Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of K.C. Nielsen, Ltd. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits do not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K.C. Nielsen, Ltd. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K.C. Nielsen, Ltd. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the K.C. Nielsen, Ltd. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and the related Summary Plan Description for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering substantially all employees of K.C. Nielsen, Ltd. (the Company) who have six months of service and are age 19 or older. The Plan is a 401(k) defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

Contributions

Employees who are eligible to participate in the Plan may make elective deferral contributions up to 100% of compensation subject to IRC limitations. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions equal to 100% of the first 3% of compensation that a participant contributes to the Plan. The matching contribution is invested in participant directed investments. Additional discretionary nonelective amounts may be contributed at the option of the Company's management and are invested in a portfolio of investments as directed by the participants. In order to receive a discretionary nonelective contribution, participants must be employed on the last day of the plan year and complete at least 500 hours of service during that plan year. During 2025 and 2024, there were no discretionary nonelective profit-sharing contributions.

Any employee hired prior to January 1, 2020 will be subject to monthly entry for all contributions. Employees hired on or after January 1, 2020 will be subject to quarterly entry for all contributions.

Effective January 1, 2025, the Plan permits participants who attain ages 60 through 63 during the calendar year to make additional catch-up contributions as permitted by the SECURE 2.0 Act of 2022. The increased catch-up contribution limit for these participants was $11,250 for 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer matching and nonelective contributions and an allocation of Plan earnings and losses by fund and charged with an allocation of administrative expenses. Allocation of the employer’s matching contributions is based on each eligible participant’s elected salary deferral. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only have one note outstanding at one time. The notes are secured by the balance in the participant's account and bear interest at the Wall Street Journal rate plus 2%. The term of the notes is limited to five years, unless the loan is for the purchase of a primary residence, in which case a longer term up to fifteen years may be permitted. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination, retirement, disability or death, the participant or beneficiary may elect to receive an amount equal to the value of the vested funds in either a lump sum or in installments. The Plan automatically distributes those benefits that are less than $1,000 in the event the participant does not elect a payout option. The Plan requires that distributions between $1,000 and $7,000 be automatically rolled over into an individual retirement account in the event the participant does not elect a lump sum payment. The Plan allows for in-service distributions when a participant reaches age 59 ½ or demonstrates a hardship subject to Plan provisions.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of terminated participants' nonvested amounts may be used to pay administrative expenses or reduce employer contributions. Forfeited non-vested accounts totaled $0 as of December 31, 2025 and 2024. During 2025 and 2024, forfeitures of $22,496 and $9,349, respectively, were used to reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Certain investments are measured using net asset value ("NAV") per share, or its equivalent, as a practical expedient to estimate fair value and are not classified within the fair value hierarchy. See Note 4 for discussion of fair value measurements and investments measured using NAV as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from the income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Plan Expenses

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distribution payments are charged directly to the participants' accounts and are included in administrative expenses. Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded as earned. Loans deemed distributed for income tax purposes remain reported as notes receivable until a distributable event and a loan offset occurs in accordance with the Plan's provisions.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 15, 2026, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors to not perform any auditing procedures with respect to the following information, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

The following table presents the value of the participant-directed Plan assets and related income that were obtained by management and agreed to or derived from information certified as

complete and accurate by John Hancock Life Insurance Company, a qualified institution, at December 31, 2025 and 2024 and for the years then ended:

	2025	2024
Investments at Fair Value	$ 38,381,523	$ 33,790,394
Notes Receivable from Participants	295,917	248,714

	2025	2024
Net Investment income (loss)	$ 4,833,638	$ 5,381,364
Interest Income on Notes Receivable from Participants	26,429	22,450

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- Quoted prices for similar assets in active markets
- Quoted prices for identical or similar assets in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: The Plan holds unitized interests in pooled separate accounts under a group annuity contract. The fair values of the non-stable-value pooled separate accounts are based on daily unit values determined by the issuer using observable inputs, including the net asset values or quoted prices of the underlying mutual funds, collective trusts, and exchange-traded funds, as applicable. Because the Plan holds unitized contract interests rather than direct quoted shares of the underlying investments, these investments are classified as Level 2 within the fair value hierarchy. The redemption frequency of the non-stable-value pooled separate accounts is daily, with no unfunded commitments.

Stable Value Fund: The Plan's investment in the John Hancock Stable Value Fund is measured using NAV per share, or its equivalent, as a practical expedient to estimate fair value. The John Hancock Stable Value Fund is reported at fair value based on units held multiplied by unit value, and the underlying John Hancock Stable Value Fund Collective Investment Trust publishes a stable $1 NAV per unit, which is used in determining daily subaccount unit values. Investments measured using NAV as a practical expedient are not categorized within Level 1, Level 2, or Level 3 of the fair value hierarchy. Accordingly, the John Hancock Stable Value Fund is presented as investments not subject to the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	-	$ 37,476,514	-	$ 37,476,514
Total assets in the fair value hierarchy	-	$ 37,476,514	-	$ 37,476,514
Investments not subject to the fair value hierarchy (a)				905,009
Total assets at fair value				$ 38,381,523

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	-	$ 32,679,807	-	$ 32,679,807
Total assets in the fair value hierarchy	-	$ 32,679,807	-	$ 32,679,807
Investments not subject to the fair value hierarchy (a)				1,110,587
Total assets at fair value				$ 33,790,394

(a) Represents the John Hancock Stable Value Fund, which is measured using NAV per share, or its equivalent, as a practical expedient to estimate fair value. In accordance with ASC 820, investments measured using NAV as a practical expedient are not classified within the fair value hierarchy.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in pooled separate accounts and fixed income accounts managed by John Hancock Life Insurance Company as of December 31, 2025 and December 31, 2024, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in the net appreciation in the fair value of the investments. Other administrative fees related to the administration of the plan totaling $115,902 and $102,050 as of December 31, 2025

and 2024, respectively, were paid to John Hancock Life Insurance Company and paid directly by the Plan. The Plan Sponsor also directly pays other fees related to the Plan's operations. These transactions qualify as party in interest transactions.

The plan has notes receivable from participants of $295,917 and $248,714 as of December 31, 2025 and 2024, respectively. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from being prohibited by ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Plan is qualified as a safe harbor plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PLAN MERGER

Effective January 1, 2025, the Plan received assets and assumed benefit obligations from the Nielsen Motors Salary Reduction Profit Sharing Plan in connection with a plan merger. The assets transferred included investments, participant loan receivables, and amounts attributable to

participant and employer contributions previously held by the predecessor plan. The transfer was recorded as a merger-related transfer in and was not included in participant or employer contributions. The transferred assets were recorded at fair value, and transferred participant notes receivable were recorded an unpaid principal plus interest as of the transfer date.

The components of the transfer from the predecessor plan are as follows:

Participant contribution account balances transferred	$	1,278,318
Employer contribution account balances transferred		456,915
Participant loan receivables transferred		43,346
Total transfer from predecessor plan	$	1,778,579
