March 31, 2025, Sean Fogarty was removed as Trustee of the Plan and Robert Derek ("Derek") Newell, Chief Executive Officer of the Company, was appointed successor Trustee under a new Trust Agreement executed effective March 31, 2025. Mr. Fogarty had served as Trustee and Investment Fiduciary throughout the 2024 plan year. Effective March 31, 2025, the group charged with governance of the Plan was expanded to include Mr. Newell and David Wynne, Chief Financial Officer of the Company, and Mr. Fogarty departed from that group. Empower Annuity Insurance Company of America ("Empower") serves as the Plan's recordkeeper, custodian, and insurance carrier.

Eligibility - To participate in the Plan, employees must have attained age 21 and completed 3 consecutive months of service, measured from date of hire. Entry into the Plan occurs on the first day of the calendar month coincident with or next following the date the eligibility requirements are met. A 1,000-hour failsafe applies if the consecutive-month service requirement is not met in the initial period. Employees covered by a collective bargaining agreement, leased employees, and nonresident aliens are excluded from participation.

Contributions - Participants may elect to defer up to 100% of eligible compensation on a pre-tax or Roth (after-tax) basis, subject to Internal Revenue Code limits ($23,500 for the year ended December 31, 2025 and $23,000 for the year ended December 31, 2024). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions ($7,500 for both the 2025 and 2024 plan years). Effective for the 2025 plan year, participants who attain age 60, 61, 62, or 63 before the end of the plan year are eligible to make a higher catch-up contribution of $11,250, as provided by the SECURE 2.0 Act of 2022. Eligible compensation is limited to the amount permitted under Internal Revenue Code Section 401(a)(17), which was $350,000 for the 2025 plan year.

The Company may, in its sole discretion, make a matching contribution on behalf of each participant who makes a Matched Employee Contribution (which includes elective deferrals, Roth contributions, and catch-up contributions) and who is employed on the last day of the Plan Year, with exceptions for termination due to death, disability, or attainment of Normal Retirement Age. The match is discretionary in amount, determined annually after the close of the plan year based on compliance testing results, and allocated as a uniform percentage of Matched Employee Contributions. During the year ended December 31, 2025, the Company contributed $535,228, representing the discretionary matching contribution for the 2024 plan year. No portion was funded from forfeitures. The Plan is not a safe harbor plan. The Company may also make discretionary Qualified Non-Elective Contributions (QNECs). Rollover contributions are accepted

from all eligible employees, including those who have not yet met the age and service requirements. The Plan does not provide for non-elective (profit sharing) contributions or safe harbor contributions.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions (when applicable), and an allocation of plan earnings and losses based on the participant's proportionate share of each investment option elected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. At December 31, 2025 and 2024, 350 and 237 participants, respectively, had an account balance in the Plan.

Vesting - Participants are immediately vested in their elective deferral contributions (pre-tax and Roth), rollover contributions, and Qualified Non-Elective Contributions, plus the earnings thereon. Employer matching contributions vest based on Years of Vesting Service (1,000 hours per Plan Year) under the following graded schedule, as amended effective January 1, 2023:

Years of Vesting Service	Vesting Percentage
Less than 2 years	0%
2 years but less than 3 years	33%
3 years but less than 4 years	66%
4 or more years	100%

Participants become 100% vested upon attainment of Normal Retirement Age (the later of age 65 or the 5th anniversary of plan participation) while an employee, death while an employee, or disability while an employee. Years of Vesting Service before age 18 and before the Company maintained the Plan or a predecessor plan are excluded.

Forfeited Accounts – When participants with non-vested employer matching contribution balances terminate employment and receive (or are deemed to receive) a distribution of their vested account balance, the non-vested portion is forfeited. Forfeitures may be used, at the Plan Administrator's discretion, to reduce future employer contributions, pay plan administrative expenses, or be reallocated as employer contributions to remaining participants. Forfeited amounts and other unallocated plan assets are held in the Plan's guaranteed investment contract described in Note 6. Activity in the account for the year ended December 31, 2025 was as follows:

Balance, beginning of year	$ 6,188
Forfeitures arising during the year	18,355
Interest credited	204
Amounts applied during the year	-
Balance, end of year	**$ 24,747**

Of the ending balance, $24,344 and $5,791 represented forfeited nonvested employer matching contributions at December 31, 2025 and 2024, respectively, and $403 and $397 represented other unallocated plan assets. No forfeitures were used during the year ended December 31, 2025 to reduce employer contributions, to pay plan administrative expenses, or to be reallocated to participants. During the year ended December 31, 2024, forfeitures of $7,210 arose and $1,994 was used to pay plan administrative expenses. Under the Plan document, forfeitures must be used no later than the end of the plan year following the plan year in which they arise. Forfeitures of $[5,791] available at December 31, 2024 were not used by December 31, 2025. Management intends to correct this operational failure as described in Note 8.

Participant Loans - The Plan does not permit participant loans.

Participant Investment Account Options – Investment account options available include various pooled separate account investment options and one fixed annuity option within the Empower group annuity contract. Each participant has the option of directing contributions into any of the available investment options and may change the allocation daily. The Plan is intended to constitute a plan described in Section 404(c) of ERISA, which provides that Plan fiduciaries may be relieved of liability for losses that are the direct and necessary result of investment instructions given by a participant or beneficiary.

Payment of Benefits - Benefits are paid in lump sum form upon termination of employment, retirement, disability, or death. Participants may also receive in-service distributions upon attainment of age 59 1/2, hardship withdrawals for qualifying expenses, withdrawals from rollover accounts at any time, qualified reservist distributions, and deemed severance distributions. Upon termination, if the vested account balance (excluding rollovers) does not exceed $7,000, the balance will be distributed. If the balance exceeds $1,000 but does not exceed $7,000 and the participant does not elect a distribution, the Plan Administrator will transfer the balance to an individual retirement account.

Nondiscrimination Testing - The Plan is subject to annual nondiscrimination testing, including the Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) tests, using the prior-year testing method. The Plan failed the 2025 ADP test; see Note 9.

Plan Termination - Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Contribution Recognition - Participant elective deferral contributions (pre-tax and Roth) are recognized in the period in which the related compensation is withheld. The Company's matching contribution is discretionary in both amount and timing and is determined by the Company after the close of the plan year. Discretionary matching contributions are recognized when the Company makes a formal commitment to contribute, such as a declaration of the amount. An employer contribution receivable is recorded for any matching contribution formally committed but not yet funded at the financial statement date. The discretionary matching contribution for the 2025 plan year had not been declared as of December 31, 2025; accordingly, no receivable is recorded. Rollover contributions are recognized when received by the Plan. Qualified nonelective contributions are recognized when the Company's obligation to make the contribution is established.

Investment Valuation and Income Recognition – The Plan's investments in pooled separate accounts are reported at fair value based on the net asset value (NAV) of units of the separate account, as determined by the custodian. The Plan's investment in the guaranteed investment contract described in Note 6 is reported at contract value, which represents contributions and transfers into the contract plus interest credited, less withdrawals and administrative charges. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year and is reported as a single line item on the Statement of Changes in Net Assets Available for Benefits. Purchases and sales of investment units are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits - Benefit payments to participants are recorded when paid. Amounts forfeited by terminating participants in connection with a distribution are not reported as benefits paid, as those amounts remain assets of the Plan.

Administrative Expenses – Certain expenses of maintaining the Plan are paid from plan assets, while other expenses are paid by the Company. Expenses paid by the Company, including the cost of the annual audit, are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Administrative expenses reported in the statement of changes in net assets available for benefits consist of third-party administration fees paid to The Retirement Advantage, Inc., recordkeeping and contract charges paid to Empower, and participant distribution and withdrawal fees.

Reclassifications - The Plan's interest in the insurance company general account, which was reported as noninterest-bearing cash in the 2024 financial statements, has been reclassified and is presented as a guaranteed investment contract within investments, at contract value, in the accompanying statements of net assets available for benefits. The reclassification had no effect on total assets or on net assets available for benefits as previously reported at December 31, 2024.

Plan Tax Status - The Plan is maintained under a pre-approved plan document for which the Internal Revenue Service issued an Opinion Letter dated June 30, 2020. The Plan has not applied for or received an individual determination letter. The Plan Administrator believes the Plan is designed in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan administrator’s record keeper and trustee believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files information returns in the United States.

Risks and Uncertainties – The Plan's investments in pooled separate accounts are subject to various risks, including interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. At December 31, 2025, approximately 71% of the Plan's net assets available for benefits ($6,323,568) were invested in the five Empower Lifetime target-date investment options, compared with approximately 69% ($3,520,455) at December 31, 2024. The Plan's guaranteed investment contract is backed by the general account of Empower and is therefore subject to the credit risk of that insurer.

3. INFORMATION CERTIFIED BY EMPOWER

The Company has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator has elected to have the Plan's financial statements audited in accordance with ERISA Section 103(a)(3)(C), as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Empower Annuity Insurance Company of America ("Empower"), the insurance company, custodian, and a party-in-interest as defined

3. INFORMATION CERTIFIED BY EMPOWER (continued)

by ERISA, has certified that the following investment information, included in the accompanying financial statements and supplemental schedule, is complete and accurate as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Investments, at fair value:		
Pooled separate accounts	$ 8,862,410	$ 5,090,951
Investments, at contract value:		
Guranteed investment contract	28,155	6,188
Total investments, at fair value	$ 8,890,565	$ 5,097,139
Dividend income	$ 244	
Net appreciation in the fair value of investments	$ 952,361	

4. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee organization, or relatives of such persons.

The Plan's investments include pooled separate accounts and a fixed annuity option managed by Empower Annuity Insurance Company of America under group annuity contract 917115-01. Empower serves as the Plan's recordkeeper, custodian, and insurance carrier and is therefore a party-in-interest. Transactions with Empower during the year included investment purchases and sales, contribution deposits, benefit disbursements, and fee payments, which qualify as exempt party-in-interest transactions under ERISA Section 408(b)(2) as reasonable arrangements for necessary services at reasonable compensation. Empower received $1,375 in direct compensation from plan assets during the year ended December 31, 2025.

The Retirement Advantage, Inc. (TRA) serves as the Plan's third-party administrator and received $3,125 in direct compensation from plan assets and $6,712 in indirect compensation (a TPA Allowance Payment from Empower) during the year ended December 31, 2025 ($2,125 and $3,633, respectively, during the year ended December 31, 2024). Warren Lee of Lee Insurance Services, Inc. served as the Plan's investment broker and received $49,363 in commissions from the insurance contract during the year ended December 31, 2025 ($27,237 during the year ended December 31, 2024).

The Company provides certain administrative services at no cost to the Plan.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

5. FAIR VALUE MEASUREMENTS (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: The Plan's investments are held in pooled separate accounts within the Empower group annuity contract. Each investment option is a Variable Annuity in which participants hold units rather than direct shares of the underlying mutual funds. Unit values are calculated daily by Empower according to the methods described in the annuity contract. The initial pricing input is the quoted price (NAV) obtained for the underlying mutual fund, which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value (net assets divided by units outstanding) the following morning, and any discrepancies are resolved. Because the unit values are derived from observable inputs (underlying mutual fund NAVs) adjusted for the annuity contract expense factor, these investments are classified as Level 2 within the fair value hierarchy. There are no unfunded commitments. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a separate account, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidations are carried out in an orderly manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

5. FAIR VALUE MEASUREMENTS (continued)

	Fair Value Measurements as of December 31, 2025			
	Fair Value	(Level 1)	(Level 2)	(Level 3)

The Plan's guaranteed investment contract is reported at contract value and is therefore excluded from the fair value tables above. See Note 6.

6. GUARANTEED INVESTMENT CONTRACT

The Plan holds an interest in the Key Guaranteed Portfolio Fund, a fixed annuity investment option within Empower group annuity contract 917115-01. The option is a general account product of Empower Annuity Insurance Company of America, under which Empower is contractually obligated to repay the principal and a specified rate of interest that is guaranteed to the Plan. The option was added to the Plan's participant-directed investment lineup during the year ended December 31, 2025. The Plan's forfeiture and unallocated plan asset account, described in Note 1, is also invested in this option and was invested in it at December 31, 2024.

The contract is reported at contract value, which represents contributions and transfers into the contract plus interest credited, less withdrawals and administrative charges. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in Empower's medium-long term new portfolio compared to the minimum interest crediting rate stated in the contract and prevailing market conditions. The interest crediting rate is reset quarterly. The crediting rate in effect at December 31, 2025 was 1.450%.

The contract is benefit responsive with respect to participant-initiated transactions, which may occur daily at contract value. The contract contains provisions that prevent the immediate and full payout of contract value for plan-initiated transactions. Certain events, including premature termination of the contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives, may limit the ability of the Plan to transact at contract value with the issuer. Management believes the occurrence of any such event that would limit the Plan's ability to transact at contract value with participants is not probable. The Plan's interest in the traditional guaranteed investment contract (general account) was as follows at December 31:

	2025	2024
Participant-directed balances	$ 3,408	-
Forfeitures and unallocated plan assets	24,747	6,188
Total contract value	**28,155**	**6,188**

7. PLAN AMENDMENTS

Effective March 31, 2025, the Plan was amended by record of action to remove Sean Fogarty as Trustee and to appoint Robert Derek Newell as successor Trustee under a new Trust Agreement (see Note 1). No other amendments to the Plan were adopted during the year ended December 31, 2025

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain differences exist between GAAP and ERISA reporting requirements, primarily related to the timing and recognition of excess contributions payable. The following reconciles the net assets available for benefits and employee contributions per the financial statements to the amounts reported on the Form 5500 as of and for the years ended December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 8,870,984	$ 5,097,140
Excess contribution payable	19,581	-
Net assets available for benefits per the Form 5500	$ 8,890,565	$ 5,097,140

	2025
Employee contributions per the financial statements	$ 1,858,948
Add: excess contributions payable at December 31, 2025	19,581
Employee contributions per the Form 5500	$ 1,878,529

	2025
Net appreciation in fair value of investments per financial statements	$ 950,419
Add: allocable earnings from excess contributions	1,942
Net appreciation in fair value of investments per Form 5500	$ 952,361

9. SUBSEQUENT EVENTS

In preparing these financial statements, management has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. Except as described below, management identified no subsequent events requiring recognition or disclosure.

As disclosed in Notes 1 and 2, the Plan failed the 2024 ADP nondiscrimination test, requiring corrective refund distributions of excess contributions, plus allocable earnings, to several highly compensated employees.
