Independent Auditors' Report

To the Plan Administrator of FFI Holdings PR Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of FFI Holdings PR Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of FFI Holdings PR Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FFI Holdings PR Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FFI Holdings PR Inc. Retirement Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FFI Holdings PR Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FFI Holdings PR Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—2024 Financial Statement

Predecessor auditors performed an audit of the 2024 financial statements of FFI Holdings PR Inc. Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule(s), other than the information in the 2024 supplemental schedule(s) that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

FFI Holdings PR Inc. Retirement Plan

Notes to Financial Statements

December 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the FFI Holdings PR Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Description - The Plan is a defined contribution plan established effective September 20, 2013. The Plan covers all employees of FFI Holdings Puerto Rico Inc. (the Company or Employer) who have completed two months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The FFI Holdings Puerto Rico Inc. is responsible for oversight of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's FFI Holdings Puerto Rico Inc..

Contributions to the Plan - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Puerto Rico Income Tax Code ($15,000 for the years ended December 31, 2025 and 2024. Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to a maximum of $1,500, as approved bye the Puerto Rico Income Taxes Code. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants will have their deferral rate increase by 1 percent on the anniversary of their enrollment date until their deferral rate reaches 10 percent. The Company matches, at its discretion, participant deferrals up to 3% of compensation. The matching contribution is determined by the Employer on a uniform basis for all participants and may be expressed as a discretionary percentage of compensation or a discretionary dollar amount. Additional profit sharing amounts may be contributed at the option of the FFI Holdings Puerto Rico Inc.. For the year ended December 31, 2025, there were no profit sharing contributions to the Plan. The Plan requires a participant to be employed as of year end to be eligible to receive employer contributions.

Participant's Individual Account - Each participant's individual account is credited with the participant's contributions, Company matching contributions, allocations of the Company's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment - Upon enrollment in the Plan, participants may direct contributions into various investment options offered by the Plan. Contributions to a participant account that has not chosen an investment option are invested in a default portfolio of funds. Participants may change their contributions at any time thereafter. The Plan also allows participants to change their investments options daily.

Vesting - Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service.

The Plan's vesting schedule is as follows:

Years of Vesting Service	**Percentage**
One year or less	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. Terms range from 1 to 5 years, unless the loan is for the purpose of acquiring a primary residence.

Payment of benefits - Immediate distributions may be made at participants' election upon termination of employment in a lump sum payment. The normal retirement age is the date a participant attains their sixty-fifth (65th) birthday. Early retirement is permitted at the participant's election if the participant has reached the age of fifty-nine and a half (59.5) years and at least 2 years of service for vesting purposes. A participant may withdraw amounts at any time from their salary after-tax contributions account, subject to uniform and nondiscriminatory standards established by the Plan Administrator. In the case of a participant termination because of death, the entire vested amount is paid to the person o persons legally entitled thereto.

Forfeited accounts - At December 31, 2025 and 2024, forfeited nonvested accounts totaled $20,194 and $7,540, respectively. These accounts will be used first to pay plan administrative expenses and then to reduce the employer contributions. During 2025, $3,999 was transferred from the forfeiture account to the Plan Expense Account and used to offset Plan administrative expenses. No forfeiture amounts were utilized to reduce employer contributions during the year.

2. SUMMARY OF ACCOUNTING POLICIES

The following is a summary of the significant accounting policies:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 of the Financial Statements for additional disclosures related to fair value measurements.

The Plan investment return includes interest income, gains and losses on sales of investments and unrealized appreciation or depreciation of investments. The financial statements reflect the net appreciation or depreciation in the fair value of the Plan's investments. This net appreciation or depreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

Contributions to the Plan - Employees contributions are recorded in the plan year period in which the Plan Sponsor make payroll deductions from the Plan participants' earnings. The employer will make a matching contribution equal to a discretionary percentage, to be determined by the Employer, of the Participant's salary reductions.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid directly by the Company are excluded from these financial statements. Fees related to participant loans and certain participant transactions are charged directly to the applicable participant accounts. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Revenue-sharing credits received by the Plan are used to offset administrative expenses. Under the Plan provisions, forfeitures may be used first to pay Plan administrative expenses and then to reduce employer contributions

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,050,689	$ -	$ -	$ 1,050,689
Total	$ 1,050,689	$ -	$ -	$ 1,050,689

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 616,123	$ -	$ -	$ 616,123
Total	$ 616,123	$ -	$ -	$ 616,123

4. GROUP ANNUITY CONTRACT

The Plan has a fully benefit responsive group annuity contract with Empower Annuity Insurance Company of America ("Empower"), and managed by Empower Capital Management, LLC, totaling $20,197 and $7,544 as of December 31, 2025 and 2024, respectively. The group annuity contract invests contributions in a Key Guaranteed Portfolio Fund ("KGPF"). This KGPF is a general account product where principal and interest for participant-initiated benefit payments are fully guaranteed by the entire general account assets of Empower.

This KGPF is a fully benefit-responsive investment contract for participant-initiated transactions for which values are reported at contract value. Contract value is determined as (a) plus (b) minus (c) where:

(a) Represents the cost of all contributions made under the contract;
(b) Includes interests credited to the fund;
(c) Represents transfer-out from participants' account balance.

A KGPF may not be considered fully benefit responsive at the Plan level based upon certain events and as a result the Plan's ability to transact at contract value with the issuer. Such events includes but are not limited to the following: premature termination of the contract by the Plan, plant closings, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives that also limits the ability of the plan to transact at contract value with the participants. The Plan administrator believes the occurrence of any such event, would be less than remote.

The plan has an investment provision contract that prevents the immediate and full payout of the contract value for plan-initiated transactions.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions, and it is reset quarterly. The contract has a guaranteed interest rate, the effective annual interest rate that will never be less than 0%. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The quarterly credit rate applies to all money deposited in the group contract holder's KGPF account regardless of when was deposited. The average interest rate for the year ended December 31, 2025 and 2024 was 1.70% and 1.60% respectively.

In order to provide participants' investments with liquidity for participant-initiated transfers, there cannot be any actively competing investment options in the Plan. Competing investment options refer to: (1) other guaranteed products, (2) stable value funds, (3) short-term bond funds (3 years or less of maturity) and (4) money market funds. If a competing fund is offered without Empower's approval, all participants' transfers shall be suspended until the competing fund is removed.

Upon termination of the group annuity contract, the plan sponsor may choose the following options associated with KGPF depending on the contract provisions:

(a) Receive the payout of the fund in a lump sum with a market value adjustment;
(b) Receive the payout of the fund in a lump sum at book value, if this option is selected, Empower may defer the payment to a date no longer than 12 months in the future;
(c) Mutually agree in writing to any other payout option allowable under the applicable law.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Empower Retirement LLC, the Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

6. TAX STATUS

On February 15, 2017, the Plan obtained a determination letter related to certain amendments, in which the Puerto Rico Department of Treasury stated that the Plan was a qualified plan under the Puerto Rico Internal Revenues Code of 2011 "PR IRC", and the related trust is tax exempt.

Although the Plan has been amended since that date, the Plan Administrator and its tax advisers believe that the Plan remains qualified and tax-exempt under Section 1081.01 of the PR IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. In Puerto Rico, the tax laws permit examination of the Plan Sponsors' income tax returns for up to four years after the initial return is filed. The tax years of the Plan Sponsors with respect to the Plan that remain open for examination are from 2021 to 2024.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsors has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee, or their beneficiaries accrued under the Plan up to the date of such termination.

8. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment and level of uncertainty related to changes in the values of investments, it is possible that changes in market values in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. Individual participant's accounts bear the risk of loss resulting from fluctuations in fund values.

9. PARTIES-IN-INTEREST

Certain Plan investments consist of funds administered by the Custodian, and therefore, these transactions qualify as allowable party in interest transactions. Other related parties consist of FFI Holdings Puerto Rico Inc. as employer.

Additionally, the Plan issues loans to participants, which are secured by the participant’s account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

There were no prohibited party-in-interest transactions during the year ended December 31, 2025 and 2024.

10. EXCESS CONTRIBUTION PAYABLE

At December 31, 2025, the Plan recorded an excess contributions payable of $2,192 related to the corrective distribution required as a result of the 2025 nondiscrimination test failure. The payable represents excess participant contributions identified by the Plan's third-party administrator that were required to be refunded. The excess corrective distribution was processed on March 11, 2026. The excess contribution payable has been recorded as a liability in the accompaning statements of net assets available for benefits with a corresponding reduction of participant contributions.

11. SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events through October 5, 2026, the date on which the financial statements were available to be issued. The following subsequent events occurred after December 31, 2025:

Effective January 1, 2026, the Plan adopted an amendment that increased the employer matching contribution from 100% of participant deferrals up to 3% of compensation to 100% of participant deferrals up to 4% of compensation.

On March 9, 2026, the Plan adopted an amendment, effective March 1, 2026. Under the amended vesting schedule, participants become 100% vested in employer matching contributions upon completing two years of service. The amendment also changed the eligibility waiting period from two months to one month of service.

Other than the matters described above, there were no material subsequent events that would require adjustment to or disclosure in the Plan's financial statements.
