INDEPENDENT AUDITORS' REPORT

Plan Administrator
Medical Specialists of the Palm Beaches, Inc. Group Medical Plan
Palm Beach, Florida

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Medical Specialists of the Palm Beaches, Inc. Group Medical Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Medical Specialists of the Palm Beaches, Inc. Group Medical Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Medical Specialists of the Palm Beaches, Inc. Group Medical Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Medical Specialists of the Palm Beaches, Inc. Group Medical Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Medical Specialists of the Palm Beaches, Inc. Group Medical Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Medical Specialists of the Palm Beaches, Inc. Group Medical Plan's ability to continue as a going concern for a reasonable period of time.

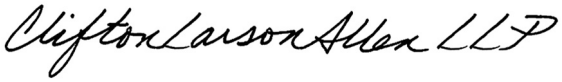

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of Medical Specialists of the Palm Beaches, Inc. Group Medical Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2025 to provide health and other benefits to eligible full time employees of Medical Specialists of the Palm Beaches, Inc. (the Company) and covered dependents. On January 1, 2025, a trust was established to fund the plan and hold payments for health claims. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In general, all employees scheduled to work at least 30 hours per week on a regular basis are eligible to participate.

Contributions

The Company will periodically deliver to the Plan such amounts of money as shall be necessary for timely payment of all health claims, benefit premiums and reasonable administrative expenses.

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections.

Any deficiency of the Plan’s net assets over benefit obligations is funded by the Company on a pay-as-you-go basis.

Benefits

The Plan provides benefits 31 days after the date of hire for full-time employees. The Plan provides health benefits (medical, and prescription drugs) to eligible members and to their beneficiaries and dependents.

Stop Loss Coverage

The Company has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). The premiums are being paid by the Plan.

Self-insured Benefits

All Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan’s third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and then are reimbursed by either the Plan’s VEBA trust or the general assets of the Company. Despite the Plan’s utilization of third-party claim’s processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the trustee, and actuary. These expenses are reported on the statements of changes in net assets available for benefits as Administrative Expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Stop Loss Coverage

Stop loss premiums are recorded when paid. Stop loss reimbursements are not recognized in the financial statements as the Company is the policy holder. Any stop loss reimbursements entitled by the Company contributed to the Plan are recorded as Company contributions in the statement of changes in net assets available for benefits.

Payment of Benefits

Claim payments are recorded when paid by the Plan. These payments are recorded as claims paid in the accompanying statements of changes in net assets available for benefits. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the benefit obligations as disclosed in Note 3.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

NOTE 3 BENEFIT OBLIGATIONS

All Plan benefits are self-insured. As of December 31, there are many self-funded claims that have been incurred on which benefit payments will be made subsequent to that date. The liability for claims payable and claims incurred but not reported (IBNR) was estimated based on claims data provided by the Plan's third party administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment

The following table presents the Plan's benefit obligations as of the year ended December 31, 2025, and the changes in the Plan's benefit obligations for the year then ended:

Plan's Benefit Obligations:	
Claims Payable	$ 253
Claims Incurred but not Reported to the Plan for Active Participants	204,430
Total	$ 204,683
Changes in Plan's Benefit Obligations:	
Claims Payable and Currently Due and Claims Incurred but not Reported to the Plan for Active Participants	
Balance at Beginning of Year	$ -
Claims Reported and Approved for Year	1,883,974
Claims Paid	(1,679,291)
Balance at End of Year	$ 204,683

The Plan does not offer postretirement benefits and thus, they are not included in the above calculation.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025.

Interest-Bearing Cash: Investments in cash and cash equivalents are valued based on cost, which approximates fair value in a non-inflationary economy and is protected by the FDIC.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Interest-Bearing Cash	$ 62,818	$ -	$ -	$ 62,818
Total Investments at Fair Value				$ 62,818

NOTE 5 TAX STATUS

The trust, established to hold assets of the Plan, has not applied for exemption and therefore is a taxable trust. The Plan did not have any activities that would generate taxable income for the year ended December 31, 2025.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded as of the year ended December 31, 2025, there are no uncertain positions taken or expected to be taken that would require changes to these financial statements.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits or for on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Certain plan functions are outsourced to a third-party. Health benefits are administered by Meritain Health for participants in the Plan and qualify as party-in-interest transactions under ERISA. Fees paid by the Plan to Meritain for administrative expenses accounted to $17,835 for the year ended December 31, 2025.

UMB Bank is the custodian as defined by the Plan for the year ended December 31, 2025. The custodian qualifies as a party-in-interest. No fees were paid by the Plan for cash management services for the year ended December 31, 2025.

NOTE 8 CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the plan to credit risk consist of cash and cash equivalents. The plan maintains an account at UMB Bank as of the year ended December 31, 2025 containing cash and cash equivalents. At times, balances may exceed the insurance limits of the Securities Investor Protection Corporation.

NOTE 9 RISKS AND UNCERTAINTIES

The liability for claims incurred but not reported (IBNR) was estimated using Plan provisions, the number of eligible participants, and the actual lag patterns of the Plan. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025
