INDEPENDENT AUDITOR'S REPORT

To the Management, Participants and Board of Trustees of the
Original Footwear Manufacturing BR 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Original Footwear Manufacturing BR 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(A)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(c)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103.5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025. and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Original Footwear Manufacturing BR 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Original Footwear Manufacturing BR 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Original Footwear Manufacturing BR 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Original Footwear Manufacturing BR 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Original Footwear Manufacturing BR 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2025

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Original Footwear Manufacturing BR 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for more complete descriptions.

General – As of March 26, 2009, Original Footwear Manufacturing BR implemented a participant directed defined contribution 401(k) profit sharing plan covering substantially all employees of Original Footwear Manufacturing BR who have completed six months of service and have attained the age of 16 and elect to participate in the plan. The plan excludes collective bargaining (union) employees and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may enter the Plan semi-annually.

Contributions
Participant Contributions: A participant elects to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute up to 100% of annual compensation in pre-tax or Roth deferrals as defined in the Plan and by the Internal Revenue Service. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or contribution plans. The employee's deferral contributions are fully vested at all times and the employer matching contribution becomes fully vested after six years of credited service.

Employer Contributions: **Discretionary Matching**: The Company makes discretionary matching contributions in an amount determined by the Company. All active participants during the Plan Year are eligible to receive an allocation of the discretionary matching contributions. **Nonelective**: The Company may also make discretionary nonelective contributions as determined by the Company. All plan participants are eligible to receive an allocation of the Nonelective contributions if they have worked at least 1,000 hours during the Plan Year and are employed on the last day of the Plan Year. Company contributions are made in the ratio that each participant's compensation bears to the compensation of all eligible participants. All of the forgoing contributions are subject to limits as set by federal law.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administration expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The majority of the administrative fees are absorbed by the plan sponsor

Vesting – Each employee's deferral and rollover contributions plus actual earnings thereon are fully vested at all times. Employer matching contributions are vested on a 6 year grading vesting schedule.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in any increment in any of the listed investment options offered by the Plan, John Hancock Life Insurance Company (USA) and held by Mid Atlantic Trust Company. Participants may change their investment options at any time.

Participant Notes Receivable - Participants may not borrow from their fund accounts.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or may elect to take partial distributions or installments only if participants subject to lifetime RMDs. A participant who is required to receive lifetime Required Minimum Distributions (RDM) may receive installments payable in monthly, quarterly, or annual installments equal to or exceeding the annual RDM amount. Terminated participants whose balances are less than $5,000 will be automatically distributed. For such balances exceeding $5,000, subject to certain requirements, participants may leave their account balance in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts for financial hardship or after attaining the age of 59 ½. The distribution of the participant's account must commence no later than April 1 following the calendar year in which the participant attains age 73.

Forfeitures – Forfeitures of any participant's nonvested account occurs at the end of the Plan year and are applied to reduce the employer's contribution and can be applied to reduce administrative expenses at the end of the current or thereafter. Forfeiture of non-vested accounts for the year ended December 31, 2025, and 2024, were $3,619 and $0.

Administrative Expenses – The Plan permits payment of the Plan expenses to be made from the Plan assets. If the Company does not pay these expenses, then the expenses paid using the Plan's assets will be allocated among the participant accounts.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets must be used for the benefit of participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with generally accepted accounting principles generally accepted in the United States of America(GAAP), which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments in mutual funds (equities) and cash equivalents are valued at fair value as determined by the trustee based upon quoted market prices. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance companies. See Note 4 for a discussion of fair value measurements. Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or deprecation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the year or the cost of the investment if purchased during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions - Employee and employer contributions are recorded as they become due from the Sponsor. The Plan provides for all contributions to be participant directed.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3- INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by the trustee Mid Atlantic Trust Company at December 31:

	2025

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 consists of unadjusted quoted prices in active markets for identical assets or liabilities and has the highest priority.
- Level 2 consists of inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 consists of significant unobservable inputs for the asset or liability and has the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025, and 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trusts: Valued at the NAV units a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered investment accounts (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total	$ 3,241,505	$ -	-	$ 3,241,505

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mid Atlantic Trust Company. Mid Atlantic Trust company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - INCOME TAX STATUS OF THE PLAN

The Company has adopted the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA. The Internal Revenue Service ("IRS") has informed Associated Pension Consultants, in a letter dated June 30, 2020, that its non-standardized pre-approved profit-sharing money purchase/CODA is designed in accordance with applicable sections of the IRC, and any Plan Sponsor adopting this form of the non-standardized pre-approved profit-sharing/money purchase plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, the (prototype) Plan and related trust are tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as a tax-exempt trust.

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes*. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years ended December 31, 2022, through December 31, 2025, the years that remain subject to examination by major tax jurisdictions as of December 31, 2025.

NOTE 8 – SUBSEQUENT EVENTS

The plan administrator evaluated events and transactions subsequent to December 31, 2025, through the date of the independent auditor's report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The plan administrator has not identified any items requiring disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Management, Participants and Board of Trustees of the
Original Footwear Manufacturing BR 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Original Footwear Manufacturing BR 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(A)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(c)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103.5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025. and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Original Footwear Manufacturing BR 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Original Footwear Manufacturing BR 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Original Footwear Manufacturing BR 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Original Footwear Manufacturing BR 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Original Footwear Manufacturing BR 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2025

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Original Footwear Manufacturing BR 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for more complete descriptions.

General – As of March 26, 2009, Original Footwear Manufacturing BR implemented a participant directed defined contribution 401(k) profit sharing plan covering substantially all employees of Original Footwear Manufacturing BR who have completed six months of service and have attained the age of 16 and elect to participate in the plan. The plan excludes collective bargaining (union) employees and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may enter the Plan semi-annually.

Contributions
Participant Contributions: A participant elects to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute up to 100% of annual compensation in pre-tax or Roth deferrals as defined in the Plan and by the Internal Revenue Service. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or contribution plans. The employee's deferral contributions are fully vested at all times and the employer matching contribution becomes fully vested after six years of credited service.

Employer Contributions: **Discretionary Matching**: The Company makes discretionary matching contributions in an amount determined by the Company. All active participants during the Plan Year are eligible to receive an allocation of the discretionary matching contributions. **Nonelective**: The Company may also make discretionary nonelective contributions as determined by the Company. All plan participants are eligible to receive an allocation of the Nonelective contributions if they have worked at least 1,000 hours during the Plan Year and are employed on the last day of the Plan Year. Company contributions are made in the ratio that each participant's compensation bears to the compensation of all eligible participants. All of the forgoing contributions are subject to limits as set by federal law.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administration expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The majority of the administrative fees are absorbed by the plan sponsor

Vesting – Each employee's deferral and rollover contributions plus actual earnings thereon are fully vested at all times. Employer matching contributions are vested on a 6 year grading vesting schedule.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in any increment in any of the listed investment options offered by the Plan, John Hancock Life Insurance Company (USA) and held by Mid Atlantic Trust Company. Participants may change their investment options at any time.

Participant Notes Receivable - Participants may not borrow from their fund accounts.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or may elect to take partial distributions or installments only if participants subject to lifetime RMDs. A participant who is required to receive lifetime Required Minimum Distributions (RDM) may receive installments payable in monthly, quarterly, or annual installments equal to or exceeding the annual RDM amount. Terminated participants whose balances are less than $5,000 will be automatically distributed. For such balances exceeding $5,000, subject to certain requirements, participants may leave their account balance in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts for financial hardship or after attaining the age of 59 ½. The distribution of the participant's account must commence no later than April 1 following the calendar year in which the participant attains age 73.

Forfeitures – Forfeitures of any participant's nonvested account occurs at the end of the Plan year and are applied to reduce the employer's contribution and can be applied to reduce administrative expenses at the end of the current or thereafter. Forfeiture of non-vested accounts for the year ended December 31, 2025, and 2024, were $3,619 and $0.

Administrative Expenses – The Plan permits payment of the Plan expenses to be made from the Plan assets. If the Company does not pay these expenses, then the expenses paid using the Plan's assets will be allocated among the participant accounts.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets must be used for the benefit of participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with generally accepted accounting principles generally accepted in the United States of America(GAAP), which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments in mutual funds (equities) and cash equivalents are valued at fair value as determined by the trustee based upon quoted market prices. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance companies. See Note 4 for a discussion of fair value measurements. Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or deprecation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the year or the cost of the investment if purchased during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions - Employee and employer contributions are recorded as they become due from the Sponsor. The Plan provides for all contributions to be participant directed.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3- INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by the trustee Mid Atlantic Trust Company at December 31:

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 consists of unadjusted quoted prices in active markets for identical assets or liabilities and has the highest priority.
- Level 2 consists of inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 consists of significant unobservable inputs for the asset or liability and has the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025, and 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trusts: Valued at the NAV units a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered investment accounts (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mid Atlantic Trust Company. Mid Atlantic Trust company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - INCOME TAX STATUS OF THE PLAN

The Company has adopted the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA. The Internal Revenue Service ("IRS") has informed Associated Pension Consultants, in a letter dated June 30, 2020, that its non-standardized pre-approved profit-sharing money purchase/CODA is designed in accordance with applicable sections of the IRC, and any Plan Sponsor adopting this form of the non-standardized pre-approved profit-sharing/money purchase plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, the (prototype) Plan and related trust are tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as a tax-exempt trust.

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes*. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years ended December 31, 2022, through December 31, 2025, the years that remain subject to examination by major tax jurisdictions as of December 31, 2025.

NOTE 8 – SUBSEQUENT EVENTS

The plan administrator evaluated events and transactions subsequent to December 31, 2025, through the date of the independent auditor's report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The plan administrator has not identified any items requiring disclosure.
