INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of the
United Airlines Pilot Retirement Account Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the United Airlines Pilot Retirement Account Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Charles Schwab Trust Company, the trustee of the Plan and a qualified institution, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

MITCHELL TITUS

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PILOT RETIREMENT ACCOUNT PLAN

Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan

The following description of the United Airlines Pilot Retirement Account Plan (the "Plan") is for general information purposes only. More complete information about the Plan Document, vesting, and benefit provisions is contained in the Summary Plan Description, a copy of which is available from United Airlines, Inc. ("United" or "Company").

General and Plan Participants. The Plan is a defined contribution plan covering certain employees of United classified as line pilots, flight management pilots, or pilot instructors who are on the pilot seniority list and who are represented by Air Line Pilots Association. Employees are eligible to become participants on their date of hire. The Plan Sponsor is United, and the Plan is established for the exclusive benefit of participants and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Trustee and Record Keeper. Charles Schwab Trust Company ("Trustee") is the Plan's trustee and record keeper.

Employee Contributions. Participants may elect to make voluntary pre-tax, Roth 401(k) and/or post-tax contributions to the Plan. A participant may elect to contribute 1% to 100% - in increments of 1% - or a specific dollar amount of eligible earnings for a Plan year subject to limitations under the Internal Revenue Code ("the Code"). Participants who are or will attain the age of 50 or older before the close of the calendar year are eligible to make a catch-up contribution in accordance with Section 414(v) of the Code. Participants residing in the Commonwealth of Puerto Rico are not eligible for Roth 401(k) contributions and may make limited post-tax and catch-up contributions per Puerto Rico Law.

Participants may elect to roll over amounts into the Plan from certain other qualified employer plans or a qualified Individual Retirement Account ("IRA").

Employer Contributions. For each payroll period during the Plan year, the Company shall contribute to the trust, on behalf of a participant, an amount equal to 17% of a participant's eligible earnings. Effective with the January 2026 bid period, the Company contribution increased to 18%.

Additionally, the Company contributes for each individual who is an eligible pilot on April 30 of the Plan year, an amount equal to the product of (a), (b) and (c) where (a) is the eligible pilot's number of forfeited monthly bid vacation days for the vacation year ending on that April 30; (b) is three hours fifteen minutes, and (c) is the eligible Pilot's hourly rate of pay as of that April 30 or in the case of retirement, his or her retirement date. Effective September 29, 2023, the 'three hours fifteen minutes' stated in the preceding sentence was replaced with 'three and three quarters hours'. Effective for the 2024-2025 vacation year, 'three and three-quarters hours' was replaced with 'four and one-quarter hours'.

Unused vacation contributions shall be contributed by June 16 following the end of the vacation year.

Vesting. Participants are 100% vested in the value of their accounts under the Plan.

Investment Funds. Upon enrollment in the Plan, participants may direct their contributions and any employer contributions to any of the Plan's designated investment options, including the self-directed brokerage. If a participant fails to make an investment election, his or her account shall be invested in the default fund designated by the Investment Committee.

Participant Accounts. Individual accounts are maintained for each Plan participant. Each participant's account is credited with contributions and Plan earnings, and charged with withdrawals, an allocation of Plan losses and administrative fees. Allocations are based on account balances, as defined by the Plan. Each participant is entitled to the benefit that can be provided from his or her vested account.

Participant Loans. While employed as a pilot, flight management pilot, or pilot instructor, participants may borrow from their Plan accounts. Generally, participants may borrow up to 50% of his or her account balance (excluding certain subaccounts) and subject to a minimum amount of $1,000 and a maximum amount of $50,000. While the repayment period for a general-purpose loan is usually 12 to 60 months, the maximum repayment period may be up to 240 months if the loan is for the purchase of a principal residence. The Plan allows a participant to have up to two loans outstanding at any one time, but only one of such loans may be a principal residence loan.

Payment of Benefits. Participants who have separated from service may elect payment in the form of a full or partial lump sum, equal periodic installments, or in the form of an immediate annuity. The Plan allows in-service withdrawals for participants who are employed by United in accordance with the Internal Revenue Service ("IRS") regulations. In-service withdrawals depend on the types of contributions withdrawn, the reason for the withdrawal, and age at time of withdrawal.

2. Summary of Significant Accounting Policies

Basis of Accounting. The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants. Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded.

Investment Valuation and Income Recognition. Plan investments are stated at fair value based upon quoted market prices, except for fully benefit-responsive investment contracts, which are reported at contract value (See Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the Plan's investments are based on the specific interests that it has in each of the underlying participant-directed investment accounts. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities by the Plan are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized and realized gains and losses are presented as investment income (loss) in the statement of changes in net assets available for benefits.

Benefit Payments. Benefit payments are recorded when paid.

Subsequent Events. The Plan has evaluated subsequent events through October 2, 2026, the date the financial statements were issued, and no material events were noted.

3. Certified Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by Department of Labor's 29 CFR 2520.103-8 of the Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. Accordingly, Charles Schwab Trust Company, trustee for the Plan, has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and related investment information as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024, including notes to the financial statements.

- Income from Plan investments and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of assets (held at end of year) at December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedule.

4. Fair Value Measurements

The framework for measuring fair values provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 - Unadjusted quoted prices in active markets for assets or liabilities identical to those to be reported at fair value.

Level 2 - Other inputs that are observable directly or indirectly, such as quoted prices for similar assets or liabilities or market-corroborated inputs.

Level 3 - Unobservable inputs for which there is little or no market data and which require us to develop our own assumptions about how market participants would price the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

Self-directed brokerage accounts: The investments in these accounts include mutual funds, ETFs, and common stocks that are valued on the basis of readily determinable market prices. These investments also include cash and short-term, interest-bearing investments, with initial maturities of three months or less. Such amounts are recorded at cost, plus accrued interest, which approximates market value. Other assets in the accounts include preferred stock, U.S. Government securities, corporate bonds, unit investment trusts, and real estate investment trusts. These assets are valued using pricing models maximizing the use of observable inputs for similar securities.

Registered investment companies: The funds are valued at NAV, which is calculated daily and reported by the fund company or their hired fund accountants, who provide the daily calculated NAV directly to the various pricing sources. These funds are deemed to be actively traded. Other mutual funds without publicly quoted prices are valued at NAV used as a practical expedient for fair value.

Common collective trust funds: Maintained by bank or trust companies and holds investments in multiple securities. For collective funds that are not publicly quoted, the fund is valued using NAV, derived from quoted prices in active markets of the underlying securities.

Equity funds: Equity accounts include investments in securities of developed market and emerging market companies. For equity accounts that are not publicly quoted, the account is valued using NAV, derived from quoted prices in active markets of the underlying securities.

The methods described above may produce a fair value calculation that may not indicate net realizable value or reflect future fair values. Furthermore, while management of the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Assets at Fair Value

(a) In accordance with the relevant accounting standards, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The redemption period for these investments is daily.

Fair Value of Investments that Calculate Net Asset Value

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively.

Instrument	**Fair Value 12/31/2025 *(In millions)***	**Unfunded Commitments**	**Redemption Frequency *(if currently eligible)***	**Redemption Notice Period**
Registered investment companies	$4,590	$0	Daily	None
Common collective trust funds	$2,756	$0	Daily	None
Equity funds	$1,857	$0	Daily	None

Instrument	**Fair Value 12/31/2024 *(In millions)***	**Unfunded Commitments**	**Redemption Frequency *(if currently eligible)***	**Redemption Notice Period**
Registered investment companies	$2,475	$0	Daily	None
Common collective trust funds	$2,693	$0	Daily	None
Equity funds	$2,418	$0	Daily	None

Registered investment companies – objective is to provide short- and long-term capital growth by investing primarily in securities of domestic and foreign issuers.

Common collective trust funds – objective is to provide long-term capital growth by investing primarily in securities of domestic and foreign issuers.

Equity funds – objective is to provide long-term capital appreciation by investing primarily in small to large sized stocks listed on major U.S. stock exchanges.

5. Fully Benefit-Responsive Investment Contracts

The Stable Value Fund currently holds investments in synthetic guaranteed investment contracts (GICs). These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value.

Participants that have holdings in the Stable Value Fund may direct permitted withdrawals or transfers of all or a portion of their account balance at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Synthetic GICs are issued by insurance companies or other financial institutions, backed by a portfolio of U.S. Government and other high-quality (rated A+ or above) debt securities managed by Galliard Capital Management, Inc. on behalf of the Plan, and "wrap" contracts with a number of counterparties. The wrap contracts provide additional assurance that Participants will be able to withdraw funds at contract value in the event that market value declines below contract value followed by significant participant withdrawals.

Interest crediting rates are determined by comparing contract value and the estimated future market value of the underlying investment portfolio, which is determined by compounding the portfolio's current yield to maturity over the remaining duration of the fund. The crediting rate is equal to the discount rate that equates market value and contract value over the remaining duration of the fund.

The contract value of the investment contracts in the Stable Value Fund held by the Plan as of December 31, 2025 and 2024 was $623 million and $620 million, respectively.

The wrap contracts limit the ability of the Plan to transact at contract value upon the occurrence of certain events, which the Plan sponsor does not believe are probable. These events include: (i) the Plan's failure to qualify under Section 401(a) or 401(k) of the Code; (ii) the establishment of a defined contribution plan that competes with the Plan for employee contributions; (iii) any substantive modification of the Plan or the administration of the Plan that is not consented to by the contract issuer; (iv) complete or partial termination of the Plan; (v) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the fund's cash flow; (vi) merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan Sponsor; (vii) any communication given to participants by the Plan Sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the Funds or to transfer assets out of the Stable Value Fund; (viii) exclusion of a group of previously eligible employees from eligibility in the Plan; (ix) any early retirement program, group termination, group layoff, facility closing, or similar program; and (x) any transfer of assets from the Stable Value Fund directly to a competing option.

l6. Income Tax Status

The Plan is designed to be qualified pursuant to Section 401(a) of the Code. The IRS has determined and informed the Company by a letter, dated October 20, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan utilizes various investment instruments that are exposed to various risks, such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits

8. Party-in-Interest Transactions

A portion of the Plan's investments is managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. Plan Termination

Although it has not expressed any such intent, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all amounts credited to a participant's account at the time of termination, including participant's deferrals, Company's contributions, and earnings thereon, shall be retained in the trust and will be distributed in accordance with the normal distribution rules of the Plan and ERISA.

10. Reconciliation to Form 5500

There were no reconciling items involving the amounts shown per the financial statements and Form 5500 for the year ended December 31, 2025.

Appendix 1 - Shareholder Servicing Payment Rates :

Charles Schwab & Co., Inc. and its affiliates ("Schwab") may receive indirect compensation from fund companies or their affiliates for shareholder related services. The rate received by Schwab may change from time to time as changes are made by fund companies. Outlined below is an illustration of rates received by Schwab as of the end of the reporting period for funds held in your plan at that time.

On average, the rate earned with respect to your plan's fund holding(s) in plan brokerage account(s) in the fund family(ies) listed is 0.30%, as further detailed below:
