INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Chicago Dryer Company Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Chicago Dryer Company Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chicago Dryer Company Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chicago Dryer Company Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chicago Dryer Company Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chicago Dryer Company Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chicago Dryer Company Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

* * *

1. Description of the Plan:

The following description of the Chicago Dryer Company Retirement Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and Plan Document agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Chicago Dryer Company (Plan Sponsor) who have completed 250 hours of service within three (3) consecutive months from the initial date of employment and have attained age eighteen (18). An eligible employee shall become a participant effective as of the earlier of the first day of the Plan year or the first day of the seventh month of such Plan year following the date such employee meets the eligibility requirements provided the employee was still employed as of such date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for the oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year participants may contribute up to 100% of their eligible annual compensation, as defined by the Plan, subject to the Internal Revenue Service (IRS) annual limits to either a traditional 401(k), Roth 401(k) or both. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the IRS limits. The 2025 limit was $23,500, with catch-up contribution limit of $7,500, for participants 50 years or older who make the maximum allowable deferrals to the Plan. Participants who attain age 60 through 63 during the Plan year may make catch up contributions of up to $11,250. Participants may also contribute distributions (excluding any after-tax employee contributions) from other tax qualified plans (within 60 days of receiving a payout from the other plan). Participants direct the investments of their contributions into various investment options offered by the Plan.

The Plan Sponsor makes a safe harbor non elective contribution equal to 3.0% of compensation for all eligible employees, regardless of whether they make deferral contributions. The Plan Sponsor may also make a discretionary profit-sharing contribution; for 2025, the Plan Sponsor contributed .5% of compensation. The profit-sharing is allocated only to eligible employees who are employed on the last day of the Plan year and have completed 1,000 hours of service during the year. These conditions are waived for a participant who separates from service due to normal retirement (defined under the plan as age 65), death or disability. Employer safe harbor and profit-sharing contributions are funded annually after the end of the Plan year. Accordingly, the employer contributions for the year ended December 31, 2025 are reported as employer contributions receivable in the accompanying statements of net assets available for benefits.

The annual compensation limit was $350,000 for 2025 with an annual defined contribution limit of $70,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the a) Plan Sponsor's contribution, (b) Plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan: (continued)

Vesting

Participants shall be fully vested upon entry into the Plan.

Investment Options

Participants may direct the investment of all deferrals and any employer contribution to any investment funds offered by the Plan through Matrix Trust Company. Earnings in these funds and/or market gains or losses are reflected in their changing unit value or returns.

Notes Receivable from Participants

The Plan Sponsor may make plan loans to participants or beneficiaries under the following circumstances: (1) loans shall be made available to participants and beneficiaries on a reasonably equivalent basis; (2) loans shall not be made available to highly compensated employees in an amount greater than the amount that is made available to other participants and beneficiaries; (3) loans shall bear a reasonable rate of interest; (4) loans shall be adequately secured; and (5) loans shall provide for periodic repayment up to five to fifteen years depending on the loan type. Furthermore, no Plan loan shall exceed 50% of account balance of a participant's vested interest in the Plan or $50,000.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of maximum amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction in contributions. There were no excess contributions payable as of December 31, 2025.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or their beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in certain monthly, quarterly, semi-annual or annual installments, or elect to rollover the funds into an IRA or other retirement account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals from a participant's deferral contribution accounts are permitted when applicable criteria are met.

Forfeited Accounts

When participants are fully vested, forfeitures arise only when a participant, with an account balance less than $1,000 cannot be located or does not cash a distribution check. Such amounts are restored if the participant later makes a claim. Forfeited amounts may be used to pay plan administrative expenses. There were no forfeited amounts at December 31, 2025 and 2024.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's interest in the common collective trust is measured at net asset value (NAV) per unit as a practical expedient. See Note 4 for further discussion of fair value measurements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest on the note's receivable recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The loans are secured by the balance in the participant's account and bear interest at 3.25%. Principal and interest are paid ratably through payroll deductions. No allowance for credit losses have been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

The Plan did not adopt any new accounting pronouncements during 2025. Management has evaluated accounting pronouncements issued but not yet effective and does not expect them to have a material effect on the Plan's financial statements.

3. Investments Certified by Qualified Institution:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the trustee and custodian of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2025	2024
Investments at fair value:		
Mutual Funds	$ 17,017,881	$ 14,479,838
Money market deposit account	16,423	14,883
Common /Collective Trusts - NAV	973,687	925,890
Total investments, at fair value	$ 18,007,991	$ 15,420,611

Investment income for the year ended December 31, 2025:	
Net appreciation (depreciation) in fair value of investments:	$ 1,510,481
Interest and dividends	$ 998,991

4. Fair Value Measurements:

Accounting Standards Codification (ASC) 820, "Fair Value Measurements" establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the "Fair Value Measurements" guidance are described as follows:

Level 1 – observable inputs that are based upon quoted markets prices for identical assets or liabilities within active markets.

Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs that are significant to the fair value measurement.

The level of an asset within the hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements: (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025, and 2024.

Mutual Funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market deposit account: Valued at carrying value, which approximates fair value because of the short-term nature.

Common/collective trust: The Morley Stable Value Fund is valued at the NAV of units held by the Plan, as reported by the fund's trustee, as a practical expedient. The fund invests primarily in fully benefit-responsive investment contracts, and its NAV is based on the contract value of those contracts.

The plan assets at fair value as of December 31, 2025, and 2024 are as follows:

	2025	
	Level 1	Total
Mutual Funds	$ 17,017,881	$ 17,017,881
Money Market	16,423	16,423
Total investments at fair value hierarchy Level 1	$ 17,034,304	$ 17,034,304
Investments measured at NAV*		973,687
Investments measured at fair value		$ 18,007,991

	2024	
	Level 1	Total
Mutual Funds	$ 14,479,838	$ 14,479,838
Money Market	14,883	14,883
Total investments at fair value hierarchy Level 1	$ 14,494,721	$ 14,494,721
Investments measured at NAV*		925,890
Investments measured at fair value		$ 15,420,611

*In accordance with ASC 820-10, investments measured at NAV per share or its equivalent as a practical expedient have not been classified in the fair value hierarchy. The amounts are presented to reconcile the hierarchy to the total investments investments on the statement of net assets available for benefits.

4. Fair Value Measurements: (continued)

The following summarizes investments at fair value based ion NAV's per share at December 31, 2025 and 2024.

	Fund Value	Unfunded Commitments	Redemption Frequency	Redemption Note Period
2025 Morley Stable Value Fund	$ 973,687	N/A	Daily	1 day
2024 Morley Stable Value Fund	$ 925,890	N/A	Daily	1 day

5. Party-in-Interest:

A party-in-interest is defined by ERISA to include any plan fiduciary (administrator, officer, trustee or custodian), the employer or any affiliate, any employee of such employer, any service provider to the plan (attorney, auditor, etc.) whether paid by the plan or not. It should be noted that ERISA's definition of a party-in-interest is broader than a related party as that term is defined by U.S. generally accepted accounting principles (GAAP). Participant loans are considered party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transactions rule under ERISA. The Plan invests in certain funds offered by Matrix Trust Company. Such transactions as of December 31, 2025 are disclosed in the Supplemental Schedule of Assets Held at End of Year.

6. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances which will be distributed as prescribed by ERISA.

7. Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

8. Tax Status:

The Internal Revenue Service has determined and informed the Company by letter dated July, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. Tax Status: (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties:

The Plan invests in various investments. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Schedule H of Form 5500:

There were no differences between net assets available for benefits or the net increase in net assets available for benefits reported in the financial statements and the amounts reported on Schedule F of Form 5500 as of and for the years ended December 31, 2025 and 2024.

11. Plan Amendments:

The Plan has implemented the provisions of the Pension Protection Act of 2006. The Plan has also been amended to comply with applicable provisions of the Pension Reform Act, The HEROES Act, the Worker, Retiree, and Employer Recovery Act, and the Emergency Economic Stabilization Act.

12. Subsequent Events:

Subsequent events were evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued. There were no other subsequent events that require adjustment to or disclosure in the financial statements other than as noted above.
