INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Riviera Finance, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Riviera Finance, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Riviera Finance, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Riviera Finance, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Riviera Finance, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Riviera Finance, LLC 401(k)'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Riviera Finance, LLC 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

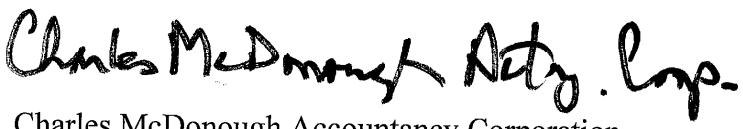

The supplemental schedule of Schedule H, Line 4i – "Schedule of Assets as of December 31, 2025", is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RIVIERA FINANCE, LLC 401(k) PLAN

Notes to Financial Statements

For the Years Ended December 31, 2025, and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Riviera Finance, LLC ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established to provide retirement benefits to eligible employees of the Company and entities under common control who have one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective on May 1, 1995. The amended and restated provisions of the Plan became effective on August 1, 2016, and the Plan was subsequently amended on June 2, 2020.

Eligibility – All employees of the Company and entities under common control who are at least 18 years of age and have completed one year of service are eligible to participate in the Plan. Eligible employees may enroll in the Plan on the first day following their satisfaction of the eligibility requirements.

Contributions - Participants may contribute up to 100% of their eligible compensation on a pre-tax basis, Roth after-tax basis, or a combination of both, subject to the annual limits set by the Internal Revenue Service (IRS). Participants who are at least age 50 or will attain age 50 before the end of a calendar year are eligible to defer additional amounts (called "catch-up contributions") to the Plan beginning January 1 of that year. The Company provides a matching contribution equal to 50% of participants' elective deferrals, excluding catch-up contributions. The matching contribution in any Plan Year will not exceed 5% of a participant's compensation.

Participant Accounts - Each participant has an individual account to which their elective deferrals, Company matching contributions, any discretionary contributions, and investment earnings or losses are credited or charged. Participants may direct the investment of their account balances among a variety of investment options offered by the Plan. Administrative expenses may be charged to participant accounts, as outlined in the Plan document.

Vesting - Participant elective deferrals and Roth contributions, including related earnings, are fully vested at all times. Company matching contributions vest according to the following schedule:

- Less than 2 years of service: 0%
- 2 years of service: 20%
- 3 years of service: 40%
- 4 years of service: 60%
- 5 years of service: 80%
- 6 or more years of service: 100%

Forfeited Accounts - Forfeitures arise from nonvested employer contribution balances when the forfeiture conditions specified in the Plan document are met. These amounts are held in a separate forfeiture account and may be used to reduce future employer contributions or pay Plan administrative expenses, as permitted by the Plan document. As of December 31, 2025 and 2024, unallocated forfeitures totaled $2,727 and $10,570, respectively. During 2025 and 2024, forfeitures of $46,661 and $18,298, respectively, were incurred, and $54,750 and $9,500, respectively, were used to reduce employer contributions.

Distributions - Participants are entitled to receive the vested balance of their accounts upon retirement, disability, death, or termination of employment. Distributions may be made in a lump sum, partial withdrawals, or installments, as elected by the participant. In-service withdrawals are permitted under certain conditions, such as reaching age 59½ or financial hardship, subject to Plan provisions and IRS regulations. Rollovers to another qualified plan or Individual Retirement Account (IRA) are also permitted. For the years ended December 31, 2025, and 2024, total distributions paid to participants or beneficiaries, including direct rollovers and corrective distributions were $494,983 and $1,267,885, respectively.

Notes Receivable from Participants – The Plan allows participants to borrow from their vested account balances, subject to a minimum loan amount of $1,000 and a maximum of the lesser of $50,000 or 50% of their vested account balance. Participants are limited to one outstanding loan at any time. Loans must be repaid within five years through payroll deductions, with interest at the prime rate specified under the Plan's loan provisions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) as set forth in ASC 962, Plan Accounting—Defined Contribution Pension Plans.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date, as defined by ASC 820, Fair Value Measurement. Contract value is the relevant measurement for fully benefit-responsive investment contracts, such as the Plan's Stable Value Fund, as it represents the amount participants would receive for permitted transactions (e.g., withdrawals or transfers) under the terms of the Plan. See Note 3 for fair value measurements and Note 5 for the Stable Value Option reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold and unrealized gains and losses on investments held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at unpaid principal plus accrued but unpaid interest. Interest income is recorded as earned. Participant loan defaults, deemed distributions, and loan offsets are accounted for based on the underlying circumstances and applicable Plan provisions. Actual loan offsets against participants' account balances are recorded as benefits paid. A deemed distribution for income tax purposes does not, by itself, constitute an actual loan offset. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

As of December 31, 2025 and 2024, no allowance for credit losses was recorded and outstanding participant loans totaled $432,022, and $301,762, respectively. The balances were obtained by management and agreed to, or derived from, information certified as complete and accurate by Transamerica Financial Life Insurance Company, the Plan's custodian.

Contributions - Participant contributions and employer matching contributions are recorded in the period during which the Company withheld or accrued contributions from participant wages or as determined by the Plan administrator for discretionary contributions.

Benefit Payments - Benefits paid to participants are recorded when paid.

Forfeitures - Forfeitures of nonvested employer contribution balances are recognized when the forfeiture conditions specified in the Plan document are met and are held in a separate forfeiture account. These amounts are used to reduce future employer contributions or to pay Plan administrative expenses in accordance with the Plan document.

Administrative Expenses – Certain administrative expenses of the Plan may be paid from Plan assets, as permitted by the Plan document. These expenses are primarily paid through the Plan's Expense Budget Account (EBA), a revenue-sharing account held in Transamerica's general account. Administrative expenses paid directly by the Company are not reflected in the Plan's financial statements. For the years ended December 31, 2025 and 2024, the Plan's administrative expenses paid from the EBA totaled $35,808 and $20,940, respectively.

Investment-related expenses are included in the net appreciation in the fair value of investments and are not separately reported as administrative expenses in the financial statements. Administrative expenses paid from Plan assets, such as recordkeeping and trustee fees, are generally allocated among participants' accounts proportionately depending on the nature of the expense. Certain participant-specific expenses, such as loan processing fees or distribution fees, are charged solely to the accounts of the participants incurring them. For the years ended December 31, 2025 and 2024, administrative expenses allocated to participants' accounts totaled $3,970 and $4,210, respectively.

Risks and Uncertainties - The Plan invests in various securities. These investments are subject to various risks, such as market risk, credit risk, and interest rate risk, which may result in losses to the Plan. Due to these risks and inherent market uncertainties, it is reasonably possible that changes in investment values could occur in the near term, materially affecting participants' account balances and the amounts reported in the Plan's financial statements.

Subsequent Events - The Plan administrator has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued and determined that no subsequent events require recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

ASC Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value, prioritizing the inputs to valuation techniques into a three-level hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels are defined as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices for similar assets and liabilities in active markets or inputs that are observable either directly or indirectly through market corroboration, for substantially the full term of the financial instrument
- Level 3: Unobservable inputs supported by little or no market activity that are significant to the fair value of the assets or liabilities.

Valuation Techniques - The Plan uses valuation techniques appropriate to the circumstances and for which sufficient data are available, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Pooled Separate Accounts ("PSAs"), offered through Transamerica are valued using unit values calculated daily based on the underlying investments and are valued as follows: PSAs investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets (Level 1). PSAs directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (Level 2).

The valuation methods described above may produce fair value measurements that differ from net realizable value or future fair values. The Plan believes its valuation methods are appropriate and consistent with those of other market participants. However, different methodologies or assumptions could result in different fair value measurements at the reporting date.

The Plan's policy is to recognize transfers between Levels 1 and 2, as well as transfers into or out of Level 3, as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1 and 2 or into or out of Level 3.

Investments at Contract Value - The Plan's stable value fund is reported at contract value in the statement of net assets available for benefits. As of December 31, 2025 and 2024, the contract value of the stable value fund was $4,645,300 and $4,607,726, respectively. The investment is excluded from the fair value hierarchy. See Note 5 for further details on investments at contract value.

The following tables set forth, by level within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2025, and 2024.

	Fair Value	Level 1	Level 2	Level 3

NOTE 5 – INVESTMENT AT CONTRACT VALUE – STABLE VALUE OPTION

The Plan entered into a fully benefit-responsive traditional group annuity contract with Transamerica Financial Life Insurance Company. Contributions allocated to the Stable Value Option account are maintained in Transamerica's general account. Transamerica is the contract issuer.

The Stable Value Option meets the fully benefit-responsive investment contract criteria under accounting principles generally accepted in the United States of America and is reported at contract value in the Plan's financial statements. Contract value represents contributions and credited interest, less withdrawals and applicable charges. The investment is excluded from the fair value hierarchy.

- The Stable Value Option is a non-tradable obligation of Transamerica. Neither the contract nor its proceeds may be assigned or sold to another party without Transamerica's consent.

- The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive.

- The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans, or transfers to other investment choices within the plan.

- Since the Stable Value Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

- The Stable Value Option investment choice allows a participant reasonable access to their assets.

Before January 1 and July 1, the effective annual rate of interest is established for the corresponding six-month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate for the Stable Value Option investment choices.

The Stable Value Option investment choices are backed by the general account of Transamerica. While Transamerica declares rates periodically and backs the principal and interest of these investment choices, any guarantees are subject to the claims-paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest shall not change during the six-month period for which it is effective.

The contract value and interest rate of the Stable Value Option accounts as of December 31, 2025, and 2024 were as follows:

	December 31	
Stable Value Option	**2025**	**2024**
Fair value of investment contract	$ 4,645,300	$ 4,607,572
Adjustment from fair value to contract value	-0-	-0-
Contract value	$ 4,645,300	$ 4,607,572
Average yield based on actual earnings	1.64%	1.59%
Average yield based on interest rate credited to participants	1.65%	1.57%

NOTE 6 – PLAN TERMINATION

Although the Company has not expressed any intent to do so, it reserves the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.

NOTE 7 – CORRECTIVE DISTRIBUTIONS

During the years ended December 31, 2025 and 2024, the Plan refunded excess contributions and related investment earnings to participants to satisfy the actual deferral percentage (ADP) test requirements. The amount of excess contributions refunded to the participants for the year ended December 31, 2025, and 2024, was $71,207 and $41,463, respectively.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company and Transamerica entered into an Expense Budget Account ("EBA") Addendum to the Application and Agreement for Services. The addendum provides EBA credits calculated using the applicable annual credit rate specified in the EBA Schedule and applied monthly to assets allocated to active investment choices under the group annuity contract. The credit rate and applicable charges may be changed upon 30 days' prior written notice to the contract holder. EBA funds are used to pay necessary and reasonable eligible Plan expenses at the direction of the Plan fiduciary and may be reallocated to participants' investment accounts.

The EBA is a subaccount of the Suspense Account held in the general account of Transamerica Financial Life Insurance Company and is included in the Stable Value Core balance reported by Transamerica. Credits and earned interest, less disbursements and reallocations, constitute the EBA balance and are held as Plan assets. EBA balances totaled $18,097 and $19,822 as of December 31, 2025 and 2024, respectively.

The Plan's EBA activity for the years ended December 31, 2025 and 2024 was as follows:

	2025	2024
Beginning balance	$ 19,822	$ 30,237
EBA credits and interest earned	114,083	45,525
Plan administrative expenses	(35,808)	(20,940)
Amounts reallocated to participants' investment accounts	(80,000)	(35,000)
Ending balance	$ 18,097	$ 19,822

Notes Receivable from Participants – Participant loans constitute party-in-interest transactions and are exempt from ERISA's prohibited transaction provisions when the applicable exemption requirements are satisfied. Interest income from participant loans totaled $19,445 and $15,066 for the years ended December 31, 2025 and 2024, respectively. Notes receivable from participants totaled $432,022 and $301,762 as of December 31, 2025 and 2024, respectively.

NOTE 9 - INCOME TAX STATUS

The Internal Revenue Service ("IRS"), in a determination letter dated August 2, 1993, determined that the Plan and related trust were designed in accordance with the applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Accordingly, they believe that the Plan is qualified and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate the Plan's tax positions. A tax benefit is recognized only if it is more likely than not that the position will be sustained upon examination by the appropriate taxing authority based on its technical merits. Any resulting liability for unrecognized tax benefits is recorded as appropriate. The Plan is subject to examination by taxing authorities; however, no examinations are currently in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2021.
