Independent Auditors' Report

Board of Trustees
Local 344 Annuity Fund Plan
Oklahoma City, Oklahoma

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Local 344 Annuity Fund Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Local 344 Annuity Fund Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

RubinBrown LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Local 344 Annuity Fund Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Local 344 Annuity Fund Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Local 344 Annuity Fund Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Local 344 Annuity Fund Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2025 and of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. General Information

Description Of The Plan

The following description of the Local 344 Annuity Fund Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan was formed pursuant to an agreement (the Collective Bargaining Agreement) between the Plumbers and Pipefitters Local 344 of the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada (the Union) and Master Union Agreement between the Union and the Association of Plumbing-Heating-Cooling Contractors of Oklahoma City, Inc. The Plan is a defined contribution plan established for all eligible employees in the jurisdiction of the Union covered by the Collective Bargaining Agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is sponsored by the Joint Board of Trustees. Empower Retirement serves as the custodian of the Plan. The Custodian processes and maintains the records of the participant data. Empower Annuity Insurance Company of America (Empower) holds the Plan's assets. Employee Benefits Group, LLC serves as the third-party administrator of the Plan.

Eligibility

Employees are immediately eligible for participation in the Plan upon the employees being covered under a unit of employees by the Collective Bargaining Agreement under which such retirement benefits have been the subject of good faith bargaining within the meaning of the Internal Revenue Code (the Code). Participants are enrolled in the Plan on the first day after satisfying eligibility requirements.

Contributions

Participants may contribute to the Plan for each hour worked in covered employment at a defined rate. Participants can contribute to their participant accounts in $0.25 increments per hour. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Employers of participants also contribute to the Plan for each hour worked by participants in covered employment and at rates negotiated through collective bargaining. The contribution rate for the years ended December 31, 2025 and 2024 was $1.51 for each hour worked.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant may self-direct their contributions choosing from different investment options offered by the Plan. Each participant's account is credited with the participant's contributions, allocations of the employers' contributions, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and in their employers' contributions plus actual earnings thereon.

Benefits

Upon attainment of age 60, termination, disability, or death, a participant may elect to receive a lump-sum, monthly installments, and single life annuity in the amount equal to the value of the participant's account. Upon termination, automatic distributions are required for balances of less than $5,000. Automatic distributions above $1,000 made without the participant's consent are rolled into an individual retirement account designated by the Plan Administrator.

A participant may, under certain conditions, withdraw part or all of their account balance to alleviate a financial hardship.

2. Summary Of Significant Accounting Policies

Basis Of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Cash

The Plan deposits its cash in financial institutions. At times, deposits may exceed federally insured limits. The Plan has not experienced losses in such accounts.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the MassMutual Separate Account Guaranteed Interest Contract (SAGIC) Diversified Bond II is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

Net change in fair value of investments represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year, and includes any realized gains and losses in shares or units that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

Receivables And Credit Loss Policy

Employer contributions are recognized as such in the period in which covered participants perform services for contributing employers, in accordance with the terms of the applicable collective bargaining agreements. Contributions receivable represent amounts due from participating employers for hours worked by covered employees prior to the financial statement date. Amounts due for contributions are stated at the amount management expects to collect from outstanding balances, less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This estimate considers historical experience, current conditions and, when applicable, reasonable and supportable forecasts. The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2025 or 2024.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management of the Plan evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule at December 31, 2025 and 2024, and net change in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower. This information has not been audited by the Plan's independent auditors.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	2025	2024
Investments at fair value:		
Mutual funds	**$ 36,660,245**	$ 30,214,748
Pooled separate accounts	**28,137,286**	26,260,496
Fully benefit-responsive investment contract at contract value	**3,679,569**	4,467,509

Empower also certified to the completeness and accuracy related the following investment income from participants for the years ended December 31:

	2025	2024
Interest and dividends	**$ 2,512,868**	$ 1,794,540
Net change in fair value of investments	**6,818,446**	5,441,361

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest Bearing Cash

Interest bearing cash is reported at cost, which approximates fair value.

Mutual Funds

Valued at the daily closing prices as reported by the funds. Registered investment companies held by the Plan are open-end investment vehicles that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Each pooled separate account invests its assets solely in the shares or units of an underlying mutual fund, and the investment objective of each subaccount corresponds to the investment objective of the underlying fund. Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2025 and 2024, respectively. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. There are no unfunded commitments related to these investments and the investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the registered investment companies, and consequently, the fair value of the Plan's investments.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at December 31, 2025 or 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 363,163	$ —	$ —	$ 363,163
Mutual funds	36,660,245	—	—	36,660,245
Total Assets In The Fair Value Hierarchy	$ 37,023,408	$ —	$ —	37,023,408
Pooled separate accounts measured at net asset value {a}				28,137,286
Total Investments At Fair Value				$ 65,160,694

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 362,743	$ —	$ —	$ 362,743
Mutual funds	30,214,748	—	—	30,214,748
Total Assets In The Fair Value Hierarchy	$ 30,577,491	$ —	$ —	30,577,491
Pooled separate accounts measured at net asset value {a}				26,260,496
Total Investments At Fair Value				$ 56,837,987

{a} Certain investments that are measured at fair value using the net asset value per share/unit (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. Guaranteed Interest Contract

The Plan holds the MassMutual SAGIC Diversified Bond II investment through a group annuity contract at Empower. The SAGIC Diversified Bond II investment seeks to reserve principal and a steady, positive return in excess of money market rates. The SAGIC Diversified Bond II investment is a market value separate account investment option with a general investment guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value (see Note 2). Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events (including market value events such as complete or partial termination of the Plan; a material change in any Plan investment fund; an amendment to the Plan; a change in the administration or operation of the Plan, including the removal of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs) might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

6. Related Party Transactions And Party In Interest Transactions

The Plan reimburses Plumbers and Pipefitters Local Union 344 Health and Welfare Fund (Welfare Fund) for costs incurred for office space, phone, salaries, and employee benefits on behalf of the Plan. Such costs are included in administrative expenses and amounted to $60,901 and $41,161 for the years ended December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024, amounts due to the Welfare Fund totaled $56,529 and $19,910, respectively, and are included in accounts payable on the statement of net assets available for benefits.

The Plan has an agreement with Empower whereby Empower provides several investment vehicles through which participants can self-direct their own investment mix. Empower also maintains participants' account balances and performs various administrative duties. These transactions qualify as exempt party in interest transactions.

7. Income Tax Status

The IRS has determined and informed the Plan Administrator by a letter dated August 25, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although they have not expressed intent to do so, the Trustees have the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all monies of the Plan would be used to pay any and all obligations of the Plan with the excess to be distributed to the Plan participants. In no event would any of the assets of the Plan revert to the contributing employers or to the Union.

9. Significant Contributing Employers

For the year ended December 31, 2025, there were no employer contributions in excess of 10% of total employer contributions.

For the year ended December 31, 2024, contributions from one employer represented 10% of total employer contributions. Contributions receivable from this employer at December 31, 2024 totaled $24,923.

10. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
