October 13, 2026

To: The Trustees of
Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan:

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements**

We have performed an audit of the accompanying financial statements of Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

**Opinion on the 2025 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the 2025 Financial Statements**
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2025 financial statements.

**Responsibilities of Management for the 2025 Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the 2025 Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**Auditor's Responsibilities for the Audit of the 2025 Financial Statements (Continued)**
In performing an audit in accordance with GAAS, we (Continued):

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter – 2025 Supplemental Schedule Required by ERISA**
The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Other Matter – 2025 Supplemental Schedule Required by ERISA (Continued)**
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Report on the Compiled 2024 Financial Statement**
Plan management is responsible for the accompanying 2024 financial statement of Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan (an employee benefit plan subject to ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2024 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statement.

## 1. DESCRIPTION OF PLAN

The following description of the Vacri & R. DeVincentis Construction Companies PWR 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering substantially all employees of R. DeVincentis Construction, Inc. referred to as "Company," who are not covered under a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions

Contributions to the Plan may include elective employee deferrals, Company safe harbor contributions, and prevailing wage rate contributions.

Eligible employees may contribute a percentage pre-tax annual compensation, as defined by the plan document, up to the maximum limits of the Internal Revenue Code. Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution to the Plan on behalf of the participants as a percentage of the participant's contribution. The Company contributes 100% of salary deferrals up to 3%, plus 50% of salary deferrals between 3% and 5% of compensation.

Prevailing wage rate contributions are made for each eligible participant while working on prevailing wage contracts. Participants are 100% vested in their wage rate contributions. For the year ended December 31, 2025, total prevailing wage rate contributions were $1,072,199.

### Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## 1. DESCRIPTION OF PLAN (Continued)

### Vesting
Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

### Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to $7,000, the amount may be automatically distributed in the form of Lump sum cash payment. In addition, the Plan allows for hardship distributions if certain criteria are met.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

### Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians, as applicable.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Contributions
Contributions from participants are recorded in the year in which the related participant contributions are withheld from compensation

### Payment of Benefits
Benefits are recorded when paid.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Administrative Expenses**
Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

**Risks and Uncertainties**
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

## 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Variable annuities:* Valued at the unit values for variable annuity investment options that are calculated daily by the annuity provider according to methods described in the annuity contract.

**3. FAIR VALUE MEASUREMENTS (Continued)**

The following is a description of the valuation methodologies used for assets and liabilities for which fair values are estimated using the net asset value (NAV) practical expedient:

*Collective trust fund*: valued at the NAV provided by the manager of the fund. The NAV is calculated as the underlying net assets owned by the fund, divided by the number of units outstanding. The NAV is based on the fair value of the underlying securities within the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2025 and 2024.

| | Fair Value Measurement at December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 5,470,785 | $ - | $ - | $ 5,470,785 |
| Variable annuities | - | 741,159 | - | 741,159 |
| | $ 5,470,785 | $ 741,159 | $ - | 6,211,944 |
| Investments using NAV as practical expedient (a) | | | | 4,501,804 |
| Total investments | | | | $ 10,713,748 |

| | Fair Value Measurement at December 31, 2024 (Compiled) | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 5,232,056 | $ - | $ - | $ 5,232,056 |

(a) In accordance with Subtopic 820-10 certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## 3. FAIR VALUE MEASUREMENTS (Continued)

**Fair Value of Investments that Calculate Net Asset Value Per Share**
The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2025 and 2024.

| | 2025 Fair Value | 2024 (Compiled) Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|---|
| Collective trust fund | $ 4,501,804 | $ - | N/A | Daily | N/A |

The stable value fund is an investment with an intended purpose of providing income, stable principal value, and low volatility. Investments in this fund include high quality bonds with short to intermediate maturities. In addition, they include guaranteed insurance contracts which aim to provide price stability on a day-to-day basis.

## 4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025. Accordingly, the following information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, (Empower) the Plan's current custodian and a qualified institution and Nationwide Trust Company, FSB, (Nationwide) the Plan's previous custodian and a qualified institution.

| Statement of changes in net assets available for benefits: | |
| Interest and dividend income | $ 230,694 |
| Net appreciation in fair value of investments | $ 766,643 |

## 5. PLAN CONVERSION

During 2025, the Plan transitioned its recordkeeping and custodial services from Nationwide to Empower. In connection with the transition, the Plan liquidated its investment in a guaranteed income fund maintained through Nationwide. Under the terms of the investment arrangement, the liquidation resulted in a market value adjustment of $663,066.

In connection with the transition, Nationwide restored $564,834 of the market value adjustment and Empower provided $98,232 of the remaining amount. Accordingly, the Plan recognized $663,066 of market value adjustment expense and $663,066 of related restoration income during the year ended December 31, 2025.

## 6. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan was invested in a fully benefit-responsive insurance contract with Nationwide Life Insurance Company at December 31, 2024 and during 2025. Nationwide Life Insurance Company maintained the contributions in a general account. The account was credited with earnings based on the credited interest rate and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value to any fund not classified as a competing fund. Transfers from the guaranteed income fund may not be made within six months to a competing fund.

Participant-initiated transaction were generally permitted at contract value; however, certain Plan-initiated events or contract terminations provision could result in settlement at an amount other than contract value. During 2025, the Plan's termination of the contract in connection with the change in custodians resulted in the market value adjustment described in Note 5.

## 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodians, and therefore, these transactions qualify as party in interest transaction.

Certain administrative functions of the Plan are performed by employees of the Company. No such employee received compensation form the Plan.

## 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## 9. TAX STATUS

The Company has adopted a pre-approved plan document offered by Ascensus LLC that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

## 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits agree between the financial statements and Form 5500 as of December 31, 2025 and 2024 and the total change in net assets available for benefits agree between the financial statements and Form 5500 for 2025, certain classifications differ between the financial statements and Form 5500.

## 11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 13, 2026, which is the date the financial statements were available to be issued.
