Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Augsburg University Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of Augsburg University Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Augsburg University Defined Contribution Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Augsburg University Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Augsburg University Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Augsburg University Defined Contribution Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Augsburg University Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

NOTE 1 DESCRIPTION OF PLAN

The following description of Augsburg University Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established July 1, 1962. The Plan was most recently restated and amended effective January 1, 2019. The Plan Sponsor is Augsburg University (the Employer).

The Plan excludes students and nonresident aliens from participating in the salary deferral portion of the Plan. The Plan excludes nonresident aliens, leased employees, independent contractors, adjunct faculty members, those whose written agreement provides that they are not eligible, and students from participating in the Employer contribution portion of the Plan. Employees represented by a collective bargaining unit are subject to the provisions of the collective bargaining agreement related to eligibility. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees are eligible to participate in the Plan for salary deferrals as soon as administratively feasible after date of hire. Employees are eligible to participate in the Plan for Employer contributions following attainment of age 21 and completion of one year of service (with at least 1,000 hours). Employees enter the Plan as soon as administratively feasible after meeting eligibility requirements for all contribution types.

Contributions

Eligible participants are permitted to elect to have up to 100% of their eligible compensation contributed as pretax contributions to the Plan. Participants eligible for Employer contributions will have 5% of their eligible compensation automatically contributed as a pre-tax contribution unless otherwise elected by the participant.

The Employer may, at its discretion, elect to make Employer contributions to the Plan. Effective September 3, 2023, Employer contributions were temporarily suspended for all nonunion faculty and staff. Effective June 9, 2024, Employer contributions were reinstated for all nonunion faculty and staff.

For each non-union participant with less than five years of participation in the Plan, the Employer contributed 5% of eligible compensation as long as the participant made at least a 5% salary deferral. For each non-union participant who had more than four years of participation in the Plan, the Employer contributed 8% of eligible compensation.

Prior to September 1, 2025, the Employer contributed a 1% matching contribution for members of SEIU Local 284. Effective September 1, 2025, the Employer contributes a matching contribution up to 2% of a Faculty Member's salary if the Faculty Member has taught fewer than nine instructional load at the Employer, and up to 4% of the Faculty Member's salary if the Faculty Member has taught nine or more instructional load at the University.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRAs. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Benefit Payments

Upon termination of service, death, disability, or retirement, the participant may receive the value of the vested interest in his or her account in the form of a qualified joint and survivor (QJ&S) annuity distribution unless the QJ&S annuity is waived, in which case other forms of distributions are available. The Plan allows for in-service distributions if a participant reaches age 59½ along with hardship distributions subject to Plan provisions.

Plan Loans

Participants may borrow amounts from TIAA. Plan loans may be requested by a participant, using their account as collateral for the Plan loan. A Plan loan is not treated as a distribution from the Plan and is not considered a Plan asset.

A participant may apply for a Plan loan to be made from his or her vested account balance in the Plan not to exceed the lesser of (i) $50,000 or (ii) 50% of the participant's vested account balance in the Plan. Loans may be further limited by the funding vehicles.

At December 31, 2025 and 2024, there were $55,734 and $74,570 , respectively, held within participant accounts in the TIAA Traditional Fixed Account on the statements of net assets available for benefits, which served as collateral against outstanding Plan loan balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear a reasonable interest rate. Principal and interest is paid ratably through payroll deductions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from participants and Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company and TIAA and CREF, and TIAA on behalf of TIAA Trust, N.A. (collectively, the qualified institutions), have supplied the Plan administrator with certifications as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years then ended, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value:

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The sub-accounts of variable annuities are valued at NAV of shares, which are valued by CREF at accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. The NAV is a readily determinable fair value and is the basis for current transactions.

The pooled separate account is valued based on the NAV of units, which are based on market prices of the underlying investments, held by the Plan at year-end. The NAV is a readily determinable fair value and is the basis for current transactions.

Investments in the nonbenefit-responsive fixed accounts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 64,163,794	$ -	$ -	$ 64,163,794
Sub-Accounts of Variable Annuities	-	40,969,695	-	40,969,695
Pooled Separate Account	-	1,498,942	-	1,498,942
Fixed Account	-	-	27,604,208	27,604,208
Total Investments at Fair Value	$ 64,163,794	$ 42,468,637	$ 27,604,208	$ 134,236,639

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 40,920,662	$ -	$ -	$ 40,920,662
Sub-Accounts of Variable Annuities	-	57,449,424	-	57,449,424
Pooled Separate Account	-	2,358,354	-	2,358,354
Fixed Account	-	-	27,973,611	27,973,611
Total Investments at Fair Value	$ 40,920,662	$ 59,807,778	$ 27,973,611	$ 128,702,051

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Change in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the years ended December 31:

	Fixed Account	
	2025	2024
Purchases	$ 2,008,074	$ 4,269,690
Transfers from Affiliated Plan	-	-
Issuances	-	-
Transfers In	-	-
Transfers Out	-	-

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure fair value of those financial instruments, and the significant unobservable inputs and the ranges of value for those inputs:

Type	Fair Value as of 12/31/25	Valuation Technique	Significant Observable Inputs	Range
TIAA Traditional Annuity	$ 27,604,208	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discounted Rate Applied	RA - 3.55% - 6.50% SRA - 3.00% - 5.75% GRA - 3.55% - 6.50% GSRA - 3.00% - 5.75% RC - 3.80% - 6.75% RCP - 3.05% - 6.00%

Type	Fair Value as of 12/31/24	Valuation Technique	Significant Observable Inputs	Range
TIAA Traditional Annuity	$ 27,973,611	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discounted Rate Applied	RA - 3.65% - 6.50% SRA - 3.00% - 5.75% GRA - 3.65% - 6.50% GSRA - 3.00% - 5.75% RC - 3.90% - 6.75% RCP - 3.15% - 6.00%

NOTE 5 INDIVIDUAL ANNUITY CONTRACTS WITH INSURANCE COMPANY

Each participant maintains an individual annuity contract with TIAA and/or CREF. As part of the contracts, TIAA may maintain a portion of the contributions in a "guaranteed account," which is called the Traditional Fixed Account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed minimum rate of interest is based on a formula established by TIAA and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Fixed Account does not permit TIAA to terminate the agreement prior the scheduled maturity date.

NOTE 5 INDIVIDUAL ANNUITY CONTRACTS WITH INSURANCE COMPANY (CONTINUED)

Certain Traditional Fixed Account individual annuity contracts are considered to be nonbenefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account.

Certain Traditional Fixed Account individual annuity contracts meet the fully benefit-responsive criteria and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The Employer has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by the qualified institutions; therefore, the investment transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 HISTORICAL PLAN ADMINISTRATION

Prior to 2009, the Plan's third-party administrator, TIAA, tracked contributions, investment earnings, distributions, and other activity on a "contract" basis. Each participant was set up as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009, as the regulations governing 403(b) plans did not require plan level reporting. As a result of this administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to January 1, 2009.

NOTE 11 DELINQUENT CONTRIBUTIONS

The Employer failed to remit employee deferral contributions for certain payroll periods during 2024 within the timeframe described by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the Internal Revenue Code. The Employer corrected the prohibited transactions in 2025.
