Aspire Health Group LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aspire Health Group LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from John Hancock and Fidelity, qualified institutions, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We

believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule of Delinquent Participant Contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

ASPIRE HEALTH GROUP LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1 Description of the Plan

The following description provides general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan covering employees of Aspire Health Group LLC (the Sponsor) and the members of its controlled group that have adopted the Plan, other than leased employees and nonresident aliens, who have attained age 21 and completed three months of service. The Plan became effective January 1, 2024 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and participant accounts

Participants may contribute up to 100% of eligible compensation on a pre-tax or Roth basis, subject to Internal Revenue Code and Plan limits, and may make catch-up contributions when eligible. The Plan accepts rollover contributions from eligible employees, including those who have not yet become participants. Participants direct the investment of all of their accounts, and the Plan is intended to comply with ERISA section 404(c). The Sponsor may make discretionary matching contributions, allocated as a uniform percentage of participants' matched contributions. To share in a matching contribution, a participant must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year; these requirements are waived for participants who terminate employment due to death, disability, or attainment of normal retirement age. The Plan does not provide for nonelective or safe harbor contributions. Each participant's account is credited with contributions and earnings and charged with applicable expenses. Benefits are based on the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and related earnings. Sponsor matching contributions vest 20% after two years of credited service, increasing by 20% annually to full vesting after six years. Participants also become fully vested in Sponsor contributions upon death, disability, or attainment of normal retirement age (age 65). Years of service before age 18 are excluded for vesting purposes. Forfeitures may be used in any manner permitted by the Plan.

Benefits and participant loans

Upon termination of service, participants may receive their vested account balance in a lump-sum cash payment. In-service withdrawals are permitted from all accounts after age 59½ and after attainment of normal retirement age, and for hardship under the safe harbor criteria. Rollover accounts may be withdrawn at any time, and qualified reservist distributions are permitted. The Plan provides that participant loans are not permitted. No participant loans are reported at December 31, 2025.

2 Summary of Significant Accounting Policies

Basis of accounting and estimates

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Preparation requires estimates and assumptions affecting reported amounts and disclosures. Actual results could differ from those estimates.

2 Summary of Significant Accounting Policies Continued

Investments and income recognition

Investments are reported at fair value, except fully benefit-responsive investment contracts, when applicable, which are reported at contract value. Purchases and sales are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends on the ex-dividend date. Net investment gains and losses include realized and unrealized changes. Interest-bearing cash is reported at its recorded balance. The Plan's interest in the JH Stable Value I6 common collective trust is measured at net asset value as a practical expedient (see Note 4).

Benefits and expenses

Benefits are recorded when paid. Expenses paid by the Plan are included in these statements; expenses paid directly by the Sponsor are excluded. Investment expenses netted within investment returns are included in the related investment income.

3 Investments and Recordkeeper Conversion

Effective December 1, 2025, the Plan moved from John Hancock to Fidelity. At December 31, 2025, Fidelity reports $3,397,677 in interest-bearing cash within a conversion account. This temporary holding account is used during the conversion of assets and records from the prior recordkeeper. Conversion-account activity is recorded at the trust level and is not included in Fidelity's participant-level Summary of Plan Operations. The transfer between custodians of the same Plan does not represent a contribution or a transfer from another plan.

Investment category	2025
Interest-bearing cash in conversion account	$ 3,397,677
John Hancock Stable Value I6	123,623
Registered investment companies	174,706
Total investments and interest-bearing cash	$ 3,696,006

At December 31, 2024, the Plan's investments of $1,500,998 were held in pooled separate accounts under a John Hancock group annuity contract.

4 Investment Valuation

Accounting Standards Codification (ASC) 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- **Level 1 –** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2 –** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3 –** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- **Registered investment companies (mutual funds):** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **Common collective trust (JH Stable Value I6, sponsored by Global Trust Company):** Valued at the NAV of units of the collective trust, as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Investments measured at NAV are not classified in the fair value hierarchy.
- **Pooled separate accounts (December 31, 2024):** Valued at the NAV of units held by the Plan under the John Hancock group annuity contract. The NAV is based on the fair value of the underlying investments, primarily mutual funds valued at quoted market prices, less liabilities. Because the NAV is derived from observable inputs and the units are not traded in an active market, these investments are classified within Level 2. All pooled separate account balances were liquidated and transferred to Fidelity during the December 2025 recordkeeper conversion.
- **Interest-bearing cash:** The conversion account balance held at Fidelity is reported at its recorded balance, which approximates fair value, and is presented separately from investments measured at fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4 Investment Valuation Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 174,706	—	—	$ 174,706
Total assets in the fair value hierarchy	174,706	—	—	174,706
Investments measured at NAV (a)				123,623
Total investments at fair value				298,329
Interest-bearing cash in conversion account (b)				3,397,677
Total investments and interest-bearing cash				**$ 3,696,006**

December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	—	$ 1,500,998	—	$ 1,500,998
Total investments at fair value	**—**	**$ 1,500,998**	**—**	**$ 1,500,998**

(a) In accordance with ASC 820-10, investments measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

(b) Interest-bearing cash is not an investment measured at fair value and is included to reconcile to total investments and interest-bearing cash.

Investments measured at NAV. The John Hancock Stable Value I6 fund seeks to preserve principal while providing a stable rate of return. At December 31, 2025, its fair value was $123,623, and the Plan had no unfunded commitments to the fund. Participant-directed redemptions are permitted daily; plan-level withdrawals may be subject to a notice period of up to 12 months.

5 ERISA Section 103(a)(3)(C) Audit and Party in Interest Transactions

Management elected an ERISA Section 103(a)(3)(C) audit. Investment information was obtained or derived from information supplied by John Hancock and Fidelity, qualified institutions, and certified as complete and accurate as of December 31, 2025 and 2024, and for the year ended December 31, 2025.

John Hancock and Fidelity provide services to the Plan, and transactions with those institutions are party-in-interest transactions. The prior-year statements identify Economic Group Pension Services as a service provider. The 2025 Form 5500 reports administrative expenses of $45,129, consisting of contract administrator fees of $30,295 and other expenses of $14,834.

6 Contributions

Contributions for the year ended December 31, 2025 consisted of participant contributions of $1,461,089, employer contributions of $229, and rollover contributions of $528,002. Rollover contributions represent amounts transferred into the Plan by participants from other eligible retirement plans.

7 Plan Termination

The Sponsor has the right to discontinue contributions and terminate the Plan, subject to ERISA and the Plan provisions. Upon termination, participants become fully vested in their allocated Sponsor contributions.

8 Tax Status

The Internal Revenue Service (IRS) issued a non-standardized pre-approved profit sharing plan with CODA (cash-or-deferred arrangement) opinion letter dated June 30, 2020 to CCH Incorporated DBA FTWilliam.com, stating that its plan is acceptable for use by employers for the benefit of their employees under the Internal Revenue Code. Although the Sponsor has not applied for a determination letter for the Plan, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9 Risks and Uncertainties

The Plan’s investments are subject to interest rate, market, and credit risks. Changes in investment values could materially affect participants’ account balances and reported net assets. Amounts held in the conversion account may also be subject to risks associated with the institution and instruments in which they are held.

10 Delinquent Participant Contributions

The 2024 financial statements disclosed $3,532 of employee deferrals remitted late and stated that lost earnings would be calculated and deposited subsequently. The corrected 2025 Form 5500 continues to report $3,532 on Schedule H, line 4a. The Sponsor deposited the related lost earnings to the Plan during 2025, correcting the delinquency outside the Department of Labor’s Voluntary Fiduciary Correction Program. No other late remittances of participant contributions were identified for 2025.

11 Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued. In February 2026, the conversion account balance was allocated to participant accounts and invested in accordance with participant investment elections, completing the transition of the Plan’s assets and records from John Hancock to Fidelity. No other subsequent events were identified that required recognition or disclosure in the financial statements.
